TRICHINOPOLY DISTRICT BOARD'S OFFICE,

Dated 7th August 1897.

Re No. 314 of 97 despd 11th August Secy

FROM,

Bannatyne Macleod ESQUIRE, M. A; Barrister-at-Law

PRESIDENT, DISTRICT BOARD,

TRICHINOPOLY.

To,

THE CHIEF SECRETARY,

TO GOVERNMENT, Local and Municipal

MADRAS. Department

Sir.

Adverting to memo dated the 28th May 1897, No 615, I have the honour to report that the proposal of Ariyalur and Musiri Taluk Boards to exempt from house tax houses of the value of less than Rs 50 in all the unions under those Boards were placed before the district Board at its meeting held on the 14th July 1897. The District Board in its resolution

Nos 56 and 57 has approved the proposals of the Taluk Boards. I enclose copies of District Board's Resolutions.

2 The exemption is recommended as it is desirable to have uniformity of system. The houses are thatched houses mostly belonging to the lower orders who are unable to pay tax and from whom it is difficult to collect.

I have the honour to be,
Sir,
your most obedient servant

Rhundaraw
Hon President.

FROM,

Bannatyne Macleod ESQUIRE, M.A; Barrister-at-Law.

PRESIDENT, DISTRICT BOARD,

TRICHINOPOLY.

2811 2

To,

THE CHIEF SECRETARY,

TO GOVERNMENT, Local and Municipal

MADRAS. Department.

Sir,

With reference to Government memorandum No 975 dated the 16th September 1897, I have the honour to report that the amount of tax on a house of the value of between Rs 40 and 50 in Ariyalur and Musiri is annas 4. The amount of rent such a house would fetch if let is 4 annas a month in Ariyalur and 2 annas in Musiri.

I have the honour to be,
sir,
your most obedient servant,

Bannatyne Macleod
President.

27	Kollegal		1,076	88,533	..	12	..	12	4	8	2	10	14	2	5	7	

10. *Contributions.*—A sum of Rs. 3,17,220 against Rs. 2,81,151 in the previous year was received as grants from Provincial funds for the following purposes :—

	1893–94.	1894–95.
	Rs.	Rs.
(1) Public Works	88,410	1,49,171
(2) Schools	1,41,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	32,106
(5) General purposes	12,490	18,000
(6) Refunds	108	..
(7) Famine relief works	20,000	16,000
Total ..	2,81,151	3,17,220

In addition to the above, a contribution of Rs. 215 was received from special funds chiefly on account of the proportionate cost of the travelling allowance of the local audit clerks.

11. *Contribution from other Boards.*—The receipts credited to this head comprised the following items :—

	Rs.
Allotments from district to taluk funds	5,59,595
„ taluk to district „	33,358
„ „ to union „	2,00,172
Total ..	7,93,125

12. *Debt.*—Under this head are included the following items :—

	Rs.
Sale-proceeds of Government promissory notes in favour of the Railway Guarantee fund in Tanjore	1,21,000
Repayment of loan previously obtained from the Taluk Endowment fund in Tinnevelly	5,000
Debt head receipts	4,00,306
Total ..	5,26,306

13. *Taxation.*—The average incidence of Local Fund taxation per head of the population continued to be As. 3 including tolls and As. 2–7 excluding them. That of the entire Local Fund receipts, excluding the special contributions and the nominal transactions specified in the three preceding paragraphs, was As. 3–9 per head against As. 3–8 in 1893–94.

III.—Expenditure.

14. *General Establishment of Local Funds.*—The expenditure under this head in 1894–95 is compared below with that of the year before :—

	1893–94.	1894–95.
	Rs.	Rs.
Controlling establishments at the Presidency including pensionary charges	45,172	42,431
District audit establishments	29,791	29,732
Collectors' account establishments	19,344	20,790
Local Boards' office establishments including contingencies	2,32,451	2,43,382
Total ..	3,26,758	3,36,335

The increase in the last item was owing chiefly to the additional establishments entertained by some of the local boards and the newly-formed union panchayats.

15. *Education.*—The educational charges rose from Rs. 11,13,024 to Rupees 11,42,380, the increase being the net result of a decrease under training schools and grants-in aid and an increase under almost all other heads.

(*a*) *Inspection.*—The district boards employed 190 inspecting schoolmasters for supervising their educational operations, being one more than in the previous year.

(*b*) *Training and Special schools.*—The five training schools maintained by the district boards continued to work with fair success. In addition to these, there were seventy sessional schools at which the village schoolmasters were trained for about three months in the year and prepared for the Primary examination. The work done by these schools was on the whole fair. The industrial department of the Technico-Normal Institute maintained by the district board at Madura made satisfactory progress.

(*c*) *Board and Aided Schools.*—There were 3,218 boards' schools, of which ten were high schools, 113 middle schools and 3,095 primary schools against 11, 104 and 2,937, respectively, in the previous year. The number of aided institutions, however, showed a further fall from 8,431 to 8,259 and the total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·1 per cent. of the male population of school-going age, against 324,764, or 13·4 per cent., in 1893–94. This decline in the case of aided schools is ascribed chiefly to the enforcement of the conditions of the revised Grant-in-aid Code introduced during the year.

16. (*a*) *Hospitals and Dispensaries.*—There were 132 hospitals and 239 dispensaries maintained by the local boards against 124 and 234, respectively, in 1893–94, and the net cost of their upkeep amounted to Rs. 5,47,596 against Rs. 4,70,421. The total number of patients treated in these institutions was 2,427,971 against 2,216,159 in 1893–94 and 2,025,968 in 1892–93—a satisfactory token of their advancing popularity. In addition to the eleven nurses in Cuddapah, who attended 604 cases of labour against 574 in the previous year, 187 trained midwives were employed by the local boards at a cost of Rs. 24,522 and they attended altogether 13,625 cases of labour, the corresponding figures for the previous year being 173, Rs. 22,369 and 12,176.

(*b*) *Vaccination.*—The district boards employed 49 Deputy Inspectors of Vaccination and 696 vaccinators, including probationers, and the number of operations performed by them rose from 992,859 to 1,009,989. Of these 917,387, or 90·8 per cent., were successful against 934,125, or 94 per cent., in the previous year, and the average cost of each of these operations was As. 3–4 against As. 3–3. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries performed 24,785 operations against 23,961 in 1893–94. The total number of operations was thus 1,034,774, of which 937,910, or 91 per cent., were successful, the corresponding figures for the previous year being 1,016,820, 954,750 and 94 per cent. Vaccination with animal lymph was conducted in all districts and the total number of such operations was 1,010,456, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 932,066, 879,044, and 94 per cent.

(*c*) *Sanitation.*—The total outlay on sanitation amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as shown below, the proportion of the expenditure to allotment being again 89 per cent :—

	1893–94.	1894–95.
	Rs.	Rs.
Improvement of water-supply	89,052	90,631
„ village-sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangements at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total ..	4,62,908	4,75,148

Further details of the works undertaken for the improvement of sanitation under these heads are given in statement IV. This subject continued to receive fair attention.

Note.—The statistics relating to education for 1894–95 not having been received from the Kistna district, the figures of the previous year have been adopted for it.

No. 2192 L., 19TH NOVEMBER 1895.

LOCAL AND MUNICIPAL DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the statements showing the working of the Local Boards and Union Panchayats in this Presidency for the year 1894–95, with a brief report explaining the main features of their administration.

2. I am to add that the delay in transmitting these statements is due to the late receipt of the financial statements II and III from the Accountant-General, who has promised to submit proposals shortly for preventing its recurrence.

I have the honour to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
19*th November* 1895.

J. F. PRICE,
Chief Secretary.

Rs. 15,00[illegible] less than in the previous
substitution of tolls for ferries at four
which was completed during the year.

276 stations in all districts, except Gódávari,
tions under this head rose from Rs. 7,31,277 to
15,661 were derived from local fund toll-gates
ds from municipalities, the corresponding figures
s. 6,08,044 and Rs. 1,23,233. The increase in the
o the substitution of tolls for ferries referred to in the
establishment of additional gates, while the decrease in
competition at the sale of the municipal toll farms in
eduction in the rates of contributions paid by the munici-
ct of Vizagapatam, rendered necessary by the decrease in
e opening of the East Coast Railway. The net receipts under this
ding the charges of collection and the contributions paid to Provincial
and Municipal funds, amounted to Rs. 6,80,582, or 32 per cent. of the expenditure
on the maintenance of roads.

(*a*) *Inspection.*—The district boa
for supervising their educational operation

(*b*) *Training and Special schools.*—
district boards continued to work with
seventy sessional schools at which the
three months in the year and prepared
by these schools was on the whole fair.
Normal Institute maintained by the
progress.

Note.—The statistics relating to educatio
Kistna district, the figures of the previous year

(*c*) *Board and Aided Schools.*—
ten were high schools, 113 middle schools
and 2,937 respectively in the previous
however, showed a further fall from 8,41
instruction in the schools maintained
13·1 per cent. of the male population
13·4 per cent. in 1893–94. This decline
to the enforcement of the conditions of the
the year.

16. (*a*) *Hospitals and Dispensaries.*—
saries maintained by the local boards
and the net cost of their upkeep amounted
total number of patients treated in these
in 1893–94 and 2,025,968 in 1892–93—a
popularity. In addition to the eleven
of labour against 574 in the previous year,
the local boards at a cost of Rs. 24,522
labour, the corresponding figures for the
12,176.

(*b*) *Vaccination.*—The district boards
cination and 696 vaccinators, including
performed by them rose from 992,859 to
per cent. were successful against 934,125 or
the average cost of each of these operations
tion to this, the medical subordinates attached
performed 24,785 operations against 23,9
operations was thus 1,034,774, of which 97
corresponding figures for the previous year
cent. Vaccination with animal lymph was
number of such operations was 1,010,466, of
successful, the corresponding figures for 189
per cent.

(*c*) *Sanitation.*—The total outlay on san
Rs. 4,62,908 in the previous year, as shown be
to allotment being again 89 per cent :—

Improvement of water-supply	
,, village-sites	
Conservancy establishments	
Arrangements at fairs and festivals	
Other sanitary outlay	

Further details of the works undertaken for
these heads are given in statement IV.

(*a*) *Inspection.*—The district boards employed 190 inspecting schoolmasters for supervising their educational operations, being one more than in the previous year.

(*b*) *Training and Special schools.*—The five training schools maintained by the district boards continued to work with fair success. In addition to these, there were seventy sessional schools at which the village schoolmasters were trained for about three months in the year and prepared for the Primary examination. The work done by these schools was on the whole fair. The industrial department of the Technico-Normal Institute maintained by the district board at Madura made satisfactory progress.

(*c*) *Board and Aided Schools.*—There were 3,218 boards' schools, of which ten were high schools, 113 middle schools and 3,095 primary schools against 11, 104 and 2,937, respectively, in the previous year. The number of aided institutions, however, showed a further fall from 8,431 to 8,259 and the total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·1 per cent. of the male population of school-going age, against 324,764, or 13·4 per cent., in 1893–94. This decline in the case of aided schools is ascribed chiefly to the enforcement of the conditions of the revised Grant-in-aid Code introduced during the year.

