GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From R. FISCHER, Esq., Chairman, Municipal Council, Madura, to the Chief Secretary to Government (through the Collector and the Divisional Officer), dated Madura, 22nd December 1894, No. 66.

I have the honour to submit the budget estimates of the Madura municipality for the year 1895–96, as passed by the council in its resolution, No. 208, dated 18th December 1894.

REVISED ESTIMATES FOR 1894–95.

2. The year opened with a balance of Rs. 45,260 as detailed below :—

	Rs.
(*a*) Municipal fund	1,750
(*b*) Endowments	710
(*c*) Water-supply fund	42,800
Total ..	45,260

3. The total receipts, excluding the opening balance, amount to Rs. 1,79,160.

4. The decrease in the receipts, viz., Rs. 3,170, is made up as follows :—

	Rs.
(1) Water-tax on buildings and lands	14,500
(2) Tolls	2,850
(3) Fees from travellers' bungalow	250
(4) Cart-stand fees	910
(5) Contribution from local boards for other purposes ..	50
(6) Loans from Government	18,020
Total ..	36,580
Deduct excess receipts.	
(7) Tax on arts	1,500
(8) Tax on buildings	1,200
(9) Fees under Act II of 1888	100
(10) Rent of lands	130
(11) Produce of lands	90
(12) Sale-proceeds of old materials	670
(13) Do. of books	40
(14) Income from slaughter-houses	410
(15) Fines under the Municipal Act	3,600
(16) Miscellaneous other purposes	20
(17) Fishery rents	50
(18) Refunds of expenditure at previous year	200
(19) Sale-proceeds of Government securities	3,200
(20) Permanent advance	400
(21) Others	21,800
Total ..	33,410
Net Decrease ..	3,170

5. *Item No.* 1.—Soon after the completion of the water-works, which were opened on the 1st May 1894, I brought forward a proposition for cancelling the exemption of a portion of the town from payment of water-tax and for levying water-tax throughout the whole town, but the council decided to postpone the levy of the tax and consequently the revised demand of the previous year under this tax was retained.

6. The decreases under items (2) and (4) are due to want of competition at the sales of toll-gates and bandy pettahs.

7. The decrease under item (3) is due to the corresponding reduction in the number of travellers that halted at the travellers' bungalow owing probably to the unfavorable season.

8. *Item No.* 5.—As stated in paragraph 32 (1) of the last administration report embodied in G.O., No. 1328 M., dated 25th September 1894, the Kunnathur chattram was thoroughly repaired and the outlay incurred on that account over and above the balance of endowment fund in favour of the chattram had to be recovered by discontinuing temporarily the charity conducted therein, and for this reason the feeding of persons (samarathanai) during the Chittrai festival was not conducted; hence no contribution was applied for from and paid by the district board for the purpose.

9. *Item* 6.—According to the revised estimate prepared by the Sanitary Engineer and approved of by Government, the cost of the project was reduced from Rs. 4,27,050 to Rs. 3,91,000 and consequently there were corresponding reductions both in the contribution received from Government towards the project and in the loan obtained from Government.

10. *Items* (7) *and* (8).—As vigorous steps have been taken to collect the arrear as well as the current demand, it is hoped that Rs. 1,500 under tax on arts and Rs. 1,000 under house-tax will be collected over and above the amounts anticipated in the current year's budget and a sum of Rs. 200 is expected to be realized on account of tax leviable on lands unappropriated to buildings under section 63 (2) of the Act.

11. The increase under item (9) is due to the realization of fees from certain dramatic and circus companies visiting the town and entertaining the public with a series of performances.

12. The increase under item (10) is made up of miscellaneous collections made on account of rent of municipal ground occupied by petty bazaars kept on road sides during festive and other occasions.

13. The increase in the lease amount of the grass in the park and race-course for the current year accounts for the increase under item (11).

14. *Item* 12.—The increase is due to the sale of unserviceable tools, pipes and machines attached to the water-works.

15. *Item* 13.—This item represents the sale-proceeds of attendance registers and other forms printed and sold by the municipal inspecting schoolmaster to such of the managers of the primary schools as applied for the same.

16. The increase under item (14) is due to keener competition at the sale than in the previous year.

17. The increase under item (15) is conspicuous and is due chiefly to more prompt disposal of cases by the Bench Magistrates.

