Remarks

- (a) Bezwada This scheme has not yet been sanctioned. If sanctioned early in 1896-97, the amount entered next, the Sanitary Engineer says, be spent.
- (b) Conjeevaram The requirements in 1895-96 are not expected to exceed Rs 160000.
- (c) Coimoor The original estimate will probably have to be raised by at least 50 p.c. A half grant has been promised by Govt [G.O. No. 486 of 12.9.95] Grant is provided.
- (d) Cuddalore The construction of the drainage channel has been postponed. Detailed estimates for a complete scheme of drainage are under preparation & the cost will apparently be borne entirely by Govt.
- (e) Cuddalore The construction of filter beds for the water supply is considered by the Sanitary Board. Please see recommendation No. 5 in its Proceedings in No. 1311 of 12.8.95.
- (f) Kurnool A revised estimate for Rs 239380 was sanctioned in No. 1082 of 9-7-95, and the Provincial loan & grant have been proposed to be raised by Rs 3630 & Rs 19800 respectively.
- (g) Madura The loan of Rs 35240 was not drawn in 1894-95. It is now found that Rs 31500 will be enough & this amount is entered.
- (h) Ottacamund Detailed estimates have not been prepared. The Municipal Council is however prepared to spend a lakh of rupees & the same amount is entered as grant from Provincial funds.
- (i) Tirupati The estimate is being prepared. Provision is made for a grant of three-fourths & a loan of one-fourth of the probable cost is made, as it is unlikely that the Council can afford more & the place deserves special treatment.
- (j) Tichinopoly The balance of the contribution promised by Govt amounting to Rs 8700 is provided in the current year.
- (k) Tanjain The District Board has applied for a loan of only Rs 5000 for the current year. The balance of Rs 20000 has therefore been divided between the years 1896-97 & 1897-78.
- (l) Cochin Should any amount be entered for further experimental borings in Cochin? The papers are now with H.M.

The accompanying estimates of loans and grants from Provincial to Local and Municipal funds for public works for the year 1896-97 will be forwarded to the Financial Department.

Note for Min.

Attention is invited to the note against Cochin at the back of the printed statement.

The total Budget estimate of grants for 1896-97 is above 24 lakhs, but Mysore & Cuddalore probably won't be undertaken, only is doubtful, & perhaps the San. Eng. is not likely to spend the whole of the money provided for Triplichi within the year. As it is submitted that the figure may stand. It is regretted that a more exact budget cannot be drawn up. This is impossible as long as we are asked by the San. Eng. to enter schemes for which no exact estimates are ready, & to exclude such schemes might retard progress. W. S. 10/95

1896-97 Grants
I don't see any use in providing any grants in 1896-97 for Mysore, Cuddalore & Cuddalore. As 141,750 for Triplichi - as the former three conventionally stand over until 97-98, as also the completion of the latter. On the other hand, Ooty will want more than 50000 & in my opinion or might if we can find the money to do something for Madras itself.

Note The figures will be inked in after approved by the U.S.
Grants for 1896-97 might stand
Coimbatore — 40,500
Coonoor — 40,000
Cuddalore — 15,000 + (say) Rs 25,000 in r. e.
Kumbh — 19,000
Ooty — 10,000 + 45,000 in r. e.
Triplichi — 75,000
Madras — 15,000
8833 00

the grant figures for 97-98 on the basis of beginning the work at the work not provided for in 96-97 & following only 50000 & Madras 150000 in 97-98.

As to loans, raise Coonara to 80000 - But only at 50000 - The other may stand, as the provision may allow of work being begun before any grants are made.

There is no such statement -

This provision is much further present. May alter it when I see how the budget goes. I should like to give Madras more if I can find the money