16. (*a*) *Hospitals and Dispensaries.*—There were 132 hospitals and 239 dispensaries maintained by the local boards against 124 and 234, respectively, in 1893–94, and the net cost of their upkeep amounted to Rs. 5,47,596 against Rs. 4,70,421. The total number of patients treated in these institutions was 2,427,971 against 2,216,159 in 1893–94 and 2,025,968 in 1892–93—a satisfactory token of their advancing popularity. In addition to the eleven nurses in Cuddapah, who attended 604 cases of labour against 574 in the previous year, 187 trained midwives were employed by the local boards at a cost of Rs. 24,522 and they attended altogether 13,625 cases of labour, the corresponding figures for the previous year being 173, Rs. 22,369 and 12,176.

(*b*) *Vaccination.*—The district boards employed 49 Deputy Inspectors of Vaccination and 696 vaccinators, including probationers, and the number of operations performed by them rose from 992,859 to 1,009,989. Of these 917,387, or 90·8 per cent., were successful against 934,125, or 94 per cent., in the previous year, and the average cost of each of these operations was As. 3–4 against As. 3–3. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries performed 24,785 operations against 23,961 in 1893–94. The total number of operations was thus 1,034,774, of which 937,910, or 91 per cent., were successful, the corresponding figures for the previous year being 1,016,820, 954,750 and 94 per cent. Vaccination with animal lymph was conducted in all districts and the total number of such operations was 1,010,456, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 932,066, 879,044, and 94 per cent.

(*c*) *Sanitation.*—The total outlay on sanitation amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as shown below, the proportion of the expenditure to allotment being again 89 per cent :—

	1893–94.	1894–95.
	Rs.	Rs.
Improvement of water-supply	89,052	90,631
„ village-sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangements at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total	4,62,908	4,75,148

Further details of the works undertaken for the improvement of sanitation under these heads are given in statement IV. This subject continued to receive fair attention.

Note.—The statistics relating to education for 1894–95 not having been received from the Kistna district, the figures of the previous year have been adopted for it.

10. *Contributions.*—A sum of Rs. 3,17,220 against Rs. 2,81,151 in the previous year was received as grants from Provincial funds for the following purposes :—

	1893–94.	1894–95.
	Rs.	Rs.
(1) Public Works	88,410	1,49,171
(2) Schools	1,21,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	32,106
(5) General purposes	12,490	18,000
(6) Refunds	108	..
(7) Famine relief works	20,000	16,000
Total	2,81,151	3,17,220

In addition to the above, a contribution of Rs. 215 was received from special funds chiefly on account of the proportionate cost of the travelling allowance of the local audit clerks.

11. *Contribution from other Boards.*—The receipts credited to this head comprised the following items :—

	Rs.
Allotments from district to taluk funds	5,59,595
„ taluk to district „	33,358
„ „ to union „	2,00,172
Total	7,93,125

12. *Debt.*—Under this head are included the following items :—

	Rs.
Sale-proceeds of Government promissory notes in favour of the Railway Guarantee fund in Tanjore	1,21,000
Repayment of loan previously obtained from the Taluk Endowment fund in Tinnevelly	5,000
Debt head receipts	4,00,306
Total	5,26,306

13. *Taxation.*—The average incidence of Local Fund taxation per head of the population continued to be As. 3 including tolls and As. 2–7 excluding them. That of the entire Local Fund receipts, excluding the special contributions and the nominal transactions specified in the three preceding paragraphs, was As. 3–9 per head against As. 3–8 in 1893–94.

III.—Expenditure.

14. *General Establishment of Local Funds.*—The expenditure under this head in 1894–95 is compared below with that of the year before :—

	1893–94.	1894–95.
	Rs.	Rs.
Controlling establishments at the Presidency including pensionary charges	45,172	42,431
District audit establishments	29,791	29,732
Collectors' account establishments	19,344	20,790
Local Boards' office establishments including contingencies	2,32,451	2,43,382
Total	3,26,758	3,36,335

The increase in the last item was owing chiefly to the additional establishments entertained by some of the local boards and the newly-formed union panchayats.

15. *Education.*—The educational charges rose from Rs. 11,13,024 to Rupees 11,42,380, the increase being the net result of a decrease under training schools and grants-in aid and an increase under almost all other heads.

No. 2192 L., 19TH NOVEMBER 1895.

LOCAL AND MUNICIPAL DEPARTMENT.

LETTER—from
THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To
THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the statements showing the working of the Local Boards and Union Panchayats in this Presidency for the year 1894–95, with a brief report explaining the main features of their administration.

2. I am to add that the delay in transmitting these statements is due to the late receipt of the financial statements II and III from the Accountant-General, who has promised to submit proposals shortly for preventing its recurrence.

I have the honour to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
19*th November* 1895.

Chief Secretary.

10. *Contributions.*—A sum of Rs. 3,17,220 against Rs. 2,81,151 in the previous year was received as grants from Provincial funds for the following purposes :—

	1893–94.	1894–95.
	Rs.	Rs.
(1) Public Works	88,410	1,49,171
(2) Schools	1,21,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	32,106
(5) General purposes	12,490	18,000
(6) Refunds	108	..
(7) Famine relief works	20,000	16,000
Total ..	2,81,151	3,17,220

In addition to the above, a contribution of Rs. 216 was received from special funds chiefly on account of the proportionate cost of the travelling allowance of the local audit clerks.

11. *Contribution from other Boards.*—The receipts credited to this head comprised the following items :—

	Rs.
Allotments from district to taluk funds	5,59,595
„ taluk to district „	33,358
„ „ to union „	2,00,172
Total ..	7,93,125

12. *Debt.*—Under this head are included the following items :—

	Rs.
Sale-proceeds of Government promissory notes in favour of the Railway Guarantee fund in Tanjore	1,21,000
Repayment of loan previously obtained from the Taluk Endowment fund in Tinnevelly	5,000
Debt head receipts	4,00,306
Total ..	5,26,306

13. *Taxation.*—The average incidence of Local Fund taxation per head of the population continued to be As. 3 including tolls and As. 2–7 excluding them. That of the entire Local Fund receipts, excluding the special contributions and the nominal transactions specified in the three preceding paragraphs, was As. 3–9 per head against As. 3–8 in 1893–94.

III.—Expenditure.

14. *General Establishment of Local Funds.*—The expenditure under this head in 1894–95 is compared below with that of the year before :—

	1893–94.	1894–95.
	Rs.	Rs.
Controlling establishments at the Presidency including pensionary charges	45,172	42,431
District audit establishments	29,791	29,732
Collectors' account establishments	19,344	20,790
Local Boards' office establishments including contingencies	2,32,451	2,43,382
Total ..	3,26,758	3,36,335

The increase in the last item was owing chiefly to the additional establishments entertained by some of the local boards and the newly-formed union panchayats.

15. *Education.*—The educational charges rose from Rs. 11,13,024 to Rupees 11,42,380, the increase being the net result of a decrease under training schools and grants-in aid and an increase under almost all other heads.

(*a*) *Inspection.*—The district boards employed 190 inspecting schoolmasters for supervising their educational operations, being one more than in the previous year.

(*b*) *Training and Special schools.*—The five training schools maintained by the district boards continued to work with fair success. In addition to these, there were seventy sessional schools at which the village schoolmasters were trained for about three months in the year and prepared for the Primary examination. The work done by these schools was on the whole fair. The industrial department of the Technico-Normal Institute maintained by the district board at Madura made satisfactory progress.

(*c*) *Board and Aided Schools.*—There were 3,218 boards' schools, of which ten were high schools, 113 middle schools and 3,095 primary schools against 11, 104 and 2,937 respectively in the previous year. The number of aided institutions, however, showed a further fall from 8,431 to 8,259 and the total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·1 per cent. of the male population of school-going age, against 324,764, or 13·4 per cent., in 1893–94. This decline in the case of aided schools is ascribed chiefly to the enforcement of the conditions of the revised Grant-in-aid Code introduced during the year.

16. (*a*) *Hospitals and Dispensaries.*—There were 132 hospitals and 239 dispensaries maintained by the local boards against 124 and 234 respectively in 1893–94, and the net cost of their upkeep amounted to Rs. 5,47,596 against Rs. 4,70,421. The total number of patients treated in these institutions was 2,427,971 against 2,216,159 in 1893–94 and 2,025,968 in 1892–93—a satisfactory token of their advancing popularity. In addition to the eleven nurses in Cuddapah, who attended 604 cases of labour against 574 in the previous year, 187 trained midwives were employed by the local boards at a cost of Rs. 24,522 and they attended altogether 13,625 cases of labour, the corresponding figures for the previous year being 173, Rs. 22,369 and 12,176.

(*b*) *Vaccination.*—The district boards employed 49 Deputy Inspectors of Vaccination and 696 vaccinators, including probationers, and the number of operations performed by them rose from 992,859 to 1,009,989. Of these 917,387, or 90·8 per cent., were successful against 934,125, or 94 per cent., in the previous year, and the average cost of each of these operations was As. 3–4 against As. 3–3. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries performed 24,785 operations against 23,961 in 1893–94. The total number of operations was thus 1,034,774, of which 937,910, or 91 per cent., were successful, the corresponding figures for the previous year being 1,016,820, 954,750 and 94 per cent. Vaccination with animal lymph was conducted in all districts and the total number of such operations was 1,010,455, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 904,468, 853,114, and 94 per cent.

(*c*) *Sanitation.*—The total outlay on sanitation amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as shown below, the proportion of the expenditure to allotment being again 89 per cent :—

	1893–94.	1894–95.
	Rs.	Rs.
Improvement of water-supply	89,052	90,631
„ village-sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangements at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total ..	4,62,908	4,75,148

Further details of the works undertaken for the improvement of sanitation under these heads are given in statement IV. This subject continued to receive fair attention.

Note.—The statistics relating to education for 1894–95 not having been received from the Kistna district, the figures of the previous year have been adopted for it.

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the statements showing the working of the Local Boards and Union Panchayats in this Presidency for the year 1894–95, with a brief report explaining the main features of their administration.

2. I am to add that the delay in transmitting these statements is due to the late receipt of the financial statements II and III from the Accountant-General, who has promised to submit proposals shortly for preventing its recurrence.

I have the honour to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,

Madras.

Reference No. 1208 / D.B. of 95

Dated 30
Despd 31
Recd. 3 October 95

GOVT. OF MADRAS 2 NOV 1895 CHIEF SECRETARY'S DEPARTMENT

Enclosure

Subject.

Requesting the Government either to rescind or alter the order passed in G.O No. 1610 L. Mis: dated 30th June 1890 reducing the toll rate on the Bhavani bridge Mettupalaiyam to ½ of the maximum or to sanction a contribution from Provincial Funds for the upkeep of the Mettupalaiyam Kallar road.

