§ Do. three hospitals and dispensaries maintained from Chattram funds.

‖ Do. three markets attached to choultries in Nilgiris and Tanjore.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary, who was trained by the Countess of Dufferin Fund Committee on account of the district board, worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary, who was trained for the district board by the Countess of Dufferin Fund Committee, was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and the Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was, in addition, paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

APPENDIX XXV.

STATEMENT showing the strength, cost and operations of the vaccine establishments for 1894-95.

Districts.	Establishment.			Number of vaccine operations performed.			Total cost of vaccination.	Vaccination with animal lymph.

* Excludes the cost of (1) medical practitioners employed on sanitary inspection, distribution of medicine, &c., (2) medical schools, (3) the District Medical and Sanitary Officers' establishments, (4) medical pupils and (5) midwives and midwifery pupils; but includes the pay of the medical subordinates in charge.
† Includes eleven nurses.
‡ Includes 604 labour cases attended by the nurses.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary, who was trained by the Countess of Dufferin Fund Committee on account of the district board, worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Godávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary, who was trained for the district board by the Countess of Dufferin Fund Committee, was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and the Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was, in addition, paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

* For the purposes of this statement, each department of a school is taken separately, *e.g.*, if a high school has upper secondary, lower secondary, upper primary and lower primary classes, it will appear under each of these departments so far as regards the classes concerned.

This appendix has been compiled from statement IX submitted with the District Boards' reports. The financial transactions shown herein do not in some cases agree with the Accountant-General's figures in appendices IV and V.

† The figures relating to 1893–94 have been adopted as those for 1894–95 have not been furnished.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary, who was trained by the Countess of Dufferin Fund Committee on account of the district board, worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary, who was trained for the district board by the Countess of Dufferin Fund Committee, was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and the Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was, in addition, paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

APPENDIX XVII—*cont.*

Statement showing the particulars of the outlay on public works for 1894–95—*cont.*

Districts.	Percentage of outlay to allotment by Local Fund engineering establishment.	Cost of engineering establishment including contingencies.			Percentage of the cost of the Local Fund engineering establishment to outlay on works executed by them.	Cost of tools and plant.			Percentage of the cost of tools and plant to outlay on works by Local Fund engineering establishment.	Explanations given for short outlay in 1894–95.
		Local Fund Department.	Public Works Department.	Total.		Local Fund Department.	Public Works Department.	Total.		
	20	21	22	23	24	25	26	27	28	29
		Rs.	Rs.	Rs.		Rs.	Rs.	Rs.		
1. Anantapur ..	90	10,899	..	10,899	24	169	..	169	0·4	(*a*) Short outlay due to several large estimates not having been sanctioned until late in the year.
2. Arcot, North ..	91	32,797	..	32,797	20	2,012	..	2,012	1·2	(*b*) Short outlay was owing to the inefficiency of the subordinate engineering staff and to the reduced and insufficient rates allowed in the year for cartage of materials.
3. Arcot, South ..	92	25,666	..	25,666	15	1,356	..	1,356	0·8	
4. Bellary ..	87	17,227	..	17,227	17	250	..	250	0·2	
5. Canara, South (*a*).	62	23,208	..	23,208	24	1,456	..	1,456	1·5	(*c*) Short outlay due to— (1) Works to the value of Rs. 17,443 not having been paid for before the close of the year either pending check measurement or because bills were received too late. (2) Works in many cases not having been carried out owing to failure of contractors' delay in settling on sites for certain markets, &c.
6. Chingleput ..	98	19,603	..	19,603	14	318	..	318	0·2	
7. Coimbatore ..	95	29,531	..	29,531	16	1,195	..	1,195	0·7	
8. Cuddapah ..	94	20,186	..	20,186	23	899	..	899	1·0	(*d*) Short outlay ascribed to delay in the preparation of estimates and failure to submit bills for works executed in time for payment within the year.
9. Ganjám ..	* 107	21,110	..	21,110	15	620	..	620	0·4	(*e*) Short outlay due to— (1) The acquisition of site for certain chattram very late in the year. (2) Late receipt of certain estimates from the Engineer's office.
10. Gódávari (*b*) ..	69	47,455	444	47,899	17	2,042	8,942	10,984	0·7	
11. Kistna ..	96	47,014	1,252	48,266	16	1,605	82	1,687	0·6	(*f*) Short outlay due to— (1) Land required for some works not having been acquired. (2) Postponement of the construction of a building for the Technical Institute. (3) Late receipt of sanction for the estimate for the Local Fund offices. (4) Late acquisition of the site for the Muhammadan rest-house.
12. Kurnool ..	84	15,626	..	15,626	20	32	..	32	0·04

* For the purposes of this statement, each department of a school is taken separately, *e.g.*, if a high school has upper secondary, lower secondary, upper primary and lower primary classes, it will appear under each of these departments so far as regards the classes concerned.

This appendix has been compiled from statement IX submitted with the District Boards' reports. The financial transactions shown herein do not in some cases agree with the Accountant-General's figures in appendices IV and V.

† The figures relating to 1893–94 have been adopted, as those for 1894–95 have not been furnished.

* Charged under "2. Assignments" in the Imperial Accounts.

32. *General Educational Results.*—At the end of the year, there were 3,218 board schools, with 135,210 pupils, against 3,052 and 128,333, respectively, in 1893–94. A few of these schools were maintained exclusively for girls, while in many others pupils of both sexes were admitted. The total number of girls in these schools was 17,817 against 16,842 in the previous year. The proportion of the total net expenditure on education to the current receipts rose from 10·7 to 10·9 per cent. The percentage was large in Anantapur (17·1), Vizagapatam (14·3), and Bellary (14·0), but was very low in Tanjore (5·6) and Chingleput (7·9). The total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·2 per cent. of the male population of school-going age, against 324,764, or 13·4 per cent., in 1893–94, the decrease appearing in Ganjám (2·2 per cent.), Tinnevelly (1·5), North Arcot (1·2), South Canara (2·1), Chingleput (0·9), Vizagapatam (0·5), Coimbatore (0·2), South Arcot (0·2), Tanjore (0·2), and Malabar (0·1). The proportion was good in Nilgiris (20·9), Tinnevelly (18·9), and Bellary (18), and fair in the remaining districts except Cuddapah and Vizagapatam, where it continued to be less than 10 per cent.

Grant III.—Medical Services, Sanitation, &c.

33. *Hospitals and Dispensaries.*—From Appendix XXIII, which gives the statistics of the hospitals and dispensaries maintained by the local boards, it will be seen that the number of these institutions rose from 124 and 234 to 132 and 239, respectively, the increase being the net result of the opening of fourteen additional hospitals or dispensaries in Gódávari (4), Coimbatore (3), Vizagapatam (3), Tinnevelly (2), Bellary (1), and Salem (1), and the abolition of a dispensary in Madura. The Taluk Boards in Tinnevelly aided, as in previous years, eight dispensaries, of which seven were managed by mission agency and one by a private practitioner.

The total number of patients treated in the institutions maintained by the local boards rose from 2,216,159 to 2,427,971. The number treated was 7·5 per cent. of the total population against 6·9 in the previous year. There was an advance in all districts except Kurnool and Chingleput. In Kurnool the percentage fell from 11·1 to 10 and in Chingleput from 9·7 to 9. The decrease in the former is ascribed to the fact that malarial fever was less prevalent and to the temporary closure of some of the dispensaries during the illness of the medical subordinates or their absence on cholera duty, and in the latter to the inclusion of the population of the Kachinad taluk transferred from North Arcot in the year under review. As in the previous year the increase in Nilgiris was the highest, being 2·3 per cent., and Vizagapatam followed with 1·9 per cent. The percentage was below 6 in Gódávari (5·3) and Malabar (4·2), and in the remaining districts it varied from 6·1 in Ganjám and Nellore to 12·6 in Nilgiris. There was a slight decrease —1,492 against 1,499—in the number of beds available for in-patients, the fall appearing in Anantapur, Kistna, Madura, Tanjore and Tinnevelly, which was partly counterbalanced by an increase in Chingleput, Cuddapah, Gódávari, Malabar and Vizagapatam.

	In-patients.	Out-patients.
	NO.	NO.
1893–94	15,237	2,200,922
1894–95	15,787	2,412,184

The net expenditure on the maintenance of these institutions, excluding the cost of midwives and midwifery pupils, amounted to Rs. 5,47,596 against Rs. 4,70,421 in 1893–94, and the average cost of treating each patient was thus As. 3–7, or two pies more than in that year. The cost was very high in Nilgiris (As. 6–4), Malabar (As. 5–8), Gódávari (As. 5–7), Bellary (As. 5–2), Kistna (As. 4–11), Cuddapah (As. 4–7), South Canara (As. 4–3), and Anantapur (As. 4–2). In these districts measures should at once be adopted by the local boards to remedy this. It is to be regretted that, notwithstanding the remarks made on the subject in paragraph 33 of the last General Review, the average cost for each patient has shown an increase instead of a decrease in all these districts, excepting Nilgiris and Kistna. In the

remaining districts it ranged from As. 3–10 in North Arcot and Coimbatore to As. 1–11 in Trichinopoly. It is not apparent why there should be such great variations in the cost of treating patients in different districts and why the rate in Gódávari, for instance, should be more than double that in the adjoining district of Vizagapatam. The Surgeon-General will be requested to report on this point.

34. *Medical Schools and Medical Pupils.*—Two medical schools were again maintained by the District Boards of Nellore and Tanjore. In the school at Nellore forty-three students were under training, of whom twelve, besides one who died during the year, were in the third year of their course and the remaining thirty in the second year, no fresh students having been admitted pending the issue of final orders on the question of its abolition. All twelve students in their third year appeared for and passed the Hospital Assistants' examination. Of the fifteen students who underwent training in the Prince of Wales' Medical School at Tanjore six appeared for the final examination at Madras and all of them were successful. The results achieved by these schools are very creditable to the teaching staff. The local boards in Bellary, South Canara, Ganjám and Madura sent up at their own cost eight, three, three and seven students, respectively, to the Madras Medical College for training, and the Gódávari District Board had five students trained at the Nellore Medical School.

35. *Midwives.*—The local boards in all the districts, except Nilgiris, employed 187 trained midwives against 173 in 1893–94. The number continued to be large in Nellore (23) and Madura (19), and very small in Cuddapah (1), Ganjám (2), Gódávari (3) and Kurnool (3). No efforts should be spared in the last-named districts as well as in the others in which the number is small, to secure the services of additional midwives so that at least one may be attached to each medical institution. In Cuddapah there were also eleven nurses, who attended 604 cases of labour against 574 cases, attended by ten nurses, in the previous year. The total number of labour cases attended by the trained midwives rose from 12,176 to 13,625, but the monthly average for each continued to be six. Each of the midwives in Vizagapatam, Bellary and Gódávari attended on an average thirteen, thirteen and eleven cases, respectively, per mensem. On the other hand, those in Anantapur, North Arcot, South Arcot, Chingleput, Coimbatore, Cuddapah, Kistna, Kurnool and Tinnevelly turned out very poor work, and the attention of the local boards concerned has been drawn in the individual reviews to the necessity for effecting an improvement in this respect.

36. *Medical Training of Women.*—Appendix XXIV contains a summary of the information furnished on this subject. The local boards in Bellary, Coimbatore, Cuddapah, Ganjám, Gódávari, Kistna, Madura, Nellore, Salem, Tinnevelly and Vizagapatam either granted scholarships for the training of female students or employed those who had been previously trained at their expense or at the expense of the Countess of Dufferin Fund. Want of funds apparently prevented the boards in many of the remaining districts from taking any steps in the matter; but the Government trusts that when means become available, they will grant scholarships for the training of students under the supervision of the Dufferin Fund Committee at Madras.

37. *Vaccination.*—This subject has already been fully dealt with in G.O., No. 1388 L., dated 8th August 1895, in which the report of the Inspector of Vaccination for 1894–95 was reviewed. The number of operations performed by local fund vaccinators as given in paragraph 10 of that report, however, differs, as shown below, from those furnished by the Presidents of District Boards, and the Sanitary Commissioner will be requested to explain the discrepancies:—

Districts.	Number of operations performed by local fund vaccinators.		Number of successful cases.	
	As in the President's report.	As in the Vaccination report.	As in the President's report.	As in the Vaccination report.
Coimbatore	..	..	54,252	54,258
Vizagapatam	72,039	72,044	65,235	65,240

The vaccination staff employed by the District Boards consisted of 49 Deputy Inspectors and 696 vaccinators and probationers, against 49 and 668, respectively, in the previous year. The total number of operations performed by this agency rose from 992,859 to 1,009,989, but owing probably to more careful supervision the percentage of success reported fell from 94 to 91. The average number of operations performed by each vaccinator was 1,528 against 1,495 in 1893–94, but it was still below the mark. It was very good in Trichinopoly (2,660 cases), Tinnevelly (2,233), and Vizagapatam (2,183). In the other districts it was above 1,000, except in Ganjám where it was only 771. There was considerable improvement in Coimbatore, Kistna and Nilgiris, but in nine districts there was a decrease from the figures of last year, which was evidently due to insufficient supervision.

The average cost of each successful operation was As. 3–5, or two pies more than in 1893–94. It was very high in Ganjám (As. 6–5), Bellary (As. 5–11), Kurnool (As. 5–10), Nilgiris (As. 5–10), Nellore (As. 5–8), and Anantapur (As. 5–5), and moderate in the other districts except Chingleput, Madura, Salem, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam, where it was less than As. 3. Compared with the previous year, there was an increase in twelve districts, the excess being large South Canara (As. 2), and a decrease in eight others, the reduction being very considerable in Nilgiris (As. 3–2).

If the work done by the medical subordinates attached to local fund hospitals and dispensaries is also taken into account, the total number of successful vaccinations performed in local fund areas was 937,910, or 29·1 per mille of the population, against 954,750, or 29·6 per mille in 1893–94. The results were best in Nilgiris (52·5 per mille) and Tinnevelly (43·8 per mille), and fair in South Arcot, Bellary, Chingleput, Cuddapah, Kistna, Salem, Trichinopoly and Vizagapatam, where the proportion ranged between 40 and 30 per mille. In the remaining districts they were poor, being very bad in Ganjám (12·3 per mille) and Nellore (19·9 per mille). The decline in the two districts last named is attributed chiefly to the inadequacy of the lymph supply, but steps have since been taken to remedy this defect and to secure better results. The total number of successful operations on children under one year of age rose from 217,993, or 6·8 per mille of the population, to 236,995, or 7·4 per mille. As in the previous years, Chingleput and Bellary headed the list with ratios of 17·2 and 14·4, respectively, per mille, and Coimbatore followed next with a ratio of 13·9, but the results were unsatisfactory in Malabar (0·5), South Canara (0·9) and Ganjám (1·3). The Government trusts that the matter will receive special attention in the current year.

Vaccination with animal lymph was conducted in all districts and the total number of operations performed by this method was 1,010,456, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 932,066, 879,044, and 94 per cent. Human lymph was partly used in Anantapur, South Arcot, Gódávari, Kurnool and Nellore. These District Boards should in future dispense with it and use animal lymph exclusively.

38. *Sanitation.*—Excluding the sum of Rs. 36,090 spent on sanitary public works and debited to Grant I, the outlay under this head amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as detailed below:—

	1893–94.	1894–95.
	RS.	RS.
Improvement of water-supply	89,052	90,631
,, of village sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangements at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total ..	4,62,908	4,75,148

No sanitary works of any importance were undertaken in the rural tracts, but many petty works such as the improvement of village sites and the construction and repair of tanks, wells, latrines, dust-bins, &c., were, as usual, executed by the local boards and union panchayats. One hundred and ninety-eight new wells were sunk and 1,114 existing sources of water-supply repaired or otherwise improved, against 182 and 1,112, respectively, in 1893–94, and the number of village sites improved rose from 337 to 444. Out of 44,622 minor towns and villages in the Presidency, 350 unions and 558 other villages were provided with conservancy establishments against 338 and 542, respectively, in the previous year. The Government trusts that these establishments in non-union villages are being properly supervised. Unless this is done, their employment is a waste of money which could be better spent in improvements of a permanent nature to local sources of water-supply, especially in the construction and repair of wells.

