GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 12th April 1895, No. 155 W.

I have the honour to submit, for sanction of Government, an estimate amounting to Rs. 6,400 for constructing a cheap iron bridge over the Kullar river at 66/5 mile on the Chundale-Mysore road in lieu of the present wooden bridge which is reported to be in a dangerous state. The amounts entered in the estimate for conveyance and fittings are all approximate.

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 20th August 1895, No. 321 W.

With reference to your memo. No. 92 D., dated 3rd May 1895, I have the honour to submit, for sanction of Government, the detailed plan and estimate amounting to Rs. 5,750 for constructing an iron bridge across the Kullar river at 66/5 mile on the Chundale-Mysore road.

From the Superintending Engineer, IV Circle, dated 14th September 1895, No. 348 W.

Note by the Chief Engineer, Public Works Department.

The estimate of Rs. 5,750 for constructing an iron bridge across the Kullar on the Chundale-Mysore road is submitted for the sanction of Government, with the remark that, before the girders are purchased, the contractors should certify that the girders have each stood a test-load of 16 tons at least.

27th November 1895. (Signed) J. PENNYCUICK, Col., R.E.,
Chief Engineer, P.W.D.

ORDER—No. 3091 W., dated 2nd December 1895.

The estimate amounting to Rs. 5,750 for constructing an iron bridge across the Kullar on the Chundale-Mysore road is sanctioned as supplemental to the estimate of Rs. 37,400 sanctioned for the road in G.O. No. 2192 W., dated 25th August 1893.

No. 3091 W., 2nd December 1895.

2. The expenditure on the work to end of 1894–95 was Rs. 19,925 and the current year's grant is Rs. 17,173. The Superintending Engineer will apply for such additional allotment as may be necessary.

3. Attention is drawn to the Chief Engineer's note recorded above.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 80 W. of 1895–96 and classified as Communications—Original Works.

"Godavari District Board for remarks.
"This Board does not require a boat to
"sail. The District Medical and Sani-
"-tary Officer will be asked to say
"how many days in the year he is
"likely to want a boat"

2. The plan and the estimate prepared under the orders of the Kistna District Board not having been received, the subject was not laid by me again before the Board and I requested the President of the Kistna District Board to expedite the plan and estimate in question. These have since been furnished but it is said that it is under consideration of the Kistna Board not to have a joint boat "for the two districts" and that Government will be addressed on the subject.

3. Pending the receipt of the orders of Government on the reference proposed to be made by the Kistna Board, no further steps can be taken by this Board in the matter.

I have the honour to be

To 21/10

The President, District Board, Kistna
" " Godavari.

Copy of letter No. 1040/D.S.K of 95 from the Dt Medical & Sanitary Officer Kistna.

I have the honor to state that I have been convinced by my recent tour of inspection that it is necessary for the Dt Medical & Sanitary Officer to do a good deal of touring apart from the Bi-annual inspections of Hospitals and Dispensaries. Even when the new Railway is finished there will ~~be~~ remain Kaikalur, Duggirala, Repalli, Gudivada Avanigadda and Tenali which either can only be visited by canal all the year round or during the rainy seasons. In addition it is necessary to get first to Bezwada in all cases, except those of Gudivada and Kaikalur and this journey has generally to be done by canal.

I am of opinion that to keep up an efficient supervision over vaccination and medical work

the

Municipal Dept.

17484/91
3617/94
Cn 20/241/95

the District Medical and Sanitary officer should go out into camp a good deal and as he cannot be out for more than 7 days at a time he will have to go out somewhat frequently, probably every month.

It is frequently difficult to borrow a boat and it is a great hindrance to his work not to be free to select his own time for going into camp according to requirements at Head Quarters — E.G. he may not care to leave a patient seriously ill ~~as~~ or there may be other similar urgent necessity for his staying in Head Quarters.

It is all this inconvenience which has led to the demand for a boat and this will not be affected by the new Railway. This being so it would be of no

no use whatever to share a boat with the Dt. Medical and Sanitary Officer, Godaveri. He requires a boat even more than we do and it would be impossible to arrange matters between the two Districts without causing quite as much inconvenience as exists at present.

7. Read G. O. dated 21st May 1894 No. 907 L. Mis. directing that the District Boards of Kistna and Godavari should jointly provide a boat for the use of District Surgeons of both the Districts.

Resolution:- The District Board is of opinion that the District Medical and Sanitary Officer, Kistna, must have a seperate boat. One boat for the Officers of both the Districts would seriously interfere with their travelling. The District Medical Officers must be allowed to go into camp whenever they find it convenient for them to do so.

