SIR,

Agreeably to your Memorandum No. 915, dated 2nd October 1894, I have the honor to submit herewith a Statement of Loans and Grants required for drainage and water supply works during the current and ensuing official years. The amounts entered in the Estimate Column are brought as nearly as possible to accord with available information. Some of the amounts in the last column (Probable amount) are such as in my own individual opinion may be advantageously granted to the Municipalities in question or such as are the minimum amounts to allow the schemes referred

- (b) Estimate not prepared but owing to proposals of Sanitary Board the former amount of Rs 1,02,520 will be quite insufficient.
- (c) This is the estimated amount (vide G.O., etc. of 19th August 1895).
- (d) This sum will be quite inadequate - the total cost is estimated at Rs 2,14,500 - but as the municipality have promised to refund 1 lac, one lac grant is sufficient for 1896-97.
- (e) Tirupati estimate is just being framed but will result about Rs 1,89,000 - money not likely to be required before 1st April 1896.