18. The increase under items (16 and 17) is but slight and calls for no remarks.

19. *Item* 18.—The cost of lead supplied to the pipe-laying contractor and the value of cocoanut trees standing on the engine house-site which were cut down by and sold to contractor of the said building were recovered during the current year which amounted to Rs. 200.

20. *Item No.* 19 represents the sale-proceeds of Government securities forming the balance of the Government grant for the Madura water-works.

21. *Items Nos.* 20 *and* 21.—The advances made to the Sanitary Engineer, Assistant Sanitary Engineer and the several contractors in connection with the water-works were recovered in part from them during the current year.

22. The total charges as per revised estimates amount to Rs. 2,22,980 against the budget amount of Rs. 1,86,590 and the difference of Rs. 36,390 is on account of excess expenditure under a few items counterbalanced by short outlay on certain others as shown later on.

23. The increased expenditure, viz., Rs. 53,890, occurs under the following items:—

	Rs.
Grant I—	
(1) New works—	
(*c*) Drainage	300
(*d*) Water-supply	45,480
Grant II, Education—	
(4) Results grants	880
(7) (*x*) Buildings, &c., grants	120
Grant III—	
(1) Hospitals and Dispensaries—	
(5) (*c*) Cholera charges	300
Grant IV—	
(3) (*b*) Contingencies	10
(4) (*b*) "	20
Grant V—	
Office establishment	30
Collection "	300
Office contingencies	600
Advance recoverable (permanent)	2,310
Others	900
Repayment of debt	1,740
Refunds of other than current collections	900
Total	53,890
Deduct short expenditure—	
Grant I—	
(1) New works—	
(*a*) Communications	2,000
(*b*) Buildings	7,700
(2) Repairs—	
(*a*) Communications	1,400
Grant III (2) (*a*)	810
„ IV (3) (*a*) Establishment	170
(*c*) Feeding travellers	1,200
(6) (*a*) Park	200
(9) (ii) Rewards for destruction of wild animals	20
(iv) Compensation for lands	4,000
Total	17,500
Net Increase	36,390

24. The increased expenditure under Grant I (*c*) Drainage is due to the retention of the services of the drainage surveyor for a further term of three months as recommended by the Sanitary Engineer and sanctioned in G.O., Mis. No. 1657 M., dated 7th November 1894.

25. (*a*) *Water-supply.*—As stated in paragraph 87 of the last administration report, the balance which remained unspent at the close of that year is likely to be wholly spent this year and application for the balance of the loan amount will be submitted shortly in view to the same being realized within the close of the current year.

26. *Grant II*—(4) *Results Grants.*—Under G.O., Mis. No. 663 M., dated 28th May 1894, the grants earned by the results system schools in the town over and above the budget provision were paid, and hence the increase under this item.

27. *Buildings, &c., Grants.*—Furniture grants were sanctioned and paid to certain schools which qualified themselves for the same.

28. *Grant III, Cholera Charges.*—The increased expenditure under this item is due to the adoption of the precautionary measures suggested by the Sanitary Commissioner in view to check the spread of the epidemic. Cholera made its appearance on the 30th October last in a sporadic form and it has already shown signs of abatement.

29. *Grant V—(a) Office Establishment.*—The increase of Rs. 300 is owing to the entertainment of a temporary record-keeper for a period of three months sanctioned in G.O., Mis. No. 1787 M., dated 22nd November 1894.

30. (*b*) *Collection Establishment.*—With a view to reduce as much as possible the balance of outstanding arrears of the several taxes it has been decided to appoint temporary peons to move about with the bill-collectors. A copy of the council's resolution and a proposition statement are herein enclosed and sanction of Government is solicited for their entertainment.

31. *Office Contingencies.*—The increase is due to the purchase of stationery and other articles required for the use of the office.

32. *Advances.*—This item is made up of sums advanced to the Sanitary Engineer to Government for expenditure in connection with the water-works and of those advanced towards sanitary arrangements made during the last Chittrai festival, portions of which have however been recovered.

33. *Repayment of Debt.*—The increase of Rs. 1,740 is due to the investments on account of the sinking fund of loans for the years 1892–93 and 1893–94 not having been made within the close of the past year as anticipated in the current budget.

		Rs.
Budget estimates for 1894-95	..	3,680
Revised „ for 1895–96	..	5,420

34. *Refunds of other than current collections.*—The sum of Rs. 784, being the contribution paid by the Madura taluk board towards the conduct of charity at the Kunnathur chattram, was refunded to that body for reasons stated in paragraph 47 of the last budget report, and besides this certain taxes collected in previous years were refunded to the parties with the authority of the council.

