LOCAL AND MUNICIPAL DEPARTMENT.

Memorandum.

C. No. 2043 + 2496 L of 1895

Dated the 2nd October 1895.

No. 1386

The following points are
noticed in the Presidents and
the District Medical Officer's
reports and in the statements
submitted with the former:

(1). In columns 8 and 10
of statement I-B the expendi-
ture incurred on the purchase
of medicines obtained direct
from England should have
been debited to (6) Medicines
and surgical instruments and
not to (8) supplies under
Grant III (a) Hospitals and
dispensaries.

(2). In column 10 of the
revised statement I-B and

Cf para. 60 of the report

in column 20 of the statement showing the alterations to be made in statement VI the endowment fund balance at the close of 1894-95 is shown as Rs 47,390; but according to the details given in the latter it was Rs 49,308.

(3). In column 3 of the statement showing the alterations to be made in statement II-B, the receipts under house-tax have not been corrected with reference to the explanation furnished under this head in the last column of the revised statement I-A. It is presumed that the sum of Rs 6 referred to in this explanation was originally included under arrears of house-tax.

(4). In column 22 of statement VIII the average cost of educating each pupil in the Upper primary

primary department of the boards' salary result schools and the practising branch of the normal department of the Madras Technical institute are given as Rs 9-6- and Rs 1-2-5 respectively instead of Rs 9-5-9 and Rs 1-2-9.

(5). In column 1 of statement XVI, the names of the members who were actually on the boards on the 31st March last should have been numbered.

(6). The village Kurnams in the Battagundu and Kalyambuttur unions should not have been included under official members of the panchayat in columns 4 and 12 of statement XVI-B, as they do not hold salaried offices under Government. Vide Sec. 3 (VIII) of the Local Boards Act.

act.

(7). Column 7 of the same statement should show the names of the members who vacated their seats during the year, as required by the heading, and not of those who lost their seats in the previous year, as in the case of the Ariyampalayam, Ramnad and Palaiyampatti panchayats.

(8). In column 2 of the statement showing the proportion of the general Local Fund receipts spent on the several services, the receipts of the District Board should exclude the allotments made therefrom to the Taluk Boards and those of the latter should include such allotments.

(9). In column 10 of the same statement

statement the percentage of expenditure on vaccination to the total receipts is given as 5.4 instead of 2.6.

(10). In para. 9 of the President's report the total demand under land revenue including arrears is given as Rs 3,14,682 instead of Rs 3,26,335 and the percentage of collections to the demand is thus given as 99 instead of 95.

(11). In para. 33 the percentage of the outlay on village roads to the total expenditure on communications is given as 10.4 instead of 10 according to the details in statement W.S.

(12). In para. 47, it is stated that there were 108 pupils in the Industrial department of the Technical Institute on the 31st March last; but according

to column 6 of statement IX
their number was 153.

(13) From the statement
given in para 50, it appears
that no girls were presented
for the fourth standard and
that three girls passed in the
second standard; but according
to the note to statement IX
the corresponding numbers were
1 and 13.

(14). In para. 73 the number
of endowed institutions in
1893-94 is given as 102; but
according to statement VI
submitted with the report
for that year, it was 101.

(15). In para. 11 of the Dis-
trict Medical officer's report
the percentage of successful
cases to the total number
of operations performed by
the Local Fund vaccinators
during

during 1893-94 and 1894-95
is given as 97.76 and 93.20,
respectively, but according to
para 64 of the President's re-
port it was 96.1 and 91.7
respectively.

2. The necessary corrections
have been made with reference
to clauses (3), (4), (6) and (9) to (11)
of the preceding paragraph.
The discrepancies noticed in
clauses (2), (12) to (15) should be
explained as soon as possible.

L. 7. Report for 1894-95

N
om

No. 132

From

MADURA DISTRICT BOARD OFFICE,
12th November 1895.
Local & Municipal Dept.
J. Swigg Esquire, 33632
President, District Board,
Madura.

To

The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

With reference to para 2 of Govt
Memorandum No. 1386
2-10-95, I have the honor to
report as follows:—

Clause 2. The entry "47390" is a clerical error
for "49308".

Clause 12. The Superintendent of the Technical
Institute explains the discrepancy as due
to the Assistant Inspector of Schools having
included in column 6 of his statement ~~18~~
(the number of students 108 against the
Industrial department) the 45 students that
were on the rolls of the Normal department,
on the ground that the latter learn also Draw-
ing, Mensuration, and Agriculture, which are
Industrial subjects. The number of students
reported in para 47 of the report excluded
these Normal students.

Clause 13. The figures 1413 are correct. The
mistake appears to have been made in
faircopying.

Clause 14. The number of institutions in 1893-94
was only 101 and that in 1894-95 was 103. Besides
the Chattriapatti watershed referred to in
para 73 of the report, the other additional
institution opened was the Kallikudi market
in

in the Tirumangalam Taluk. The President of the Taluk Board has been asked to explain under what circumstances and under what authority the said market was opened.

Clause 15. The figures 97.76 and 93.20 given in the District Medical and Sanitary officer's report are correct. The latter officer states that it was usual for his Department under instructions from the Sanitary Commissioner to exclude the unknown cases from the total cases vaccinated in calculating the percentage of successful cases - a rule which this office was not aware of till now.

I have the honor to be
Sir
Your most obedient servant

Chinnayya
President
