[Despatch Abstract.]

Mr. L. L. L.
 Requesting the Director
 of Salem, with remarks,
 to submit a revised
 draft notification in
 connection with the proposed
 alteration of the boundaries
 of the Varigumbadi Mully.

✓

limits also belongs to the mittadhar.
unless the present and proposed
limits are thoroughly surveyed,
Sketch to scale cannot be drawn
and submitted as desired by
Government. To survey the
whole town including the
proposed limits and to have a
complete plan drawn up it
will cost not less than Rs 600 and
I may say that the Council at
present cannot afford to spend
such a large amount. I request
you therefore to be good enough
to inform this to the Collector
and to let me know his opinion
thereon.

I have to

Dated 23rd October 1895.

From.

M. Ghose Esq.
By: Head Asst Collr of
Salem.

To

The Collector
of Salem.

Sir

I have the honor to submit
for your orders copy of a letter no:
756 dated 18th instant from the
Eng Chairman of the Municipal Council
Vaniyambadi received in reply to
your endorsement no: 1156 dated
22nd September 1895 in which the
officer expresses his inability to
furnish a sketch drawn to
scale showing the present and
proposed boundaries without
an accurate survey of the town
at a cost of about 600 Rs a sum
which the Council can ill-afford

2/3653 hofy

epd 25.11

in its present financial condition.
The whole of the Vaniyamudi
town except the tail-end portions
to the north and east lies within
mitta limits and no records of
proper survey exist thereof. To
survey the town and its proposed
extension for all purposes and
establishment consisting of
a surveyor, 4 measurers and
a draftsman will be absolutely
necessary for a period of 3 months
and the cost reckoned at the lowest
rate possible will amount to
300 Rs. I don't think that the Revenue
Department can undertake the
survey without prejudice to its
legitimate work and I am not
in favour of deputing any of the
Revenue Inspectors in the divisions.
The proposed extension lies
to the south of the Madras
Railway line described as the

25.11
26.11
Ag can

Southern boundary in the notifica-
tion published at page 593 of the
Fort Saint George Gazette dated 11.9.85
and begins at a point where the
Railway line crosses the Thamar
river, then skirts the cultivation
along the Thamar River, the foot-
path, the supply-channel to the
Govindapuram tank, the bound
of the tank and then the surplus
weir from the tank down to
where it cuts the Madras Railway
line. These natural boundaries
are easily identified and the
draft notification already
submitted is clear for all
practical purposes.
As an alternative I would
propose that the extension above
be surveyed and mapped if so
desired. I request that early
orders may be passed on this
reference.
I have &c

Against 1396 M
26-8-95
J.C. No 3853 M
14/12

The proposed southern
boundary of the municipality as
defined in the draft notification is
not very clear from
the plan forwarded by the collector. The red
line indicating the proposed
boundary of the municipality in the plan
crosses the Vappampet one, passes
through certain fields and
then meets the river Kanar, whereas
from the draft notification the proposed
boundary line appears to be the one near
Khadir Sahib's tannery to the point where it
meets the Vappampet Kanar and thence the
Kanar to the point where it meets the
Tirupattur Vaniyambadi trunk road