35. *Grant I*—(1) *New Works—(a) Communications.*—The provision made in the budget is not likely to be utilized as the proceedings taken under the Land Acquisition Act had not been completed. It is, however, hoped that the acquisition will be effected early next year.

36. (*b*) *Buildings.*—The sites for slaughter-houses and latrines not having been selected, the provision under this head remained unspent except Rs. 1,000 which represents the amount of the first instalment for the payment of cost of the old jail buildings sold to the municipality by Government in G.O., No. 1155, Financial, dated 8th May 1884, and handed over during the last year.

37. (2) *Repairs—(a) Communications.*—Savings to the extent of Rs. 1,400 are likely to be effected under the repair of roads as they are maintained in a tolerably fair condition.

38. *Grant III*—(2) (*a*) *Contributions.*—The actuals of the year 1893–94 have been adopted as the probable expenditure for the current year, and hence the decrease in the revised estimates.

		Rs.
Budget estimates for 1894–95	..	2,170
Revised „ for 1895–96	..	1,360

39. *Grant IV, Choultries—(a) and (c) Feeding Travellers and Establishment.*—For the reasons stated in paragraph 8 *supra*, the provision made in the budget was not fully utilized except payment of allowance to the hakdars.

40. 6 (*a*) *Park.*—The council having decided in their resolution, No. 191, dated 8th December 1894, to dispense with the services of the park establishment costing

about Rs. 60 monthly, a sum of Rs. 200 is expected as probable savings under this head. The reasons which led the council to take this step are fully set forth in the Chairman's letter, No. 65, dated 18th December 1894; and it is requested that the Government will be pleased to sanction the same. There can be no two opinions that the soil of the park is barren and sterile and is quite unsuited to the growth of fruit-bearing or other valuable trees except margosa, nanal and such like wild-growing ones. These require no special establishment to look after them, but can be taken care of by the staff of the ward in which the park is situated.

41. *Compensation for Lands.*—Under the instructions contained in the Government memorandum, No. 224, dated 20th March 1894, this amount has been transferred to the proper heads under Grant I, New Works.

BUDGET ESTIMATES FOR 1895–96.

42. The year is expected to start with an opening balance of Rs. 1,440 which is the closing balance of the revised estimates for the current year, and the total receipts are estimated at Rs. 1,45,500 and the principal variations between the budget figures and the revised estimates of the current year are explained below.

43. *Tax on Arts.*—Every effort will be made to realize, as much as possible, by recourse if necessary to coercive measures and Rs. 13,500 is therefore fixed as the estimated receipts of the current as well as the budget year.

		Rs.
Revised estimates for 1894–95	..	13,500
Budget „ for 1895–96	..	13,500

44. *Tax on Buildings.*—An increase of Rs. 1,800 over the revised estimate of the current year is anticipated in the budget on account of construction of new buildings and extension of existing ones and on account also of levy of tax on lands, unappropriated to buildings under section 63 (2) of the Act.

		Rs.
Revised estimates for 1894–95	..	43,200
Budget „ for 1895–96	..	45,000

45. *Land tax.*—Prompt measures have been taken to prosecute persons both in and out of the municipal limits who have wilfully failed to pay the tax, and if the arrangement proposed in paragraph 8 of the last administration report be given effect to, the difficulty experienced at present may, it is hoped, cease.

		Rs.
Revised estimates for 1894–95	..	2,500
Budget „ for 1895–96	..	2,500

46. *Water-tax.*—Though the new water-works were completed at the commencement of the current year, the water-tax was levied only for a portion of the town for the reasons stated in paragraph 5 *supra* and the budget figure is calculated upon the probable receipts both from the taxes on buildings and lands.

		Rs.
Revised estimates for 1894–95	..	7,500
Budget „ for 1895–96	..	25,330

	Tax on vehicles.	Animals.	Carts.

Revised estimates for 1894–95 ..	1,200	2,800	2,400
Budget estimates for 1895–96 ..	1,200	2,800	2,400

47. The collections under the marginally-noted items are not expected to exceed the figures of the revised estimates. Hence they are repeated.

48. *Tolls.*—A slight increase is anticipated in the budget year in consequence of expected rise in bids at the next sale of the toll-gates. It is also hoped to recover the balance due by one of the toll-gate contractors.

		Rs.
Revised estimates for 1894–95	..	19,650
Budget „ for 1895–96	..	21,000

49. *Rent of Lands.*—The increase under this head in the budget year is mainly due to the more favorable rates at which the lands attached to the Karupatty chattram has been leased out.

