Note for CS.

The general purposes balance seems dangerously
 small, but judging from the experience of the
 last two or three years a large proportion of
 the 1904-95 Budget allotment for works will
 remain unspent at the close of the year, & but
 funds at the Bd's disposal. It will be seen
 from the list that Mr. Chelva, the L.P. Engineer had only
 spent 18 p.c. of the allotment in the first eight
 months of the year. - If any thing should be
 cut it is suggested that the

17/2/95
 increase of Rs 3030 for sweeps
 in non-union villages (para 32 of the
 Presd. letter) might be reduced without
 any great harm resulting

It is ^{possible} that something can be done
 to save: it will be prudent to do so.

RECEIPTS.

3. *Opening Balance.*—The figures communicated by the Accountant-General in the supplemental treasury account for March 1894 are adopted, subject to the refund to the Srivilliputtur taluk board of the sum of Rs. 148 referred to in paragraph 3 of this office letter, No. 130, dated 14th December 1892, printed in G.O., No. 229 L., Local and Municipal, dated 3rd February 1893. The matter is under correspondence between the Accountant-General and the Treasury Deputy Collector. The large

opening balance was due to short expenditure on public works in the preceding year as explained in the administration report of that year, embodied in G.O., dated 17th September 1894, No. 1834 L., Local and Municipal.

4. *Land-cess.*—The budget estimate is repeated.

5. *Tolls.*—The decrease of Rs. 180 is due to want of competition.

6. *House-tax.*—The decrease of Rs. 1,150 below the budget estimate is due to the exclusion of the receipts from the Srivilliputtur union which was converted into municipality from 1st October 1894: vide G.O., dated 10th August 1894, No. 1065 M.

7. *Education.*—The decrease of Rs. 295 is due to the transfer of the schools in the Srivilliputtur town to that municipality.

8. *Medical.*—A sum of Rs. 40 is anticipated from the collections of small admission fees recently introduced into the local fund hospitals and dispensaries. The opinion of the Board is rather divided on the advisability of the system. Rs. 800 are expected from the Uthumalai estate on account of arrears of contribution.

9. *Market Rents.*—The estimate is placed at the actual amount of the lease. Feelevying weekly markets were started at Vartirayirupu and Kadayanallur villages.

10. *Miscellaneous and other items.*—The increase is trifling and is made up of several small sums.

11. *Public Works.*—The increase of Rs. 450 is due partly to the subscription of Rs. 100 by a private individual towards the construction of a culvert across a district board road for irrigation purposes and to that of Rs. 50 by the trustees of the Srivilliputtur temple after the car festival, for the restoration of the surface of the portion of road No. XI, Tenkasi-Madura road, lying within the limits of the town.

12. *Contribution from Provincial Funds—Education.*—The decrease of Rs. 2,120 below the budget is due to the omission of the grant of Rs. 2,500 taken credit for on account of the technical institute building, the site recently selected being in course of acquisition. The Tinnevely taluk board has drawn a grant of Rs. 350 towards the construction of certain school-houses.

13. *Allotment from District Funds.*—The increase of Rs. 6,010 is made up of the sum of Rs. 2,110 allotted to the Tinnevely taluk board for compensation of lands acquired for the road under construction between Sankaranayinarkóyil and Chintamani—vide clause 3, paragraph 16, of this office letter giving cover to the budget of 1894-95—and Rs. 3,900 to the Tuticorin taluk board for the completion of certain urgent public and sanitary works towards which private contributions were formerly received.

14. The other items more or less follow the figures of the budget and do not seem to require special explanation.

CHARGES.

15. *Grant I, Public Works.*—The increase of Rs. 52,135 over the budget estimate is due to subsequent allotments from the reserve and from the balances of the endowments and panchayats, the incomplete and uncommenced works of the preceding year being the chief objects of the allotments. The details are given in Statement No. IX-B.

Original Works—Communications.—The subsequent allotments under this head include the provisions made for the construction of a causeway across the Nambiar river at Tirukurugudi (Rs. 4,680), a bridge across the Marudur channel near Seidunganallur (Rs. 1,065), and the construction of two village roads (Rs. 1,040). The Tinnevely taluk board has provided Rs. 2,110 towards compensation for the lands taken up for the Sankaranayinarkóyil-Chintamani road. The budget allotment of Rs. 14,000 for the construction of the Ettiyapuram-Vilatikulam road is reduced to Rs. 9,000, as the whole grant cannot be spent within the year.

