Order No. 23/3 Misc. 29/11/95

Recorded with the following remarks:—

(1) In column 3 of the statement showing the proportion of the general Local Fund receipts spent on the several services, the expenditure incurred on bridges, tolls and ferries, and avenues should not be included in the total outlay on roads.

(2) The number of Board Schools examined by the Inspecting Schoolmasters is now given as 115; ~~stated~~ from para: 38 of the President's report for 1894-95 it appears that there were only 84 Board Schools. The discrepancy should be explained.

Clause (7). The statements showing educational statistics are herewith submitted.

Clause (8). From information received from the Educational authorities it would appear that of the 730 schools examined by the Inspecting School-masters 115 were Board, 380 Aided and 235 Unaided schools.

Clause (11). The figures furnished in para 50 of the report include cases of death within the Municipalities in the District, whereas those furnished by the District Medical and Sanitary Officer do not include them.

Clause (12). The correct figures are those shown in Statement I B.

CURRENT No. 3408

To The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir, I have the honour to reply to memorandum dated 9th September 1895, No. 1276:—

Clause (3). Rs 2,020 is the amount of the original estimate for the work in question. The estimate was subsequently raised to Rs 2,170 the figure shown in column 4 of Statement III.

Clause (4). Both the figures were furnished by the District Medical and Sanitary Officer, but ~~Rs~~ 34,116 is correct.

Clause (6). The figure Rs 95,438 was arrived at by adding to Rs 94,000 sums of Rs 3,058 and Rs 1,814 being the expenditure on avenues and contributions to the Trichinopoly Municipality and the Pudukkotta State respectively for the maintenance of Local Fund roads (vide para 37 of the report). If from the total of the above sums be deducted 3,434 — being the amount expended from market funds on "feeder roads leading to the markets, the remainder is Rs 95,438.

Clause (7).

Remarks.

The advance [illegible] the net result of a larger advance in the Taluks under [illegible] Musiri Taluk Board and a decline in the rest of [illegible] district. It was chiefly due to the failure of the Inspecting Schoolmaster, Konad Range, to collect full statistics for Unaided and Indigenous Schools.

3 schools were newly started; by the Ariyalur (2) and Musiri (1) Taluk Boards for Panchamas.

There was a marked improvement made. For an increase of 25 teachers on the whole over the previous year there was an increase of 75 teachers holding certificates, including general education certificates. The improvement was general and the least of which was in the Taluks under the Ariyalur Taluk Board. More than half the number of teachers were still unpassed men which points to the necessity of the Sessional School for years to come.
