Sir,

In reply to memorandum No. 1489 dated the 24.10.95 of the Local and Municipal Department, I have the honor to state that at present people in Hirehalu either deposit manure and rubbish in their houses or on or adjacent to thorough fares and public grounds. This is considered objectionable on sanitary grounds and it is proposed to stop the practice. The people must have some place to deposit their manure but there is no unoccupied land available in the vicinity of the village. The Taluq Board therefore proposes to acquire the occupied land in question with reference to clause VI, section 95 of the Local Boards Act, which authorises Local Boards to spend their funds in providing, among other things for measures of local public utility calculated to promote the health, Comfort, or Convenience of the people. The Taluk Board does not wish to adopt this Course in any but important unions like Hirehalu