Civil Buildings.—The increase is chiefly due to the allotments of Rs. 3,890 and Rs. 600 for the erection of chattrams at Maniyachi and Kurkusalai, respectively, and Rs. 1,970 on account of a dispensary building at Tirukurugudi. Of the budget provision of Rs. 5,000 for the construction of the technical institute, Rs. 3,000 are surrendered and Rs. 2,000 retained for the payment of compensation, &c., for the new

site recently selected for the purpose: *vide* paragraph 12 *supra*. Rs. 4,000 are provided towards the commencement of the erection of an office building to accommodate the offices and establishments of the district board, the Tinnevely taluk board, the local fund audit and account branches and the district board engineer together with the Tinnevely range supervisor and the Tinnevely overseer's establishments. An annual rent of Rs. 300 is being allowed to the engineer for office building and the supervisor and the overseer keep their offices more or less in their houses. The other establishments mentioned are accommodated in the Collector's office and suffer for want of space, nor are any buildings available for rent in the neighbourhood. The district board has accordingly sanctioned the construction of an office building in the Huzur cutcherry compound, an estimate of which has been sanctioned by the district board. It is hoped that the work may be commenced before the end of the year.

Miscellaneous Public Improvements.—The revised estimate is Rs. 5,325 higher than the budget, which is due to subsequent allotments for the construction of sheds in markets and the purchase of a site for the Elayrumpannai market as also the construction of drinking-water tanks and bathing ghâts.

Repairs.—The increase under communications is chiefly owing to the provision of the additional allotment of Rs. 6,130 on account of the district board roads, the sanctioned rates of maintenance being found inadequate, and of Rs. 1,080 for the repairs of the bridge on the road leading to Arumuganeri salt factory. The allotments sanctioned for the gravelling of the streets in unions also contribute for the increase.

The subsequent allotments provided for the repairs of chattrams and dispensaries account for the increase under "Civil buildings," while the allotments sanctioned chiefly on account of the repairs of chattram irrigation works caused the increase under "Miscellaneous public improvements." The Tuticorin taluk board has provided Rs. 2,935 for unforeseen expenditure.

Contributions.—The district board has sanctioned Rs. 5,200 for payment of contribution to the Madura district board for the construction of the Arupukóttai-Virudupatti road, and the Tuticorin taluk board Rs. 998 to the Public Works Department for the improvement of the Srivaikuntam-Periyakulam tank bund over which Road No. XXIII runs.

16. *Grant II, Education.*—The revised estimate of this grant is higher than the budget by Rs. 1,605, which is due to the increased provision for payment of results grants to aided schools. The budget provision of Rs. 150 for the Sanscrit school of the Tirukurungudi chattram was not spent, the institution not having been opened yet. The Sêrmádévi taluk board will be requested to take steps for starting it at an early date. The pay of the Tachanallur school teacher has been raised from Rs. 7 to Rs. 9.

17. *Grant III, Medical, Sanitation and Public and Charitable Institutions.*—Notwithstanding the exclusion of Rs. 1,445, being the estimated expenditure under sanitation during the latter half of the year in the Srivilliputtúr union, now a municipality, and a decrease of Rs. 2,115 under choultries, the revised estimate falls short of the budget by Rs. 885 only, which is due to subsequent allotments and transfers under medical services and sanitation. The budget provisions for the charges connected with the hospital, choultries and travellers' bungalow situated within the Srivilliputtúr municipal limits are retained pending the formal transfer of the institutions to the town council. The Taluk Board President will be requested to submit an application for the purpose. The increase of Rs. 1,035 under medical institutions is due to the establishment of the Lady Dufferin female dispensary at Melaveraragavapuram near the Tinnevely railway station—*vide* G.O., dated 24th July 1894, Mis. No. 1357 L.—and to the entertainment of second clerk on Rs. 10 in the office of the District Medical and Sanitary Officer, the clerk already attached not being able to cope with the office work, which has been increasing with the development of the local boards and panchayats and the establishment of new medical institutions.

In the vaccine establishment two calf peons on Rs. 5 with fixed travelling allowance of one rupee each were entertained in consequence of the Tenkarai and Nangunéri taluks having been each divided into two vaccine circles—*vide* G.O., Mis. No. 517 L.,

dated 16th March 1894, and district board resolution, No. 8, dated 27th August 1894.

