Sir,

In submitting a copy of Resolution no. 19 of 17.7.95 of the Ellore Taluk Board, I have the honour to request that you will be pleased to obtain the sanction of Government for the transfer of the Dispensary from Tadepalligudem to Pentapadu. The latter Station is an important place, and the Head quarters of the Deputy Subedar. The transfer of the Dispensary to Pentapadu will I feel soon be popular and result in an improvement in the attendance which is very poor at present.

From para 57 of the Report of the D. M. & S. Officer for 1894-95. It appears that the dispensary was opened on the 1st March 1895 and 261 patients were treated during that month. At this rate there will be 3132 patients for the whole year, which is more than the attendance at seven other institutions existing in the district.

2. Tadepalligudem is a small village on the Canal and close to the railway. There is as far as I can see no special reason why the Dispensary should be located at this place. The District Surgeon writes to me that the proposal to open a dispensary at Tadepalligudem did not originate with him, and that he was always opposed to a dispensary being opened at the place. I therefore request that the

This is inconsistent with para 35 (a) of the President's covering letter on 30.3.94 from which it appears that the opening of the dispy was proposed as a result of the representation made by the District Medical & Sanitary Officer, the place being in great need of medical relief.

Sanction

Sanctions of Government for the transfer of the Dispensary
to Pentapadu may be sanctioned. *Obtained*
