of the Madras mnd.
Committee for 1894-95.*

Government attach much importance to the collection of outstanding arrears, I devoted a greater portion of my attention in that direction and though I have not completely succeeded in my attempt, the old arrears have been greatly reduced as will appear from the marginal statement of figures. The remainder relates to the arrears of 1893-94 and 1894-95 which would have been collected by this time, had it not been for the collection of the previous years' arrears which I thought, demanded my first attention.

3. As the Government is well-to when once large amount of is allowed to accumulate hardly possible to clear them in a given time along with current

have been granted, in case of the old arrears careful enquiries were made by the Ward Councillors into the position and circumstances of each individual concerned and each case has been disposed of on its merits.

5. It is no doubt to be regretted that the arrears under the head of land tax is somewhat large but this peculiar difficulties attending its collections have been brought to the notice of Government both by myself and by my immediate predecessor in office, who with his official position as Deputy Collector on General Duties, Madura Division was not able to show better results in the matter.

6. From the above it will be seen that nothing was wanting on my part to reduce the old outstanding arrears as much as poss.