/For orders/

H. Jud.

Please see the notes and orders in G.O No. 1610 L. dt 30th June 90 Misc. Govt. The Mettupalayam tolls were ordered to be levied at ¼ rates from the April 1891. At that time the expenditure in the Mettupalayam Union was Rs 6373 (including Rs 2640 on the Kallar road), while the toll receipts at ½ rates were Rs 7100. Since then house tax has been imposed & the receipts of the union amount to Rs 5,609, (including Rs 4125 from tolls at ¼ rates). The expenditure on the road is still the same i.e. Rs 2605, while other expenditure on sanitation, dispensary etc has increased from Rs 3733 to Rs 5243, thus leaving an excess expenditure of Rs 2,239 over receipts. This is due entirely to the position of the town, the abnormal expenditure on sanitation etc being necessary for the benefit of the large number of travellers that pass through. The Bd. now request permission to raise

V.R. 9/11/95.

1895

* It is further reported that in the current year to there is a fall of Rs 1125 under tolls, which is said to be due to the Coonoor Ry. works having stopped

I quite agree — I thought Bourgeois & I came over the road the other day — Jud 14/11/95. HS

I donot object pending the opening of the Nilgiri railway when the matter must be reconsidered — There is no doubt that the hilly road referred to is very

+ road. As the large expenditure is almost entirely due to the large through traffic, & is for the benefit of travellers, it is submitted that the tolls may be raised to half maximum rates, whereby charges would be covered wholly by receipts —

Jud 12/11/95

Considering the heavy allowance per mile and the width of the road I think the results may soon: the Board ought for the money We have no better order but the traffic along it is exceedingly heavy. I suggested in 1890 that half tolls might be levied and I agree Submit that this may now be permitted. The case is an exceptional one

Jud 13/11/95

the Bhavani bridge, Mettupalaiyam to ¼ of the maximum or to sanction a contribution from Provincial funds for the upkeep of the road. I understand that all the toll gates in the Nilgiri District collect the maximum rate of tolls.

I have the honour to be
Sir,
Your most obedt. Servant

for President

as all vehicles going to the Nilgiris go over it. The maintenance allotment is Rs 440 a mile, the highest in the District. Mettupalaiyam would be an insignificant village but for the traffic to the hills which obliges the Board to spend large amounts on account of sanitation &c. in addition to the road allotment. The following statement shows the receipts and charges of the past year.

	Rs.
Receipt.	
Mettupalaiyam tolls	4,125
House tax. Mettupalaiyam union	1,364
Miscellaneous.	120
	5,609
Charges.	
Mettupalaiyam to Kallar road	2,605
Mettupalaiyam Union Public works	635
" Sanitation	1,857
" Lighting	103
Union Establishment	244
Hospital	2,404
	7,848

The expenditure upon all the other roads round Mettupalaiyam has been omitted and in the current year there is a fall of Rs. 1125 under this toll. which is probably due to the Coonoor railway works.

4. I therefore request that the Government will be pleased either to reconsider its order passed in G. O. dated 30th June 1890 No. 1610 L. Mis: reducing the toll rate on the

MEDICAL DEPOT
29 APR. 95
MADRAS.

III

Government Medical Stores.

Madras 11th May 1895.

No 4618.

Encl. 5.

To. The Secretary to the Surgeon General
with the Govt. of Madras.
Madras.

The Medical Stores Depôt can obtain rectified spirits at from Rs 1-4-0 to Rs 1-12-0 per Gallon the rates tendered during the last 5 years - and no British or Indian firm can approach the lowness of its prices for tinctures. Burgoyne & Co's concentrated liquors for the immediate preparation of decoctions, infusions, and tinctures lend themselves to the economical production of these forms of medicine; and if local bodies are allowed to use rectified spirit, free of duty, in compounding these tinctures, a great saving will be effected.

Out of 62 concentrated liquors, about 3/4 are converted into tinctures by the addition of 8 Volumes of proof or of rectified spirit; while about 1/4 requires the addition of 4 Volumes. For infusions and decoctions they require the addition of water. By the use of these concentrated liquors cost of freight and duty are lessened.

2. The prices in column 2 of the statement of the District Medical & Sanitary Officers

Madeira, and not to exceed, though nearly so. These two have a slight rise, Madras has not it in the cost price of the tinctures; the present rates being assessed on the value of the materials, plus the percentages on account of wastage and charges and taken for 1890-1 (Syhet Rum letter dated 9th May 1890 from Examiner Commissariat Accounts Bhadrak)

An improvement in the quality of things since 1892-3 may cause a slight future rise, but nothing appreciable compared with Burgoyne's rates for tinctures.

3. Of the following Indian firms, W. E. Smith & Co's (Bombay) Skinner Skinnerbeck & Co's (Calcutta) the latter two have withdrawn their "for wholesale buyers only" quote the lowest rates for tinctures, but they are higher than Burgoyne's rates.

Of Indian firms are almost exclusive tinctures for local bodies with medical officers free of duty under Notification No. 1879 dated 25th Nov 1885

CURRENT No. 1879

From. Surgeon. Major. General C. Sibthorpe F.R.C.P.I.
Surgeon. General with the Govt: of Madras.

To. The Hon'ble the Chief Secretary to Government.
Local and Municipal Department.

Sir,

I have the honor to return the marginally noted correspondence referred for my remarks and to state that in accordance with G.O. No. 2105 L and 2786 L dated the 21st September and 12th December 1893 L & M respectively Local Boards and Municipalities have been obtaining all their medical stores from Messrs Burgoyne Burbidge & Co, with the exception of tinctures which were still obtained from the Medical Store Depôt Madras. The reasons for an exceptional arrangement in the case of tinctures were not valid enough as explained in para 6 of this office letter printed in the

Endorsement No 493 dated 29th March '95 on letter from the President District Board Malabar.
Endorsement No 609 dated 2nd May 1895 on letter from the President District Board Anantapore.
Endorsement No 750 dated 29th May 1895 on letter from the President District Board Malabar.

1/1879 H/5

latter G.O., and the Medical Store Depôt with its entailed establishment was not in a position to cope with this work. Moreover the procedure was in direct contravention to that followed in other provinces. To give effect therefore to the wishes contained in para 6 of letter No. 3671 D dated 13th August 1894 from the Dy. Secretary to the Government of India embodied in G.O. No. 5251 dated 24th August 1894, Military it was deemed desirable that tinctures should be obtained direct from firms selected by the local bodies subject to confirmation by the District Medical and Sanitary Officers.

in GO 1877 L 22-9-94

2. It will be seen from the attached copy of Minute III No. 468 dated 11th May 1895 received from the Principal Medical Storekeeper Madras that Messrs Burgoyne Burbidge & Co's rates are favorable as compared with the local firms and if Indian firms are allowed to prepare tinctures for local bodies with rectified spirit free of duty under the Abkari rules they could supply at a still lower rate.

3. A comparative statement showing the rates of English and Indian firms and of the Medical Store Depôt is enclosed.

4. In other Provinces tinctures &c. are obtained locally, spirit being supplied duty free a plan which resulted in a saving of some thousands of rupees as will be seen from paras 8 and 9 of Surgeon. Col: Pilcher's letter No. D 40 dated 12th May 1893 embodied in G.O. No. 2105 L. dated the 21st September 1893 Land Rn.

5. The Collector of Sea Customs whom I had consulted on the subject of passing the consignments of Medical Stores addressed to Local Fund and Municipal Hospitals informs me that they are not exempt from payment of Customs duty under the Sea Customs Act.

6. It is desirable that Government should settle whether any further concessions are possible to local firms requiring the issue of spirit duty free for tinctures supplied to local bodies.

Quite so?

7. In any case I consider the most advantageous terms possible would be obtained if Government permitted me to call for tenders for such supplies and deal with them as was approved for solid medicines and instruments in G.O. No. 2786 L. dated 12th December 1893.

Port rules the Govt can take duty free. It is intended that only such tinctures as can be seen advantageously made by the Port rule at which the tinctures were formerly supplied to the medical store

8. It is not at all desirable that the Medical Store Depôt which is now under the

orders of the Government of India should be again called upon to meet these demands.

I have the honor to be
Sir,
Your Most Obt. Servant.

Subject

Returning with remarks correspondence bearing on the subject of obtaining tinctures required by local bodies

LOCAL AND MUNICIPAL DEPARTMENT.

Current Nos. 569 L, 1151 L, 1447 L and 1879 L

From the Presidents of the District Boards of Malabar and Anantapur and the Surgeon-General.

FOR ORDERS.

In its order dated 21st September 1893, No. 2105 L, the Government directed that the medicines required by local bodies for their hospitals and dispensaries should be obtained from a private firm to be selected by the Surgeon-General and not from the Madras Medical Store depot as ~~usual~~ heretofore, and desired to know whether arrangements could be made for preparing tinctures locally. The Surgeon-General (Dr. De Fabeck) then recommended (1) that the firm of Messrs Burgoyne, Burbidges & Co. of

of London may be selected for supplying medicines to local bodies and (2) that as the trustworthy preparation and supply of tinctures and spirituous preparations cannot be arranged for locally, except through the Government depot, the supply of the same may continue to be made by it. These recommendations were approved in G.O dated 12th December 1893, No 27862. Subsequently, however, on the representation of the present Surgeon-General (Dr Sibthorpe) who stated that he was aware of no reason why the supply of tinctures also should not be obtained independently of the medical store depot, as was done in the other Provinces, the Government ordered that they may be purchased from private firms, the selection of which should be subject to confirmation by the District Medical and Sanitary officers. Vide G.O dated 17th November 1894, No 23826. The firm of Messrs Burgoyne, Burbidges & Co above referred to, appears to have been selected by some of the local

local bodies for this purpose also.

2. In the first of the current read above, the District Board of Malabar submitted for the favourable consideration of Government a letter from the District Medical and Sanitary officer, in which he stated that the Local Boards had to pay high prices for the tinctures they were obtaining from England in consequence of the import duty which had to be paid on them, and that the prices compared very unfavourably (being two or three times as much) with the rates charged by the Govt depot, where they were manufactured with duty free spirits, and he suggested that the Govt may be moved to allow the importation of all drugs required for the medical institutions of local bodies, duty free, on a certificate from the District Medical and Sanitary officer countersigned by the Collector. In the second current the

the President of the District Board of Anantapur made a similar representation and asked the Govt. whether it would allow his district to indent as before, on the Govt. depot, and if not, whether in the case of medicines obtained from England by local Fund dispensaries, customs duties may not be remitted, and he stated that if neither plan was possible, he would have to ask sanction for a considerable addition to the budget allotment for medical stores. These proposals were referred to the Surgeon-General for remarks and the 7th current read above contains his reply. Dr. Sibthorpe states that the reasons for his recommendation that tinctures should be obtained independently of the Govt. Depot were:—

(1) that the grounds for an exceptional arrangement in their case, as explained in para. 6 of Dr. de Fabeck's letter printed in G.O. dated 12th December 1893, No. 2786 G., were not valid.

(2) that the medical store depot with its reduced establishment was not in a position to cope with the work of preparing and supplying tinctures to local bodies, and

(3) that the procedure of supplying tinctures from the Govt. depot was not that adopted in the other Provinces, as observed by the Govt. of India in para. 6 of its letter dated 13th August 1894, No. 3671 D (in G.O. dated 22nd September 1894, No. 1877 G.)