The percentage of expenditure to the sanctioned allotment under this head was again 89. The proportion was fair in all districts, except Bellary and Gódávari, where it was less than 80 per cent. In Bellary the short outlay has not been explained, but in Gódávari it is reported that there was no need for further expenditure under water-supply and that there was great difficulty in securing contractors.

39. *Choultries.*—The total number of choultries under the control of the local boards rose from 512 to 522, but the expenditure on them was only Rs. 2,05,073, against Rs. 2,15,362 in the previous year, the decrease, which occurred chiefly in Tanjore, being due to the purchase of paddy at lower rates. Of these, 236 had endowments attached to them and in fifty of them 1,274,285 travellers were fed at a cost of Rs. 82,734, the corresponding figures for 1893–94 being 1,174,579 and Rs. 94,148. Pensions were, as usual, granted to infirm and poor persons in three others, and the remaining choultries were mere rest-houses.

40. *Contributions.*—The amount contributed to Provincial and Municipal funds and to private individuals for medical, sanitary and other purposes was Rs. 1,40,261 against Rs. 1,25,089 in 1893–94, the increase occurring chiefly under contributions to Provincial Funds.

41. *Miscellaneous.*—An expenditure of Rs. 63,697, against Rs. 56,156 in the previous year, was incurred on lighting in all districts except Kurnool, Malabar and Nilgiris. This was generally confined to union villages, but in Chingleput, Coimbatore, Gódávari, Salem, Tinnevelly and Trichinopoly, some main lines of communication, bridges, &c., were also provided with lights. Altogether, 8,738 lights were maintained in 254 localities, the corresponding figures for the previous year being 7,509 and 226. It is to be regretted that, notwithstanding the remarks of Government in paragraph 41 of the last General Review, there was a rise instead of a fall in the expenditure under this head, the increase appearing in all but four districts. It is hoped that no further extension of operations in this direction will be allowed until the roads and sanitation have been placed on a satisfactory footing.

Grant IV.—Miscellaneous.

42. *Supervision and Office Management.*—The expenditure under this head rose from Rs. 3,97,706 to Rs. 4,03,729, and was 5·2 per cent. of the receipts and 5·3 per cent. of the charges against 5·3 in each case in 1893–94. The increase was due chiefly to the establishments entertained in unions newly constituted during the year.

43. *Repayment of Loans, &c.*—The District Boards of Chingleput and Malabar paid Rs. 15,627 as instalments of principal, and Rs. 3,250 as interest, on account of loans previously obtained from Imperial funds for the construction of the Korttalaiyár bridge, and the completion of the Tamracheri and Periya ghât roads. The amounts still due by these boards are Rs. 48,894 and Rs. 12,313, respectively, which

are expected to be repaid by the year 1898. In Tinnevelly, Rs. 5,000, the eighth instalment of the loan of Rs. 45,000 received by the District Board from the Taluk endowment fund, and Rs. 3,500, the sixth instalment of the loan of Rs. 35,000 taken from the Zamindar of Ettiyapuram, both for the construction of the Srívaikuntam bridge, were repaid together with interest amounting to Rs. 1,330. In Ganjám, a sum of Rs. 20,000, temporarily advanced from Provincial funds to cover deficits in previous years, was repaid to Government during the year under review, and the Coimbatore District Board paid Rs. 480 as interest on the debenture loan of Rs. 16,000 taken on account of the Polláchi market. The amount to the credit of the Railway Guarantee fund in the Tanjore district at the beginning of the year was Rs. 5,42,000 in Government securities and Rs. 73,537 in cash. Out of the former sum Rs. 1,21,000 were withdrawn and Rs. 3,19,964 were paid to Government, being one-half of the expenditure incurred by the Public Works Department on the Máyavaram-Muttupet Railway in 1893–94. This railway was opened for traffic on the 2nd April 1894, and the District Board derived a net profit of Rs. 31,471 from its working during the nine months ending with December 1894, which represents a little more than $3\frac{1}{2}$ per cent. on the capital outlay. The balance in favour of this fund at the close of the year was Rs. 4,21,000 in Government securities and Rs. 55,003 in cash.

IV.—ENDOWMENTS.

44. Appendix XXVIII shows the number of endowed institutions, such as schools, hospitals and dispensaries, choultries, markets, &c., under the control of the local boards and union panchayats, and Appendices XXIX and XXX their financial transactions. Excluding Rs. 1,09,692 contributed or lent from general funds to meet the deficits with which some of these institutions would otherwise have closed the year, and Rs. 42,484 allotted from chattram funds in Tanjore for other purposes, but including Rs. 5,500 paid by the Tinnevelly District Board to the Taluk endowment fund on account of the loan referred to in the preceding paragraph, the receipts amounted to Rs. 5,06,429 and the charges to Rs. 4,70,605, the corresponding figures for the previous year being Rs. 4,44,650 and Rs. 4,66,279. As the amount to credit at the beginning of the year was Rs. 4,22,451, the balance in their favour at its close was Rs. 4,58,275. The balance in Tanjore, Gódávari and Madura was large. In Tanjore it was the result of enhanced receipts and short outlay, but a considerable portion of it will be required in the current year for expenditure on the survey of the villages forming the endowments of the choultries. In Gódávari a large portion of the balance will be utilized in the current year upon the improvement of markets, and in Madura the major portion of the balance has been allotted for expenditure in the current year.

V.—GENERAL REMARKS.

45. *Local Fund Accounts.*—There was no change in the arrangements for the audit and inspection of these accounts. The accounts of 1893–94 in all districts, except South Canara and Ganjám, were examined during the year, and those of 1894–95 were also partly examined in nineteen districts. From the reports which have been received, it appears that the state of the accounts has been generally good in all districts, except Nellore, where it is hoped there will be an improvement in the current year, as the services of the Engineer, who was mainly responsible for various irregularities in the accounts which occurred there, have since been dispensed with.

46. *General Administration.*—Detailed remarks on the work performed in each district have already been passed by Government in reviewing individual reports. Speaking generally, the administration of local affairs during the year under review continued to be, on the whole, fairly efficient. Taking the districts individually, Chingleput, Cuddapah, Malabar, Nilgiris and Tanjore were conspicuous for good administration. In the other districts the administration was fairly satisfactory, except

in South Canara and Nellore, where it continued to be far from efficient. Much, however, still remains to be done, especially for the improvement of communications and the extension of vaccination, and His Excellency the Governor in Council trusts that these branches of the administration will receive adequate attention.

in South Canara and Nellore, where it continued to be far from efficient. Much, however, still remains to be done, especially for the improvement of communications and the extension of vaccination, and His Excellency the Governor in Council trusts that these branches of the administration will receive adequate attention.

(True Extract.)

J. F. PRICE,
Chief Secretary.

To all Presidents of District Boards.

Kudavayur, Chávakkát, Arcot, Kuppamu and Coondapoor were unsatisfactory. All the upper secondary schools, except one in Tanjore, were maintained on the salary system and the average net cost of educating each pupil in them again fell from Rs. 17–1–7 to Rs. 11–7–6. The local boards of South Canara and Coimbatore continued to work their schools at a net profit of Rs. 607 and Rs. 977, respectively; on the other hand, the net cost of each pupil was excessive in Salem and Vizagapatam, where it was Rs. 34–11–6 and Rs. 33–13–4, respectively. Steps have been taken in Salem to reduce this in the current year, and the attention of the local boards in Vizagapatam has been drawn to the matter in the individual review. The net cost of each pupil in the lower secondary schools and departments on the salary system fell from Rs. 7–1–2 to Rs. 5–8–11. It was low in Coimbatore (Rs. 3–3–8) and Tinnevelly (Rs. 3–8–10), and high in Ganjám (Rs. 19–7–9), while the schools in North Arcot, South Canara, Cuddapah, Malabar and Tanjore were worked at a profit of Rs. 899, Rs. 805, Rs. 118, Rs. 567 and Rs. 1,156, respectively. On the other hand, the net cost of educating each pupil in the lower secondary schools and departments on the salary-result system rose from Rs. 12–4–1 to Rs. 13–6–9. It was low in Coimbatore (Rs. 2–12–3), but very high in Salem (Rs. 25–7–5), Kurnool (Rs. 21–14–3), Vizagapatam (Rs. 17–7–9), and Ganjám (Rs. 15–0–3). The local boards in the districts last named should take steps to reduce this excess.

30. *Primary Schools.*—The number of primary schools maintained by the local boards advanced from 2,937, with 119,232 pupils, to 3,095, with 124,494 pupils. The increase appears in all districts except Ganjám, Kurnool and Vizagapatam, but was again large in Gódávari (66). Taking the upper and lower primary departments of these institutions separately, the net cost of each pupil in the former was either nothing or very small in South Arcot, Chingleput, Coimbatore, Kurnool, Malabar, Nilgiris, Salem and Trichinopoly, while in Nellore, Ganjám, Anantapur and Tanjore it was excessive, being more than Rs. 10 per pupil. Immediate steps should be taken towards reducing the high cost in these cases. The net cost of the lower primary schools and departments was not high in any district. The working of these institutions was, on the whole, satisfactory. The number of pupils who appeared for the standard examinations from them and from the primary departments of secondary schools was 82,341, and of these 59,597, or 72 per cent., passed, the corresponding figures of the previous year being 78,106, 58,718, and 75 per cent. The local boards in all districts, except Anantapur and Cuddapah, in regard to which no information has been furnished, maintained schools for the exclusive benefit of panchamas and other backward classes. The number of these schools was large in Gódávari (81), Salem (36), Madura (31), and Kurnool (24), and small in Nellore (1), Trichinopoly (3), Tanjore (7), and Ganjam (8). More attention should be paid to this subject in the districts last named and a fair portion of the educational allotments should be spent for the benefit of these classes.

31. *Aided Schools.*—The local boards aided 8,259 schools, attended by 212,639 pupils at the close of the year, against 8,431 schools, with 217,888 pupils, in the previous year. The decrease, which occurred chiefly in North Arcot, Tinnevelly and Ganjám, was due, in the first two cases to the enforcement of the conditions of the revised Grant-in-aid Code, and in the third to the fact that want of funds prevented the Berhampur and Parlákimedi taluk boards from aiding schools recommended by the Educational officers. The outlay under this head was only 86·6 per cent. of the sanctioned allotments against 100·2 per cent. in the previous year. In Anantapur, Bellary, Cuddapah and Vizagapatam, the allotments were exceeded in consequence of the payment of arrears or of the larger grants that had been earned. On the other hand, the lapses were considerable in Gódávari (43·9 per cent.), South Canara (29·3), Malabar (26·6), South Arcot (24·1) and North Arcot (21·3). The short outlay in Gódávari is attributed to the poor results produced by some of the schools and to the certifying memoranda relating to a large number of schools having been issued too late in the year to admit of their being cashed before its close, in South Canara partly to the closure of some schools and partly to the late receipt of the certifying memoranda, and in Malabar to the late date on which some of the schools were examined. The lapses in the remaining two districts are ascribed chiefly to the enforcement of the conditions of the new Grant-in-aid Code.

* On loan to municipality.

low again in Nellore (44), South Canara (62), Gódávari (69), Madura (73), Tinnevelly (73) and Salem (79). The explanations furnished for the short outlay are, as usual, summarised in the last column of Appendix XVII, but in many cases these have not been accepted as adequate. Once more the Government must impress upon local boards the necessity of preparing in advance programmes of works to be done and entering in their budgets only works for which estimates have been sanctioned and land has been acquired, so that they may be commenced without delay. The practice of providing lump sums in the budgets shows want of foresight and should be put a stop to in future.

21. *Roads.*—Appendix XVIII shows the statistics of roads in the several districts, excluding certain main lines of communication in Malabar and Nilgiris, which continued to be maintained by the Public Works Department.

There was an increase of 141 in the total mileage of roads actually maintained by the local boards and union panchayats, which was the net result of increases chiefly in Kurnool (121), Bellary (64), Salem (57) and Cuddapah (56), and of decreases in Nellore (196) and Kistna (73). Adequate explanation has not been offered for the latter.

The expenditure on new roads, including those in progress but not yet completed, was again large in Kistna, being 37 per cent. of the total outlay in all districts. Elsewhere it was less than Rs. 10,000, except in Ganjám and Gódávari, where it amounted to Rs. 22,682 and Rs. 18,098, respectively. The average cost of maintaining each mile of road rose from Rs. 101 to Rs. 104. It was high in Kistna, Chingleput and Ganjám, being Rs. 230, Rs. 177 and Rs. 146, respectively, and low in Anantapur (Rs. 48), South Canara (Rs. 57), Kurnool (Rs. 64) and Salem (Rs. 68). The average was higher than that of the previous year in thirteen districts and lower in six others, while in the remaining two—Malabar and Vizagapatam—it was stationary.

The condition of the roads in Coimbatore and Cuddapah is reported to have been, on the whole, good, and in Anantapur, Chingleput, Kurnool, Malabar, Nilgiris, Tanjore and Vizagapatam, fair. In Ganjám the roads in the southern part continued to be fair, while those in the northern were bad, though there was in a few instances some improvement; in Bellary, Kistna and Trichinopoly they improved, but owing to the bad work done by the contractors who spread the metal this was not the case in North Arcot and Salem; in Madura they deteriorated, and in Tinnevelly, Nellore, Gódávari and South Arcot they were still far from satisfactory. No information has been furnished on this subject as regards South Canara. The decline in the general condition of the roads in the Presidency apparently still continued, but the Government trusts that the orders lately issued* to the effect that at least half the income from land-cess *plus* the net receipts from tolls should be allotted for, and spent on, the construction and maintenance of communications, will tend, in the course of a few years, to put the roads in a satisfactory condition. The additional funds which will be required to attain this end can, in most cases, be obtained by a reduction of the expenditure under Grants II and III, in which the percentage of outlay to the receipts is now very high. The new system of contracts for the maintenance of roads continued to be adopted with good results in Malabar and was extended to some additional roads in South Arcot. It, however, proved a failure in Gódávari and was abandoned. In Salem, the system of spreading metal by contract, which was in force for some years, was discontinued during the year under review as it did not work well.

*G.O., No. 1686 L., dated 14th September 1895.

22. *Establishments, &c.*—As in previous years, each district board maintained an engineering establishment of its own for the execution of public works, the cost of which was generally met from the district and taluk funds in proportion to the outlay from each. Special works, such as the erection of important bridges and the construction and maintenance of roads on tank, canal, and channel banks, were, however, entrusted to the Public Works Department for execution. The local fund engineering establishments worked, as usual, directly under the district boards and their total cost was Rs. 5,64,046, or 18 per cent. of the outlay on works executed by

III.—EXPENDITURE.

19. Excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), the total expenditure amounted to Rs. 76,38,739 against Rs. 74,45,821 in 1893–94. The increase, which occurred under all the grants, was partly set off by a decrease under investments in Government securities. Appendices V and XVI show the charges under the several heads as compared with those of the previous year, while the expenditure under each grant and the proportion of it to the total outlay were as follows:—

Grants.	1893–94.	1894–95.	Percentage. 1893–94.	Percentage. 1894–95.
	Rs.	Rs.		
Grant I	42,25,844	42,95,355	57	56
" II	11,15,794	11,43,293	15	15
" III	16,29,000	17,33,957	22	23
" IV	4,50,828	4,65,484	6	6
Investments in Government Securities	24,355	650	..	..
Total Expenditure ..	74,45,821	76,38,739	100	100

GRANT I.—PUBLIC WORKS.