No. 975/DB 9/95

KISTNA DISTRICT BOARD'S OFFICE,
Camp
Dated the 9th Novr. 1895.

Local & Municipal Dept.
CURRENT No. 3419 L

From
J. N. Atkinson Esqr.
PRESIDENT, DISTRICT BOARD
KISTNA.

To
THE CHIEF SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,
MADRAS.

SIR,

With reference to G.O. dated 4th Aug. 1894 No. 1446 L. Mis, communicated to the President Dt. Board Godavari, I have the honour to report for the information of Government that a joint boat is not wanted in this Dt. but a special boat for the Dt. Medical and Sanitary Officer is very necessary.

2. The Dt. Medical and

Sanitary

Sanitary Officer whom I have consulted in the matter points out to me in his letter No. 1060/D.S.K of 95 (copy enclosed) the necessity of having a seperate boat for him & I agree with him. So does the Dt. Board vide Resolution No. 7/16-6-94 (copy enclosed)

There are very strong objections to the proposal to have a joint boat – it will interfere with the work of both the medical officers and further the Dt. Board Godaveri will get the lions' share of the boat and yet it may charge this Dt. Board with 1/2 the cost.

Why?

In these circumstances, I request that Government will be pleased to reconsider its decision pointed out in para 3 of G. O. dated 21st

May

May 94 No. 907 L. Mis and sanction a seperate boat for the medical officer of this Dt. at a cost of Rs. 1,995. This is not much in the interest of medical and Sanitation.

I have the honour to be,

Sir,

Your most obedient servant

A. Hamid...

LOCAL AND MUNICIPAL DEPARTMENT.

Again G.O., dated 189 , No.
Current No. 2976 L of 1895, dated 9th October 1895 from the President, District Boar Godavari
Current No. 3419 L of 1895, dated 9th November 1895 from the President, District Boar Kistna.

FOR ORDERS.

In G. O. No 361 L dated 21st February 1894 it was decided that in view of the difficulties under which the District Medical and Sanitary officers of Godavari and Kistna were labouring in the matter of satisfactorily performing their duty of inspection, the two District Boards should consider the possibility of their combining to provide a boat to be used alternately for one or two months at a time by either medical officer. The District Board of Kistna objected to the proposed arrangement on the ground that it was impracticable to share a boat with the District Board of Godavari, while the latter thought that the cost of such a boat was not a legitimate charge on Local Funds; but the Government observing that

From
THE PRESIDENT.

Office

that no sufficient cause was given for refusing to adopt the suggestion made by it, requested the Boards (G.O. No. 907 L dated 21st May 1894) to provide the necessary boat with as little delay as possible. The President, District Board, Godavari, then wished to know what rent the Medical officers should be charged for the boat and whether they were to pay it monthly as other District officers did. On this, the Government said (G.O. No 1446 L dated 4th August 1894) that the President should settle the points raised, in communication with the Kistna District Board and report the result to Government.

2. In the first of the currents read above, the President of the District Board of Godavari states that no steps have been taken by that Board in the matter, pending the orders of Government on a reference proposed to be made by the Kistna District Board regarding the inconvenience of having a boat jointly for the two Boards, and in the second current, the District Board of Kistna repeats the request formerly made by it that a separate boat should be sanctioned for its Medical officer inasmuch as a boat for both the officers – jointly, would seriously interfere with their travelling as they could not regulate their towing according to their requirements both a head quarters and out of it, from time to time. Moreover, a boat would only cost Rs 1995, and it is considered that this is not a large outlay when the importance of Medical relief and Sanitation is taken into account.

VR
3/12/95

The two Boards are very obstinate & are putting every obstacle in the way of a joint boat. If they are ordered to build one at once, friction will probably arise between the two Bds. with the result that the Dist. Surgeons' work will be hampered. A sailing boat wd. be useful in Godavari but not in Kistna, & perhaps canals wd. be closed in one Dt. at a time ~~when~~ when the boat was allotted for the use of the Surgn. of that Dt. In these & other ways the Bds. can raise difficulties. ~~Submitted~~

that a boat is more necessary in Godavari than Kistna, but it is the latter Bd. who are giving most trouble. They might be refused a boat altogether, one being given to Godavari alone unless they consent to have a joint one, or else to save friction Each Dist. may be provided with one.

WWD
4/12/95

The two boards are very stiff necked about this matter. It is a question whether it is of sufficient importance to justify not giving way. They are both rich boards and can each afford a separate boat. ~~X~~ To make them have one in common will probably lead to squabbling. Besides the boat fitted for one district seems to be unsuited to the other. I do not know whether this is really the case but they will no doubt be in a position to form a judgment on the point.
