CURRENT No. 408/M I have etc.

(Signed) F. V. Narasimhalu
Deputy Collector.

Dis No 130 of 95

Submitted to Government in reference to paras 3

and 4 of G.O. No. 1550 M. Mis. dated 29th October 1894.

2. I inspected a number of backyards in various streets in Palamcottah on the 31st December 1894 and found that the pits had all been filled up to within a few inches of the surface, and were being kept clean. I was satisfied that the Chairman was exerting himself in the matter with very great success.

3. There is an apparent decrease in the number of houses served in the second half of the official year as compared with the first half viz 1226 against 1556 reported in my letter Reference on current no. 589 dated 9th October 1894. The Chairman however assures me that the figure 1226, which was that of the 19th January 1895, has since risen to 1493, and that he hopes to have more than 2000 houses on the list before the end of the official year.

reference to your footnote Reference C
on current no. 700 dated 6 November 1894 to G.O.
no. 1550 M. M. dated 29 October 1894, I have the
honor to report as follows:-

2. Besides the backyards of houses in the Fort
and Cantonment wards of Palamcottah inspected
by me in company with you and the Chairman on
31st December last, I inspected the backyards of several
houses in the Durukankurichi ward on the 18th
and 19th instant and send herewith a note of
the result of my inspection. Manure pits in several
of the backyards have been filled up and night soil
is daily removed. Ashes to of a few days' accumula-
-tion were deposited close to the latrines in a few
backyards. The private scavenging system is
on the whole working satisfactorily. The number of
houses registered under the system in the second half year