20. Details of the expenditure on public works and the cost of the engineering establishments, including contingencies and tools and plant, are given in Appendix XVII. The total outlay on public works rose from Rs. 30,91,309 to Rs. 32,98,829, the increase appearing in all the districts except North Arcot, South Canara, Gódávari, Malabar, Nellore and Tanjore. This amount was 42 per cent. of the receipts and 43 per cent. of the total charges and it was spent by the several agencies as shown below:—

	1893–94.	1894–95.
	Rs.	Rs.
By the Engineering establishments employed by the local boards	29,41,739	31,65,714
By the Revenue Department	1,14,139	1,02,871
By the Public Works Department	35,431	30,244
Total ..	30,91,309	32,98,829

An expenditure of Rs. 28,31,026, or 89 per cent. of the allotment, was incurred on communications against Rs. 26,64,461, or 88 per cent., in the previous year. Of this, Rs. 28,04,504 were spent by the local fund engineering establishments and the Revenue Department and the remainder (Rs. 26,522) by the Public Works Department. The construction of a culvert at Jaggavaram in Kistna and the maintenance of roads on tank, canal, and channel banks in the districts of North Arcot, South Arcot, Ganjám, Gódávari, Kistna, Nellore, Tanjore, Tinnevelly and Trichinopoly were the only works undertaken by the Public Works Department. On the construction and repair of buildings, such as school-houses, hospitals, dispensaries, bungalows, choultries, &c., Rs. 1,99,776 were spent against Rs. 1,96,781 in 1893–94, and of this Rs. 1,413 were disbursed by the Public Works Department in connexion with the Jubilee Museum building at Bezwada (Kistna). The outlay on Miscellaneous Public Improvements, such as avenues, markets, tanks and wells, rose from Rs. 2,30,067 to Rs. 2,68,027. Of this sum, the Public Works Department spent Rs. 2,231 on raising and diverting certain river embankments in Gódávari and Rs. 78 on the improvement of the fresh-water channel at Nizampatam (Kistna).

The proportion which the expenditure on works executed by the local fund engineering staff bore to the sanctioned allotment was again 84 per cent. Taking the districts individually, however, the percentage was high in Ganjám (107), Nilgiris (99), Chingleput (98), Trichinopoly (98), Vizagapatam (98) and Kistna (96), and

Government or by the Taluk Boards on the ground of poverty. In the others the Presidents of the Taluk Boards concerned should satisfy themselves, after careful enquiry, that no house which is liable to taxation escapes assessment. The average assessment per house taxed rose from As. 8–9 to As. 9–3, ranging from Rs. 3–0–7 in Kodaikánal (Madura) to As. 2 in Pamarru (Kistna). There was a slight increase in the number of cases in which coercive measures were adopted for the recovery of this tax, but the rate-payers generally paid their taxes without opposition and seemed to realize that the taxes collected were being spent for their own benefit. In the districts of North Arcot, South Arcot, Coimbatore, Cuddapah, Gódávari, Kistna, Kurnool, Nellore, Tanjore, Trichinopoly and Vizagapatam, the Taluk Boards made large contributions to the union panchayats over and above the lighting charges. As it is not desirable that the funds raised throughout the district should be expended for the benefit of the small population living within unions, the Taluk Boards in the districts of South Arcot, Coimbatore, Cuddapah, Kistna, Kurnool, Nellore and Trichinopoly should consider the advisability of raising the rate of the house-tax to the maximum prescribed by the Act in all the unions under their control so as to make them self-supporting. In the case of the remaining districts in which the maximum rates are already in force, the classification of houses for the purpose of taxation should be carefully scrutinized and revised wherever necessary.

12. *Educational.*—The receipts under this head rose from Rs. 2,15,537 to Rupees 2,30,265, the increase appearing chiefly under school-fees in consequence of an increase in the number of boards' schools and in the attendance at them.

13. *Medical.*—The income under this head declined from Rs. 26,072 to Rupees 20,146. The decrease occurred chiefly in Tinnevelly and was due to the credit in 1893–94 of the sale-proceeds of Government securities in favour of the Srívaikuntam and Sáttúr hospitals.

14. *Interest.*—The investments made by the local boards in favour of the endowed institutions in their charge, including the Railway Guarantee fund in Tanjore, amounted to Rs. 12,36,342 against Rs. 12,41,949 in 1893–94, and the interest derived therefrom was Rs. 54,098 against Rs. 56,503, as shown in Appendix XIV.

15. *Miscellaneous.*—The income from choultries, markets, bungalows, &c., rose from Rs. 8,77,067 to Rs. 9,27,013, as shown in Appendix IX, the principal variations under the several items being as follows :—

(*a*) *Choultry rents.*—The receipts appertaining to choultries rose from Rupees 2,10,890 to Rs. 2,67,033, the increase, which occurred chiefly in Tanjore, being due to the collection of the arrears of previous years.

(*b*) *Market rents.*—The total number of markets under the control of the local boards rose from 526 to 534, and fees were levied in 479 of them against 454 in the previous year. The receipts from these institutions amounted to Rs. 1,40,952 against Rs. 1,37,129, and the expenditure on public works, &c., connected with them was Rs. 1,53,108 against Rs. 1,27,064. The markets are reported to have been on the whole in good condition and freely resorted to by the public, but there was again a large balance of Rs. 1,99,665 in their favour at the end of the year and the local boards have been directed in the individual reviews to take early steps for utilizing it on market improvements and the construction and repair of roads leading to markets. The Government trusts that there will be no need to again call the attention of boards to this matter.

(*c*) *Bungalow fees.*—There were 399 bungalows under the control of the local boards against 388 in 1893–94, and their condition appears to have been, on the whole, good.

(*d*) *Ferry rents.*—The receipts from this source fell from Rs. 1,92,651 to Rupees 1,78,801, the decrease occurring chiefly in Malabar owing to the abolition of certain ferries consequent on the reconstruction of bridges referred to in paragraph 10 *supra*.

(*e*) *Fishery rents.*—The income under this head rose from Rs. 1,10,446 to Rs. 1,15,840, the increase appearing chiefly in North Arcot and Ganjám. Of this sum, Rs. 1,05,859 were collected by the Revenue Department, and Rs. 9,981 by the Public Works Department.

(*f*) *Avenues.*—The statistics of avenues in the several districts are given in Appendix XV. Out of 26,385 miles of road in charge of the local boards, 16,737 were provided with avenues against 26,209 and 16,389, respectively, in the previous year. This increase is satisfactory, but as the average number of trees at the end of the year for each mile of road planted was only 169 against 168 in 1893–94, there is evidently much scope for extension. As observed in the general review for 1893–94, the local boards will do well to concentrate their planting operations along particular roads, as by this means the cost of upkeep can be minimised and they can be properly supervised. The number of trees which perished during the year in South Canara, Nellore and Salem exceeded the number planted, and this would not have occurred under the system of concentration above alluded to. It is to be regretted that the receipts from this source fell from Rs. 1,27,662 to Rs. 1,16,861, but it exceeded the expenditure incurred on the plantation and maintenance of avenues by Rs. 29,986. The decrease in the receipts occurred chiefly in Gódávari and Salem. In Gódávari it was due to the credit, during the year, of the receipts from avenues in puntas and poramboke lands to Land Revenue, agreeably to the decision of Government in G.O., No. 865, Revenue, dated 4th October 1893, that the property in these lands does not vest in local boards, and in Salem to want of competition at the sale of the leases. The Government trusts that the local boards will take the necessary measures for developing this source of revenue as much as possible. The condition of the avenues is reported to have been on the whole satisfactory.

16. *Contributions from Provincial Funds.*—Grants amounting to Rs. 3,17,220 against Rs. 2,81,151 in 1893–94 were received for the following purposes :—

	1893–94.	1894–95.
	Rs.	Rs.
(1) Public Works	88,410	1,49,171
(2) Schools	1,21,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	32,106
(5) General purposes	12,490	18,000
(6) Refunds	108	..
(7) Famine relief works	20,000	16,000
Total ..	2,81,151	3,17,220

The increase under public works was due chiefly to the contribution of Rupees 32,000 paid to the Ganjám District Board for the construction of the Berhampur-Govindapur road and to the profit of Rs. 31,471 realized by the Tanjore District Board from the working of the Máyavaram-Muttupet Railway during the nine months ending with December 1894. The decrease under grants for schools occurred principally in North Arcot, Gódávari, Malabar and Nellore. In North Arcot it was due to the enforcement of the provisions of the new Grant-in-aid Code, and in Gódávari to delay in the issue of certifying memoranda by the educational officers. The decrease in Malabar and Nellore has not been satisfactorily explained. The variations under the remaining heads being small, call for no remarks.

17. *Contributions from Special Funds.*—The sum of Rs. 216 credited under this head represents chiefly the proportionate cost of the travelling allowance of the local audit clerks payable from special funds.

18. *Contributions from Municipalities.*—These amounted to Rs. 16,344 against Rs. 14,843 in 1893–94, as shown below :—

	1893–94.	1894–95.
	Rs.	Rs.
Education	1,800	1,786
Medical	3,915	4,577
Public Works	8,855	9,679
Miscellaneous	273	302
Total ..	14,843	16,344

There was no noteworthy variation under any of these heads.

III.—EXPENDITURE.

19. Excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), the total expenditure amounted to Rs. 76,38,739 against Rs. 74,45,821 in 1893–94. The increase, which occurred under all the grants, was partly set off by a decrease under investments in Government securities. Appendices V and XVI show the charges under the several heads as compared with those of the previous year, while the expenditure under each grant and the proportion of it to the total outlay were as follows:—

Grants.	1893–94.	1894–95.	Percentage.	
			1893–94.	1894–95.
	Rs.	Rs.		
Grant I	42,25,844	42,95,355	57	56
„ II	11,15,794	11,43,293	15	15
„ III	16,29,000	17,33,957	22	23
„ IV	4,50,828	4,65,484	6	6
Investments in Government Securities	24,355	650	..	..
Total Expenditure ..	74,45,821	76,38,739	100	100

GRANT I.—PUBLIC WORKS.

20. Details of the expenditure on public works and the cost of the engineering establishments, including contingencies and tools and plant, are given in Appendix XVII. The total outlay on public works rose from Rs. 30,91,309 to Rs. 32,98,829, the increase appearing in all the districts except North Arcot, South Canara, Gódávari, Malabar, Nellore and Tanjore. This amount was 42 per cent. of the receipts and 43 per cent. of the total charges and it was spent by the several agencies as shown below:—

	1893–94.	1894–95.
	Rs.	Rs.
By the Engineering establishments employed by the local boards	29,41,739	31,65,714
By the Revenue Department	1,14,139	1,02,871
By the Public Works Department	35,431	30,244
Total ..	30,91,309	32,98,829

An expenditure of Rs. 28,31,026, or 89 per cent. of the allotment, was incurred on communications against Rs. 26,64,461, or 88 per cent., in the previous year. Of this, Rs. 28,04,504 were spent by the local fund engineering establishments and the Revenue Department and the remainder (Rs. 26,522) by the Public Works Department. On the construction of roads on tank, canal, and channel banks in the districts of North Arcot, South Arcot, Ganjám, Gódávari, Kistna, Nellore, Tanjore, Tinnevelly and Trichinopoly were the only works undertaken by the Public Works Department. On the construction and repair of buildings, such as school-houses, hospitals, dispensaries, bungalows, choultries, &c., Rs. 1,99,776 were spent against Rs. 1,96,781 in 1893–94, and of this Rs. 1,413 were disbursed by the Public Works Department in connexion with the Jubilee Museum building at Bezwada (Kistna). The outlay on Miscellaneous Public Improvements, such as avenues, markets, tanks and wells, rose from Rs. 2,30,067 to Rs. 2,68,027. Of this sum, the Public Works Department spent Rs. 2,231 on raising and diverting certain river embankments in Gódávari and Rs. 78 on the improvement of the fresh-water channel at Nizampatam (Kistna).

The proportion which the expenditure on works executed by the local fund engineering staff bore to the sanctioned allotment was again 84 per cent. Taking the districts individually, however, the percentage was high in Ganjám (107), Nílgiris (99), Chingleput (98), Trichinopoly (98), Vizagapatam (98) and Kistna (96), and

Closing balance ..	8,01,776	9,63,544	1,00,218	18,65,538	9,95,608	9,34,418	1,39,838	20,69,864

The year opened with a balance of Rs. 18,65,538 against Rs. 13,62,059 in the previous year. Excluding debt heads (Rs. 4,00,306) and contributions from one District Board to another (Rs. 1,168), the actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in 1893–94, and the charges, excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), to Rs. 76,38,739 against Rs. 74,45,821. The year thus closed with a balance of Rs. 20,69,864, of which Rs. 4,58,275 appertained to endowed institutions in charge of the Local Boards and Rs. 55,003 to the railway guarantee fund in Tanjore, leaving Rs. 15,56,586, or 20 per cent. of the receipts, available for general purposes. The principles upon which the receipts and charges were distributed among the local boards and union panchayats remained unaltered.

Appendix VIII shows the incidence of local fund taxation per head of the population in each district according to the census of 1891. The average for the presidency continued to be As. 3 including tolls, and As. 2–7 excluding them. Including tolls the incidence was low in Anantapur (As. 2–1), Coimbatore (As. 2–2) and Malabar (As. 2–2) and was, as usual, heaviest in Nilgiris (As. 9–9), owing to the peculiar circumstances of the district. In the other districts excepting Gódávari (As. 4–9), Kistna (As. 4–8) and Tanjore (As. 4–2) it was below As. 4.

II.—RECEIPTS.

8. *Receipts.*—In Appendices IV and IX the total receipts of the local boards, including union panchayats, under the several heads are compared with those of 1893–94. The opening balance was Rs. 18,65,538 against Rs. 13,62,059, the increase being the net result of an increase of Rs. 6,22,686 in seventeen districts and a decrease of Rs. 1,19,207 in the remaining four. The actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in the previous year.

9. *Land-cess.*—The cess on land was again levied at two annas per rupee of the assessment in Malabar, at one anna and six pies in South Canara and at one anna in the remaining districts. A fourth of the income under this head in Tanjore was, as usual, set apart for railway operations. According to Appendix X, which shows the demand, collection and balance of this tax, the current demand exceeded that of the previous year by Rs. 2,71,411, the variations amounting to more than Rs. 10,000 in South Arcot, Chingleput, Ganjám, Gódávari, Madura, Tanjore and Tinnevelly. The increase was due chiefly to the favourable character of the season and to the adoption of the revised rates of assessment, based on the new settlement, in Tanjore. The collections amounted to Rs. 49,59,997, or 95 per cent. of the total demand—current and arrears—against Rs. 49,59,655, or 94 per cent., in 1893–94. They were excellent in

III.—EXPENDITURE.

19. Excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), the total expenditure amounted to Rs. 76,38,739 against Rs. 74,45,821 in 1893–94. The increase, which occurred under all the grants, was partly set off by a decrease under investments in Government securities. Appendices V and XVI show the charges under the several heads as compared with those of the previous year, while the expenditure under each grant and the proportion of it to the total outlay were as follows:—

Grants.	1893–94.	1894–95.	Percentage.	
			1893–94.	1894–95.
	Rs.	Rs.

Total Expenditure ..	74,45,821	76,38,739	100	100

GRANT I.—PUBLIC WORKS.

