Statement given by the resident ryots,
of Gudivada that have signed and put in
their marks below on 24-10-95.

The drainage canal estimated for by the
Public Works Department for the
drainage of rain water of Gudivada
Town is of no use to our fields. Further
it is detrimental to the supply channels
etc that were intended for the irrigation of
our fields and causes much loss to us.
Hence we do not like to allow the canal
to run through our very valuable lands.
We are also responsible in respect of the
joint patta dars that are now absent.

our fields quoted above and of several

Statements given by the ryots of Gudwada
on 27-2-95.

The drainage canal intended to be dug
by the Local Fund department for
the drainage of the rain-water of Gudwada
Town is of no use to the fields or to the
village. Hence we are not willing to part
with the lands that fall within the line of the
canal. On this subject, we have sent up
a petition to the Local Fund District
Board and no orders have been received
on the matter. We are therefore not willing
to part with the lands.