18. Under sanitation there is an increase of Rs. 1,635 under taluk boards and a decrease of Rs. 1,445 under unions, the former being due to additional provision for water-supply works in certain non-union villages in all the taluk boards except Tuticorin, where the decrease is owing to the transfer to Grant I of works estimated to cost Rs. 300 and more and the latter to the exclusion of the expenditure appertaining to the Srivilliputtúr union. From the provision for the scavenging establishment the estimated expenditure for the latter six months of the year on account of the Srivilliputtúr union has been omitted, nevertheless there is an increase of Rs. 1,485, which is due to the charges connected with the conservancy carts, &c., having been transferred from the item of "Other sanitary outlay" to this head as required by Government. Besides the corresponding decrease there is a further falling off of Rs. 1,815 under "Other sanitary outlay" which is owing to its transfer to other works.

In the revised estimate on account of choultries, there is a decrease of Rs. 1,080 under contingencies and Rs. 1,120 under feeding charges. The increase under establishment is chiefly owing to the arrear payment of the salary of the temporary monigar attached to the Tirukurungudi chattram and to the increase of pay from Rs. 2 to Rs. 3 of the toti of the Pandarakulam chattram. The decrease under contingencies is owing to the exclusion of the amount of fasaljasti charges owing to the decrease of cultivation under that head payable by the chattrams in the Sêrmádévi taluk board, while that under feeding charges to the introduction as a temporary measure of the system of feeding under contract. The Tinnevely and Tuticorin taluk boards have raised the estimate by Rs. 60 and Rs. 10, respectively, for the purchase of brass vessels.

19. *Grant IV, Establishment and Miscellaneous.*—The estimate under this grant is Rs. 875 higher than the budget. The provision for the printing work done at the Government Press is raised by Rs. 600 for the payment of arrears due on account of the preceding year.

The local fund account establishment was improved by the entertainment of an additional accountant on Rs. 20 in view of instituting an efficient check over the receipt side of the treasury account which was noticed by inspecting officers as inadequate.

The Tuticorin taluk board has raised the pay of the second clerk from Rs. 12 to Rs. 15 and the Tinnevely taluk board has entertained a masalchi on Rs. 5.

The increase of Rs. 135 under "Stationery" in the taluk board is due to the fresh supply of forms. There is, however, a small decrease of Rs. 30 under "Printing charges", which is owing to the reduced rates allowed for the purpose in consequence of competition.

Under "Miscellaneous" the provision in the district board is raised by Rs. 250 to meet the charges connected with certain advertisements for engineers and for the purchase of furniture.

20. *Provident Fund.*—The decrease of Rs. 400 is due to the provision of bonus on the actual amount subscribed.

Excluding the opening balance, loans and allotments from one fund to another, the total receipts of the district for 1895-96 are estimated at Rs. 4,60,010 against Rs. 4,57,905 of the revised estimate of 1894-95 and Rs. 4,76,477, the actuals of 1893-94. The increase over the revised estimate of 1894-95 is spread over the several items of receipts, while the decrease under the actuals of 1893-94 is due to the collection of arrears in that year and to the transfer of deposits from the Revenue to the Local Fund department.

RECEIPTS.

23. The budget figures of 1895-96 closely follow those of the revised estimate of 1894-95, except under the following heads, for the reasons mentioned against each:—
(a) *Tolls.*—Rupees 1,500 are anticipated being the contribution of a third of the toll receipts of the new Srivilliputtur municipality.

(b) *House-tax.*—The increase of Rs. 810 is estimated in consideration of the revision of the tax in the Tuticorin taluk board, as also the inclusion of certain adjoining villages with the unions of Viravanallur and Sermadévi as marginally noted for which sanction is solicited. The Srivilliputtur union has been excluded.

Village.	Population.	Number of houses.	Probable amount of house-tax.	Distance from union centre.
Viravanallur union—			RS.	MILE.
(1) Pudukudi	1,700	350	170	$\frac{1}{2}$
(2) Harikesavanallur	1,100	250	150	$\frac{1}{2}$
(3) Geriammalpuram	2,400	500	280	$\frac{1}{2}$
Sermadévi union—				
Vadukarukurichi	3,300	700	400	1

(c) *School-fees*.—An increase of Rs. 320 under this item is estimated on account of the opening of new schools and the prospect of better attendance.

(d) *Medical—Other items*.—The increase occurs under the small admission fees charged for out-patients.

(e) *Miscellaneous—Other items*.—The increase of Rs. 1,455 occurs chiefly under “fishery rents” and “avenues” owing to the favorable character of the season and to better management.

(f) Rupees 7,000 are estimated as part-payment of contribution from the Ettiyapuram estate towards the construction of the Ettiyapuram-Velattikulam road.

(g) *Provincial Contribution for Education*.—The increase of Rs. 2,200 is due to the omission from the revised estimate of the building grant on account of the technical institute, for which Rs. 2,500 is now taken credit.