He also forwards a comparative statement showing the rates of prices in English and Indian firms and in the Govt. depot, from which it appears that — although the English rates are cheaper than the Indian, they are very high compared with those at which supplies can be obtained from the Govt. depot, the cause of the difference being that while for the tinctures got from England duty had to be paid first in England in respect of the spirit used in their

[But this establishment was not reduced to this extent when the Surg.-General made his recommendation 1st April 1895 though it may have been since in consequence of it. vide G.O. 1877-L. 22-9-94.]

[But other provinces have special arrangements for the local supply of tinctures which their chief medical advisers, unlike ours, have organized.]

[But the fact that Dr. Sibthorpe's plan makes them cost three times as much as Dr. de Fabeck's seems a valid reason for adhering to the latter.]

their manufacture and secondly in India on import, those manufactured at the Govt. depot are made with spirit which is exempt from duty. The Surgeon-General is of opinion that if Indian firms are allowed to prepare tinctures for local bodies with rectified spirit issued free of duty under the Abkari rules,* they could supply them at a rate lower than the English rate and that it is desirable that Govt. should settle whether any further concessions are possible to such firms. He further considers that it is not at all desirable that the Govt. depot, which is now under the orders of the Govt. of India, should be again called upon to meet the demands of local bodies and that the most advantageous terms possible would be obtained if Govt. permitted him to call for tenders from local firms and deal with them, in the manner approved in G.O. dated 12th December 1893, No. 2786 L.

in the case of solid medicines and instruments. In the North Western Provinces of India, Bengal, and Central Provinces, tinctures are, it appears, obtained locally, spirit being supplied duty free, a plan by which a saving of thousands of rupees is said to result. Vide portions marked on pages 4, 5 and 9 of G.O. dated 21st September 1893 No. 2105 L. It is presumed that Govt. will be anxious that local bodies shd. be able to get medicines as cheaply as possible.

The Surgeon-General admits (P.M. 25/11/95) to all intents & purposes that he has advised the Govt. wrongly, & that G.O. dated 17.11.94. No. 2382 L. directing, on his recommendation, that tinctures be procured from Burgoyne Burbridges & Co. will have to be cancelled. It is submitted that the justification he advances for his erroneous advice is weak, & that Govt. has cause to be annoyed that it was misled in this way. The point upon which orders are now required is what system shd. be introduced to prevent local bodies paying about three times what they need for tinctures. — The Surgeon General's letter is of little assistance in deciding the question.

The possible courses appear to be

The S.G. shd. certainly have foreseen the increased expenditure which wd. result from his recommendation.

In my opinion the best course, (so far as I can see at present) will be to go back to the system of supply from the Madras depot (For the matter of that I think it was an entire mistake not to continue the system by which all medicines & instruments were supplied from that depot. We cert. got nothing, & we could not have done so, and it saved local bodies a good deal). I don't see that India objects to the supply of tinctures from the depot. It merely says that other arrangements are made in Bengal. I can't see why India should object, provided the Bengal charges for the depot are met & even cover Govt. including pensionary liability. The only question, to my mind, is Can the depot undertake the supply? If so, I think it should — we could however know whether the depot cd. cope with the demand & if not cut down as to prevent its undertaking the supply — This should be done & then, if it was seen, the question continued, if it was seen, the question

* Vide Board's Standing order No. 165.

the following:-

(a). to ask India to remit all import duty on hospital stores.

This India would probably decline to do, and in any case it would not prevent local bodies from having to pay English shipping duty.

(b). To prepare the tinctures locally under the control of the Surg. Generals' Dept., as is done in Lucknow & Agra, from duty free spirit supplied by Govt.

This wd require the organization of a skilled staff, & buildings, & an officer to control it, & it is submitted that the experiment would be somewhat troublesome.

(c) To allow some respectable firm of local chemists, such as W.S. Smith & Co., to prepare the tinctures with duty-free spirit supplied to them from the distilleries under B.S. Order No. 165. This is submitted that this wd seem to be a good plan. A firm wd do the work more cheaply than a Govt. Department, & there wd not seem to be much, if any, risk of the duty-free spirits being turned to other purposes than the manufacture of Govt. tinctures, & accounts of the use of the spirits could easily be kept.

(d) To go back to the former system of supply from the Medical Deptt. Dr. Gibbons is strongly against this,

Supply of tinctures required by local bodies for their hospitals and dispensaries

FOR ORDERS.

W.M

E.

then will be Shall ~~be~~ India be moved to increase the Estt so that the Deptt can undertake the supply or (2) should arrangements be made with local firms for manufacture with duty free spirit? [I assume of course that the existing extensive system of supply from England is out of the question].

I would adopt the former of these two courses, both for the reasons above given & because I do not know that satisfactory arrangements could be made by the Abkari dept for the issue of duty free spirit for this manufacture.

BS
1/8/95

don't quite see why BS

* It is always a source of trouble for a local Govt to have dealings with a dept under the G of I.

* I believe that is true. I remember Dr Orbes telling me towards the end of last year that the E Estt would be released from the 1st April

I am sure that that wd matter. The tinctures could be sent from Bombay without difficulty BS

on the ground that [illegible] is more under the Govt of India (though it is not clear why this should matter), & that the present staff could not do the work.

The present condition of the staff is not clear from the papers. At the time when G.O. 1877-L. 22-9-94 & the papers in it were written it seems clear that the staff was sufficient, for India was objecting (para 6. of its letter) to the retention of the staff kept for preparing tinctures. [whether this was reduced from 1st April 1895 is] * not clear. L.G.M. has at any rate not been informed of the reduction.

It is submitted that if H.M. prefers to revert to supply from the Medical Deptt in preference to buying supply from a private firm the Govt of India's objection need not matter. It is not a forcibly expressed objection, & it can be explained to India that circumstances here are exceptional. I am afraid that India would [illegible] have it: but besides this there are reasons [illegible] on the air that are [illegible] the Madras Stn. [illegible] Govt will become but a small district of Bombay the main stores being located at Bombay Rd 31/7/95.

Supply of tinctures to local bodies for their hospitals & dispensaries 1894

MUNICIPAL DEPARTMENT.

MEDICAL.

CALCUTTA, THE 7TH APRIL 1894.

RESOLUTION.—No. 1650Med.

READ—

Letters from the Officiating Inspector-General of Civil Hospitals, No. 40D., dated the 12th May 1893, and No. 747, dated the 18th January 1894.

Reports of the Divisional Commissioners on the working of District Boards and Municipalities during 1892-93.

Triennial Report on the working of Charitable Dispensaries in Bengal for the three years 1890, 1891, and 1892.

IN May 1893, the attention of the Lieutenant-Governor was first directed by Surgeon-Colonel J. G. Pilcher, Inspector-General of Civil Hospitals, to the advisability of taking steps to reduce the expenditure incurred on medical stores by dispensaries other than those which are entitled to obtain their supply of these articles from the Government Depôt. The suggestions then made having received the general approval of the Lieutenant-Governor have now been worked out in detail, and they are set forth in the second letter of the Inspector-General of Civil Hospitals quoted above.

2. The scheme contemplates the supply from England at wholesale prices of such drugs, instruments, and medical necessaries as cannot be better obtained in India, and the supply of tinctures from a leading Calcutta house at a greatly reduced cost. After prolonged correspondence Messrs. Burgoyne Burbidges and Company of London, whose tenders proved to be the most favourable, have agreed to supply goods on the following conditions:—They will supply all goods of the best quality; they will give a discount of 7½ per cent. for cash paid in advance with the indent; they will deliver goods in guaranteed sound condition free at the railway station in Bengal nearest to the address given (exclusive of customs charges); they will forego all charges for bottles, tins, jars, &c., payment being required for the goods only without any extra charges whatever. As regards tinctures and alcoholic preparations the Lieutenant-Governor after considering several offers has decided to accept the terms proposed by Messrs. Smith, Stanistreet and Company of Calcutta, and has made the important concession of allowing them to obtain duty free the amount of country spirit required for these preparations.

3. Indents for all the dispensaries in a district under Classes II and III of the Dispensary Manual should first be forwarded to the Civil Medical Officer: he will transmit them all together to the Inspector-General of Civil Hospitals, who will check the calculations and forward them for compliance either to England or to Messrs. Smith, Stanistreet and Company, as the case may be: each district indent should be accompanied by a certificate that an amount sufficient to cover the cost of the articles invoiced and the loss by exchange has been remitted to the Bank of Bengal, Calcutta: the Bank of Bengal will remit the monies to England. The Lieutenant-Governor has applied to the Government of India to allow transfer remittance receipts (for which no commission is charged) to be used for these remittances in future.

4. Such are the outlines of the scheme which the Lieutenant-Governor has approved. His Honour is well aware that he cannot insist upon its adoption by all Dispensary Committees and other governing bodies, but he feels confident that the manifest advantages of the system will commend it for general acceptance. A system of this kind has been in operation for several years in Madras, the North-Western Provinces and Oudh, the Central Provinces, and to

a certain extent in the Punjab, and has proved most successful. Its financial effect may be judged by the figures shown in the margin, which compare the cost for drugs, &c., in three dispensaries taken at random as it actually stood for the year 1892, and as it would have been had they been supplied from Messrs. Burgoyne, Burbidges and Company. The saving ranges from 19·5 to 32·9 per cent., and the Lieutenant-Governor has no doubt that this great economy will prove a strong recommendation for the scheme, while the best proof of his own interest in the project is afforded by the remission of duty on the country spirit to be supplied to Messrs. Smith, Stanistreet and Company for the preparation of tinctures, and by the recommendation which he has made to the Government of India for permission to local bodies to use transfer receipts when they remit the cost of their invoices to Calcutta.

5. Sir Charles Elliott hopes that the local authorities everywhere will fall in with the scheme, and that all district officials will exert their influence in the same direction. A separate circular giving further details will be forwarded to the Civil Medical officers in charge of districts by the Inspector-General of Civil Hospitals, and the Lieutenant-Governor hopes that, except in those cases where arrangements have already been made to obtain the requisite supply for the year 1894-95, local authorities will forward their indents under the new scheme to the Inspector-General of Civil Hospitals by the 1st May, which is the date fixed for their submission to him, in order that they may be complied with and the stores delivered to the consignees during the months of July and August.

Sir,

With reference to your memo No. 1096 of the 9th August 1895, I have the honour to report that the Staff of the Medical Store Depôt has been so reduced as to render the supply of tinctures &c. from it entirely out of the question.

2. The Medical Storekeeper to Government, Madras Command, reports that the following establishment and pay should, in his opinion, in which I concur, be granted if the supply of tinctures, including all spirituous preparations as liniments and medicinal wines to Local Bodies and Municipal Councils from the depôt is to be again undertaken for the 436 institutions, which are increasing in number every year:—

percentage added to the cost of materials
If a share of the cost of the buildings
and their up-keep, of the salaries of the
Storekeeper and the Establishment, of the
profit and loss account, were all added
to the cost of the materials, the prices
would not compare so favourably with
the prices of private firms.

4. In October, I wrote to the
Surgeon-General with the Government of
Bombay and the Inspector General of
Civil hospitals, Bengal, informing them
of the difficulties we had experienced
here and asking them to let me know
what method was working with them.
The Surgeon General with the Governme
of Bombay writes "under the orders of
the Government of India, institutions
which are not in any way aided by
Government, are not furnished with
any medical supplies from the Gover
-ment Medical Stores - with effect from
th

the 1st January 1889.

