Sir,

With reference to para 2 of Government Order No 983. L. mis., dated 5th June 1895, I have the honor to state that Rs 90-5- is the value of the tools reported to have been lost. Strictly speaking they are not tools proper, but drawing materials such as color box, parallel rulers &c and office furniture such as record boxes and desks &c.

2. The circumstances under which they were lost is given in detail in the enclosed statement. From this it appears that no one can be held responsible for the loss; some became useless by wear and tear, some were lost or injured by accident beyond control.

The

The Local Fund Engineer reports that no regular system of store accounts was maintained in his Division previous to his taking over charge and that the system now maintained is that laid down by Local Fund Public Work rules.

In Chicacote Division the system has been according to the rules.

I have the honor to be,

Your most obedient Servant
