Sir,

I have the honor to forward herewith a copy
of the Council's resolution for approval, and to state
as follows:-

In granting licenses for building & rebuilding
and repairing houses under section 180 or 171 of the District
Municipalities Act IV of 1884, there is at present no
provision to restrict the license holder to finish
the work within a fixed time and the sections do not
allow the Municipal Council to fix time of their
own motion. This want leads to great inconvenience.
A person takes out a license and keeps the work
in abeyance for two or three years and then does
the work under the license already granted some
years back. Another person when having once
obtained

obtained a license continues the work for number
of years together and periodically deposits building
materials in the street and causes obstruction and
nuisance to the public, under cover of the license.

The fixing of time in executing a certain work
may for the reasons stated above appear to be
very essential and the Municipal Council has already
resolved to address Government in the matter.

I request you therefore to be so good as to obtain
the sanction of Government to authorize the Council
to make a by-law to restrict the time within which
the work should be completed.

I may also say that if necessary this
question may be considered by Government in order to amend
the section 180 accordingly before the new act is passed
into law.

I have the honor to be

Sir

Your most obedient servant,

Chairman

FOR ORDERS.

It is doubtful whether the mu-
nicipal council can frame a bye-
law on this subject under section
255(1)(i) of the District Muni-
cipalities Act. The advisability
of amending the Act so as to
restrict the period during which
licenses granted under sections
171 & 180 remain in force may,
however, be referred to the Legis-
lative Department for consi-
deration.

1.37

23/11/95

The bylaw might be passed under
Sec. 255(1) (i) "for securing or safety or
order in the streets". There is no particular
form for "licenses to build". Apparently
there would be no objection to an
insertion in them, limiting the period for
which they are granted - ^{submitted} suggested that
this insertion would remedy the difficulties
complained of by the Chairman, & would

do away with the necessity of
amending the Act.

Ward I do not see why what
27/11/95 is suggested should
not be done. Licenses are not
supposed to run on for ever.