Institutions which are not in any way aided by Government, purchase their medical Stores from the local market or indent on some firm in England and as far as I am aware these institutions have not found any difficulty in the purchase of the articles mentioned in para 1 (tinctures, Spirits, wines and acids) of your letter under reply.

I believe, however, that the expenditure on the purchase of these articles in the local markets is much heavier than if they were bought from the medical Stores, but as long as the present orders of the Government of India are in force, this inconvenience cannot be avoided."

The Inspector General of civil hospitals for Bengal writes "acids are supplied to Charitable Dispensaries in Bengal on indents from Messrs Burgoyne Burbidges & Co, London, and that tinctures and Spirits are supplied on indent from Messrs Smith Stanistreet and Co, Calcutta, in accordance with Bengal Government resolution No. 1650 Medical dated the 7th April 1894, a copy of which is herewith enclosed and that this method seems to be satisfactory"-

I attach the above copy of the resolution of the Bengal Government for ready reference.

5. As the medical Store Depôt has now entirely passed under the control of the Surgeon-General with the Government of India and as it is, I understand, in contemplation to place it under the Principal Medical Officer, Madras Command, and to restrict its operations to military requirements, I do not consider it advisable that it should have anything to do again with supplies for Local Fund or Municipal institutions. Especially as the depôts in the Sister Presidencies are not required to do so. The arrangements in Benga

Bengal appear to be well adopted
for the requirements of this Presidency.

1897

Resolution No 57.

Read letter dated 23rd June 1897, from the President Taluk Board, Musiri, R.C no 163 of 1897 requesting to obtain the sanction of Government for exempting from house-tax houses of the value of less than Rs 50 in the Unions under the Musiri Taluk Board.

The District Board approve the proposal. It is desirable to have uniformity of system. The tax on poor houses is difficult to collect and causes much discontent. If better houses are properly taxed there should not be much loss.

FROM,

Bannatyne Macleod ESQUIRE, B.A., Barrister at Law

PRESIDENT, DISTRICT BOARD,

TRICHINOPOLY.

To,

THE CHIEF SECRETARY,

TO GOVERNMENT, Local and Municipal Department,

MADRAS.

Sir,

The Government having in its order dated the 18th December 1891, No. 3152 exempted houses of the value of less than Rs 50 from taxation in the Unions of Lalgudi, Puvalur and Mannachanallur under the control of the Trichinopoly Taluk Board, I suggested the desirability of exempting from taxation such of those houses situated in the Unions under the control of the remaining Taluk Boards (Musiri and Ariyalur) in this before the Board and to obtain the sanction of Government in the event of the Board being in favour of the proposed exemption.

Statements received from the chairmen of Unions showing the No of such houses and the amount collected from them.

Resolution

The Board resolves to apply to Government to exempt from house-tax all houses of the value of less than Rs 50 in all the Unions under this Board.

11/11/97

11/11

A house of the value of Rs 40
or Rs 50 in Srirangam will let for
4 as. a month or Rs 3 a year
& in Musiri for 2 as a month
or Rs 1/8 a year. In the latter
town, if the letting value is
correctly reported — which I am
inclined to doubt — the tax
may be regarded as too heavy
but in Srirangam the tax
does not appear to be too
heavy; & in any case to give
a similar exemption the
valuation for exemption would
require to be Rs 25 say.

But as I have noted I doubt
if there can be so great a difference
in the letting value; & perhaps the
exemption in either town may be confined

and that this method seems to be
satisfactory"—

I attach the above copy of the
resolution of the Bengal Government
for ready reference.

5. As the Medical Store Depôt has
now entirely passed under the control
of the Surgeon-General with the Govern-
-ment of India and as it is, I—
understand, in contemplation to place
it under the Principal Medical—
Officer, Madras Command, and to
restrict its operations to military—
requirements, I do not consider it
advisable that it should have any-
-thing to do again with supplies for
Local Fund or Municipal institu-
-tions. Especially as the depôts in the
Sister Presidencies are not required
to do so. The arrangements in—

Bengal

1st January 1889.

Institutions which are not in any
aided by Government, purchase their
dical Stores from the local market
endent on some firm in England
d as far as I am aware these—
stitutions have not found any diffi-
lty in the purchase of the articles
ntioned in para 1 (tinctures, Spirits,
ines and acids) of your letter under
bly.

I believe, however, that the expendi-
ture on the purchase of these articles
the local markets is much heavier
an if they were bought from the Medi-
al Stores, but as long as the present
rders of the Government of India are
n force, this inconvenience cannot be
voided."

The Inspector General of Civil Hos-
pitals for Bengal writes "acids are
supplied to Charitable Dispensaries
Bengal on indents from Messrs
Burgoyne Burbidges & Co, London, and
that tinctures and Spirits are supplied
indent from Messrs Smith Stanistreet

a certain extent in the Punjab, and has proved most successful. Its financial effect may be judged by the figures shown in the margin, which compare the cost for drugs, &c., in three dispensaries taken at random as it actually stood for the year 1892, and as it would have been had they been supplied from Messrs. Burgoyne, Burbidges and Company. The saving ranges from 19·5 to 32·9 per cent., and the Lieutenant-Governor has no doubt that this great economy will prove a strong recommendation for the scheme, while the best proof of his own interest in the project is afforded by the remission of duty on the country spirit to be supplied to Messrs. Smith, Stanistreet and Company for the preparation of tinctures, and by the recommendation which he has made to the Government of India for permission to local bodies to use transfer receipts when they remit the cost of their invoices to Calcutta.

DISPENSARY.	Actual cost incurred in 1892.	Cost if supplied by Messrs. Burgoyne and Company.	SAVINGS.	
			Difference.	Percentage.

N. BONHAM-CARTER,
Under-Secretary to the Government of Bengal.

CALCUTTA,
The 7th April 1894.

E. J. H.—Reg. No. 8561—909—9.4.94.

Calculating the cost of such medicines supplied from the Medical Store depôt, the share of the whole expenses of the depôt has never been included in the small percentage added to the cost of materials. If a share of the cost of the buildings and their up-keep, of the salaries of the Storekeeper and the Establishment, of the profit and loss account, were all added to the cost of the materials, the prices would not compare so favourably with the prices of private firms.

Note
They were not added hitherto. Here is the reason why they should be added hereafter.

4. In October, I wrote to the Surgeon-General with the Government of Bombay and the Inspector General of Civil hospitals, Bengal, informing them of the difficulties we had experienced here and asking them to let me know what method was working with them. The Surgeon General with the Government of Bombay writes "under the orders of the Government of India, institutions which are not in any way aided by Government, are not furnished with any medical supplies from the Government Medical Stores - with effect fro-

a certain extent in the Punjab, and has proved most successful. CALCUTTA, THE 7TH APRIL 1894.

RESOLUTION.—No. 1650Med.

READ—

Letters from the Officiating Inspector-General of Civil Hospitals, No. 40D., dated the 12th May 1893, and No. 747, dated the 18th January 1894.

Reports of the Divisional Commissioners on the working of District Boards and Municipalities during 1892-93.

Triennial Report on the working of Charitable Dispensaries in Bengal for the three years 1890, 1891, and 1892.

IN May 1893, the attention of the Lieutenant-Governor was first directed by Surgeon-Colonel J. G. Pilcher, Inspector-General of Civil Hospitals, to the advisability of taking steps to reduce the expenditure incurred on medical stores by dispensaries other than those which are entitled to obtain their supply of these articles from the Government Depôt. The suggestions then made having received the general approval of the Lieutenant-Governor have now been worked out in detail, and they are set forth in the second letter of the Inspector-General of Civil Hospitals quoted above.

2. The scheme contemplates the supply from England at wholesale prices of such drugs, instruments, and medical necessaries as cannot be better obtained in India, and the supply of tinctures from a leading Calcutta house at a greatly reduced cost. After prolonged correspondence Messrs. Burgoyne Burbidges and Company of London, whose tenders proved to be the most favourable, have agreed to supply goods on the following conditions:—They will supply all goods of the best quality; they will give a discount of 7½ per cent. for cash paid in advance with the indent; they will deliver goods in guaranteed sound condition free at the railway station in Bengal nearest to the address given (exclusive of customs charges); they will forego all charges for bottles, tins, jars, &c., payment being required for the goods only without any extra charges whatever. As regards tinctures and alcoholic preparations the Lieutenant-Governor after considering several offers has decided to accept the terms proposed by Messrs. Smith, Stanistreet and Company of Calcutta, and has made the important concession of allowing them to obtain duty free the amount of country spirit required for these preparations.

3. Indents for all the dispensaries in a district under Classes II and III of the Dispensary Manual should first be forwarded to the Civil Medical Officer: he will transmit them all together to the Inspector-General of Civil Hospitals, who will check the calculations and forward them for compliance either to England or to Messrs. Smith, Stanistreet and Company, as the case may be: each district indent should be accompanied by a certificate that an amount sufficient to cover the cost of the articles invoiced and the loss by exchange has been remitted to the Bank of Bengal, Calcutta: the Bank of Bengal will remit the monies to England. The Lieutenant-Governor has applied to the Government of India to allow transfer remittance receipts (for which no commission is charged) to be used for these remittances in future.

4. Such are the outlines of the scheme which the Lieutenant-Governor has approved. His Honour is well aware that he cannot insist upon its adoption by all Dispensary Committees and other governing bodies, but he feels confident that the manifest advantages of the system will commend it for general acceptance. A system of this kind has been in operation for several years in Madras, the North-Western Provinces and Oudh, the Central Provinces, and to

Supply of tinctures to local bodies for their hospitals & dispensaries 1894

C No 1879

CS.

Refce 1090 9/8/95

The Surgeon-General will be requested to report whether the staff at the Madras Medical Depot has already been so reduced as to render the supply of tinctures from it entirely out of the question, & if it has, to report the number of the men upon it additional hands that would be required to be appointed were the supply of tinctures from the Depot to be again undertaken.

Wt 1895 3/8/95

Note.

The remark that Govt. thinks the S.G. might have foreseen this trouble may come in the final order on the question.

Wt 2895

The Surgeon General
Dis 7/8/95

(for orders)

(The Boards are asking for early orders.)

I don't quite see why [illegible]

on the grounds that the Dept. is now under the Govt. of India (though it is not clear why this should matter), & that the present staff could not do the work.

The present condition of the staff is not clear from the papers. At the time when G.O. 1877 & 22.9.94 & the papers in it were written it seems clear that the staff was sufficient, for India was objecting (para 6. of its letter) to the retention of the staff kept for preparing tinctures. [whether this was reduced from 1st April 1895 is not clear. L.G.R. has at any rate not been informed of the reduction.

It is submitted that if H.M. prefers to revert to supply from the Medical Dept. in preference to buying supply from a private firm the Govt. of India's objection need not matter. It is not a forcibly expressed objection, & it can be explained to India that circumstances here are exceptional. I am afraid that India would [illegible] have it: but besides that there are rumours in the air that are long the freedom of the [illegible] will become but a small distillery, the main [illegible] being located at Bombay. [illegible] 31/7/95.