(h) *Allotment from the District Funds*.—Rupees 1,000 are allotted to the Tinnevely Taluk Board to meet the deficit balance. The endowed institutions of Satupatu, Sivagurunada Pillai's chattram at Ambasamudram and a pond at Anyaparanallur were recently transferred to the management of the Sérmádévi and Tuticorin taluk boards, respectively.

CHARGES.

24. *Grant I, Public Works*.—The estimate of expenditure under this grant amounts to Rs. 2,27,200 against the revised estimate of Rs. 2,77,795 and Rs. 2,01,283, the actuals of 1893-94. The increase in the revised estimate is owing to the subsequent allotments, chiefly for the incomplete and uncommenced works of the preceding year.

25. *New Works*.—Under new works “communications,” provision is made for the construction of the Ettiyapuram-Vilattikulam road (Rs. 10,000), Rs. 1,000 for the extension of the road joining road No. I near the Tulukapati Railway station, Rs. 1,000 for replacing certain road dams by culverts on road No. XXVI, between Srivilliputtur and Sattur, and Rs. 400 for gravelling a village road.

Under “civil buildings,” district board, Rs. 18,000 are provided—Rs. 8,000 for the technical institute and Rs. 10,000 for the district board office building. The Srivilliputtur taluk board provides Rs. 1,000 for the erection of a building to accommodate the office of the union panchayat of Sivakasi, where suitable rented buildings are not available.

Miscellaneous Public Improvements.—The estimate falls short of the revised estimate by Rs. 3,175, which is due to large sums having been provided in the latter for improvements of markets. Besides the estimate for the erection of sheds in the markets and the improvement of square tanks, provision is made for the construction of drains in Virudupatti union (Rs. 800), and a slaughter-house in Sivakasi union (Rs. 400). The estimate for the former work has been already approved by the Sanitary Engineer.

26. *Repairs, Communications*.—Besides Rs. 1,03,480 estimated for the ordinary repairs of roads and masonry works, Rs. 30,000 are provided for the execution of important renewals on miles 31.1400, road No. I, Palamecottah-Madura road (miles 7.520), No. IV, Palamecottah-Tiruchendur road (miles 4), No. V, Palamecottah-Travancore road (miles 3), No. VII, Tinnevely-Shencottah road (miles 5.440), No. VIII, Tinnevely-Rajapoliyam road (miles 5), No. IX, Tinnevely-Potalpudur road (miles 3.1100), and No. XXIV, Tuticorin-Vembur road (miles 3.1100).

The surface of roads, specially of the main lines, having deteriorated as explained in the administration report of the past official year (*vide* clause 3, paragraph 22, printed in G.O., dated 17th September 1894, No. 1834 L., Local and Municipal), the maintenance grants are raised as shown in statement III-B.

The provision of Rs. 500 under “civil buildings” is for the repairs of the Panovadali chattram in the Tinnevely taluk board and that of Rs. 6,270 under miscellaneous public improvements, chiefly for the maintenance of avenues in all the taluk boards. The decrease below the revised estimate under both the heads is due to the repairs of chattrams and their irrigation works in 1894-95 out of the surplus

of the endowment funds. Under establishment provision is made for the entertainment of an additional accountant on Rs. 25 in the District Board Engineer's office, as the preparation under the recent rules of detailed work vouchers for all works costing more than Rs. 300 for submission to the Audit department cannot be got through by the existing establishment. The Engineer applied for this additional hand in December 1893, but the appointment was postponed to see whether the additional work cannot be performed by the present staff. The work suffering seriously, it is considered that the entertainment of the additional accountant is necessary.

The District Board Engineer Mr. D. P. Chester, whose pay is now Rs. 500, has applied for increased pay of Rs. 600 a month. Looking to the general results as shown by the present bad state of the roads and to the Engineer having resigned in June last and being again re-entertained, the district board cannot fairly recommend the increase. The board considers, however, that annual increments of Rs. 25 up to Rs. 600 might be considered in next budget, if funds permit and better results are shown. The provision in the revised estimate under contributions is higher, owing to the allotment of Rs. 5,200 for payment to the Madura district towards the construction of the Aruppukottai-Virudupatti road. The amount is promised to be paid after the completion certificate has been forwarded.

27. *Grant II, Education*.—The salary of the teacher of the practising branch of the board training school is raised from Rs. 10 to Rs. 15, in order to retain the services of the present incumbent who is a trained and certificated matriculate.