20. Details of the expenditure on public works and the cost of the engineering establishments, including contingencies and tools and plant, are given in Appendix XVII. The total outlay on public works rose from Rs. 30,91,309 to Rs. 32,98,829, the increase appearing in all the districts except North Arcot, South Canara, Gódávari, Malabar, Nellore and Tanjore. This amount was 42 per cent. of the receipts and 43 per cent. of the total charges and it was spent by the several agencies as shown below:—

	1893–94.	1894–95.
	Rs.	Rs.
By the Engineering establishments employed by the local boards	29,41,739	31,65,714
By the Revenue Department	1,14,139	1,02,871
By the Public Works Department	35,431	30,244
Total ..	30,91,309	32,98,829

An expenditure of Rs. 28,31,026, or 89 per cent. of the allotment, was incurred on communications against Rs. 26,64,461, or 88 per cent., in the previous year. Of this, Rs. 28,04,504 were spent by the local fund engineering establishments and the Revenue Department and the remainder (Rs. 26,522) by the Public Works Department. The construction of a culvert at Jaggavaram in Kistna and the maintenance of roads on tank, canal, and channel banks in the districts of North Arcot, South Arcot, Ganjám, Gódávari, Kistna, Nellore, Tanjore, Tinnevelly and Trichinopoly were the only works undertaken by the Public Works Department. On the construction and repair of buildings, such as school-houses, hospitals, dispensaries, bungalows, choultries, &c., Rs. 1,99,776 were spent against Rs. 1,96,781 in 1893–94, and of this Rs. 1,413 were disbursed by the Public Works Department in connexion with the Jubilee Museum building at Bezwada (Kistna). The outlay on Miscellaneous Public Improvements, such as avenues, markets, tanks and wells, rose from Rs. 2,30,067 to Rs. 2,68,027. Of this sum, the Public Works Department spent Rs. 2,231 on raising and diverting certain river embankments in Gódávari and Rs. 78 on the improvement of the fresh-water channel at Nizampatam (Kistna).

The proportion which the expenditure on works executed by the local fund engineering staff bore to the sanctioned allotment was again 84 per cent. Taking the districts individually, however, the percentage was high in Ganjám (107), Nílgiris (99), Chingleput (98), Trichinopoly (98), Vizagapatam (98) and Kistna (96), and

ORDER—No. 2323, L., dated 29th November 1895.

The administration reports of the several District Boards for 1894–95 having been separately reviewed in the Proceedings read above, the Government will now deal with them collectively.

2. These reports were received, on an average, eleven days after the prescribed date against fourteen in the previous year. Those from South Arcot, Bellary, South Canara, Coimbatore, Salem, Tinnevelly and Trichinopoly reached Government on the due date, while those from Ganjám and Vizagapatam were 43 and 49 days, respectively, behind time. The delay in the latter case, which has occurred for two years in succession, is a matter for regret. The Presidents of District Boards should spare no efforts to ensure greater punctuality in the submission of future reports. It is also to be regretted that, notwithstanding the remarks of Government in the reviews of previous years, sufficient care was not bestowed on the preparation of the reports and the accompanying statements, there being, on the whole, a retrogression instead of an improvement in this respect. This subject calls for greater attention on the part of the Presidents of District Boards. The reports from Nilgiris, Trichinopoly and

Madura contained the least number of errors, &c., while those from Cuddapah, Kistna, Kurnool and Salem were the most inaccurate; this defect has occurred in the first two for four years, and in the third for three years in succession.

I.—GENERAL.

3. *Administration.*—During the year 1894–95, the territorial jurisdiction of two out of the three Taluk Boards in Chingleput was altered in consequence of the redistribution of the revenue divisional charges in the district, and the Kachinad taluk of the Kálahasti zamindari was transferred from North Arcot to Chingleput. Thirteen new unions were formed in the districts of North Arcot (3), Bellary (1), Cuddapah (1), Gódávari (3), Kistna (3) and Salem (2), while the existing union of Srívilliputtúr in the Tinnevelly district was converted into a municipality from 1st October 1894. With these exceptions, the system of local fund administration continued the same as in previous years.

4. *District Boards.*—Appendix I shows the constitution of the 21 District Boards on the 31st March 1895 and the average attendance of members at the meetings held. There were 42 vacancies on that date against 39 in 1893–94 and, as a result of this, the number of official members on the North Arcot, Bellary, South Canara, Cuddapah, Kurnool, Malabar, Nellore, Salem and Tinnevelly boards exceeded the maximum limit of one-fourth prescribed by the Local Boards Act. These vacancies, however, occurred in most cases towards the close of the year and have since been filled up. The proportion of nominated officials, including *ex-officio* members, to the total strength was 25·2 per cent. against 24·4 in the previous year and that of the elected members 46 per cent. against 45·7. Under the election rules in force one-half of the sanctioned number of members for each District Board were elected by the Taluk Boards in all districts, except Nilgiris, in which there were no Taluk Boards. At the close of the year under review, however, the full proportion of elected members was attained only in the District Boards of Anantapur, South Arcot, Chingleput, Coimbatore, Gódávari, Salem, Tanjore, Trichinopoly and Vizagapatam. Excluding two meetings adjourned for want of a quorum against five in 1893–94, the District Boards met altogether 236 times against 255 in the previous year. There was a decrease in the number of meetings held by the Cuddapah, Nilgiri, Trichinopoly and Vizagapatam Boards, in Nilgiris for the third and in Trichinopoly for the second year in succession, and in these districts and in Ganjám the number was less than twelve. The average attendance at each meeting was again seventeen (five officials and twelve non-officials) out of an average strength of 31 for each board. In South Arcot, Bellary, South Canara, Malabar, Salem, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam there was an improvement. The attendance of both classes of members in South Arcot, Bellary, South Canara, Coimbatore, Malabar, Nilgiris, Salem, Tinnevelly, Trichinopoly and Vizagapatam, and of the non-officials in Anantapur, North Arcot, Cuddapah, Gódávari, Kistna, Kurnool, Madura, Nellore and Tanjore was fair, but that of the official members in Kistna was very poor, only 25 per cent. of their strength having attended. The Government trusts that there will be an improvement in the current year.

5. *Taluk Boards.*—There were again 85 Taluk Boards and their constitution and attendance are shown in Appendix II. At the end of the year there were 68 vacancies on these boards and, as a result of this, twenty of them had less than the minimum number of twelve members prescribed by the Act. The Taluk Boards held in all 1,139 meetings against 1,131 in the previous year, and 21 others, against 37 in that year, were adjourned for want of a quorum. The Taluk Board of Berhampur was the only one which failed to meet once a month, as required by section 28 of the Act, one of its meetings having had to be adjourned for want of a quorum. Taking the Taluk Boards of each district collectively, Anantapur, Chingleput and Madura headed the list with an average of fifteen meetings, and in no district was the average less than twelve. There was an improvement in ten districts and a retrogression in eight others. The average attendance of the members, however, showed a slight advance being 56·2 per cent. of their strength against 55·4

in 1893–94. The attendance of the official members in South Canara, Coimbatore, Ganjám, Madura, Malabar and Nellore, and of the non-officials in North Arcot, South Arcot, Bellary, South Canara, Chingleput, Coimbatore, Cuddapah, Kistna, Nellore and Salem was good, being about two-thirds of their strength, while the officials in Kurnool and the non-officials in Madura did not attend a sufficient number of meetings. The worst cases have already been noticed in the individual reviews. The working of the Taluk Boards was, on the whole, satisfactory. The members of the Taluk Boards in Anantapur and of the Taluk Board of Chittoor (North Arcot) are reported to have rendered material help in check-measuring works executed in unions and in reporting on house-tax appeals and encroachments on local fund roads and streets. The Government hopes that this laudable example will be followed elsewhere.

6. *Union Panchayats.*—Appendix III shows the constitution and attendance of the union panchayats, of which there were 352 against 340 in the previous year. Owing to the occurrence of vacancies towards the close of the year, the number of members on the panchayats of Yemmiganúru, Alúr, Kautalam, Kosgi, Helalagundi and Kámalápuram in the Bellary district, and of Purushottapur in Ganjám was less than the minimum number of five fixed by the Act, and the number of officials exceeded that of the non-officials in the ten panchayats named in the margin. The necessary steps for remedying this defect have since been taken or been ordered to be taken. The panchayats met in all 4,798 times against 4,651 in the previous year, the average being fourteen in both years; but fifty of them, excluding those newly constituted during the year, failed to meet once a month, as required by section 129 of the Act. The attention of the Presidents of the Taluk Boards concerned has been drawn to this irregularity in reviewing the individual reports, and the Government trusts that the necessary steps will be taken in the current year to comply with the provisions of the Act in this respect.

Kosgi.	Kulasékarapatnam.

No information has been furnished regarding the working of the panchayats in Kistna and Vizagapatam, nor of those under the Madanapalle (Cuddapah) and Cuddapah Taluk Boards. In Nellore it was again unsatisfactory, except in the case of the unions under the Ongole Taluk Board; elsewhere it was on the whole good, Gúdúr union continued to be managed in an unsatisfactory manner owing to the apathy of the panchayatdars. It is hoped that the endeavours of the President of the Taluk Board to effect an improvement in this union will meet with success during the current year. Speaking generally, the Chairmen and members of the union panchayats displayed a fair amount of interest in the discharge of the duties entrusted to them, and the appreciation of the usefulness of these institutions appears to be increasing. The ward system of supervision was in force in all the districts, although not in some of the unions, and it is reported to have worked fairly well except in a few instances. The Government trusts that the necessary steps will be taken to make it a success in all the cases to which this remark applies and to introduce it in the unions in which it has not as yet been adopted. The private scavenging system continued to be in force in the unions of Tadpatri (Anantapur), Hindúpur (Anantapur), Nandyal (Kurnool), Satyamangalam (Coimbatore), Russellkonda (Ganjám), Hosúr (Salem), Rásipuram (Salem) and Musiri (Trichinopoly), and it was introduced during the year under review into the Chingleput, Dhárápuram (Coimbatore), Méttupálaiyam (Coimbatore), Sivaganga (Madura), Uttamapálaiyam (Madura), Melaviraraghavapuram (Tinnevelly), Kilaviraraghavapuram (Tinnevelly), Kulittalai (Trichinopoly) and Turaiyúr (Trichinopoly) unions. It appears to have worked with fair success. It is a matter for regret that the attempt to introduce it in the Saidapet (Chingleput) union again proved a failure.

7. *District, Taluk and Union Funds.*—Appendices IV, V and VI, furnished by the Accountant-General, exhibit in detail the receipts and charges of the several local boards and union panchayats, and Appendix VII shows their financial position. The total results of the year are compared below with those of 1893–94:—

—	1893–94.				1894–95.

Closing balance ..	8,01,776	9,63,544	1,00,218	18,65,538	9,95,608	9,34,418	1,39,838	20,69,864

The year opened with a balance of Rs. 18,65,538 against Rs. 13,62,059 in the previous year. Excluding debt heads (Rs. 4,00,306) and contributions from one District Board to another (Rs. 1,168), the actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in 1893–94, and the charges, excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), to Rs. 76,38,739 against Rs. 74,45,821. The year thus closed with a balance of Rs. 20,69,864, of which Rs. 4,58,275 appertained to endowed institutions in charge of the Local Boards and Rs. 55,003 to the railway guarantee fund in Tanjore, leaving Rs. 15,56,586, or 20 per cent. of the receipts, available for general purposes. The principles upon which the receipts and charges were distributed among the local boards and union panchayats remained unaltered.

Appendix VIII shows the incidence of local fund taxation per head of the population in each district according to the census of 1891. The average for the presidency continued to be As. 3 including tolls, and As. 2–7 excluding them. Including tolls the incidence was low in Anantapur (As. 2–1), Coimbatore (As. 2–2) and Malabar (As. 2–2) and was, as usual, heaviest in Nilgiris (As. 9–9), owing to the peculiar circumstances of the district. In the other districts excepting Gódávari (As. 4–9), Kistna (As. 4–8) and Tanjore (As. 4–2) it was below As. 4.

II.—RECEIPTS.

8. *Receipts.*—In Appendices IV and IX the total receipts of the local boards, including union panchayats, under the several heads are compared with those of 1893–94. The opening balance was Rs. 18,65,538 against Rs. 13,62,059, the increase being the net result of an increase of Rs. 6,22,686 in seventeen districts and a decrease of Rs. 1,19,207 in the remaining four. The actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in the previous year.

9. *Land-cess.*—The cess on land was again levied at two annas per rupee of the assessment in Malabar, at one anna and six pies in South Canara and at one anna in the remaining districts. A fourth of the income under this head in Tanjore was, as usual, set apart for railway operations. According to Appendix X, which shows the demand, collection and balance of this tax, the current demand exceeded that of the previous year by Rs. 2,71,411, the variations amounting to more than Rs. 10,000 in South Arcot, Chingleput, Ganjám, Gódávari, Madura, Tanjore and Tinnevelly. The increase was due chiefly to the favourable character of the season and to the adoption of the revised rates of assessment, based on the new settlement, in Tanjore. The collections amounted to Rs. 49,59,997, or 95 per cent. of the total demand—current and arrears—against Rs. 49,59,655, or 94 per cent., in 1893–94. They were excellent in

ORDER—No. 2313, L., dated 29th November 1895.

The administration reports of the several district boards for 1894-95 having been separately reviewed in the Proceedings read above, the Government now proceeds to deal with them collectively.

2. These reports were received, on an average, eleven days after the prescribed date against fourteen in the previous year. Those from South Arcot, Bellary, South Canara, Coimbatore, Salem, Tinnevelly and Trichinopoly reached Government on the due date, while those from Ganjám and Vizagapatam were 43 and 49 days respectively, behind time. The delay in the latter case, which has occurred for two years in succession, is a matter for regret. The Presidents of District Boards should spare no efforts to ensure greater punctuality in the submission of future reports. It is also to be regretted that, notwithstanding the remarks of Government in the reviews of previous years, sufficient care was not bestowed on the preparation of the reports and the accompanying statements, there being, on the whole, a retrogression instead of an improvement in this respect. This subject calls for greater attention on the part of the Presidents of District Boards. The reports from Nilgiris, Trichinopoly and Madura contained the least number of errors, &c., while those from Cuddapah, Kistna, Kurnool and Salem were the most inaccurate, the first two for four years, and the third for three years in succession.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary who was trained by the Countess of Dufferin Fund Committee on account of the district board worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary who was trained for the district board by the Countess of Dufferin Fund Committee was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was in addition paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

* Excludes the cost of (1) medical practitioners employed on sanitary inspection, distribution of medicine, &c., (2) medical schools, (3) the District Medical and Sanitary Officers' establishments, (4) medical pupils and (5) midwives and midwifery pupils; but includes the pay of the medical subordinates in charge.
† Includes eleven nurses who attended 604 labour cases.
‡ Includes boy labour cases attended by the nurses.

111

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894-95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary who was trained by the Countess of Dufferin Fund Committee on account of the district board worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary who was trained for the district board by the Countess of Dufferin Fund Committee, hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was in addition paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

* For the purposes of this statement, each department of a school is taken separately, *e.g.*, if a high school has upper secondary, lower secondary, upper primary and lower primary classes, it will appear under each of these departments so far as regards the classes concerned.

This appendix has been compiled from statement IX submitted with the District Boards' reports. The financial transactions shown do not in some cases agree with the Accountant-General's figures in appendices IV and V.

† The figures relating to 1893-94 have been adopted as those for 1894-95 have not been furnished.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary grade at the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary who was trained by the Countess of Dufferin Fund Committee on account of the district board worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary who was trained for the district board by the Countess of Dufferin Fund Committee was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was in addition paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

* For the purposes of this statement, each department of a school is taken separately, *e.g.*, if a high school has upper secondary, lower secondary, upper primary and lower primary classes, it will appear under each of these departments so far as regards the classes concerned.

This appendix has been compiled from statement IX submitted with the District Boards' reports. The financial transactions shown do not in some cases agree with the Accountant-General's figures in appendices IV and V.

† The figures relating to 1893–94 have been adopted as those for 1894–95 have not been furnished.

APPENDIX XX*.

Statement showing the Statistics of Board Schools for 1894–95.

Districts.	Number of schools: At the beginning of the year.	Number of schools: Opened during the year.	Number of schools: Closed in the year.	Number of schools: At the end of the year.	Number on rolls on 31st March 1895: Boys.	Number on rolls on 31st March 1895: Girls.	Average attendance through-out the year.	Receipts: Grants from Provincial Funds.	Receipts: School-fees.	Receipts: Other receipts.	Receipts: Total.	Expenditure: Masters.	Expenditure: Scholarships.	Expenditure: Servants.	Expenditure: Contingencies and Miscellaneous.	Expenditure: Total.	Net cost to Local Funds.	Average net cost per pupil.

