No. 207.

Calicut. 12th January

30 MAR. 95
GOVT OF MADRAS

From:

Surgeon major H. St. C. Carruthers,
Dt medical and Sanitary officer
Malabar.

To.

The President of Dist. Board &
Collector of Malabar, Calicut

Sir,

Ref to G.O. 2786 L
12-12-93

2382 L
17-11-94

[illegible] obtained [illegible] of the Madras [illegible] depot [illegible] being [illegible] information by the Dt [illegible] Sanitary officer

I have the honor to call your attention to the fact that last year the various tinctures required in medical practice were supplied from the Govt depot. These being made with duty free spirit are sold at very low rates. Under the latest orders however all supplies are to be obtained from London, where although these spirituous articles are shipped in bond, they are expensive owing to the cost of production. The burdens already cast upon Local Funds are so heavy that "want of funds" has become a stereotyped and monotonous cry and now that India Import duties are levied on every thing required by this Department

PRINCIPAL MEDICAL STO

they will be still further increased a
shown by the Comparative table annexe

I would suggest for your Considerat
the question of the advisability of Govt
being moved to allow the introduction
of all drugs required for Local Fund &
Municipal Hospitals duty free on a
certificate from the Dist. Surgeon Counte-
-signed by the Collector. These supplies
being intended for charity and the public
good it seems curious, that they should be
so heavily taxed.

I have &c.

to close & contract instead of opening & enlarging.

6 Under these circumstances I have to ask whether the Government will be pleased to allow this District to indent as heretofore, on the medical stores; if not whether, for medicines obtained from England by Local Board Dispensaries customs duties may be remitted. If neither plan is possible I shall have to ask sanction for a considerable addition to the budget allotment for medical stores.

5 I give here a comparative table showing in one view the aggregate cost of ~~the~~ lb. 1 of each of the 22 tinctures we require; the Madras prices are those given in the list plus ~~only~~ 20 per cent for packing charges and freight to Anantapur. The English prices include all cost of freight & packing charges to Anantapur, as the list prices include free freight, but not agents' charges in Madras; also customs duties at Rs 8 per gallon on 2¼ gallons (about the 22 I believe): exchange is calculated Rs 19 per £1 ~~[illegible]~~. The Madras medical store prices are those of the list plus 30 per cent for packing &c.

Description	Madras chemists price Rs	English Retail price (not in bond) Rs	English price in bond	Madras medical store prices	Remarks
the 22 of tinctures	68-4-" ~~[illegible]~~	86-6-0	47-12-0	11-15-0	

I need hardly comment on the enormous loss to Local Funds; we are trying to develope our medical services & to open new dispensaries, but at this rate we shall that we can save part of this loss by dealing with respectable Madras Chemists who import large quantities from bond, and can therefore give us rates below what we should pay as retail purchasers in England, but chemists' profits are always considerable, and in this climate with an uncertain demand, there must be a large margin for deterioration & loss to which must be added customs duties; hence the prices given in the list are far above the English bond prices.

Articles		Madras chemist	English Retail not in bond	In bond price	Madras medical Stores
		Rs. A. P.	£ s. d.	£ s. d.	Rs. A. P.
Tincture	Aconite	3-0-0	0-4-0	0-1-4	0-6-0

"	Cinchonae Co	2-12-0	0-3-4	0-1-6	0-9-0
"	Cinnamomi	2-14-0	0-3-6	0-1-4	0-6-0
"	Digitalis	2-2-0	0-2-6	0-1-0	0-2-0
"	Ferri Perchelor	1-12-0	0-1-9	0-0-9	0-5-0
"	Gentianae Co	1-14-0	0-2-9	0-1-1	0-4-0
"	Guaiaci Ammoniata	3-8-0	0-3-6	0-1-8	0-14-0
"	Hyoscyami	2-12-0	0-4-3	0-2-8	0-4-0
"	Iodi	3-8-0	0-4-6	0-1-11	1-0-0
"	Kino	2-4-0	0-5-6	0-3-0	0-5-0
"	Opii	3-0-0	0-3-9	0-2-2	0-9-0
"	Scillae	1-12-0	0-2-6	0-0-11	0-4-0
"	Senegae	2-6-0	0-3-3	0-1-5	0-8-0
"	Valerian Ammoniata	3-2-0	0-3-6	0-1-2	0-9-0
"	Zingiberis	2-12-0	0-3-6	0-1-1	0-6-0
		56-14-0	0-72-0	0-31-5	9-3-0

