 My dear Mr. Byrne,
 Govt. have on the recommendation of the Chief Engineer appointed Mr. Thompson for the post of District Engineer, Madras.
 One of the two mentioned in your letter of 26th Nov last No. 1689.
 It appears however that Mr. Scott, the late Engineer, intends to

It is not settled that it is not necessary. Govt. has no appeal before it from Mr. Scott, & no certain knowledge that he has appealed to the District Board. Mr. Scott is sure to appeal. Mr. Thompson looks out whether the result is that he is not back.

It is only fair to let Mr. Thompson know the position. This might be pointed out (D.O.) to Mr. Byrne.

From C. D. Maclean, Esq.,
Collector and President, District Board, Nellore

CURRENT No. 3569

To the Chief Secretary
Local and District Department,
Government of Madras.

Sir.

I have the honor to report that the services of Mr Cecil Scott District Board Engineer having been dispensed with, it is my duty to nominate a successor for the promotion of Government.

2 I have a difficulty in deciding between the following two persons,
(1) Mr P. Nery Municipal Engineer Ottacamannd who is highly recommended by Mr C. F. Macbarte who was Chairman of the Ottacamannd Council for nearly three years, and (2) Mr R. W. Thompson A. M. I. C. E. Local Assistant Engineer Machas Harbour Works (Services dispensed with owing to approaching completion) who is highly recommended by Mr Lee. Pagan. A Government is probably acquainted with the work of both

both Officers, I shall be very glad
if it will make the selection. The
former has had more practical experience
of the system of accounts and of the
kind of work which is required, and is
most likely to seek other employment
on the ground of its being better paid.
The latter has better professional
attainments.

3 A list of applications received
is enclosed.

I believe that Mr. Hammett does
not think as much of Mr.
May as Mr. Mac Carter does.
He however knows all about
road making and bridge
building. Mr. Hamilton is
so I have been told a very
sensible hand at work but
he has of course not the
practical experience of Mr.
