Returned with the Chairman's report on the matter.

The lane was shown to the Collector. It is more a latrine than a thorough fare, & is too narrow for handling goods easily. If this portion is sold to the Coral Mills, the remaining houses can easily be served from Kalappa Pillai St. & Chinna Kadai St.

There is little doubt that the Coral Mills will take up the whole block before many years are past, and I do not think the present acquisition will affect anyone injuriously.

Honored Sir,

I beg to bring to your honor's kind notice and consideration that in the lane behind the Coral Mills there are several godowns belonging to myself & to some other dealers. This lane is scarcely broad enough for bringing bandies for unloading or loading cotton or any other merchandise stored in the godowns. Messrs. A & F. Harvey Managers of the said Mills have asked the Tuticorin Municipality to sell them a portion of that lane to be included in the Mills premises & the Municipality have asked me whether I have any objections in selling the portion of land offered by the said firm and I have replied to them raising several objections to the sale of any portion of the lane as it causes much inconvenience to the trade carried on in those godowns. I have hear that the Municipality, without considering the inconveniences we have to suffer & without taking into consideration the objections I have raised, have written to the Government sanctioning the sale of the demanded portion of lane. As the lane at the present breadth is not free for convenient loading & unloading of bandies & if a portion of it be included to the Mills premises it will cause much more inconvenience to our business I therefore most humbly request that your honor will kindly take this matter into your honor's

Sir,

I have the honour to submit an application from Messrs. A & F. Harvey & Co: Managers of the Coral Mills Spinning Company in this town regarding the purchase of a portion of a lane which divides their property.

The lane in question is of no use to the public being too narrow for wheeled traffic and its closing will in no way affect pedestrians.

Situated as it is bounded by godowns on the west and the high wall of the compound of the aforesaid Company on the east. it is simply a latrine resorted to at night time by all the neighbouring

Sir,

We have the honor to bring to your notice that having bought the godown on the other side of the Lane to the West of our Mill – that lane now practically runs through our property. We also beg to point out to you that as it is simply used as a latrine it would be advisable to abolish a part of this lane altogether – that is – the part which is between our two properties. The owners of buildings at each end of the lane will not be inconvenienced as they have direct communication with the two main roads. We are willing to pay a fair price for the part of the lane mentioned and take it over from the Municipality. We may say it is of no use to the Public as a thoroughfare.

If our proposal be sanctioned by the Municipality we do not think it will be difficult to fix a fair price if one or two members