Of these charges the first, and, *protanto*, the second can be reduced if a Hospital can order a sufficiently large quantity of each tincture to obtain it from a bonded store so that the English excise duty is got rid of; this is seldom the case when dispensaries are small, as in this District. Nor is it feasible to club the indents of the various dispensaries together and send a general indent, for in that case we should have to unpack every box, and divide out these tinctures, i.e. into separate bottles and then repack the consignments: this would involve an establishment, waste, and breakage.

4. I append a list showing in one view (1) a Madras chemist's prices, (2) English retail prices (in shillings); (3) English prices in bond; (4) medical store prices; all for tinctures. Perhaps the best item to take is "rectified spirits" as this is the foundation of tinctures. The English price per gallon retail is £ s d 1-4-0; price in bond £ s d 0-3-3; price at the medical stores Rs 3-12-0. Adding to the English retail price of Rs 23 the Indian customs duty of Rs 6 per gallon of proof spirit (plus an unknown addition for over proof) it follows that we are now to pay at least Rs 30 per gallon for the spirit contained in the tinctures instead of Rs 3-12-0 plus packing charges as heretofore. As our tinctures, though individually small in quantity, aggregate many gallons, the resulting loss is measured by many hundred rupees. It is true however

District Board's Office,
ANANTAPUR.

No. 20

Dated 17th April 1895.

OFFICE OF SURGEON-GENERAL WITH GOVT. OF MADRAS 3- MAY. 95

Local & Municipal Dept. CURRENT No. 1151L

From
J. A. Nicholson Esquire
~~The~~ President,
District Board,
ANANTAPUR.

To

The Chief Secretary to Government,
MADRAS.

SIR,

I have the honor to ask the orders of Government in a matter seriously affecting the Local Boards both of this and other Districts; it has just been brought to my notice by the District medical and sanitary officer personally and in his letter copy of which I enclose.

2. Briefly the point is this; the medicines supplied to our Dispensaries used to be obtain from the medical stores at a very moderate rate for all tinctures, since the spirit used was apparently duty free. But as this practice has been stopped, all our medicines are obtained from England with the result (1) that we have to pay English *retail* rates for the small quantities we require; ~~and~~ these rates include English excise duty & packing charges; (2) Exchange on such rates including that on the heavy English excise duty (3) Indian customs duty.

2/1151L/95

11/5/95

to be imported duty free or make an exception in the case of a poor district to have the Tinctures and Spirituous preparations indented for from the Medical Stores, even until such time as the exchange may improve or the District may be able to make better provision for the supply.

I have the honor to be
Sir,
Your most obedient Sd
(Signed) H. M. Hakim

---

locally or indented for from England. In case of large Hospitals with large allotments this could be partly obviated by obtaining the things in bond, under condition that no tinctures and spirituous preparation should be less than a pint and no indent should be less than 20 pints. But in case of small Hospitals the requirements of which are small, small quantities will have to be obtained at retail English prices plus the Indian duty which will entail either of curtailment of the necessary articles required or increase of the allotment.

I herein enclose a statement showing the prices of articles under different conditions for your information and also letter No 945 G dated 28d February 1895, from the Collector of Sea Customs, Madras, giving rates of import duty on spirituous articles.

3 I therefore request that you will be pleased to approach Government with a view to allow an increased allotment for each Hospital and Dispensary or allow the articles

To

The President
District Board
Anantapur

Sir,

With reference to G.O. No 2382 L, dated 17th November 1894, I have the honor to submit the following for your consideration and such orders as you may think fit

The allotments for medicines were made before the receipt of the G.O. in question and based on the averages of the previous years, ie the store prices, now as the Tinctures and Spirituous preparations have to be obtained from elsewhere, much higher prices will have to be paid than hitherto as the duty on spirit will have to be added to the cost in either case if obtained

FOR ORDERS.