* For the purposes of this statement, each department of a school is taken separately, *e.g.*, if a high school has upper secondary, lower secondary, upper primary and lower primary classes, it will appear under each of these departments so far as regards the classes concerned.
This appendix has been compiled from statement IX submitted with the District Boards' reports. The financial transactions shown do not in some cases agree with the Accountant-General's figures in appendices IV and V.

† The figures relating to 1893–94 have been adopted, as those for 1894–95 have not been furnished.

APPENDIX XVII—*cont.*

Statement showing the particulars of the outlay on public works for 1894–95—*cont.*

Districts.	Percentage of outlay to allotment by Local Fund engineering establishment.	Cost of engineering establishment including contingencies.			Percentage of the cost of the Local Fund engineering establishment to outlay on works executed by them.	Cost of tools and plant.			Percentage of the cost of tools and plant to outlay on works by Local Fund engineering establishment.	Explanations given for short outlay in 1894–95.
		Local Fund Department.	Public Works Department.	Total.		Local Fund Department.	Public Works Department.	Total.		
	20	21	22	23	24	25	26	27	28	29
		Rs.	Rs.	Rs.		Rs.	Rs.	Rs.		
1. Anantapur ..	90	10,899	..	10,899						
2. Arcot, North ..	91	32,797	..	32,797	24	169	..	169	0·4	(*a*) Short outlay due to several large estimates not having been sanctioned until late in the year.
3. Arcot, South ..	92	25,666	..	25,666	20	2,012	..	2,012	1·2	(*b*) Short outlay was owing to the inefficiency of the subordinate engineering staff and to the reduced and insufficient rates allowed in the year for cartage of materials.
4. Bellary ..	87	17,227	..	17,227	15	1,356	..	1,356	0·8	
5. Canara, South (*a*)	62	23,208	..	23,208	17	250	..	250	0·2	
					24	1,456	..	1,456	1·5	(*c*) Short outlay due to— (1) Works to the value of Rs. 17,744 not having been paid for before the close of the year either pending check measurement or because bills were received too late. (2) Works in many cases not having been carried out owing to failure of contractor's delay in settling on sites for certain markets, &c.
6. Chingleput ..	98	19,603	..	19,603	14	318	..	318	0·2	
7. Coimbatore ..	95	29,531	..	29,531	16	1,195	..	1,195	0·7	
8. Cuddapah ..	94	20,186	..	20,186	23	899	..	899	1·0	
9. Ganjam ..	* 107	21,110	..	21,110	15	620	..	620	0·4	(*d*) Short outlay ascribed to delay in the preparation of estimates and failure to submit bills for works executed in time for payment within the year.
10. Gódávari (*b*) ..	69	47,455	444	47,899	17	2,042	8,942	10,984	0·7	
										(*e*) Short outlay due to— (1) The acquisition of site for certain chattram very late in the year, and (2) Late receipt of certain estimates from the Engineer's office.
11. Kistna ..	96	47,014	1,252	48,266	16	1,605	82	1,687	0·6	
12. Kurnool ..	84	15,626	..	15,626	20	32	..	32	0·04	
13. Madura (*c*) ..	73	37,348	..	37,348	16	2,177	..	2,177	0·9	(*f*) Short outlay due to— (1) Land required for some works not having been acquired. (2) Postponement of the construction of a building for the Technical Institute. (3) Late receipt of sanction for the estimate for the Local Fund offices. (4) Late acquisition of the site for the Muhammadan rest-house.
14. Malabar ..	93	39,484	..	39,484	21	548	..	548	0·3

ORDER—No. 2323, L., dated 29th November 1895.

The administration reports of the several District Boards for 1894–95 having been separately reviewed in the Proceedings read above, the Government will now deal with them collectively.

2. These reports were received, on an average, eleven days after the prescribed date against fourteen in the previous year. Those from South Arcot, Bellary, South Canara, Coimbatore, Salem, Tinnevelly and Trichinopoly reached Government on the due date, while those from Ganjám and Vizagapatam were 43 and 49 days, respectively behind time. The delay in the latter case, which has occurred for two years in succession, is a matter for regret. The Presidents of District Boards should spare no efforts to ensure greater punctuality in the submission of future reports. It is also to be regretted that, notwithstanding the remarks of Government in the reviews of previous years, sufficient care was not bestowed on the preparation of the reports and the accompanying statements, there being, on the whole, a retrogression instead of an improvement in this respect. This subject calls for greater attention on the part of the Presidents of District Boards. The reports from Nilgiris, Trichinopoly and

Madura contained the least number of errors, &c., while those from Cuddapah, Kistna, Kurnool and Salem were the most inaccurate; this defect has occurred in the first two for four years, and in the third for three years in succession.

I.—GENERAL.

3. *Administration.*—During the 1894–95 review, the territorial jurisdiction of two out of the three Taluk Boards in Chingleput was altered in consequence of the redistribution of the revenue divisional charges in the district, and the Kachinad taluk of the Kálahasti zamindari was transferred from North Arcot to Chingleput. Thirteen new unions were formed in the districts of North Arcot (3), Bellary (1), Cuddapah (1), Gódávari (3), Kistna (3) and Salem (2), while the existing union of Srívilliputtúr in the Tinnevelly district was converted into a municipality from 1st October 1894. With these exceptions, the system of local fund administration continued the same as in previous years.

4. *District Boards.*—Appendix I shows the constitution of the 21 District Boards on the 31st March 1895 and the average attendance of members at the meetings held. There were 42 vacancies on that date against 39 in 1893–94 and, as a result of this, the number of official members on the North Arcot, Bellary, South Canara, Cuddapah, Kurnool, Malabar, Nellore, Salem and Tinnevelly boards exceeded the maximum limit of one-fourth prescribed by the Local Boards Act. These vacancies, however, occurred in most cases towards the close of the year and have since been filled up. The proportion of nominated officials, including *ex-officio* members, to the total strength was 25·2 per cent. against 24·4 in the previous year and that of the elected members 46 per cent. against 45·7. Under the election rules in force one-half of the sanctioned number of members for each District Board were elected by the Taluk Boards in all districts, except Nilgiris, in which there were no Taluk Boards. At the close of the year under review, however, the full proportion of elected members was attained only in the District Boards of Anantapur, South Arcot, Chingleput, Coimbatore, Gódávari, Salem, Tanjore, Trichinopoly and Vizagapatam. Excluding two meetings adjourned for want of a quorum against five in 1893–94, the District Boards met altogether 236 times against 255 in the previous year. There was a decrease in the number of meetings held by the Cuddapah, Nilgiri, Trichinopoly and Vizagapatam Boards, in Nilgiris for the third and in Trichinopoly for the second year in succession, and in these districts and in Ganjám the number was less than twelve. The average attendance at each meeting was again seventeen (five officials and twelve non-officials) out of an average strength of 31 for each board. In South Arcot, Bellary, South Canara, Malabar, Salem, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam there was an improvement. The attendance of both classes of members in South Arcot, Bellary, South Canara, Coimbatore, Malabar, Nilgiris, Salem, Tinnevelly, Trichinopoly and Vizagapatam, and of the non-officials in Anantapur, North Arcot, Cuddapah, Gódávari, Kistna, Kurnool, Madura, Nellore and Tanjore was fair, but that of the official members in Kistna was very poor, only 25 per cent. of their strength having attended. The Government trusts that there will be an improvement in the current year.

5. *Taluk Boards.*—There were again 85 Taluk Boards and their constitution and attendance are shown in Appendix II. At the end of the year there were 68 vacancies on these boards and, as a result of this, twenty of them had less than the minimum number of twelve members prescribed by the Act. The Taluk Boards held in all 1,139 meetings against 1,131 in the previous year, and 21 others, against 37 in that year, were adjourned for want of a quorum. The Taluk Board of Berhampur was the only one which failed to meet once a month, as required by section 28 of the Act, one of its meetings having had to be adjourned for want of a quorum. Taking the Taluk Boards of each district collectively, Anantapur, Chingleput and Madura headed the list with an average of fifteen meetings, and in no district was the average less than twelve. There was an improvement in ten districts and a retrogression in eight others. The average attendance of the members, however, showed a slight advance being ~~53·2~~ 56·2 per cent. of their strength against ~~56·2~~ 55·4

APPENDIX XIII—*cont.*

in 1893–94. The attendance of the official members in South Canara, Coimbatore, Ganjám, Madura, Malabar and Nellore, and of the non-officials in North Arcot, South Arcot, Bellary, South Canara, Chingleput, Coimbatore, Cuddapah, Kistna, Nellore and Salem was good, being about two-thirds of their strength, while the officials in Kurnool and the non-officials in Madura did not attend a sufficient number of meetings. The worst cases have already been noticed in the individual reviews. The working of the Taluk Boards was, on the whole, satisfactory. The members of the Taluk Boards in Anantapur and of the Taluk Board of Chittoor (North Arcot) are reported to have rendered material help in check-measuring works executed in unions and in reporting on house-tax appeals and encroachments on local fund roads and streets. The Government hopes that this laudable example will be followed elsewhere.

6. *Union Panchayats.*—Appendix III shows the constitution and attendance of the union panchayats, of which there were 352 against 340 in the previous year. Owing to the occurrence of vacancies towards the close of the year, the number of members on the panchayats of Yemmiganúru, Alúr, Kautalam, Kosgi, Helalagundi and Kámalápuram in the Bellary district, and of Purushottapur in Ganjám was less than the minimum number of five fixed by the Act, and the number of officials exceeded that of the non-officials in the ten panchayats named in the margin. The necessary steps for remedying this defect have since been taken or been ordered to be taken. The panchayats met in all 4,798 times against 4,671 in the previous year, the average being fourteen in both years; but fifty of them, excluding those newly constituted during the year, failed to meet once a month, as required by section 129 of the Act. The attention of the Presidents of the Taluk Boards concerned has been drawn to this irregularity in reviewing the individual reports, and the Government trusts that the necessary steps will be taken in the current year to comply with the provisions of the Act in this respect.

Bukkapatnam.	Chitvélu.
Dharmavaram	Tuni.
Mannárgudi.	Nuzvid.
Yemmiganúru.	Solavandan.
Kosgi.	Kulasékarapatnam.

No information has been furnished regarding the working of the panchayats in Kistna and Vizagapatam nor of those under the Madanapalle (Cuddapah) and Cuddapah Taluk Boards. In Nellore it was again unsatisfactory, except in the case of the unions under the Ongole Taluk Board; elsewhere it was on the whole good, Gúdúr (Kurnool) and Arni (North Arcot) being the only exceptions. The affairs of the Arni union continued to be managed in an unsatisfactory manner owing to the apathy of the panchayatdars. It is hoped that the endeavours of the President of the Taluk Board to effect an improvement in this union will meet with success during the current year. Speaking generally, the Chairmen and members of the union panchayats displayed a fair amount of interest in the discharge of the duties entrusted to them, and the appreciation of the usefulness of these institutions appears to be increasing. The ward system of supervision was in force in all the districts, although not in some of the unions, and it is reported to have worked fairly well except in a few instances. The Government trusts that the necessary steps will be taken to make it a success in all the cases to which this remark applies and to introduce it in the unions in which it has not as yet been adopted. The private scavenging system continued to be in force in the unions of Tadpatri (Anantapur), Hindúpur (Anantapur), Nandyal (Kurnool), Satyamangalam (Coimbatore), Russellkonda (Ganjám), Hosúr (Salem), Rásipuram (Salem) and Musiri (Trichinopoly), and it was introduced during the year under review into the Chingleput, Dhárápuram (Coimbatore), Méttupálaiyam (Coimbatore), Sivaganga (Madura), Uttamapálaiyam (Madura), Melaviraraghavapuram (Tinnevelly), Kilaviraraghavapuram (Tinnevelly), Kulittalai (Trichinopoly) and Turaiyúr (Trichinopoly) unions. It appears to have worked with fair success. It is a matter for regret that the attempt to introduce it in the Saidapet (Chingleput) union again proved a failure.

7. *District, Taluk and Union Funds.*—Appendices IV, V and VI, furnished by the Accountant-General, exhibit in detail the receipts and charges of the several local boards and union panchayats, and Appendix VII shows their financial position. The total results of the year are compared below with those of 1893–94:—

	1893–94.				1894–95.

Closing balance ..	8,01,776	9,63,544	1,00,218	18,65,538	9,93,242	9,36,784	1,39,838	20,69,864

The year opened with a balance of Rs. 18,65,538 against Rs. 13,62,059 in the previous year. Excluding debt heads (Rs. 4,00,306) and contributions from one District Board to another (Rs. 1,168), the actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in 1893–94, and the charges, excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), to Rs. 76,38,739 against Rs. 74,45,821. The year thus closed with a balance of Rs. 20,69,864, of which Rs. 4,58,275 appertained to endowed institutions in charge of the Local Boards and Rs. 55,003 to the railway guarantee fund in Tanjore, leaving Rs. 15,56,586, or 20 per cent. of the receipts, available for general purposes. The principles upon which the receipts and charges were distributed among the local boards and union panchayats remained unaltered.

Appendix VIII shows the incidence of local fund taxation per head of the population in each district according to the census of 1891. The average for the presidency continued to be As. 3 including tolls, and As. 2–7 excluding them. Including tolls the incidence was low in Anantapur (As. 2–1), Coimbatore (As. 2–2) and Malabar (As. 2–2) and was, as usual, heaviest in Nilgiris (As. 9–9), owing to the peculiar circumstances of the district. In the other districts excepting Gódávari (As. 4–9), Kistna (As. 4–8) and Tanjore (As. 4–2) it was below As. 4.

II.—RECEIPTS.

8. *Receipts.*—In Appendices IV and IX the total receipts of the local boards, including union panchayats, under the several heads are compared with those of 1893–94. The opening balance was Rs. 18,65,538 against Rs. 13,62,059, the increase being the net result of an increase of Rs. 6,22,686 in seventeen districts and a decrease of Rs. 1,19,207 in the remaining four. The actual receipts amounted to Rs. 77,63,701 against Rs. 78,29,867 in the previous year.

9. *Land-fess.*—The cess on land was again levied at two annas per rupee of the assessment in Malabar, at one anna and six pies in South Canara and at one anna in the remaining districts. A fourth of the income under this head in Tanjore was, as usual, set apart for railway operations. According to Appendix X, which shows the demand, collection and balance of this tax, the current demand exceeded that of the previous year by Rs. 2,71,411, the variations amounting to more than Rs. 10,000 in South Arcot, Chingleput, Ganjám, Gódávari, Madura, Tanjore and Tinnevelly. The increase was due chiefly to the favourable character of the season and to the adoption of the revised rates of assessment, based on the new settlement, in Tanjore. The collections amounted to Rs. 49,59,997, or 95 per cent. of the total demand—current and arrears—against Rs. 49,59,655, or 94 per cent., in 1893–94. They were excellent in

South Arcot, South Canara, Gódávari, Nellore and Tanjore, where they amounted to 99 per cent. of the demand, good in Chingleput (97 per cent.), Kistna (97 per cent.) and Madura (95 per cent), and indifferent in Anantapur (85 per cent.), the result in the last case being due to short credits to this head in the accounts of the year.

