Sir,

I have the honour to submit the following case for your favourable consideration and for such orders as may be deemed fit

2 The services of one Subbamah a midwife attached to the Hospital at Ponneri in the Chingleput district were dispensed with as she was incapacitated for further work by a severe attack of paralysis. The midwife has applied either for pension or for a gratuity in consideration of her past good service and present helpless condition The District Medical and Sanitary officer recommends the application, and the Hospital assistant under whose immediate control she was

was, bears testimony to her good character.

3 She is an inferior servant on Rs 8 with 11 years' service and her illness was brought on by her devotion to her duties. Her case was placed before the District Board at its meeting of the 14th instant. The Board though aware of the order of Government dated 16th February 1893 No. 343 L, still, in consideration of her approved service of 11 years and seeing that her paralysis was brought on her owing to her duties, deemed fit to recommend to Government for consideration under article 83 of the Local fund rules the payment to her a gratuity of Rs 32 or 4 months' pay purely as a matter of grace. A copy of the resolution is enclosed and I recommend that Government may be pleased to consider favourably the proposal of the Board and sanction the gratuity as an exceptional case.

President, District Board

For orders.

Under G.O. No. 343 L. Local and Municipal, dated 16th Feb. 1893 persons of less than twenty years' service are not entitled to any gratuity. In the present case the midwife's service is only eleven years. Orders are solicited as to whether the District Board's proposal may be sanctioned as a special case.

V.R.
30/10/95

It is not clear how her paralysis was brought on by her devotion to her duties, as the President states. If payment is sanctioned, the case should not be treated as a precedent.

WC 31.10.95

Ask how the duties were the cause of paralysis. Who certified to this? What has the Dist. Med. Officer to say in the matter. I see that he was at the meeting which passed the resolution.

Sir,

In reply to your Ref: on No. $\frac{2658}{2}$ dated 11th November 1895, I have the honour to state that the midwife has done good work in the station and was always trustworthy. She was attacked previously with paralysis and was absent from duty for only one month. Her early return to duty combined with her attention to her work no doubt hastened the present attack which has completely prostrated her and rendered her unfit for further service.

SIR,

In reply to the memorandum of Government No. 1620, dated 8th current, regarding the gratuity proposed for midwife Subbammah, I have the honour to state that the woman was once before attacked with paralysis and was absent from duty for one month. Her too early return to duty combined with her attention to work is stated by the District Surgeon to have hastened the 2nd attack which has completely rendered her unfit for further service. A copy of the District Surgeon's letter is enclosed.

2 The Board appears to have based its recommendation on behalf of the midwife on the personal representation of the District Medical Officer who was present at the meeting at which this subject was considered.

Please see the notes on the first of the currents read above and the information furnished by the President, in the second current, in reply to the reference made on the first.

As the midwife was rendered unfit for service by her extreme devotion to duty, the gratuity might be sanctioned as a special case.

WWD
3/12/95

While disposed to doubt whether return to duty and attention to her duties had much of anything to do with the second attack of paralysis, it being well known that one attack of this disease is almost invariably followed sooner or later by another. I submit that the circumstances of the case are such as to warrant this being made a special one.