The statement of prices put up with Surg. Major Carruthers' letter shows that the duty on the drugs is a very small fraction of their cost, & that the most noticeable difference is between the cost at the Medical Store Depot, & that at Burgoyne Burbidges & Co's.

This is, according to Surg. Major Carruthers, due to difference in cost in the spirit with which the tinctures are made up.

It was at the Surgeon General's suggestion that supply of tinctures from the Madras Medical Store Depot was discontinued (vide G.O. d. 17.11.94. No. 2382. L.) and it is submitted that he may now be asked why he recommended a scheme under which Local bodies have apparently to pay two or three times as much for their tinctures as they did before.

for President.

---

in G.O. dated 26th April 94 Mis: No. 1650 Revenue, it has been laid down that all articles paid for from Local Funds, – when liable to duty under the Tariff, – should be charged with import duty and under Schedule IV to Act XVI of 1894, drugs, medicines, and narcotics are – liable to duty under the Tariff. Thus under the Tariff act and the rules now in force thereunder, all drugs imported for the use of Local Fund Hospitals are liable to the payment of duty and I respectfully request that, for reasons assigned in the Dist. Board's resolution, the Govt. of India may be moved to allow the import of all drugs required for the Local Fund and Municipal Hospitals free of duty on production of certificate from the District Surgeon countersigned by the Collector as suggested by the District Medical and Sanitary Officer in para 2 of his letter referred to

Received from the Rev Deptt on 23/7/95

N 2058

Malabar Dist Board

Calicut 18th February

Local & Municipal Dept.
CURRENT No. 569 L

From,
H. Moberly Esq
President Dist Board

To
The Hon'ble J. F. Price
Chief Secretary to Government
Madras.
Thro' the Surgeon General, with the
Govt of Madras.

Sir,

I have the honor to submit herewith for the favourable consideration of Government copy of resolution of the Dist: Board passed at its meeting held on the 26th January 95 regarding the exemption× from import duty of all drugs purchased in England for the use of Local Fund Hospitals in the District.

× under Section 23 of the Sea Customs Act, VIII of 1878. which runs as follows " The Govr Genl in Council may from time to time, by notification in the Gazette of India, exempt any goods imported into, or exported from, British India, or into or from any Specified Port therein, from the whole or any part of the customs-duties leviable on such goods.
The Local Government may, by special order in each case, exempt from the payment of duty under circumstances of an exceptional nature, to be stated in such order, any goods on which Customs duties are leviable.

The circumstances under which the above resolution was passed are clearly set forth in the District Medical and Sanitary Officer's letter dated 12th January 95 No 207 a copy of which is enclosed for the information of Government.

2. In the abstract of orders issued from time to time by the Govt of India for the treatment of articles subject to Customs duty on imports, printed as enclosure No. 1 to letter from the Govt of India embodied

sanction of Government be obtained for the exemption of import duty on all drugs purchased from London for the use of charitable institutions.

The District Surgeon's letter will be submitted to Government for favourable consideration. The question is a serious one for if the Local Boards have to incur such an enormously increased expenditure, either the existing Hospitals &c will become useless, or their numbers must be cut down to enable them to be properly worked. The Board is obliged to Dr Carruthers for bringing the matter to notice and for his exceedingly well written letter.

Sd/. H. Moberly

FOR ORDERS.

I should prefer to get from the Medl. Stores if India will allow. Please ask —

From the terms of the Bengal circular I am not at all sure that Govt. wd. not be debited with the duty on all spirits supplied to the local makers of tinctures ~~This wd. not suit us at all~~ — India is entitled to 3/4 of the Abkari revenue & it is unlikely to allow us to give away its revenue. Moreover in my opinion there would be considerable difficulty ~~agst~~ in guarding agst the misuse of spirits issued duty free —