10. *Tolls.*—Appendix XI shows the statistics of tolls. Thirteen additional toll-gates were established in Bellary (2), Kistna (2), Kurnool (2), Trichinopoly (5) and Vizagapatam (2) and four existing ones were closed in Cuddapah (1) and Vizagapatam (3), while in Malabar toll-gates were substituted for ferries at four bridges, the reconstruction of which was completed during the year. There were thus 276 gates on the 31st March 1895 against 263 in the previous year. Tolls were levied at the maximum rates at 99 gates, at half rate at 176 ands at quarter rates at the remaining one. The usual arrangements, under which tolls on certain roads under the control of the Public Works Department and the Municipal Councils were collected by the District Boards, remained unaltered. The total collections under this head amounted to Rs. 7,35,112 against Rs. 7,31,277 in 1893–94 ; of this Rs. 6,15,662 were derived from the local fund gates and Rs. 1,19,450 were received from Municipal Councils as the local fund share of the tolls collected by them against Rs. 6,08,044 and Rs. 1,23,233, respectively, in the previous year. The increase in the former case was due chiefly to the establishment of the additional gates above referred to, while the decrease in the latter occurred chiefly in Madura, Tanjore and Vizagapatam, being partly covered by an increase in Malabar. The decrease in the first two districts was due apparently to want of competition at the sales of the leases, and in the third to the contribution hitherto paid by the Vizagapatam Municipal Council having been foregone by the District Board and that paid by the Anakápalle Municipal Council having been reduced from 60 to 30 per cent. to enable these councils to bear the loss of their toll revenue caused by the opening of the East Coast Railway. The increase in Malabar was caused by the realization of the major portion of the contribution due by the Palghat Municipal Council for 1893–94 in addition to that for the year under review. The whole of the demand under local fund tolls was collected in South Canara, Chingleput, Coimbatore, Kistna, Malabar, Nilgiris, Salem, Trichinopoly and Vizagapatam. In the other districts also the collections were good, except in Anantapur, where only 87 per cent. of the demand was realized. The balance in the last district, which represents the arrears due by a defaulting contractor, is, however, reported to have been since collected. The net revenue from tolls, excluding the cost of establishments, &c., and the contributions paid to provincial and municipal funds, was 32 per cent. of the outlay on roads. As in previous years, the proportion in South Canara was satisfactory, being as high as 78 per cent.

11. *House-tax.*—This tax was levied in all the unions, except twelve, in the districts of North Arcot (4), Coimbatore (4), Cuddapah (3) and Kistna (1). The maximum rates were in force in 163 unions, three-fourths rates in 27, half-rates in 142, one-third rates in 5 and one fourth rates in the remaining 3. The total collections amounted to Rs. 3,26,890, or 92 per cent. of the demand, against Rupees 2,82,305, or 88 per cent., in 1893–94. Those in North Arcot, Chingleput, Kistna and Salem were good, being more than 95 per cent. and in no district did the collections fall below 80 per cent. From Appendix XIII, which shows the incidence of this tax and other particulars connected therewith, it appears that in the marginally-noted unions more than 25 per cent. of the number of houses according to the census of 1891 remained untaxed. In a few of these cases this was the result of exemptions granted either by

Government or by the Taluk Boards on the ground of poverty. In the others the Presidents of the Taluk Boards concerned should satisfy themselves, after careful enquiry, that no house which is liable to tax ation escapes assessment. The average assessment per house taxed rose from As. 8–9 to As. 9–3, ranging from Rs. 3–0–7 in Kodaikánal (Madura) to As. 2 in Pamarru (Kistna). There was a slight increase in the number of cases in which coercive measures were adopted for the recovery of this tax, but the rate-payers generally paid their taxes without opposition and seemed to realize that the taxes collected were being spent for their own benefit. In the districts of North Arcot, South Arcot, Coimbatore, Cuddapah, Gódávari, Kistna, Kurnool, Nellore, Tanjore, Trichinopoly and Vizagapatam, the Taluk Boards made large contributions to the union panchayats over and above the lighting charges. As it is not desirable that the funds raised throughout the district should be expended for the benefit of the small population living within unions, the Taluk Boards in the districts of South Arcot, Coimbatore, Cuddapah, Kistna, Kurnool, Nellore and Trichinopoly should consider the advisability of raising the rate of the house-tax to the maximum prescribed by the Act in all the unions under their control so as to make them self-supporting. In the case of the remaining districts in which the maximum rates are already in force, the classification of houses for the purpose of taxation should be carefully scrutinized and revised wherever necessary.

12. *Educational.*—The receipts under this head rose from Rs. 2,15,537 to Rupees 2,30,265, the increase appearing chiefly under school-fees in consequence of an increase in the number of boards' schools and in the attendance at them.

13. *Medical.*—The income under this head declined from Rs. 26,072 to Rupees 20,146. The decrease occurred chiefly in Tinnevelly and was due to the credit in 1893–94 of the sale-proceeds of Government securities in favour of the Srívaikuntam and Sáttúr hospitals.

14. *Interest.*—The investments made by the local boards in favour of the endowed institutions in their charge, including the Railway Guarantee fund in Tanjore, amounted to Rs. 12,36,342 against Rs. 12,41,949 in 1893–94, and the interest derived therefrom was Rs. 54,098 against Rs. 56,503, as shown in Appendix XIV.

15. *Miscellaneous.*—The income from choultries, markets, bungalows, &c., rose from Rs. 8,77,067 to Rs. 9,27,013, as shown in Appendix IX, the principal variations under the several items being as follows :—

(*a*) *Choultry rents.*—The receipts appertaining to choultries rose from Rupees 2,10,890 to Rs. 2,67,033, the increase, which occurred chiefly in Tanjore, being due to the collection of the arrears of previous years.

(*b*) *Market rents.*—The total number of markets under the control of the local boards rose from 526 to 534, and fees were levied in 479 of them against 454 in the previous year. The receipts from these institutions amounted to Rs. 1,40,952 against Rs. 1,37,129, and the expenditure on public works, &c., connected with them was Rs. 1,53,108 against Rs. 1,27,064. The markets are reported to have been on the whole in good condition and freely resorted to by the public, but there was again a large balance of Rs. 1,99,665 in their favour at the end of the year and the local boards have been directed in the individual reviews to take early steps for utilizing it on market improvements and the construction and repair of roads leading to markets. The Government trusts that there will be no need to again call the attention of boards to this matter.

(*c*) *Bungalow fees.*—There were 398 bungalows under the control of the local boards against 388 in 1893–94, and their condition appears to have been, on the whole, good.

(*d*) *Ferry rents.*—The receipts from this source fell from Rs. 1,92,651 to Rupees 1,78,801, the decrease occurring chiefly in Malabar owing to the abolition of certain ferries consequent on the reconstruction of bridges referred to in paragraph 10 *supra*.

(*e*) *Fishery rents.*—The income under this head rose from Rs. 1,10,446 to Rs. 1,15,840, the increase appearing chiefly in North Arcot and Ganjám. Of this sum, Rs. 1,05,859 were collected by the Revenue Department, and Rs. 9,981 by the Public Works Department.

(*f*) *Avenues.*—The statistics of avenues in the several districts are given in Appendix XV. Out of 28,385 miles of road in charge of the local boards, 16,737 were provided with avenues against 26,209 and 16,389, respectively, in the previous year. This increase is satisfactory, but as the average number of trees at the end of the year for each mile of road planted was only 169 against 168 in 1893–94, there is evidently much scope for extension. As observed in the general review for 1893–94. the local boards will do well to concentrate their planting operations along particular roads, as by this means the cost of upkeep can be minimised and they can be properly supervised. The number of trees which perished during the year in South Canara, Nellore and Salem exceeded the number planted, and this would not have occurred under the system of concentration above alluded to. It is to be regretted that the receipts from this source fell from Rs. 1,27,662 to Rs. 1,16,861, but it exceeded the expenditure incurred on the plantation and maintenance of avenues by Rs. 29,986. The decrease in the receipts occurred chiefly in Gódávari and Salem. In Gódávari it was due to the credit, during the year, of the receipts from avenues in puntas and poramboke lands to Land Revenue, agreeably to the decision of Government in G.O., No. 865, Revenue, dated 4th October 1893, that the property in these lands does not vest in local boards, and in Salem to want of competition at the sale of the leases. The Government trusts that the local boards will take the necessary measures for developing this source of revenue as much as possible. The condition of the avenues is reported to have been on the whole satisfactory.

16. *Contributions from Provincial Funds.*—Grants amounting to Rs. 3,17,220 against Rs. 2,81,151 in 1893–94 were received for the following purposes :—

	1893–94.	1894–95.
	RS.	RS.
(1) Public Works	88,410	1,49,171
(2) Schools	1,21,107	95,817
(3) Hospitals and dispensaries	4,998	6,126
(4) Choultries	34,038	32,106
(5) General purposes	12,490	18,000
(6) Refunds	108	..
(7) Famine relief works	20,000	16,000
Total	2,81,151	3,17,220

The increase under public works was due chiefly to the contribution of Rupees 32,000 paid to the Ganjám District Board for the construction of the Berhampur-Govindapur road and to the profit of Rs. 31,471 realized by the Tanjore District Board from the working of the Máyavaram-Muttupet Railway during the nine months ending with December 1894. The decrease under grants for schools occurred principally in North Arcot, Gódávari, Malabar and Nellore. In North Arcot it was due to the enforcement of the provisions of the new Grant-in-aid Code, and in Gódávari to delay in the issue of certifying memoranda by the educational officers. The decrease in Malabar and Nellore has not been satisfactorily explained. The variations under the remaining heads being small, call for no remarks.

17. *Contributions from Special Funds.*—The sum of Rs. 216 credited under this head represents chiefly the proportionate cost of the travelling allowance of the local audit clerks payable from special funds.

18. *Contributions from Municipalities.*—These amounted to Rs. 16,344 against Rs. 14,843 in 1893–94, as shown below :—

	1893–94.	1894–95.
	RS.	RS.
Education	1,800	1,786
Medical	3,915	4,577
Public Works	8,855	9,679
Miscellaneous	273	302
Total	14,843	16,344

There was no noteworthy variation under any of these heads.

III.—EXPENDITURE.

19. Excluding debt heads (Rs. 3,20,942) and contributions from one District Board to another (Rs. 1,168), the total expenditure amounted to Rs. 76,38,739 against Rs. 74,45,821 in 1893-94. The increase, which occurred under all the grants, was partly set off by a decrease under investments in Government securities. Appendices V and XVI show the charges under the several heads as compared with those of the previous year, while the expenditure under each grant and the proportion of it to the total outlay were as follows:—

Grants.	1893-94.	1894-95.	Percentage.	
			1893-94.	1894-95.
	Rs.	Rs.		
Grant I	42,25,844	42,95,355	57	56
„ II	11,15,794	11,43,293	15	15
„ III	16,29,000	17,33,957	22	23
„ IV	4,50,828	4,65,484	6	6
Investments in Government Securities	24,355	650	..	..
Total Expenditure ..	74,45,821	76,38,739	100	100

Grant I.—Public Works.

20. Details of the expenditure on public works and the cost of the engineering establishments, including contingencies and tools and plant, are given in Appendix XVII. The total outlay on public works rose from Rs. 30,91,309 to Rs. 32,98,829, the increase appearing in all the districts except North Arcot, South Canara, Gódávari, Malabar, Nellore and Tanjore. This amount was 42 per cent. of the receipts and 43 per cent. of the total charges and it was spent by the several agencies as shown below:—

	1893-94.	1894-95.
	Rs.	Rs.
By the Engineering establishments employed by the local boards	29,41,739	31,65,714
By the Revenue Department	1,14,139	1,02,871
By the Public Works Department	35,431	30,244
Total ..	30,91,309	32,98,829

An expenditure of Rs. 28,31,026, or 89 per cent. of the allotment, was incurred on communications against Rs. 26,64,461, or 88 per cent., in the previous year. Of this, Rs. 28,04,504 were spent by the local fund engineering establishments and the Revenue Department and the remainder (Rs. 26,552) by the Public Works Department. The construction of a culvert at Jaggavaram in Kistna and the maintenance of roads on tank, canal, and channel banks in the districts of North Arcot, South Arcot, Ganjám, Gódávari, Kistna, Nellore, Tanjore, Tinnevelly and Trichinopoly were the only works undertaken by the Public Works Department. On the construction and repair of buildings, such as school-houses, hospitals, dispensaries, bungalows, choultries, &c., Rs. 1,99,776 were spent against Rs. 1,96,781 in 1893-94, and of this Rs. 1,413 were disbursed by the Public Works Department in connexion with the Jubilee Museum building at Bezwada (Kistna). The outlay on Miscellaneous Public Improvements, such as avenues, markets, tanks and wells, rose from Rs. 2,30,067 to Rs. 2,68,027. Of this sum, the Public Works Department spent Rs. 2,231 on raising and diverting certain river embankments in Gódávari and Rs. 78 on the improvement of the fresh-water channel at Nizampatam (Kistna).

The proportion which the expenditure on works executed by the local fund engineering staff bore to the sanctioned allotment was again 84 per cent. Taking the districts individually, however, the percentage was high in Ganjám (107), Nílgiris 99), Chingleput (98), Trichinopoly (98), Vizagapatam (98) and Kistna (96), and

low again in Nellore (44), South Canara (62), Gódávari (69), Madura (73), Tinnevelly (73) and Salem (79). The explanations furnished for the short outlay are, as usual, summarised in the last column of Appendix XVII, but in many cases these have not been accepted as adequate. Once more the Government must impress upon local boards the necessity of preparing in advance programmes of works to be done and entering in their budgets only works for which estimates have been sanctioned and land has been acquired, so that they may be commenced without delay. The practice of providing lump sums in the budgets shows want of foresight and should be put a stop to in future.

21. *Roads.*—Appendix XVIII shows the statistics of roads in the several districts, excluding certain main lines of communication in Malabar and Nilgiris, which continued to be maintained by the Public Works Department.

There was an increase of 141 in the total mileage of roads actually maintained by the local boards and union panchayats, which was the net result of increases chiefly in Kurnool (121), Bellary (64), Salem (57) and Cuddapah (56), and of decreases in Nellore (196) and Kistna (73). Adequate explanation has not been offered for the latter.

The expenditure on new roads, including those in progress but not yet completed, was again large in Kistna, being 37 per cent. of the total outlay in all districts. Elsewhere it was less than Rs. 10,000, except in Ganjám and Gódávari, where it amounted to Rs. 22,682 and Rs. 18,098, respectively. The average cost of maintaining each mile of road rose from Rs. 101 to Rs. 104. It was high in Kistna, Chingleput and Ganjám, being Rs. 230, Rs 177 and Rs. 146, respectively, and low in Anantapur (Rs. 48), South Canara (Rs. 57), Kurnool (Rs. 64) and Salem (Rs. 68). The average was higher than that of the previous year in thirteen districts and lower in six others, while in the remaining two—Malabar and Vizagapatam—it was stationary.

The condition of the roads in Coimbatore and Cuddapah is reported to have been, on the whole, good, and in Anantapur, Chingleput, Kurnool, Malabar, Nilgiris, Tanjore and Vizagapatam, fair. In Ganjám the roads in the southern part continued to be fair, while those in the northern were bad, though there was in a few instances some improvement; in Bellary, Kistna and Trichinopoly they improved, but owing to the bad work done by the contractors who spread the metal this was not the case in North Arcot and Salem; in Madura they deteriorated, and in Tinnevelly, Nellore, Gódávari and South Arcot they were still far from satisfactory. No information has been furnished on this subject as regards South Canara. The decline in the general condition of the roads in the Presidency apparently still continued, but the Government trusts that the orders lately issued* to the effect that at least half the income from land-cess *plus* the net receipts from tolls should be allotted for, and spent on, the construction and maintenance of communications, will tend, in the course of a few years, to put the roads in a satisfactory condition. The additional funds which will be required to attain this end can, in most cases, be obtained by a reduction of the expenditure under Grants II and III, in which the percentage of outlay to the receipts is now ~~much above the average.~~ The new system of contracts for the maintenance of roads continued to be adopted with good results in Malabar and was extended to some additional roads in South Arcot. It, however, proved a failure in Gódávari and was abandoned. In Salem, the system of spreading metal by contract, which was in force for some years, was discontinued during the year under review as it did not work well.

*G.O., No. 1686 L., dated 14th September 1895.

