(With order)

I do not see how the District Board can aid the proposed institution in the shape of grants from its funds. Moreover, it will be observed from my letter submitting remarks on the Budget Estimate of the District Board for 1895-96, that the Board has not adequately provided funds for results and building and furniture grants. The Board will not, therefore, be justified in utilizing its funds in the establishment of an industrial school or in aiding such a school.

4. I have no objection to industrial classes being opened in connection with the Mission Boarding school at Naudyal, the manager receiving from Provincial funds such aid as is admissible under the Grant-in-Aid Code either on the salary or on the results system.

I have the honour to be,

Sir,

Your most obedient servant,

and the standards of the industries to be taught. From the enclosed copy of the Inspector's letter N^o 30 K of the 16th instant, it will be observed that the school is intended to be opened by the Rev Mr. Britten, of the S. P. G. Mission at Naudyal, for the benefit of Panhama Converts who are boarders in the Mission compound and that the Board is to furnish funds in the first instance in the shape of a grant. It is not stated on what system aid is to be given.

3. The Grant-in-Aid Code provides for all grants to Technical and industrial schools being paid from Provincial funds (Chapter I, Article 5 (i) (10).), and

ie The grants paid from Prov. funds are -----
Grants for all Sciences, art and industrial schools