I don't see that that wd. matter. The tinctures could be sent from Bombay without difficulty. WS

* It is always a source of trouble for a local Govt. to have dealings with a dept. under the G. of I.

* I believe that it was. I remember Dr. Orbe telling me towards the end of last year that the L. Govt. would be relieved from the 1st April

the following:-

(a). to ask India to remit all import duty on hospital stores.

This India would probably decline to do, and in any case it would not prevent local bodies from having to pay English spirit duty.

(b). To prepare the tinctures locally under the control of the Surg. Generals' Dept., as is done in Lucknow & Agra, from duty free spirit supplied by Govt.

This wd. require the organization of a skilled staff, & buildings, & an officer to control it, & it is submitted that the experiment would be somewhat troublesome.

(c) To allow some respectable firm of local chemists, such as W.S. Smith & Co., to prepare the tinctures with duty-free spirit supplied to them from the distilleries under B.S. Order No. 165. It is submitted that this wd. seem to be a good plan. A firm wd. do the work more cheaply than a Govt. Department, & time wd. not seem to be much, if any, void of the duty-free spirits being turned to other purposes than the manufacture of Govt. tinctures, & accounts of the use of the spirits could easily be kept.

(d) To go back to the former system of supply from the Medical Dept. Dr. Gibbons is strongly against this,

Supply of tinctures required by local bodies for their hospitals and dispensaries.

FOR ORDERS.

W.M. E.

there will be] Shall it be] India be moved to increase the staff so that the Dept can undertake the supply or (2) should arrangements be made with local firms for manufacture with duty free spirit? [I assume of course that the existing extensive system of supply from England is out of the question]. I would adopt the former of these two courses, both for the reasons above given, & because I do not know that satisfactory arrangements could be made by the Abkari dept. for the issue of duty free spirit for the manufacture.

WS 1/7/95

of Medical

in the case of solid medicines and instruments. In the North Western Provinces of India, Bengal, and Central Provinces, tinctures are, it appears, obtained locally, spirit being supplied duty free, a plan by which a saving of thousands of rupees is said to result. Vide portions marked on pages 4, 5 and 9 of ly. O dated 21st September 1893 No. 2105 L.

It is presumed that Govt. will be anxious that local bodies shd. be able to get medicines as cheaply as possible.

The Surgeon-General admits to all intents & purposes that he has advised the Govt. wrongly, & that G.O. dated 17.11.94 No. 2382 L. directing, on this recommendation, that tinctures be procured from Burgoyne Burbridges & Co. will have to be cancelled. It is submitted that no justification be advanced for his erroneous advice is weak, & that Govt. has cause to be annoyed that it was misled in this way. The point upon which orders are now required is what system shd. be introduced to prevent local bodies paying about three times what they need for tinctures. — The Surgeon General's letter is of little assistance in deciding the question.

The possible courses appear to be their manufacture and secondly in India on import, those manufactured at the Govt. depot are made with spirit which is exempt from duty. The Surgeon-General is of opinion that if Indian firms are allowed to prepare tinctures for local bodies with rectified spirit issued free of duty under the Abkari rules,* they could supply them at a rate lower than the English rate and that it is desirable that Govt. should settle whether any further concessions are possible to such firms. He further considers that it is not at all desirable that the Govt. depot, which is now under the orders of the Govt. of India, should be again called upon to meet the demands of local bodies and that the most advantageous terms possible would be obtained if Govt. permitted him to call for tenders from local firms and deal with them, in the manner approved in ly. O dated 12th December 1893, No. 2786 L.

in

* Vide Board's Standing order No. 165.

The L.G. Ho. certainly have foreseen the increased expenditure which wd. result from his recommendation.

Having gotten the best course, (so far, I will be) to go back to the system of supply from the Madras depot (For the matter of that I think it was an entire mistake not to continue the system by which all medicines & instruments were supplied from that depot. It cost Govt. nothing, & need not have done so, & it saved local bodies a good deal). I don't see that India objects to the supply of tinctures from the depot. It merely says that other arrangements are made in Bengal. Nor can I see why India should object, providing the rates charged in the depot are sufft. to cover cost of Establishment including pensionary liability. The only question, to my mind, is Can the depot undertake the supply? If so, I think it should — we don't however know whether the depot Establishment is adequate & I would not do away with it at once & prevent its undertaking the supply — This should be ascertained. If it has been, the question

[But the establishment was not reduced to this extent when the Surg. General made his recommendation though it may have been since in consequence of it. vide Go. 1877-L. 22-9-94].

[But 1st April 1895

[But other provinces have special arrangements for the local supply of tinctures which their chief medical advisers, unlike ours, have organised].

(2) that the medical store depot with its reduced establishment was not in a position to cope with the work of preparing and supplying tinctures to local bodies, and

(3) that the procedure of supplying tinctures from the Govt. depot was not that adopted in the other Provinces, as observed by the Govt. of India in para. 6 of its letter dated 13th August 1894, No. 3671 D (in Gd dated 29th September 1894, No. 1877 L.)

We also forwards a comparative statement showing the rates of prices in English and Indian firms and in the Govt. depot, from which it appears that — although the English rates are cheaper than the Indian, they are very high compared with those at which supplies can be obtained from the Govt. depot, the cause of the difference being that while for the tinctures got from England duty had to be paid first in England in respect of the spirit used in their

the President of the District Board of Anantapur made a similar representation and asked the Govt. whether it would allow his district to indent as before, on the Govt. depot, and if not, whether in the case of medicines obtained from England by local Fund dispensaries, customs duties may not be remitted, and he stated that if neither plan was possible, he would have to ask sanction for a considerable addition to the budget allotment for medical stores. These proposals were referred to the Surgeon-General for remarks and the letter with current read above contains his reply. Dr. Sibthorpe states that the reasons for his recommendation that tinctures should be obtained independently of the Govt. Depot were:—

(1) that the grounds for an exceptional arrangement in their case, as explained in para. 6 of Dr. De Fabeck's letter printed in G.O dated 12th December 1893, No. 2786 L, were not valid.

(2)

[But the fact that Dr. Sibthorpe's plan makes them cost three times as much as Dr. De Fabeck's seems a valid reason for adhering to the latter].

local bodies for this purpose also

2. In the first of the currents read above, the District Board of Malabar submitted for the favourable consideration of Government a letter from the District Medical and Sanitary officer, in which he stated that the Local Boards had to pay high prices for the tinctures they were obtaining from England in consequence of the import duty which had to be paid on them, and that the prices compared very unfavourably (being two or three times as much) with the rates charged by the Govt depot, where the same were manufactured with duty free spirits, and he suggested that the Govt may be moved to allow the importation of all drugs required for the medical institutions of local bodies, duty free, on a certificate from the District Medical and Sanitary officer countersigned by the Collector. In the second current the

of London may be selected for supplying medicines to local bodies and (2) that as the trustworthy preparation and supply of tinctures and spirituous preparations cannot be arranged for locally, except through the Government depot, the supply of the same may continue to be made by it. These recommendations were approved in G.O dated 12th December 1893, No. 2786. Subsequently, however, on the representation of the present Surgeon-General (Dr. Sibthorpe) who stated that he was aware of no reason why the supply of tinctures also should not be obtained independently of the medical store depot, as was done in the other Provinces, the Government ordered that they may be purchased from private firms, the selection of which should be subject to confirmation by the District Medical and Sanitary officers. Vide G.O dated 17th November 1894, No. 2382. The firm of Messrs. Burgoyne, Burbidges & Co above referred to, appears to have been selected by some of the local

GOVERNMENT OF MADRAS CHIEF SECRETARY 6 JUL 1895

Dated
Recd } July.

In. 2 + Corr. 1447Z ret.

No

Subject

Returning with remarks correspondence bearing on the subject of obtaining tinctures required by local bodies

FOR ORDERS.

In its order dated 21st Septem-ber 1893, No. 2105Z, the Government directed that the medicines required by local bodies for their hospitals and dispensaries should be obtained from a private firm to be selected by the Surgeon-General and not from the Madras medical store depot as ~~heretofore~~ usual, and desired to know whether arrangements could be made for preparing tinctures locally. The Surgeon-General (Dr. De Fabeck) then recommended (1) that the firm of Messrs Burgoyne, Burbidges & Co. of

the

orders of the Government of India should be again called upon to meet these demands.

I have the honor to be
Sir,
Your Most Obed.t Servant.
C. Lawrence
Surgeon. Major. General
Surgeon. General with the Govt. of Madras.

4. In other Provinces tinctures &c are obtained locally, spirit being supplied duty free a plan which resulted in a saving of some thousands of rupees as will be seen from paras 8 and 9 of Surgeon Col: Pilcher's letter No. D 40 dated 12th May 1893 embodied in G.O. No. 2105 L. dated the 21st September 1893 Land Rn.

5. The Collector of Sea Customs whom I had consulted on the subject of passing the consignments of Medical Stores addressed to Local Fund and Municipal Hospitals informs me that they are not exempt from payment of Customs duty under the Sea Customs Act.

6. It is desirable that Government should settle whether any further concessions are possible to local firms requiring the issue of spirit duty free for tinctures supplied to local bodies.

7. In any case I consider the most advantageous terms possible would be obtained if Government permitted me to call for tenders for such supplies and deal with them as was approved for solid medicines and instruments in G.O. No. 2786 L. dated 12th December 1893.

8. It is not at all desirable that the Medical Store Depôt which is now under the latter G.O., and the Medical Store Depôt with its curtailed establishment was not in a position to cope with this work. Moreover the procedure was in direct contravention to that followed in other provinces. To give effect therefore to the wishes contained in para 6 of letter No. 3671 D dated 13th August 1894 from the Dy. Secretary to the Government of India embodied in G.O. No. 5251 dated 24th August 1894, Military it was deemed desirable that tinctures should be obtained direct from firms selected by the local bodies subject to confirmation by the District Medical and Sanitary Officers.

2. It will be seen from the attached copy of Minute III No. 468 dated 11th May 1895 received from the Principal Medical Storekeeper Madras that Messrs Burgoyne Burbidge & Co's rates are favorable as compared with the local firms and if Indian firms are allowed to prepare tinctures for local bodies with rectified spirit free of duty under the Abkari rules they could supply at a still lower rate.

3. A comparative statement showing the rates of English and Indian firms and of the Medical Store Depôt is enclosed.

Surgeon. Major. General
Surgeon. Genl with the Govt of

Madaber, are not now correct, though nearly so. There has been a slight rise of about 1 anna per lb in the cost of some of the tinctures; the present rates being "assessed on the value of the materials issued, plus the percentages on account of General charges and labour for 1890-1" (Extract from letter dated 9th May 1895 from Examiner Commissariat Accounts Madras)

An improvement in the quality of drugs since 1892-3 may cause a slight future rise, but nothing appreciable compared with Burgoyne's rates for tinctures.

3. Of the following Indian firms, W. E. Smith & Co. & Savage & Co. (Madras) Kemp & Co. & Treacher & Co. (Bombay) Smith Stanistreet & Co. (Calcutta) the latter in their wholesale price list "for wholesale buyers only" quote the lowest rates for tinctures, but they are higher than Burgoyne's rates.

