N
Misc.

Order No. 2402 Misc. 11-12-95

Recorded with the following remarks:—

(1). The entry of a minus figure in column 13 of the statement, as the reserve of the Madanapalle Taluk Board is misleading. The reserve should have been shown as nil and a corresponding reduction made in the general balance given in column 11, which will then be — Rs 3060 instead of Rs 2960.

(2) The steps which the Taluk Board proposes to take for meeting the deficit above referred to should be reported.

From J. N. Atkinson Esqr.
President, District Board
Kistna.

To The Chief Secretary to Government,
Local and Municipal Department,
MADI

Sir,

I have the honour to repo for the information and approval o Government, that I have ordered t transfer of the Local Fund Engineer office from Masulipatam to Bezwada, under the following circumstances:

2. The immediate cause was tha as the Collectorate Offices are most inconveniently overcrowded it became nece ary for the Collector to call on t District Board to vacate the building attached to the Collectors' office hitherto occupied by it. There would have been considerable difficulty in finding a building suitable

2

suitable for the accomodation of the
District Boards' Office, and the Board
might have been compelled to build one,
ut for the fact that the building now
cupied as a residence by the Local Fund
ngineer belongs to the District Board. I
efore decided to give the Local Fund
ineer notice to quit, and to locate
District Board's, and also other Local
nd Offices, viz Masulipatam Taluk
ard Office, Local Audit Office,
d Masulipatam Supervisor's Office
what has hitherto been the Local
Fund Engineer's residence. The building
within a stones' throw of the Collector's
ffice and will be most convenient
in every respect, after a few insignificant alterations have been effected.

3. In discussing the matter with
the Local Fund Engineer and with
my Vice President it seemed to us
al, that it would be advantageous
to embrace the opportunity to transfer
Local Fund Engineer's Head-
Quarters to Bezwada. Its central position of course makes? matters it infinitely

DEPARTMENT.

eferencer.

1895

Initials of attender.

M

3

more convenient than Masulipatam
for the Local Fund Engineer to
arrange to visit all roads and works
in progress. Whenever that Officer has
to visit Masulipatam a journey of
24 hours if by canal, or of 48 to 72 hours
if by road has to be made and since
he must visit and leave his Head
Quarters at least eight times in the
year, very many days are wasted
passing backwards and forwards o
the same track. In so large a
District this is a matter of no little
consideration.

4. I do not overlook the fact
that the Local Fund Engineer's Office
was formerly at Bezwada and was transferred to Masulipatam in 1882 owing as
was said "to the ~~fact~~ great inconvenience
and delay" felt by the seperation of the
Local Fund Engineer's from the Collector's
Head Quarters (Vide B. P. $\frac{219}{23-1-82}$). But
matters have much changed since 188
The advantages of Bezwada as a
Head Quarters have been and are being
enhanced

enhanced every day by the construction of the Railways that ramify therefrom, while Masulipatam remains isolated in a corner of the district.

5. If the Local Fund Engineer is to remain in Masulipatam accomodation must be provided either for him, or for the District Board; and if for the latter it would be advisable at the same time to provide room for all Local Fund Offices in the station. This would involve a large expenditure, building in Masulipatam being unusually costly on account of the impossibility of getting good materials anywhere in the neighbourhood. It seemed to the Local Fund Engineer, my Vice President and myself that it would be inadvisable to incur any large outlay on building in a town which may at no distant date lose its position as chief town of the district.

6. On the other hand, the Office which in the last year was built

built for the Local Fund Supervisor at Bezwada is now available and would afford ample accomodation of the Local Fund Engineer's Office, being much larger than what the Supervisor requires. The Local Fund Engineer himself is strongly in favor of the transfer of his Head Quarters to Bezwada.

7. I request that Government will approve the arrangement mad

I have the honour to be,
Sir,
your most Obedient servant.

4.11.95

SECRETARY 1 NOV 95 PUBLIC DEPT

Respectfully Showeth.

That your Esteemed Excellancy will have understood by this time from the President District Board Kistna, that the Head Quarters of the L. F. District engineer has been transfered from Masulipatam to Bezwa

(2) Your excellancy will also observe that this the President has done without the necessary orders of Government & what is more even without the resolution nay knowledge of the District Board

(3) The reasons which the President has adduced & in fact any body can adduce in favour of the transfer are few & far between & the soundness there of is very sadly questionable. He says Masulipatam's importance is on the wane while that of Bezwada is waxing. Your Excellancy will be pleased to note that several District officers & local officers very widely disagree in this verdict. The District has already reported to the High Court the converse of the President's views & the Head assistant Collector Mr. Oldfield whose opinion as an