22. *Establishments, &c.*—As in previous years, each district board maintained an engineering establishment of its own for the execution of public works, the cost of which was generally met from the district and taluk funds in proportion to the outlay from each. Special works, such as the erection of important bridges and the construction and maintenance of roads on tank, canal and channel banks, were, however, entrusted to the Public Works Department for execution. The local fund engineering establishments worked, as usual, directly under the district boards and their total cost was Rs. 5,64,046, or 18 per cent. of the outlay on works executed by

them, against Rs. 5,47,669, or 19 per cent., in the previous year, the maximum limit prescribed by Government being 20 per cent. and the charge payable to the Public Works Department for the execution of local fund works 23 per cent. In Nellore, Anantapur, South Canara, Cuddapah and Malabar, the maximum limit was exceeded by 13, 4, 4, 3 and 1 per cent., respectively, owing mainly to short outlay on works. In Nellore the short expenditure was caused chiefly by the inefficiency of the board's engineer, but as a new engineer has now been appointed and the establishment has been revised, the Government trusts that there will be an improvement in the current year. In the remaining districts also the necessary steps should be taken to bring the percentage down to the prescribed limit as soon as possible. On the other hand, the percentage was low in Chingleput (14), South Arcot (15), Ganjám (15) and Vizagapatam (15). A contribution of Rs. 1,696 was paid to the Public Works Department for the execution of local fund works in Gódávari, Kistna and Nellore, and Rs. 6,773 for the scrutiny of plans and estimates for local fund works of importance at the rate of $2\frac{1}{2}$ per cent. on the amount of the estimates.

The cost of toll and ferry establishments amounted to Rs. 2,201 against Rs. 5,096 in 1893–94. The decrease occurred chiefly in Gódávari, where certain ferries, which in former years were managed departmentally, were leased out in the year under review.

The outlay on tools and plant by the local fund engineering staff was Rs. 22,402, or 0·7 per cent. of the expenditure on works, against 1 per cent. in the previous year, the maximum limit prescribed by Government for all districts, except Nilgiris. This limit was exceeded in the districts of North Arcot, South Canara, Tinnevelly and Trichinopoly, the largest excess being 0·5 per cent. in South Canara.

23. *Contributions.*—The total amount of contributions paid to Provincial, Municipal and other funds was Rs. 3,86,269 against Rs. 5,30,152 in the previous year. The decrease occurred chiefly in Tanjore, where only Rs. 3,19,964 were paid to Provincial funds, being one-half of the expenditure incurred by the Public Works Department on the Máyavaram-Muttupet Railway in 1893–94, against Rs. 4,59,512 paid in that year.

GRANT II.—EDUCATION.

24. The educational operations of local boards were conducted on the same lines as in previous years. Excluding an outlay of Rs. 32,476 incurred on school buildings, which is shown under Grant I, the total expenditure on education rose from Rs. 11,15,794 to Rs. 11,43,293, the increase occurring chiefly under board schools. Appendices XIX to XXI show the receipts and charges of the schools maintained and aided from local funds but exclude the receipts from the sale of books and contributions from municipalities, and the charges on account of the purchase of books and other miscellaneous items.

25. *Inspection.*—The District Boards had in their employ 190 inspecting schoolmasters, or one more than in 1893–94; these visited 21,744 villages and prepared 20,384 schools for examination, the corresponding figures for the previous year being 20,599 and 22,525. Their work appears to have been, on the whole, satisfactory. The cost of this establishment amounted to Rs. 91,215 against Rs. 88,136, the increase, which occurred chiefly in South Canara, Gódávari, Tanjore and Tinnevelly, being due in the first named district to the entertainment of an additional inspecting schoolmaster, and in the others to a revision of the scale of pay.

26. *Training Schools.*—The District Boards of Madura and Tinnevelly continued to maintain training schools, while the Malabar District Board had under its control three preparatory Mappila training schools. The attendance at the normal department of the technico-normal institute at Madura fell from 48 to 45. Including a few students trained in the previous year, 47 appeared for examination and of these 34 were successful. In the training school at Mélavírarághavapuram (Tinnevelly), there were 39 students against 41 in the previous year, and of these 26 appeared for, and 23 passed the Primary examination—a satisfactory result. The three preparatory training schools for Mappilas were attended by 34 students, or one less than in 1893–94, and the results of the Primary examination were very creditable, all the students having passed.

27. *Sessional Schools.*—There were seventy schools of this class in which village schoolmasters were trained at different centres for three or four months in the year in the districts named below, against 65 in the previous year, and they were attended altogether by 987 students against 810:—

	1893–94.	1894–95.		1893–94.	1894–95.
Anantapur	.. 3	4	Madura	.. 3	3
Arcot, North	.. 8	8	Malabar	.. 2	2
Arcot, South	.. 3	3	Nellore	.. 3	4
Bellary	.. 5	3	Salem	.. 6	6
Canara, South	.. 4	3	Tanjore	.. 3	3
Chingleput	.. 3	3	Tinnevelly	.. 3	3
Coimbatore	.. ..	5	Trichinopoly	.. 3	3
Cuddapah	.. 2	3	Vizagapatam	.. 4	3
Ganjám	.. 2	2			
Gódávari	.. 3	3			
Kistna	.. 3	3	Total ..	65	70
Kurnool	.. 2	3			

Excluding two schools in North Arcot which did not send up any students for examination within the year, and four in Cuddapah and Vizagapatam the progress of which has not been reported, the results of these institutions were, on the whole, fair. It appears that only 12,712 teachers out of 26,305 employed in the several districts were in any way qualified, as shown in the margin, the corresponding figures for the previous year being 10,970 and 25,441. The increase is satisfactory; but as the number of unpassed teachers is still large, the district boards should endeavour to reduce it by opening additional schools and by inducing a larger number of schoolmasters to undergo training in them. The Government trusts that the officers of the Educational Department will render the necessary assistance to the boards in this matter. It is the duty of District Boards to supply the rate-payers with good teachers and this should be done as far as the funds at their disposal will permit.

Number holding Normal certificates.	3,949
" " Ordinary "	755
" " General education certificates ..	8,008
Total ..	12,712

28. *Technical Schools.*—The statistics of the industrial school at Masulipatam (Kistna) have not been furnished. The industrial and the agricultural departments of the training school at Madura made fair progress. There were 108 pupils against 70 in the industrial section, and all the 56 students who appeared for the standard examination were successful. In the agricultural section there were on the last day of the year seven pupils against twelve in 1893–94, and the results of the examination by the Inspector of Schools were satisfactory.

29. *Secondary Schools.*—There were 123 board secondary schools attended by 10,716 pupils against 115 with 9,101 pupils in 1893–94. The increase in the number of schools was the net result of the opening of thirteen additional schools in Anantapur (1), Gódávari (5), Kurnool (1), Tanjore (1), Tinnevelly (1), and Vizagapatam (4), and the closure of five in North Arcot (1), Gódávari (2), Kurnool (1), and Nellore (1). Of the total number, ten were of the upper-secondary and the others of the lower-secondary grade. Out of 96 students who appeared for the Matriculation examination only 27 passed, the corresponding figures for the previous year being 98 and 25. The upper secondary schools at Namakkal and Yellamanchili did fairly well, while those at Harpanahalli and Hosúr again did badly, not one of the students presented for this examination having passed. Steps have been taken to improve the former school by the appointment of a new headmaster, and the upper secondary department in the latter school has since been abolished. From the lower secondary schools and the lower secondary departments of the upper secondary schools 801 students were presented for the Lower Secondary examination, but only 380, or 47 per cent., were successful, against 588, 261 and 44 per cent. respectively, in 1893–94. The results of the Arni, Tuni, Viravasaram, Badagara, Manjeri, Hosúr, Narsapatnam and Palkonda schools were excellent, but those of the schools at Kavali, Krishnagiri, Dharmapuri, Tállapúdi, Angadipuram, Cherpalcheri,

Kuduvayur, Chávakkát, Arcot, Kuppamu and Coondapoor were unsatisfactory. All the upper secondary schools, except one in Tanjore, were maintained on the salary system and the average net cost of educating each pupil in them again fell from Rs. 17–1–7 to Rs. 11–7–6. The local boards of South Canara and Coimbatore continued to work their schools at a net profit of Rs. 607 and Rs. 977, respectively; on the other hand, the net cost of each pupil was excessive in Salem and Vizagapatam, where it was Rs. 34–11–6 and Rs. 33–13–4, respectively. Steps have been taken in Salem to reduce this in the current year, and the attention of the local boards in Vizagapatam has been drawn to the matter in the individual review. The net cost of each pupil in the lower secondary schools and departments on the salary system fell from Rs. 7–1–2 to Rs. 5–8–11. It was low in Coimbatore (Rs. 3–3–8) and Tinnevelly (Rs. 3–8–10), and high in Ganjám (Rs. 19–7–9), while the schools in North Arcot, South Canara, Cuddapah, Malabar and Tanjore were worked at a profit of Rs. 899, Rs. 805, Rs. 118, Rs. 567 and Rs. 1,156, respectively. On the other hand, the net cost of educating each pupil in the lower secondary schools and departments on the salary-result system rose from Rs. 12–4–1 to Rs. 13–6–9. It was low in Coimbatore (Rs. 2–12–3), but very high in Salem (Rs. 25–7–5), Kurnool (Rs. 21–14–3), Vizagapatam (Rs. 17–7–9), and Ganjám (Rs. 15–0–3). The local boards in the districts last named should take steps to reduce this excess.

30 *Primary Schools.*—The number of primary schools maintained by the local boards advanced from 2,937 with 119,232 pupils to 3,095 with 124,494 pupils. The increase appears in all districts except Ganjám, Kurnool and Vizagapatam, but was again large in Gódávari (66). Taking the upper and lower primary departments of these institutions separately, the net cost of each pupil in the former was either nothing or very small in South Arcot, Chingleput, Coimbatore, Kurnool, Malabar, Nilgiris, Salem and Trichinopoly, while in Nellore, Ganjám, Anantapur and Tanjore it was excessive, being more than Rs. 10 per pupil. Immediate steps should be taken towards reducing the high cost in these cases. The net cost of the lower primary schools and departments was not high in any district. The working of these institutions was, on the whole, satisfactory. The number of pupils who appeared for the standard examinations from them and from the primary departments of secondary schools was 82,341, and of these 59,597, or 72 per cent., passed, the corresponding figures of the previous year being 78,106, 58,718, and 75 per cent. The local boards in all districts, except Anantapur and Cuddapah, in regard to which no information has been furnished, maintained schools for the exclusive benefit of panchamas and other backward classes. The number of these schools was large in Gódávari (81), Salem (36), Madura (31), and Kurnool (24), and small in Nellore (1), Trichinopoly (3), Tanjore (7), and Ganjam (8). More attention should be paid to this subject in the districts last named and a fair portion of the educational allotments should be spent for the benefit of these classes.

31. *Aided Schools.*—The local boards aided 8,259 schools attended by 212,639 pupils at the close of the year against 8,431 schools with 217,888 pupils in the previous year. The decrease, which occurred chiefly in North Arcot, Tinnevelly and Ganjám, was due, in the first two cases to the enforcement of the conditions of the revised Grant-in-aid Code, and in the third to the fact that want of funds prevented the Berhampur and Parlákimedi taluk boards from aiding schools recommended by the Educational officers. The outlay under this head was only 86·6 per cent. of the sanctioned allotments against 100·2 per cent. in the previous year. In Anantapur, Bellary, Cuddapah and Vizagapatam, the allotments were exceeded in consequence of the payment of arrears or of the larger grants that had been earned. On the other hand, the lapses were considerable in Gódávari (43·9 per cent.), South Canara (29·3), Malabar (26·6), South Arcot (24·1) and North Arcot (21·3). The short outlay in Gódávari is attributed to the poor results produced by some of the schools and to the certifying memoranda relating to a large number of schools having been issued too late in the year to admit of their being cashed before its close, in South Canara partly to the closure of some schools and partly to the late receipt of the certifying memoranda, and in Malabar to the late date on which some of the schools were examined. The lapses in the remaining two districts are ascribed chiefly to the enforcement of the conditions of the new Grant-in-aid Code.

32. *General Educational Results.*—At the end of the year, there were 3,218 board schools with 135,210 pupils against 3,052 and 128,333, respectively, in 1893–94. A few of these schools were maintained exclusively for girls, while in many others pupils of both sexes were admitted. The total number of girls in these schools was 17,817 against 16,842 in the previous year. The proportion of the total net expenditure on education to the current receipts rose from 10·7 to 10·9 per cent. The percentage was large in Anantapur (17·1), Vizagapatam (14·3), and Bellary (14·0), but was very low in Tanjore (5·6) and Chingleput (7·9). The total number of boys under instruction in the schools maintained and aided from local funds was 318,649, or 13·2 per cent. of the male population of school-going age, against 324,764, or 13·4 per cent., in 1893–94, the decrease appearing in Ganjám (2·2 per cent.), Tinnevelly (1·5), North Arcot (1·2), South Canara (2·1), Chingleput (0·9), Vizagapatam (0·5), Coimbatore (0·2), South Arcot (0·2), Tanjore (0·2), and Malabar (0·1). The proportion was good in Nilgiris (20·9), Tinnevelly (18·9), and Bellary (18), and fair in the remaining districts except Cuddapah and Vizagapatam, where it continued to be less than 10 per cent.

GRANT III.—MEDICAL SERVICES, SANITATION, &c.

33. *Hospitals and Dispensaries.*—From Appendix XXIII, which gives the statistics of the hospitals and dispensaries maintained by the local boards, it will be seen that the number of these institutions rose from 124 and 234 to 132 and 239, respectively, the increase being the net result of the opening of fourteen additional hospitals or dispensaries in Gódávari (4), Coimbatore (3), Vizagapatam (3), Tinnevelly (2), Bellary (1), and Salem (1), and the abolition of a dispensary in Madura. The Taluk Boards in Tinnevelly aided, as in previous years, eight dispensaries, of which seven were managed by mission agency and one by a private practitioner.

The total number of patients treated in the institutions maintained by the local boards rose from 2,216,159 to 2,427,971. The number treated was 7·5 per cent. of the total population against 6·9 in the previous year. There was an advance in all districts except Kurnool and Chingleput. In Kurnool the percentage fell from 11·1 to 10 and in Chingleput from 9·7 to 9. The decrease in the former is ascribed to the fact that malarial fever was less prevalent and to the temporary closure of some of the dispensaries during the illness of the medical subordinates or their absence on cholera duty, and in the latter to the inclusion of the population of the Kachinad taluk transferred from North Arcot in the year under review. As in the previous year the increase in Nilgiris was the highest, being 2·3 per cent., and Vizagapatam followed with 1·9 per cent. The percentage was below 6 in Gódávari (5·3) and Malabar (4·2), and in the remaining districts it varied from 6·1 in Ganjám and Nellore to 12·6 in Nilgiris. There was a slight decrease —1,492 against 1,499—in the number of beds available for in-patients, the fall appearing in Anantapur, Kistna, Madura, Tanjore and Tinnevelly, which was partly counterbalanced by an increase in Chingleput, Cuddapah, Gódávari, Malabar and Vizagapatam.

	In-patients. NO.	Out-patients. NO.
1893–94	15,287	2,200,922
1894–95	15,787	2,412,184

The net expenditure on the maintenance of these institutions, excluding the cost of midwives and midwifery pupils, amounted to Rs. 5,47,596 against Rs. 4,70,421 in 1893–94, and the average cost of treating each patient was thus As. 3–7, or two pies more than in that year. The cost was very high in Nilgiris (As. 6–4), Malabar (As. 5–8), Gódávari (As. 5–7), Bellary (As. 5–2), Kistna (As. 4–11), Cuddapah (As. 4–7), South Canara (As. 4–3), and Anantapur (As. 4–2). In these districts measures should at once be adopted by the local boards to remedy this. It is to be regretted that, notwithstanding the remarks made on the subject in paragraph 33 of the last General Review, the average cost for each patient has shown an increase instead of a decrease in all these districts, excepting Nilgiris and Kistna. In the

remaining districts it ranged from As. 3–10 in North Arcot and Coimbatore to As. 1–11 in Trichinopoly. It is not apparent why there should be such great variations in the cost of treating patients in different districts and why the rate in Gódávari, for instance, should be more than double that in the adjoining district of Vizagapatam. The Surgeon-General will be requested to report on this point.