If Indian firms are allowed to prepare tinctures for local bodies with rectified spirit free of duty under Abkari rules they could supply them at a low rate.

Government Medical Stores
Madras 11th May 1895.

No 468.
Encs 5.

To The Secretary to the Surgeon-General
with the Govt: of Madras.
Madras.

The Medical Stores Depôt can obtain rectified spirits at from Rs 1-4-0 to Rs 1-13-0 per gallon the rates tendered during the last 5 years - and no British or Indian firm can approach the lowness of its prices for tinctures. Burgoyne & Co's concentrated liquors for the immediate preparation of decoctions, infusions, and tinctures lend themselves to the economical production of these forms of medicine; and if local bodies are allowed to use rectified spirit, free of duty, in compounding these tinctures, a great saving will be effected.

Out of 62 concentrated liquors, about 3/4 are converted into tinctures by the addition of 8 Volumes of proof or of rectified spirit; while about 1/4 requires the addition of 4 Volumes. For infusions and decoctions they require the addition of water. By the use of these concentrated liquors cost of freight and duty are lessened.

Reference No. 1208/D.B. of 95

Dated 29 October 95
Despd 31
Recd. 2 NOV 1895
CHIEF SECRETARY
GOVERNMENT OF MADRAS

Subject.

Requesting the Government either to reconsider the order passed in G.O No. 1610 L. Mis: dated 30th June 1890 reducing the toll rate on the Bhavani bridge Mettupalaiyam to ½ of the maximum or to sanction a contribution from Provincial Funds for the upkeep of the Mettupalaiyam Kallar road.

/For orders/

W. on Govt

H. Srs.

Please see the notes and orders in G.O No. 1610 L dt 30 June 90

In the G.O. the Mettupalayam tolls were ordered to be levied at ¼ rates from 1st April 1891. At that time the expenditure in the Mettupalayam Union was Rs 6373 (including Rs 2640 on the Kullar road), while the toll receipts at ½ rates were Rs 7100. Since then house tax has been imposed & the receipts of the union amount to Rs 5,609, (including Rs 4125 from tolls at ¼ rates). The expenditure on the road is still the same i.e. Rs 2605, while other expenditure on sanitation, dispensary etc has increased from Rs 3733 to Rs 5243, thus leaving an excess expenditure of Rs 2,239 over receipts. This is due entirely to the position of the town, the abnormal expenditure on sanitation etc being necessary for the benefit of the large number of travellers that pass through. The Bd. now request permission to raise

9/11

DEPARTMENT.

C. No.

FOR ORDERS.

It is further reported that in the current year so there is a fall of Rs 1125 under tolls, which is said to be due to the Coonoor Ry. being stopped

I quite agree — & thought I commented on it when I came over the road the other day — Wd say so. WS

I do not object pending the opening of the Nilgiri railway when the matter must be reconsidered — There is no doubt that the bit of road referred to is very

the rate of tolls, or if that cannot be done they ask for a grant from Provincial for the upkeep of the Kullar road. As the large expenditure is almost entirely due to the large through traffic, for the benefit of travellers, it is submitted that the tolls may be raised to half maximum rates, whereby charges would be covered wholly by receipts.

WS
12/11/95

Considering the peculiar circumstances of the case and the work of the road I think the results very poor: the Govt ought to get more for the money we lay out on better order but the traffic along it is exceedingly heavy. I suggested in 1890 that half tolls might be levied and I agree with Mr Wood that this may now be permitted. The case is an exceptional one

LOCAL AND MUNICIPAL DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the statements showing the working of the Local Boards and Union Panchayats in this Presidency for the year 1894–95, with a brief report explaining the main features of their administration.

2. I am to add that the delay in submitting these statements is due to the late receipt of the financial statements II and III from the Accountant-General, who has promised to submit proposals shortly for preventing its recurrence.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Secretary.

FORT ST. GEORGE,
th November 1895.

[Appendix.

APPENDIX.

Report to accompany the statements showing the working of the Local Boards and Union Panchayats in the Madras Presidency in the year 1894–95.

I.—Constitution of the Local Boards and Union Panchayats.

1. *District Boards.*—As in previous years, there were twenty-one district boards and their sanctioned maximum strength continued to be 700. On the 31st March last they had 658 members or three less than in 1893–94. Of these 78 were *ex-officio* members and 277 (88 officials and 189 non-officials) were nominated by Government, while the remaining 303 (76 officials and 227 non-officials) were elected by the taluk boards, the corresponding figures for the previous year being 78 *ex-officio* members, 281 (83 officials and 198 non-officials) nominated members and 302 (69 officials and 233 non-officials) elected members. Classified according to nationality 128 members were Europeans or Eurasians and 530 natives against 124 and 537 respectively in 1893–94. Under the election rules in force, one-half of the sanctioned number of members for each district board were elected by the taluk boards in all districts except Nilgiris, in which there were no taluk boards. The district boards met altogether 236 times against 255 in the previous year, but the average attendance of members at each meeting was again seventeen (five officials and twelve non-officials) out of an average strength of 31 for each board. The working of the district boards continued to be on the whole satisfactory.

2. *Taluk Boards.*—There were again 85 taluk boards in all districts except Nilgiris, and they had on the 31st March 1895 1,118 members against 1,141 in 1893–94, although their sanctioned strength rose from 1,183 to 1,186. Of these, 306 were officials and 812 non-officials against 295 and 846 respectively in the previous year. They were all appointed by Government, but the power of reappointing those who were originally appointed by Government was delegated to the presidents of district boards during the year. Of the total number, 78 were again Europeans or Eurasians and 1,040 were natives against 1,063 in 1893–94. The taluk boards held in all 1,139 meetings against 1,131 in the preceding year, and each meeting was again attended on an average by seven members (two officials and five non-officials) out of an average strength of thirteen for each board. These boards continued to work on the whole satisfactorily.

3. *Union Panchayats.*—No unions have yet been formed in the districts of Nilgiris, Malabar and South Canara. In the remaining districts there were 352 union panchayats working under the taluk boards, being twelve more than in the previous year. At the end of the year under review these panchayats had on their rolls 3,293 members against 3,164 in 1893–94, the sanctioned strength being 3,353 against 3,225. The power of appointing these members continued to be exercised by the presidents of district boards, to whom that of removing them, which had previously been retained by Government, was also delegated during the year. Of the total number of panchayatdars, 755 were village officers, who were *ex-officio* members, 307 other officials and 2,231 non-officials, the corresponding figures for the previous year being 732, 295 and 2,137. In ten of these panchayats there was a preponderance of the official element, but the necessary steps have since been taken or ordered to be taken to remove this. Forty-nine of the panchayatdars were Europeans or Eurasians and 3,244 natives against 45 and 3,119 respectively at the end of the previous year. The panchayats met altogether 4,798 times against 4,651 in 1893–94, or on an average fourteen times each. Fifty of these panchayats, excluding those formed in the year, failed to meet once a month as required by section 129 of the Local Boards Act. The presidents of the taluk boards concerned have been directed to adopt the necessary measures for preventing this irregularity in future. The average number of members

present at each meeting of the panchayats was again five (two officials and three non-officials). The duties of these bodies remained the same as in the previous years and their working was on the whole satisfactory.

II.—Receipts.

4. *Land-cess.*—The cess on land continued to be levied at 2 annas per rupee of the assessment in Malabar, at ~~As. 1-6~~ in South Canara and at 1 anna in the remaining districts. The collections under this head, which is the principal source of local revenue, amounted to Rs. 49,59,997 or 95 per cent. of the demand against Rs. 49,59,655 or 94 per cent. in the previous year.

5. *House-tax.*—This tax was levied in 340 unions against 318 in 1893–94 at the maximum rates in 163 unions, at three-fourths rates in 27, at half rates in 142, at one-third rates in five, and at one-fourth rates in the remaining three. The total collections amounted to Rs. 3,26,890, or 92 per cent. of the demand, against Rupees 2,82,305, or 88 per cent., in the previous year, the increase being due to the imposition of the tax in 22 additional unions and to the prompt collection of the current and arrear demands. The average incidence of the tax was As. 9–3 per house taxed against As. 8–9 in 1893–94. There was generally no difficulty in collecting this tax.

6. *Educational Receipts.*—These amounted to Rs. 2,30,265 against Rs. 2,15,537 in 1893–94, the increase appearing chiefly under school-fees in consequence of the increase in the number of Boards' schools and in the attendance at them.

7. *Miscellaneous Receipts.*—The income under this head, which was made chiefly of choultry, market and avenue rents, amounted to Rs. 6,20,494, or Rs. 58,832 more than in the preceding year. The rent of lands attached to choultries and other receipts connected with them aggregated Rs. 2,67,033 against Rs. 2,10,890 in 1893–94, the increase being due chiefly to the collection of arrears in Tanjore. The revenue derived from markets was Rs. 1,40,952 or Rs. 3,823 more than in the previous year. The local boards maintained 534 markets against 526 in 1893–94 and fees were levied in 480 of these against 454. The balance in favour of these institutions on the 31st March last was still large, being Rs. 1,99,665, but the greater portion of this sum has been proposed for expenditure in the current year and the local boards concerned have been directed to promptly utilize the funds at their disposal in the way most advantageous to the people resorting to the markets. The income from avenues fell from Rs. 1,27,662 to Rs. 1,16,861, but the amount spent on their extension and maintenance rose from Rs. 84,200 to Rs. 86,875. The condition of the existing trees is reported to have been on the whole good.

8. *Ferry Rents*—amounted to Rs. 1,78,801 or Rs. 13,850 less than in the previous year, the decline being mainly due to the substitution of tolls for ferries at four bridges in Malabar, the reconstruction of which was completed during the year.

9. *Tolls.*—These were levied at 276 stations in all the districts except Gódavári, against 263 in 1893–94 and the collections under this head rose from Rs. 7,31,277 to Rs. 7,35,112. Of this sum Rs. 6,15,662 were derived from local fund toll-gates and Rs. 1,19,450 were contributions from municipalities, the corresponding figures for the previous year being Rs. 6,08,044 and Rs. 1,23,233. The increase in the former case was owing chiefly to the substitution of tolls for ferries referred to in the previous paragraph and to the establishment of additional gates, while the decrease in the latter was due to want of competition at the sale of the municipal toll farms in Madura and Tanjore and to reduction in the rates of contributions paid by the municipal councils in the district of Vizagapatam, rendered necessary by the decrease in receipts owing to the opening of the East Coast Railway. The net receipts under this head, excluding the charges of collection and the contributions paid to Provincial and Municipal funds, amounted to Rs. 6,80,582, or 32 per cent. of the expenditure on the maintenance of roads.

present at each meeting of the panchayats was again five (two officials and three non-officials). The duties of these bodies remained the same as in the previous years and their working was on the whole satisfactory.

II.—Receipts.

4. *Land-cess.*—The cess on land continued to be levied at 2 annas per rupee of the assessment in Malabar, at ~~As. 1-6~~ in South Canara and at 1 anna in the remaining districts. The collections under this head, which is the principal source of local revenue, amounted to Rs. 49,59,997 or 95 per cent. of the demand against Rs. 49,59,655 or 94 per cent. in the previous year.