2/11/95

Office
Please Draft letter to India
5/11/95

Please see the notes and or

on the first four Currents read above the reference made thereon to the -General. In reply to this, he states (Current No. 2835 L.) that the Staff the Madras Medical Depôt has be so reduced as to render the supply tinctures to local bodies entirely of the question and that if their s ply from that depôt were to be vived, an establishment costi Rs. 283-6-8 a month will have be entertained for the purpose. As, however, the Medical Depô has now entirely passed under control of the Surgeon-General the Government of India and is ~~under~~ in contemplation to place under the Principal Medical ficer, Madras Command, and restrict its operations to milita requirement quirements, the Surgeon-General tes not consider it advisable that it hould have anything to do again with e supplies required by local bodies, 3. pecially as the depôts in the other esidencies of India are not charged ith this duty. He accordingly commends the adoption of the stem prevailing in Bengal, under ich tinctures and alcoholic preparations are obtained from a cal firm of chemists which s been allowed the important ncession of obtaining, duty free, quantity of country spirit equired for these preparations.

/95 If India contemplates the alterations in the objects of the Medical Store Depôt referred to by the urgeon General, it is probably most unlikely to sanction even a partial reversion to the old system. May not the Bd. of Revenue be asked if they can arrange to supply country spirit duty free to some local firm of chemists as is done in Bengal?

P.O.

Despd. 23/11/95

Letter. No. 2227 L.mis. 21-11-95

To

The Secretary to the Government of India

Military Department.

Sir,

In September 1893, this Government decided that the medicines required by local bodies for their hospitals and dispensaries should be obtained from a private firm ~~to be selected by the Surgeon-General~~ and not from the Madras Medical Store depôt

Supply of

as ~~heretofore~~ before, and desired ~~him~~ the Surg. Genl to report whether arrangements could be made for preparing tinctures locally. The then Surgeon-General recommended that the firm of Messrs Burgoyne Burbidges and Co. of London ~~may~~ should be selected ~~for~~ to supply~~ing~~ medicines to local bodies and that, as the trustworthy preparation and supply of tinctures and spirituous preparations could not be arranged for locally, except through the Government depôt, the supply of ~~the same~~ these ~~may~~ should continue to be made from that depôt. These recommendations were approved in December 1893.

2 Subsequently, however, on the representation of the present Surgeon-General, who ~~stated that he was aware~~ ~~said that he did not~~ ~~see~~ ~~of no reason~~ expressed the opinion that there was why the supply of tinctures ~~also~~ no reason should not be obtained privately ~~independently of the Government~~ depôt, as was done in ~~the~~ other provinces of India, this Government ordered in November 1894 that they ~~may~~ should be purchased from such private firms, ~~the selection of which should be subject to confirmation by the~~ as the District Medical and Sanitary Officers might select. But from representations since received from some of the Local Boar

it appears that under the present arrangement they have to pay two or three times as much for their tinctures as they did before and that consequently either the budget allotment for medical supplies ~~to~~ ~~have~~ must be largely supplemented or the medical relief a~~fforded by them has to be~~ must be restricted. The high prices charged by private firms, both in England and India, are due to the fact that ~~while~~ private firms have to pay duty on the spirit used in the manufacture of tinctures, while ~~those issued from~~ the Govt. depôt ~~are made with~~ uses spirit ~~which is exempt from duty~~ pays no such duty.

3. To remedy this state of affair the Surgeon-General with this Gov suggests the adoption of the system prevailing in Bengal, under wh tinctures and alcoholic preparatio

are obtained from a local firm of
to whom
Chemists, ~~which has been allowed~~
who have been exempted from
~~the important concession of ob-~~
the payment of duty on the
~~taining, duty free, the quantity~~
~~of~~ country spirit required for these
preparations. His Excellency the
Governor in Council, however, is
not in favour of this proposal, as in
it would be
his opinion, ~~there would be consider-~~
very difficult to prevent the
~~able difficulty in guarding~~
abuse of such a privilege.
~~against the misuse of spirit issued~~
~~duty free~~. I am, therefore, directed
to request that the sanction of
the Government of India may
be obtained for the supply of
these preparations to local bodies,
as formerly, from the Madras
Medical depôt, which is no longer
under the control of this Govt.
The cost of any additional
establishments, which it may
be found necessary to entertain
at the depôt for this purpose will,
of course,
received

of course, be recoverable from the
local bodies as part of the value of
the medicines supplied.

I have &c.,