Under salary-result schools there is an increase of Rs. 1,430 over the revised estimate. Provision is made for six additional teachers—one on Rs. 9 in the Tuticorin taluk board and five on Rs. 5 each (one in Tinnevely, one in Sérmádévi and three in the Srivilliputtur taluk boards). The pay of the two teachers of the Virudupatti Muhammadan school is raised by Rs. 2 each.

An additional gymnastic teacher on Rs. 12 is proposed to be entertained for the Nanguneri taluk. The Tinnevely taluk board provides for a new school for Marava boys in Vannikonendal village, Sankaranayinarakóvil taluk, with two teachers—one on Rs. 7 and the other on Rs. 5—and the Sérmádévi taluk board, three schools for the fifth class boys with a teacher on Rs. 7 each.

The managers of the Nanguneri Anglo-Vernacular school having handed it over to the Sérmádévi taluk board, the board has the institution with its masonry building and an endowment of Rs. 756 and provision is made for three teachers on Rs. 9, 7 and 6, respectively. The Srivilliputtur board has omitted two schools of the Srivilliputtur town, now a municipality. The Sérmádévi and Srivilliputtur taluk boards follow Tuticorin in allowing a travelling allowance of annas two per diem to circle gymnastic teachers.

28. The revised estimate for results grants is higher, as it includes the subsequent allotment for payment of over-earned grants of the preceding year.

29. The total charges on account of education are thus estimated at Rs. 66,030, including Rs. 8,000 under grant I; while the educational receipts amount to Rupees 10,640, inclusive of the anticipated building grant of Rs. 2,500 on account of the technical institute. The net cost to local boards under “education” is Rs. 55,390 or 22 per cent. of land-cess, against 20.2 in the budget of 1894-95.

30. *Grant III, Medical, Sanitation and Public and Charitable Institutions*.—The estimate under this grant is Rs. 5,815 higher than the revised estimate notwithstanding the exclusion of the charges connected with the institutions at Srivilliputtur to be transferred to that municipality.

31. Provision is made for the charge allowance of Apothecary Miss D'Costa in charge of the Lady Dufferin Female dispensary and for increase of salary to Apothecary Parthasarathy Naidu in charge of the medical institution at Nanguneri who puts in the prescribed period of service during the year. The pay of the District Medical and Sanitary Officer's peon is raised from Rs. 6 to Rs. 7. The compounders of the medical institutions of Tiruchendur, Verakeralampudur and Melaviragavapuram having put in the prescribed service are allowed increased pay, the former two from

Rs. 12 to Rs. 15, and the latter from Rs. 9 to Rs. 12. The pay of the sweeper of the Tiruchendur dispensary and the ward coolies of Virudupatti and Sattūr is raised from Rs. 5 to Rs. 6, and that of the sweeper of the Ettiyapuram dispensary from Rs. 4 to Rs. 5. The Apothecary in charge of the Sattūr medical institution is allowed a monthly house-rent of Rs. 5.

32. *Sanitation*.—The increase of Rs. 3,030 under this head is chiefly due to the appointment of additional sweepers and providing of establishment in certain non-union villages. The Tuticorin and Sérmádévi taluk boards have appointed one and two additional sweepers, respectively, while the Srivilliputtūr taluk board has entertained two, besides seven new sweepers, one for each of the villages of Sippiparai, Yelayirumpannai and Devadanum and two each for Sundarapandyam and Tirutangal. The Tinnevely taluk board has removed seven sweepers and a maistry from three unions and four sweepers from non-union villages and increased the pay of one sweeper from Rs. 4 to Rs. 5. The estimate for sanitary arrangements at fairs and festivals falls short of the revised estimate by Rs. 160 owing to the omission of the grant for festivals in the Srivilliputtūr town and to the regulation of the estimate with reference to actual expenditure in certain places.

33. *Markets*.—The Sérmádévi taluk board removes the waterman of the Tisayanvilai market as no longer required, while the Tinnevely taluk board has raised the pay of the establishment in the Sankaranáyinárkóvil market from Rs. 4 to Rs. 5.

34. *Choultries*.—There is a net increase of Rs. 1,975 under this head over the revised estimate. The charges connected with the Mangammal's chattram at Madavarvilagam are left out of account in view of that institution being transferred to the Srivilliputtūr municipality. The Sérmádévi taluk board proposes to raise the pay of the manager of the Tirukurungudi chattram from Rs. 20 to Rs. 25 in consideration of the responsibility of the duties he has to perform in connection with that institution. Tinnevely taluk board raises the pay of the Vannikonendal and Panavade chattram sweepers from Rs. 3 to Rs. 4. The increase under contingencies and feeding charges is proportionate to the decrease in the revised estimate, and the expenditure is expected to be incurred during 1895-96.