5. *House-tax.*—This tax was levied in 340 unions against 318 in 1893–94 at the maximum rates in 163 unions, at three-fourths rates in 27, at half rates in 142, at one-third rates in five, and at one-fourth rates in the remaining three. The total collections amounted to Rs. 3,26,890, or 92 per cent. of the demand, against Rupees 2,82,305, or 88 per cent., in the previous year, the increase being due to the imposition of the tax in 22 additional unions and to the prompt collection of the current and arrear demands. The average incidence of the tax was As. 9–3 per house taxed against As. 8–9 in 1893–94. There was generally no difficulty in collecting this tax.

6. *Educational Receipts.*—These amounted to Rs. 2,30,265 against Rs. 2,15,537 in 1893–94, the increase appearing chiefly under school-fees in consequence of the increase in the number of Boards' schools and in the attendance at them.

7. *Miscellaneous Receipts.*—The income under this head, which was made chiefly of choultry, market and avenue rents, amounted to Rs. 6,20,494, or Rs. 58,832 more than in the preceding year. The rent of lands attached to choultries and other receipts connected with them aggregated Rs. 2,67,033 against Rs. 2,10,890 in 1893–94, the increase being due chiefly to the collection of arrears in Tanjore. The revenue derived from markets was Rs. 1,40,952 or Rs. 3,823 more than in the previous year. The local boards maintained 534 markets against 526 in 1893–94 and fees were levied in 480 of these against 454. The balance in favour of these institutions on the 31st March last was still large, being Rs. 1,99,665, but the greater portion of this sum has been proposed for expenditure in the current year and the local boards concerned have been directed to promptly utilize the funds at their disposal in the way most advantageous to the people resorting to the markets. The income from avenues fell from Rs. 1,27,662 to Rs. 1,16,861, but the amount spent on their extension and maintenance rose from Rs. 84,200 to Rs. 86,875. The condition of the existing trees is reported to have been on the whole good.

8. *Ferry Rents*—amounted to Rs. 1,78,801 or Rs. 13,850 less than in the previous year, the decline being mainly due to the substitution of tolls for ferries at four bridges in Malabar, the reconstruction of which was completed during the year.

9. *Tolls.*—These were levied at 276 stations in all the districts except Gódavári, against 263 in 1893–94 and the collections under this head rose from Rs. 7,31,277 to Rs. 7,35,112. Of this sum Rs. 6,15,662 were derived from local fund toll-gates and Rs. 1,19,450 were contributions from municipalities, the corresponding figures for the previous year being Rs. 6,08,044 and Rs. 1,23,233. The increase in the former case was owing chiefly to the substitution of tolls for ferries referred to in the previous paragraph and to the establishment of additional gates, while the decrease in the latter was due to want of competition at the sale of the municipal toll farms in Madura and Tanjore and to reduction in the rates of contributions paid by the municipal councils in the district of Vizagapatam, rendered necessary by the decrease in receipts owing to the opening of the East Coast Railway. The net receipts under this head, excluding the charges of collection and the contributions paid to Provincial and Municipal funds, amounted to Rs. 6,80,582, or 32 per cent. of the expenditure on the maintenance of roads.

10. *Contributions.*—A sum of Rs. 3,17,220 against Rs. 2,81,151 in the previous year was received as grants from Provincial funds for the following purposes :—

	1893-94.	1894-95.
	Rs.	Rs.
(1) Public Works	88,410	1,49,171
(2) Schools	1,21,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	3,2,106
(5) General purposes	12,490	18,000
(6) Refund	108	..
(7) Famine relief works	20,000	16,000
Total ..	2,81,151	3,17,220

In addition to the above, a contribution of Rs. 216 was received from special funds chiefly on account of the proportionate cost of the travelling allowance of the local audit clerks.

11. *Contribution from other Boards.*—The receipts credited to this head comprised the following items :—

	Rs.
Allotments from district to taluk funds	5,59,595
„ taluk to district „	33,358
„ „ to union „	2,00,172
Total ..	7,93,125

12. *Debt.*—Under this head are included the following items :—

	Rs.
Sale-proceeds of Government promissory notes in favour of the Railway Guarantee fund in Tanjore	1,21,000
Repayment of loan previously obtained from the Taluk Endowment fund in Tinnevelly	5,000
Debt head receipts	4,00,306
Total ..	5,26,306

13. *Taxation.*—The average incidence of Local Fund taxation per head of the population continued to be As. 3 including tolls and As. 2–7 excluding them. That of the entire Local Fund receipts, excluding the special contributions and the nominal transactions specified in the three preceding paragraphs, was As. 3–9 per head against As. 3–8 in 1893–94.

III.—Expenditure.

14. *General Establishment of Local Funds.*—The expenditure under this head in 1894–95 is compared below with that of the year before :—

	1893-94.	1894-95.
	Rs.	Rs.
Controlling establishments at the Presidency including pensionary charges	45,172	42,431
District audit establishments	29,791	29,732
Collector's account establishments	19,344	20,790
Local Board's office establishments including contingencies	2,32,451	2,43,382
Total ..	3,26,758	3,36,335

The increase in the last item was owing chiefly to the additional establishments entertained in some of the local boards and the newly-formed union panchayats.

15. *Education.*—The educational charges rose from Rs. 11,13,024 to Rupees 11,42,380, the increase being the net result of a decrease under training schools and grants-in aid and an increase under almost all other heads.

(*a*) *Inspection.*—The district boards employed 190 inspecting schoolmasters for supervising their educational operations, being one more than in the previous year.

(*b*) *Training and Special schools.*—The five training schools maintained by the district boards continued to work with fair success. In addition to these, there were seventy sessional schools at which the village schoolmasters were trained for about three months in the year and prepared for the Primary examination. The work done by these schools was on the whole fair. The industrial department of the Technico-Normal Institute maintained by the district board at Madura made satisfactory progress.

Note.—The statistics relating to education for 1894–95 not having been received from the Kistna district, the figures of the previous year have been adopted for it.

(*c*) *Board and Aided Schools.*—There were 3,218 boards' schools, of which ten were high schools, 113 middle schools and 3,095 primary schools against 11,104 and 2,937 respectively in the previous year. The number of aided institutions, however, showed a further fall from 8,451 to 8,259 and the total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·1 per cent. of the male population of school-going age against 324,764, or 13·4 per cent. in 1893–94. This decline in the case of aided schools is ascribed chiefly to the enforcement of the conditions of the revised Grant-in-aid Code introduced during the year.

16. (*a*) *Hospitals and Dispensaries.*—There were 132 hospitals and 239 dispensaries maintained by the local boards against 124 and 234 respectively in 1893–94, and the net cost of their upkeep amounted to Rs. 5,47,596 against Rs. 4,70,421. The total number of patients treated in these institutions was 2,427,971 against 2,216,159 in 1893–94 and 2,025,968 in 1892–93—a satisfactory token of their steadily growing popularity. In addition to the eleven nurses in Cuddapah, who attended 604 cases of labour against 574 in the previous year, 187 trained midwives were employed by the local boards at a cost of Rs. 24,522 and they attended altogether 13,625 cases of labour, the corresponding figures for the previous year being 173, Rs. 22,369 and 12,176.

(*b*) *Vaccination.*—The district boards employed 49 Deputy Inspectors of Vaccination and 696 vaccinators, including probationers, and the number of operations performed by them rose from 992,859 to 1,009,989. Of these 917,387, or 90·8 per cent., were successful against 934,125, or 94 per cent., in the previous year, and the average cost of each of these operations was As. 3–4 against As. 3–3. In addition to this, the medical subordinates attached to local fund hospitals and dispensaries performed 24,785 operations against 23,961 in 1893–94. The total number of operations was thus 1,034,774, of which 937,910, or 91 per cent., were successful, the corresponding figures for the previous year being 1,016,820, 954,750 and 94 per cent. Vaccination with animal lymph was conducted in all districts and the total number of such operations was 1,010,456, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 904,468, 853,114, and 94 per cent.

(*c*) *Sanitation.*—The total outlay on sanitation amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as shown below, the proportion of the expenditure to allotment being again 89 per cent:—

	1893–94.	1894–95.
	Rs.	Rs.
Improvement of water-supply	89,052	90,631
„ village-sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangement at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total ..	4,62,908	4,75,148

Further details of the works undertaken for the improvement of sanitation under these heads are given in statement IV. This subject continued to receive fair attention.

(*d*) *Medical Colleges and Schools.*—As in previous years, a medical school was maintained by each of the district boards of Nellore and Tanjore. From these schools twelve and six students, respectively, were sent up for the Hospital Assistant's examination and all of them passed—a very creditable result.

17. *Choultries.*—The maintenance of these institutions in charge of the local boards, which numbered 522 or ten more than in the previous year, cost Rs. 2,05,073 against Rs. 2,15,362 in 1893–94. In fifty of these institutions 1,274,285 travellers were fed, in three others monthly pensions were granted to infirm and poor persons while the remainder were mere rest-houses.

18. *Public Works.*—The total charges under this head amounted to Rs. 32,98,829 against Rs. 30,91,309 in the previous year, as shown below, the proportion of the expenditure to allotment being again 84 per cent. :—

	1893–94.	1894–95.
	RS.	RS.
By the Engineering establishments employed by the local boards	29,41,739	31,65,714
„ Revenue Department	1,14,139	1,02,871
„ Public Works Department	35,431	30,244
Total ..	30,91,309	32,98,829

The amount spent on communications, bridges, culverts, &c., was Rs. 28,31,026 against Rs. 26,64,461 in 1893–94. One hundred and fifty-nine miles of road were newly constructed and 20,597 miles repaired against 131 and 20,456 respectively in the year before. The expenditure incurred on the construction and repair of school houses, dispensaries, bungalows, choultries, &c., was Rs. 1,99,776 or Rs. 2,995 more than in the previous year, and that on miscellaneous public improvements, such as avenues, markets, tanks, wells, &c., was Rs. 2,68,027 against Rs. 2,30,067.

19. *Establishment and Tools and Plant.*—The cost of the Local Fund Engineering establishments including contingencies amounted to Rs. 5,64,046, or 18 per cent. of the outlay on works executed by them, against Rs. 5,47,669, or 19 per cent. in 1893–94, the maximum limit fixed by Government being 20 per cent. The cost of tools and plant was Rs. 22,402, or 0·7 per cent. of the outlay on works, against the limit of one per cent. fixed by Government.

20. *Railways.*—The balance in favour of the Railway Guarantee Fund in Tanjore at the beginning of the year was Rs. 5[illegible]2,000 in Government securities and Rupees 73,537 in cash. Out of the former sum Rs. 1,21,000 were withdrawn and Rupees 3,19,964 were paid to Government, being one-half of the expenditure incurred by the Public Works Department on the Mayavaram-Muttupet Railway in 1893–94. This railway was opened for public traffic on the 2nd April 1894 and the district board derived from its working during the nine months ending with December 1894, a net profit of Rs. 31,471, which represents a little more than $3\frac{1}{2}$ per cent. on the capital outlay. The amount to the credit of this fund at the end of the year was Rs. 4,21,000 in Government securities and Rs. 55,00[illegible] in cash.