		Rs.
Revised estimates for 1894–95	..	580
Budget „ for 1895–96	..	1,100

50. *Travellers' Bungalow.*—As it is expected that the bungalow will be more largely resorted to by travellers in the budget year an additional income of Rs. 250 is expected in the shape of fees.

		Rs.
Revised estimates for 1894–95	..	250
Budget „ for 1895–96	..	500

51. *Sale-proceeds of Old Materials.*—As it is likely that many more pipes will have to be sold in the ensuing year, Rs. 1,000 has been estimated as the probable income under this head.

		Rs.
Revised estimates for 1894–95	..	700
Budget „ for 1895–96	..	1,000

52. *Income from Markets.*—It is not probable that more than Rs. 500 could be realized from markets.

		Rs.
Revised estimates for 1894–95	..	7,500
Budget „ for 1895–96	..	8,000

53. *Slaughter-houses.*—As it is proposed to demolish the existing slaughter-houses and to reconstruct them on improved designs, the sites for which have been already selected, it is expected that there will be rise in bids at the next sale.

		Rs.
Revised estimates for 1894–95	..	1,410
Budget „ for 1895–96	..	1,500

54. *Cart-stand Fees.*—The increased demand expected in the ensuing year and the consequent rise in bids at the resale are likely to fetch an additional income of Rs. 910.

		Rs.
Revised estimates for 1894–95	..	1,090
Budget „ for 1895–96	..	2,000

55. *Fines under the Municipal and other Acts.*—The present system of instituting prosecutions against offenders systematically and disposing of them promptly as will be evidenced by the noticeable increase over the normal receipts is expected to be pursued with still greater vigilance and care in the ensuing year and the increase of Rs. 900 anticipated in the budget year is not large.

		Rs.
Revised estimates for 1894–95	..	5,600
Budget „ for 1895–96	..	6,500

56. *Interest on Investments* — (iii) *Medical.*—The decrease in the budget year is owing to the recent reduction in the rate of interest on Government securities.

		Rs.
Revised estimates for 1894–95	..	1,830
Budget „ for 1895–96	..	1,600

57. *Grants and Contributions from Government.*—Credit has been taken for a stipendiary grant of Rs. 242 for the students trained in the technical institute and for a provincial grant of Rs. 30 for girls in the municipal Panchama school.

		Rs.
Revised estimates for 1894–95	..	210
Budget „ for 1895–96	..	270

58. *Grants from Local Boards*—(iii) *Other Purposes.*—For the reasons mentioned in paragraphs 8 and 37 *supra* the usual contribution of Rs. 50 towards the festival Samarathanai expenses has not been received in the current year while that for the ensuing year will in all probability be recovered.

		Rs.
Revised estimates for 1894–95	..	200
Budget „ for 1895–96	..	250

59. *Recoveries, &c., on account of services rendered to Private Individuals*—(1) *Private Scavenging.*—As prosecutions for filthy compounds are being instituted on a larger scale as desired by Government and as individual councillors have been requested to take a personal interest in the extension of the private scavenging system, it is hoped that there will be some tangible increase under this item.

		Rs.
Revised estimates for 1894–95	..	500
Budget „ for 1895–96	..	600

60. (2) *Other Purposes.*—It is in contemplation to introduce the system of supplying water to private houses during the budget year and Rs. 500 is estimated as the probable receipts from the above source.

		Rs.
Revised estimates for 1894–95	..	20
Budget „ for 1895–96	..	500

61. *Realization of Sinking Fund for repayment of Loans.* — For the reasons stated in paragraph 33 *supra*, only Rs. 40 is expected under this item.

		Rs.
Revised estimates for 1894–95	..	180
Budget „ for 1895–96	..	220

Charges.

62. The charges are expected to amount to Rs. 1,46,060 against Rs. 2,22,980 of the revised estimates of the current year, showing a decrease of Rs. 76,920, which is mainly due to the completion of the water-works and to the postponement of the drainage scheme for the town till its details are actually worked out and the estimates and plans are prepared by the Sanitary Engineer to Government.

63. *Grant I, New Works*—(*a*) *Communications.*—The provisions made in the current and budget years are on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. All the preliminary proceedings in connection with the acquisition of these lands, except in a single case, have been gone through and it only remains for the Revenue Department to hand over possession.