35. *Bungalows*.—The provisions of the budget of 1895-96 and the revised estimate of 1894-95 are nearly the same, as the reduction made on account of the Srivilliputtūr bungalow is met by the expenditure estimated for Virudupatti bungalow recently transferred to the Srivilliputtūr taluk board (*vide* G.O., dated 16th October 1894, Mis. No. 2076 L).

36. *Contributions*.—The increase of Rs. 1,080 under this head is made up of the additional amount of Rs. 80 provided by the Tinnevely taluk board on account of the municipal medical institutions in that taluk; Rs. 500 estimated by the Srivilliputtūr taluk for payment to the Srivilliputtūr municipal dispensary, Rs. 350 by the Sérmádévi taluk board for an aided dispensary to be opened at Panagudi, Nágunéri taluk; and Rs. 150 being the additional sum provided by the district board for the scholarship of the female stipendiary of the Apothecary grade for the whole year instead of six months only in the revised estimate.

37. *Miscellaneous*.—The Sérmádévi taluk board raises the estimate by Rs. 40 for the opening of temporary water-pandals in Sérmádévi and Patamadai villages, Ambásamudram taluk, during three months of the hot season.

38. *Grant IV, Establishment and Miscellaneous*.—The salary of the Local Fund head accountant in the Collector's office was fixed at Rs. 30 in 1870, before the local fund boards came into existence. The work and the responsibility of the accountant have considerably increased since, while the pay of the office remains the same and is inadequate. It is proposed to raise it by Rs. 5 a month.

The Sérmádévi and Srivilliputtūr taluk boards propose to raise the pay of the head clerk from Rs. 20 to Rs. 25,—a scale sanctioned by Government in the budget for 1894-95 for the other two taluk boards. The Tinnevely, Sérmádévi and Srivilliputtūr taluk boards propose to raise the pay of their 2nd clerk, the former two from Rs. 12 to Rs. 15, and the latter from Rs. 10 to Rs. 12. The Tuticorin taluk board estimates

for the increment of the salary of the attender from Rs. 7 to Rs. 10, but Rs. 8 is entered as in the other taluk boards, while the Srivilliputtūr taluk board proposes the appointment of a masalchi on Rs. 5 per mensem and raises the pay of the attender from Rs. 7 to Rs. 8. The additional cost is Rs. 25 per month.

All the taluk boards except Tuticorin have proposed a general increment of salary to the union establishment. The Tinnevely taluk board proposes to raise the pay of six union karnams and as many bill collectors,—the former from Rs. 10 to Rs. 12 and the latter from Rs. 5 to Rs. 7; and the Sérmádévi board, of seven bill collectors only from Rs. 5 to Rs. 6; while the Srivilliputtūr taluk board, of two union karnams from Rs. 8 to Rs. 9 and of another from Rs. 9 to Rs. 10, the rates being within the sanctioned scale; as also the pay of five bill collectors from Rs. 5 to Rs. 7. The additional monthly expenditure involved is Rs. 44.

39. *Loans and Interest*.—A sum of Rs. 8,500 is provided under district funds towards the repayment of the last instalment of Rs. 5,000 of the loan of Rs. 45,000 from the endowment fund, and towards the 7th instalment (Rs. 3,500) of the Ettiyapuram loan of Rs. 35,000 obtained for the construction of the Srivaikuntham iron bridge, Rs. 950 are provided under interest Rs. 250 being payable to the taluk boards and the remainder to the Ettiyapuram estate.

Provident Fund.—Bonus and interest are calculated, the former on the anticipated subscriptions and the latter on the actual principal of 1894-95.

40. Besides the allotments for minor items, law charges, subscriptions to usual periodicals, &c., which are nearly the same as in the previous year, all the taluk boards except Tinnevely have provided for a copy of Civil Service Regulations each and the subscription for District gazettes to union panchayats.

41. The reserve is estimated at 6 per cent. of the receipts exclusive of the opening balance, and the revenue under endowed institutions and unions and the balance at about 2 per cent.

42. The budget closes with a balance of Rs. 51,740 as shown below:—

	District.	Taluk.	Union.	Total.
	RS.	RS.	RS.	RS.
Ferry fund	1,290	..	..	1,290

43. The District Board's resolution sanctioning the budget and the revised estimates and the proposition statement together with the map of the district are enclosed.