34. *Medical Schools and Medical Pupils.*—Two medical schools were again maintained by the District Boards of Nellore and Tanjore. In the school at Nellore forty-three students were under training, of whom twelve, besides one who died during the year, were in the third year of their course and the remaining thirty in the second year, no fresh students having been admitted pending the issue of final orders on the question of its abolition. All twelve students in their third year appeared for and passed the Hospital Assistants' examination. Of the fifteen students who underwent training in the Prince of Wales' Medical School at Tanjore six appeared for the final examination at Madras and all of them were successful. The results achieved by these schools are very creditable to the teaching staff. The local boards in Bellary, South Canara, Ganjám and Madura sent up at their own cost eight, three, three and seven students, respectively, to the Madras Medical College for training, and the Gódávari District Board had five students trained at the Nellore Medical School.

35. *Midwives.*—The local boards in all the districts, except Nilgiris, employed 187 trained midwives against 173 in 1893–94. The number continued to be large in Nellore (23) and Madura (19), and very small in Cuddapah (1), Ganjám (2), Gódávari (3) and Kurnool (3). No efforts should be spared in the last-named districts as well as in the others in which the number is small, to secure the services of additional midwives so that at least one may be attached to each medical institution. In Cuddapah there were also eleven nurses, who attended 604 cases of labour against 574 cases attended by ten nurses in the previous year. The total number of labour cases attended by the trained midwives rose from 12,176 to 13,625, but the monthly average for each continued to be six. The midwives in Vizagapatam, Bellary and Gódávari attended on an average thirteen, thirteen and eleven cases, respectively, per mensem. On the other hand, those in Anantapur, North Arcot, South Arcot, Chingleput, Coimbatore, Cuddapah, Kistna, Kurnool and Tinnevelly turned out very poor work and the attention of the local boards concerned has been drawn in the individual reviews to the necessity for effecting an improvement in this respect.

36. *Medical Training of Women.*—Appendix XXIV contains a summary of the information furnished on this subject. The local boards in Bellary, Coimbatore, Cuddapah, Ganjám, Gódávari, Kistna, Madura, Nellore, Salem, Tinnevelly and Vizagapatam either granted scholarships for the training of female students or employed those who had been previously trained at their expense or at the expense of the Countess of Dufferin Fund. Want of funds apparently prevented the boards in many of the remaining districts from taking any steps in the matter; but the Government trusts that when means become available, they will grant scholarships for the training of students under the supervision of the Dufferin Fund Committee at Madras.

37. *Vaccination.*—This subject has already been fully dealt with in G.O., No. 1388 L., dated 8th August 1895, in which the report of the Inspector of Vaccination for 1894–95 was reviewed. The number of operations performed by local fund vaccinators as given in paragraph 10 of that report, however, differs, as shown below, from those furnished by the Presidents of District Boards, and the Sanitary Commissioner will be requested to explain the discrepancies:—

Districts.	Number of operations performed by local fund vaccinators.		Number of successful cases.	
	As in the President's report.	As in the Vaccination report.	As in the President's report.	As in the Vaccination report.
Coimbatore	..	..	54,252	54,258
Vizagapatam	72,039	72,044	65,235	65,240

The vaccination staff employed by the District Boards consisted of 49 Deputy Inspectors and 696 vaccinators and probationers, against 49 and 668, respectively, in the previous year. The total number of operations performed by this agency rose from 992,859 to 1,009,989, but owing probably to more careful supervision the percentage of success reported fell from 94 to 91. The average number of operations performed by each vaccinator was 1,528 against 1,495 in 1893–94, but it was still below the mark. It was very good in Trichinopoly (2,660 cases), Tinnevelly (2,233), and Vizagapatam (2,183). In the other districts it was above 1,000, except in Ganjám where it was only 771. There was considerable improvement in Coimbatore, Kistna and Nilgiris, but in nine districts there was a decrease from the figures of last year, which was evidently due to insufficient supervision.

The average cost of each successful operation was As. 3–4, or one pie more than in 1893–94. It was very high in Ganjám (As. 6–5), Bellary (As. 5–11), Kurnool (As. 5–10), Nilgiris (As. 5–10), Nellore (As. 5–8), and Anantapur (As. 5–5), and moderate in the other districts except Chingleput, Madura, Salem, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam, where it was less than As. 3. Compared with the previous year, there was an increase in twelve districts, the excess being large South Canara (As. 2), and a decrease in eight others, the reduction being very inconsiderable in Nilgiris (As. 3–2).

If the work done by the medical subordinates attached to local fund hospitals and dispensaries is also taken into account, the total number of successful vaccinations performed in local fund areas was 937,910, or 29·1 per mille of the population, against 954,750, or 29·6 per mille in 1893–94. The results were best in Nilgiris (52·5 per mille) and Tinnevelly (43·8 per mille), and fair in South Arcot, Bellary, Chingleput, Cuddapah, Kistna, Salem, Trichinopoly and Vizagapatam, where the proportion ranged between 40 and 30 per mille. In the remaining districts they were poor, being very bad in Ganjám (12·3 per mille) and Nellore (19·9 per mille). The decline in the two districts last named is attributed chiefly to the inadequacy of the lymph supply, but steps have since been taken to remedy this defect and to secure better results. The total number of successful operations on children under one year of age rose from 217,993, or 6·8 per mille of the population, to 236,995, or 7·4 per mille. As in the previous years, Chingleput and Bellary headed the list with ratios of 17·2 and 14·4, respectively, per mille, and Coimbatore followed next with a ratio of 13·9, but the results were unsatisfactory in Malabar (0·5), South Canara (0·9) and Ganjám (1·3). The Government trusts that the matter will receive special attention in the current year.

Vaccination with animal lymph was conducted in all districts and the total number of operations performed by this method was 1,010,456, of which 915,976, or 91 per cent., were successful, the corresponding figures for 1893–94 being 932,066, 879,044, and 94 per cent. Human lymph was partly used in Anantapur, South Arcot, Gódávari, Kurnool and Nellore. These District Boards should in future dispense with it and use animal lymph exclusively.

38. *Sanitation.*—Excluding the sum of Rs. 36,090 spent on sanitary public works and debited to Grant I, the outlay under this head amounted to Rs. 4,75,148 against Rs. 4,62,908 in the previous year, as detailed below:—

	1893–94.	1894–95.
	RS.	RS.
Improvement of water-supply	89,052	90,631
,, of village sites	49,170	44,681
Conservancy establishments	2,86,832	3,02,890
Arrangements at fairs and festivals	12,374	13,898
Other sanitary outlay	25,480	23,048
Total ..	4,62,908	4,75,148

No sanitary works of any importance were undertaken in the rural tracts, but many petty works such as the improvement of village sites and the construction and repair of tanks, wells, latrines, dust-bins, &c., were, as usual, executed by the local boards and union panchayats. One hundred and ninety-eight new wells were sunk and 1,114 existing sources of water-supply repaired or otherwise improved, against 182 and 1,112, respectively, in 1893–94, and the number of village sites improved rose from 337 to 444. Out of 44,622 minor towns and villages in the Presidency, 350 unions and 558 other villages were provided with conservancy establishments against 338 and 542, respectively, in the previous year. The Government trusts that these establishments in non-union villages are being properly supervised. Unless this is done, their employment is a waste of money which could be better spent in improvements of a permanent nature to local sources of water-supply, especially in the construction and repair of wells.

The percentage of expenditure to the sanctioned allotment under this head was again 89. The proportion was fair in all districts, except Bellary and Gódávari, where it was less than 80 per cent. In Bellary the short outlay has not been explained, but in Gódávari it is reported that there was no need for further expenditure under water-supply and that there was great difficulty in securing contractors.

39. *Choultries.*—The total number of choultries under the control of the local boards rose from 512 to 522, but the expenditure on them was only Rs. 2,05,073, against Rs. 2,15,362 in the previous year, the decrease, which occurred chiefly in Tanjore, being due to the purchase of paddy at lower rates. Of these, 236 had endowments attached to them and in fifty of them 1,274,285 travellers were fed at a cost of Rs. 82,734, the corresponding figures for 1893–94 being 1,174,579 and Rs. 94,148. Pensions were, as usual, granted to infirm and poor persons in three others, and the remaining choultries were mere rest-houses.

40. *Contributions.*—The amount contributed to Provincial and Municipal funds and to private individuals for medical, sanitary and other purposes was Rs. 1,40,261 against Rs. 1,25,089 in 1893–94, the increase occurring chiefly under contributions to Provincial Funds.

41. *Miscellaneous.*—An expenditure of Rs. 63,697, against Rs. 56,156 in the previous year, was incurred on lighting in all districts except Kurnool, Malabar and Nilgiris. This was generally confined to union villages, but in Chingleput, Coimbatore, Gódávari, Salem, Tinnevelly and Trichinopoly, some main lines of communication, bridges, &c., were also provided with lights. Altogether, 8,738 lights were maintained in 254 localities, the corresponding figures for the previous year being 7,509 and 226. It is to be regretted that, notwithstanding the remarks of Government in paragraph 41 of the last General Review, there was a rise instead of a fall in the expenditure under this head, the increase appearing in all but four districts. It is hoped that no further extension of operations in this direction will be allowed until the roads and sanitation have been placed on a satisfactory footing.

GRANT IV.—MISCELLANEOUS.

42. *Supervision and Office Management.*—The expenditure under this head rose from Rs. 3,97,706 to Rs. 4,03,729, and was 5·2 per cent. of the receipts and 5·3 per cent. of the charges against 5·3 in each case in 1893–94. The increase was due chiefly to the establishments entertained in unions newly constituted during the year.

43. *Repayment of Loans, &c.*—The District Boards of Chingleput and Malabar paid Rs. 15,627 as instalments of principal, and Rs. 3,250 as interest, on account of loans previously obtained from Imperial funds for the construction of the Korttalaiyár bridge, and the completion of the Tamracheri and Periya ghât roads. The amounts still due by these boards are Rs. 48,894 and Rs. 12,313, respectively, which

are expected to be repaid by the year 1898. In Tinnevelly, Rs. 5,000, the eighth instalment of the loan of Rs. 45,000 received by the District Board from the Taluk endowment fund, and Rs. 3,500, the sixth instalment of the loan of Rs. 35,000 taken from the Zamindar of Ettiyapuram, both for the construction of the Srívaikuntam bridge, were repaid together with interest amounting to Rs. 1,330. In Ganjám, a sum of Rs. 20,000, temporarily advanced from Provincial funds to cover deficits in previous years, was repaid to Government during the year under review, and the Coimbatore District Board paid Rs. 480 as interest on the debenture loan of Rs. 16,000 taken on account of the Polláchi market. The amount to the credit of the Railway Guarantee fund in the Tanjore district at the beginning of the year was Rs. 5,42,000 in Government securities and Rs. 73,537 in cash. Out of the former sum Rs. 1,21,000 were withdrawn and Rs. 3,19,964 were paid to Government, being one-half of the expenditure incurred by the Public Works Department on the Máyavaram-Muttupet Railway in 1893–94. This railway was opened for traffic on the 2nd April 1894, and the District Board derived a net profit of Rs. 31,471 from its working during the nine months ending with December 1894, which represents a little more than 3½ per cent. on the capital outlay. The balance in favour of this fund at the close of the year was Rs. 4,21,000 in Government securities and Rs. 55,003 in cash.

IV.—ENDOWMENTS.

44. Appendix XXVIII shows the number of endowed institutions, such as schools, hospitals and dispensaries, choultries, markets, &c., under the control of the local boards and union panchayats, and Appendices XXIX and XXX their financial transactions. Excluding Rs. 1,09,692 contributed or lent from general funds to meet the deficits with which some of these institutions would otherwise have closed the year, and Rs. 42,484 allotted from chattram funds in Tanjore for other purposes, but including Rs. 5,500 paid by the Tinnevelly District Board to the Taluk endowment fund on account of the loan referred to in the preceding paragraph, the receipts amounted to Rs. 5,06,429 and the charges to Rs. 4,70,605, the corresponding figures for the previous year being Rs. 4,44,650 and Rs. 4,66,279. As the amount to credit at the beginning of the year was Rs. 4,22,451, the balance in their favour at its close was Rs. 4,58,275. The balance in Tanjore, Gódávari and Madura was large. In Tanjore it was the result of enhanced receipts and short outlay, but a considerable portion of it will be required in the current year for expenditure on the survey of the villages forming the endowments of the choultries. In Gódávari a large portion of the balance will be utilized in the current year upon the improvement of markets, and in Madura the major portion of the balance has been allotted for expenditure in the current year.

V.—GENERAL REMARKS.

45. *Local Fund Accounts.*—There was no change in the arrangements for the audit and inspection of these accounts. The accounts of 1893–94 in all districts, except South Canara and Ganjám, were examined during the year, and those of 1894–95 were also partly examined in nineteen districts. From the reports which have been received, it appears that the state of the accounts has been generally good in all districts, except Nellore, where it is hoped there will be an improvement in the current year, as the services of the Engineer who was mainly responsible for various irregularities in the accounts which occurred there have since been dispensed with.

46. *General Administration.*—Detailed remarks on the work performed in each district have already been passed by Government in reviewing individual reports. Speaking generally, the administration of local affairs during the year under review continued to be, on the whole, fairly efficient. Taking the districts individually, Chingleput, Cuddapah, Malabar, Nilgiris and Tanjore were conspicuous for good administration. In the other districts the administration was fairly satisfactory, except

in South Canara and Nellore, where it continued to be far from efficient. Much, however, still remains to be done, especially for the improvement of communications and the extension of vaccination, and His Excellency the Governor in Council trusts that these branches of the administration will receive adequate attention.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of Female Medical Education in 1894–95.

Bellary.—One female student was under training for the apothecary grade at the Madras Medical College at the cost of the district board.

Chingleput.—For want of funds, the proposal to employ a female apothecary in the Chingleput hospital had to be abandoned for the time being, but the matter is being kept in view.

Coimbatore.—Two female apothecaries trained by the district board were put in charge of the two women and children's dispensaries opened at Pollachi and Karur.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee on behalf of the taluk board continued to be employed in the Madanapalle hospital.

Ganjám.—The female apothecary, who was trained by the Countess of Dufferin Fund Committee on account of the district board, worked in the Jubilee hospital at Berhampur. A scholarship of Rs. 300 was paid to another female student who was being trained for the apothecary grade by the Committee.

Gódávari.—The dispensary for women opened at Cocanada was placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee.

Kistna.—The female apothecary, who was trained for the district board by the Countess of Dufferin Fund Committee, was in charge of the women and children's hospital established at Masulipatam.

Madura.—A contribution of Rs. 439 was paid to the Dindigul Municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Nellore.—Two female hospital assistants were maintained from local funds and were attached to the Municipal civil hospital and the Lying-in hospital at Nellore.

Salem.—Two female apothecaries were employed in the district—one at Salem in charge of a dispensary for women, and the other at Tiruppattúr. The district board has, in addition, granted scholarships to certain female students who are being trained by the Dufferin Fund Committee.

Tinnevelly.—A new dispensary for women was opened and placed in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on behalf of the district board. A contribution of Rs. 450 was, in addition, paid by the district board to the Dufferin Fund for the training of a female medical pupil.

Vizagapatam.—Three women and children's hospitals were in charge of female apothecaries trained for the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the remaining districts, for want of funds in many cases.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

APPENDIX XXV.

STATEMENT showing the strength, cost and operations of the vaccine establishments for 1894–95.

Districts.	Establishment.			Total cost of vaccination.	Number of vaccine operations performed.			Number of successful cases.		Percentage of successful cases to total number.	Number of successful operations per mille of the total population.	Average cost of each successful case by Local Fund vaccinators.	Number of successful operations on children under one year of age.	Number of successful operations on children under one year per mille of the total population.	Vaccination with animal lymph.		
	Deputy Inspectors.	Vaccinators.	Probationers.		By Local Fund vaccinators.	By medical subordinates.	Total.	By Local Fund vaccinators.	By medical subordinates.						Number of months in which vaccination with animal lymph was conducted.	Number of persons vaccinated by this agency.	Number of successful cases.	Percentage of successful cases to number vaccinated.