		Rs.
Revised estimates for 1894–95	..	1,500
Budget „ for 1895–96	..	3,000

64. (*b*) *Buildings.*—In the current year a sum of Rs. 2,300 is expected to be spent on the construction of a store-room near the Municipal office and another at the hospital and toll-gate sheds. No time will be lost in constructing latrines and slaughter-houses and the budget provision seems to be adequate for the purpose. In the budget figure is included a sum of Rs. 1,000, being the probable cost of constructing a workshop for executing petty repairs in connection with the water-works.

		Rs.
Revised estimates for 1894–95	..	2,300
Budget „ for 1895–96	..	12,000

65. (*c*) *Drainage.*—There will be no necessity for retaining the services of the drainage surveyor, as the levels would have been taken within the current year.

		Rs.
Revised estimates for 1894–95	..	1,560
Budget „ for 1895–96	..	*Nil.*

66. (*d*) *Water-supply.*—The water-works having been completed, no expenditure is likely to be incurred under this head in the ensuing year. It is also intended to excavate a channel in the river bed for which a provision of Rs. 2,000 has been ordered to be made—*vide* G.O., dated 4th December 1894, Mis. No. 1870 M.

		Rs.
Revised estimates for 1894–95	..	95,000
Budget „ for 1895–96	..	2,000

67. *Repairs*— (*a*) *Communications.*—An increased provision of Rs. 1,400 is made in the budget in view to maintain the town roads in a satisfactory condition.

		Rs.
Revised estimates for 1894–95	..	8,600
Budget „ for 1895–96	..	10,000

68. (*d*) *Water-supply.*—A sum of Rs. 1,000 is provided for in the budget for the purchase of tools, implements, &c., required for the workshop proposed to be opened in the ensuing year as stated in the concluding portion of paragraph 64 *supra*. It is probable that there will be a saving of Rs. 2,000 under cost of fuel, as the quantity consumed at present has fallen short of the original estimate.

		Rs.
Revised estimates for 1894–95	..	19,200
Budget „ for 1895–96	..	18,200

69. *Grant II*—(2) *Municipal Schools on Salary System.*—It is proposed to increase the pay of the teachers of the Panchama school and to supply both the Panchama and Muhammadan schools with necessary furniture.

		RS.
Revised estimates for 1894–95	..	740
Budget „ for 1895–96	..	840

70. (3) *Salary Grants.*—The increase is on account of two lower secondary schools in the results system being likely to be aided on the salary grants system.

		RS.
Revised estimates for 1894–95	..	2,500
Budget „ for 1895–96	..	3,000

71. (4) *Results Grants.*—The increase in the current year is due to the fact that over-earned grants were allowed to some of the schools—*vide* paragraph 26 *supra*.

		RS.
Revised estimates for 1894–95	..	3,880
Budget „ for 1895–96	..	3,000

72. The figures furnished by the Educational officers have been adopted for the remaining items under this grant.

73. *Grant III*—(1) *Hospitals and Dispensaries.*—The decrease in the current year is owing to the fact that the hospital assistants were paid increased rate of salary for only nine months on their attaining their next higher grade, whilst the budget provision is for the whole year.

The entertainment of an additional compounder for the branch dispensary and of an additional female nurse and the increase of pay to the dhobi of the Lying-in Hospital recommended by the District Medical and Sanitary Officer have not been sanctioned, as the council was not satisfied as to the necessity for the same. The figures of the revised estimates under the remaining items have been repeated in the budget.

74. In view to carry out the recommendations of the Sanitary Commissioner embodied in G.O., No. 1502 M., dated 19th October 1894, for enforcing the provisions of compulsory vaccination, sanction of the council was applied for to entertain an extra clerk in the office who can devote his whole time to this work by maintaining the several registers therein prescribed, but the council declined to sanction the appointment and directed that the extra work should be done by the office establishment, which I beg to submit is already overworked.

75. *Registration of Births and Deaths.*—At present there are four registrars, each in charge of a circle (the town being divided into four circles), and as this arrangement has not worked well and in view to render the registration of vital statistics more accurate and satisfactory, it is now proposed to redivide the town into five circles and to entrust each circle to a registrar by the entertainment of an extra hand on Rs. 10 per mensem—*vide* Resolution, No. 190, dated 8th December 1894, and referred to in paragraph 85.