The necessary map and memorandum, as also the draft notifications for the inclusion of villages in the unions mentioned in paragraph 23 above, are also forwarded.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 22nd December 1894, No. 12597.

I have the honour to submit the following remarks on the Educational portion of the Tinnevely District Board budget for 1895-96.

2. *Receipts*.—As in the current official year, credit is taken for a grant of Rs. 3,240 from Provincial funds under salary and stipendiary grants on behalf of the board training school and the technical class to be attached to it. The estimate may stand. Under building grants, the board has entered Rs. 2,500 as grant towards the construction of a building for the location of the technical class to be attached to the training school. The same provision has been made in the budget of the current official year.

But, it cannot be utilized for want of a site. From the President's letter, I understand that negotiations are going on for the purchase of a suitable site and that there is every probability of the construction of the building being taken in hand during the next official year.

3. *Charges.*—(i) Against inspection, the current year's figures have been repeated except under travelling allowance, for which an additional sum of Rs. 100 has been provided. The increased allotment meets with my approval.

(ii) Provision has been made for the working of only three sessional schools, each for a period of three months. In view of the large number of unpassed teachers in the primary schools, and in view of the fact that the Educational rules will fully apply to lower primary schools also from next year, I would recommend that provision be made for the working of eight sessional schools, each for a period of three months.

(iii) The allotments made on behalf of the training school and the technical class to be attached to it are mostly the same as those of the current year, and have my approval.

(iv) I fully approve of the provision made (1) for the appointment of additional teachers in certain salary-result schools owing to increased strength; (2) for the opening of a board school with two teachers for Maravas, a backward class, under the Tinnevely taluk board; and (3) for the opening of three salary-result schools for Panchamas under the Sérmádévi taluk board. The entertainment of a circle gymnastic instructor for the Nágunéri taluk might give way to more pressing requirements. In the circumstances stated in the President's letter, the Nágunéri Anglo-vernacular school may be taken under the management of the Sérmádévi taluk board and the allotment made for its maintenance in Statement IV-A may stand.

(v) Owing to the inadequacy of the budget allotment for the current official year under result grants, namely, Rs. 23,600, it was not found possible to assign for each school in the E list more than 37 per cent. of the net cost, except in the case of schools situated in backward localities or intended for backward classes. With a view to assign a larger proportion of the net cost for each school, I would raise the provision under this item for the next official year from Rs. 23,500 to Rs. 28,000.

(vi) Under building grants the board has provided only Rs. 400, as against Rs. 500 for the current year. I would recommend that Rs. 1,000 be allotted for building and furniture grants to enable managers of results schools to fulfil the conditions of recognition.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Acting Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 24th January 1895, No. 149-S.

With reference to the budget estimate of the Tinnevely District Board for 1895-96, I have the honour to state that the provision therein made for vaccination (Rs. 10,960) is sufficient, and calls for no special remarks from me. The sanitary grant is Rs. 58,280, or Rs. 3,270 more than that for the current year, and is equal to nearly 13 per cent. of the estimated receipts.

2. No extract from Statement III has been furnished, and in consequence I am unable to ascertain whether any works of a sanitary nature are budgeted for under Grant I.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 2nd February 1895, No. 80.

With reference to Grant III of the budget estimate of the District Board, Tinnevely, for the year 1895-96, I have the honour to state that the pay provided for the hospital assistant attached to the Ottappidáram dispensary should be increased from

Rs. 475 to Rs. 630, as he will complete 14 years' service on the 30th June 1895, and will be entitled to a higher rate of pay with effect from that date.

2. There are ten medical subordinates employed in the district for whom no provision is made for compensation for quarters; a sum of Rs. 10×5×12, or Rs. 600, should now be provided.

3. The action of the district board for making no provision for the dispensary at Sríviliputtúr, which is proposed to be transferred to the municipality, is approved.

ORDER—dated 9th February 1895, No. 261 L., Local and Municipal.

REVISED ESTIMATE FOR 1894-95.

