27/11/95

The Government considers that with the amounts of Rs. 378 and Rs. 571 respectively expected to be realized from the house tax in the proposed unions, the Union Panchayats will not be able to carry out any appreciable improvement in the sanitation of the villages under their control and that they will be compelled to rely largely upon contributions from the Taluk Board. As, however it is not equitable that funds realized from the general body of the rate payers should be expended for the benefit of the small section of them who reside in Unions, the constitution of the proposed Unions cannot be sanctioned unless the Local Boards are prepared to levy the house tax at least at half the maximum rates so as to make the Unions self-supporting.

2. The estimated receipts and charges of these Unions have not been included in the Budget for 1895-96, as stated in para. 5 of the President's first letter.

3. In the statement showing the particulars of the amount of house tax expected from these Unions, the amounts expected from 3rd and 4th class houses in the Chirayapuram Union are given as Rs. 318-0-0 and Rs. 37-12-0 respectively instead of Rs 313-0-0 and Rs. 37-8-0.