2. The current receipts and charges are now estimated at Rs. 4,57,905 and Rs. 5,21,680, respectively, against Rs. 4,57,750 and Rs. 4,80,640 anticipated in the sanctioned budget, the increase in the charges occurring chiefly under Grant I. The sanction of Government should be obtained under No. 65 of the Local Fund Rules to the establishment of the markets at Varttirayiruppu, Kadayanallur and Karivalamvandanallur. Notwithstanding the remark in paragraph 2 of G.O., dated 23rd February 1894, No. 371 L., the expenditure on public works during the first six months of the year was only 18 per cent. of the allotment. This is very discreditable and has not been explained. If the Local Fund Engineer does not do better he should be got rid of. The Government considers that the district board has done perfectly right in declining to consider the question of increasing his salary until better results are produced. The entertainment of a second clerk on Rs. 10 for the District Medical and Sanitary Officer, an additional calf peon on Rs. 5, an additional accountant on Rs. 20 in the Collector's office, and the increase in the salaries of the teacher of the Tachanallur school, the toti of the Pandarakulam chattram, and the second clerk of

the Tuticorin taluk board's office, referred to in paragraphs 16 to 19 of the President's letter, are sanctioned. In the absence of anything to establish the necessity for a masalchi in the office of the Tinnevely taluk board, his employment cannot be approved. Under contribution for controlling establishments at the Presidency, the current year's provision of Rs. 2,150 will be repeated instead of Rs. 2,700, the actuals of 1893-94. The closing balance to be carried forward to the ensuing year's budget will then be Rs. 83,320.

BUDGET ESTIMATE FOR 1895-96.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 4,60,010 against Rs. 4,57,905 in the revised estimate. The contribution from the Srivilliputtur municipality on account of tolls will be reduced from Rs. 1,500 to Rs. 1,230, being a third of the net income from tolls anticipated by the council. The proposal to include certain villages in the Viravanallur and Sérmádévi unions should form the subject of a separate communication, in which information should also be furnished as to whether each of these villages have, or had once, a separate headman.

4. *Charges.*—(1) The charges are put down at Rs. 4,91,000 against Rs. 5,21,130 in the revised estimate, the decrease appearing under Grant I.

(2) *Grant I.*—No expenditure should be incurred on any of the new works provided for in the budget until the estimates for them are sanctioned by competent authority. The contribution to the Public Works Department for the scrutiny of local fund plans and estimates will be raised from Rs. 500 to Rs. 1,080, with reference to G.O., dated 12th December 1894, No. 2582 L., and a sum of Rs. 300 will be also added with reference to G.O., dated 21st December 1894, No. 2007 M. The entertainment of an additional accountant on Rs. 25 in the District Board Engineer's office, proposed in paragraph 26 of the President's letter, is sanctioned.

(3) *Grant II.*—The additions to, and alterations in, the Educational establishments specified in paragraph 27 of the President's letter, are sanctioned. The suggestions of the Director of Public Instruction in clauses (ii), (iv), (v) and (vi) of paragraph 3 of his letter will be referred to the local boards for consideration.

(4) *Grant III.*—The allotment for hospitals and dispensaries will be raised by Rs. 750 with reference to paragraphs 1 and 2 of the Surgeon-General's letter read above. The increase in the salary of the peon of the District Surgeon's office and of the dispensary servants, proposed in paragraph 31 of the President's letter, cannot be approved in the absence of any grounds to justify it. The revision of the scavenging establishments of the non-union villages proposed in paragraph 32 of the President's letter is sanctioned. The attention of the President of the district board will be drawn to the omission pointed out by the Sanitary Commissioner in paragraph 2 of his letter. The increase in the salaries of the market and choultry establishments proposed in paragraphs 33 and 34 of the President's letter is sanctioned. Under Contribution to Provincial Services for the Medical College, Sanitary Inspection and Medical Reserve Staff, the actuals of the previous year will be repeated, as required in G.O., dated 2nd April 1887, No. 641 L., and the provision for the Cutlers' establishment will be struck out with reference to G.O., dated 18th January 1895, No. 97 L.

(5) *Grant IV.*—The contribution for controlling establishments at the Presidency will be raised from Rs. 2,150 to Rs. 3,030 with reference to G.O., dated 4th December 1894, No. 2527 L. The revision of the account establishment in the Collector's office and the taluk board's office establishments, proposed in paragraph 38 of the President's letter is sanctioned with the exception of the proposal to entertain a masalchi on Rs. 5 in the Srivilliputtur taluk board office, the necessity for which is not apparent.

5. *Balance.*—The budget, as revised by Government, closes with a balance of Rs. 49,870. Of this sum Rs. 1,290 appertain to the Ferry, Rs. 8,950 to the Provident, and Rs. 6,590 to the Union funds, Rs. 24,340 to Endowed Institutions, and Rs. 5,400 to Deposits, leaving a balance of Rs. 3,300, or only 1 per cent. of the receipts, available

for general purposes. Proposals should be submitted at an early date for utilizing the large balances in favour of Market funds.

6. The abstracts of figures in paragraphs 2 and 22 of the President's letter are unnecessary, and expensive to print. They should not in future be repeated.