76. (5) *Conservancy*—(*a*) (i) *Establishment.*—As the existing number of sweepers and toties has been found insufficient to maintain the streets and lanes in a satisfactory condition, it is proposed to entertain ten additional sweepers and five toties who will be distributed to such of the wards as require strengthening of the sanitary staff. As the third ward is the biggest of all the wards, and as a single peon cannot be expected to move about the same as frequently as is desirable, it is further proposed to entertain an extra peon for the third ward. This proposal has been sanctioned by the council in their Resolution, No. 197, dated 8th December 1894 (copy enclosed). It is further proposed to entertain a prosecuting officer to conduct municipal prosecutions and the necessity for the entertainment has been fully explained in this office letter No. 13, under date 2nd May 1894, and recognized in G.O., Mis. No. 1794 M., dated 23rd November 1894.

77. (*a*) (ii) *Other] Charges.*—The attention of the council having been repeatedly drawn to the unsatisfactory working of the conservancy carts, a scheme for improving the present system is under consideration, the details of which will be laid before Government for sanction shortly. It is expected that the intended measure will entail an additional expenditure of about Rs. 4,000 and provision has accordingly been made in the budget. The increase in the number of rubbish carts necessarily requires the additional establishment referred to in the preceding paragraph.

No. 1787 M., dated 22nd November 1894, for the entertainment of a clerk on Rs. 10 for another term of three months, and hence the increase of Rs. 150 over the normal figure. Provision is made in the budget for the increase of Rs. 10 to the pay of the head clerk of the office, which he well deserves, considering his long and good service; and it has also been resolved to raise by one rupee the pay of the masalchi in consideration of his

long service and to entertain an attender on Rs. 8 per mensem to assist the record-keeper; and a moochi to number the carts, bind office books and registers and to assist the office establishment. The binding charges amount roughly to Rs. 80 a year, while those of painting registration numbers and carts and vehicles to Rs. 70 on an average. After allowing Rs. 50 to meet the cost of materials required for binding and painting, there still remains Rs. 100 which is sufficient to cover the pay of the moochi. Thus it will be seen that the proposed appointment entails no extra expenditure. Copies of resolutions sanctioning the above are herewith submitted for the confirmation of Government. Proposition statements are enclosed.

86. (ii) *Inspection.*—The provision of Rs. 780 is on account of payment, as a tentative measure, to the President of the Bench Magistrates, of a monthly allowance of Rs. 50 *plus* Rs. 15, being the probable contribution to Government towards his pension. The object of sanctioning the allowance is to enable him to inspect the town more frequently, which, it is hoped, will tend to the hearty co-operation of the police and to the better sanitation of the town in consequence. A copy of the resolution is enclosed.

91. The budget is expected to close with a balance of Rs. 2,320, of which Rupees 1,200 appertains to endowment fund and the balance to the general municipal revenue.

92. Adverting to paragraph 3 (2) of G.O., No. 1328 M., dated 21st September 1894, reviewing the municipal report for the past year, I have the honour to state that the collections made subsequent to the receipt of the said Government Order amount to about Rs. 2,500 under arrear alone and that very prompt measures are being taken to collect every recoverable pie of the balance.

From M.R.Ry. T. PATTABHIRAM PILLAI, Avargal, Rao Bahadur, Deputy Collector of Madura district, to the Collector of Madura, dated Madura, 30th December 1894, Dis. No. 1383.

I have the honour to submit herewith the budget estimates of the Madura municipality for the year 1895–96 sent up by the Chairman with his letter No. 66, dated 22nd December 1894.

2. The Sanitary Commissioner has in paragraph 1 of his inspection notes on the Madura municipality stated that "the municipality should determine each year to set apart a sum to be spent in compensation for houses that must be removed in its effort to secure the degree of air movement essential." Against this remark the Chairman has stated that "this suggestion will receive due consideration from the council at the time of the preparation of the next year's budget." Whether this matter was at all considered, the report does not show. It is however observed that a provision of Rs. 3,000 is made in the next year's budget under Grant I, New Works—(*a*) Communications, against a revised estimate of Rs. 1,500 for the current year—*vide* paragraph 63 of the Chairman's letter. The increased provision under this item is explained to be due on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. No reference is made to the suggestion of the Sanitary Commissioner referred to above. If this increased provision was for carrying out the Sanitary Commissioner's suggestion, the appropriate place would have been under Grant III.

3. I beg also to invite your attention to paragraph 40 of his letter wherein he speaks of dispensing with the services of the park establishment with a view to curtail the expenditure of the municipality. The park is said to have been opened by the Viceroy Lord Dufferin during his visit to this city. I also learn that it was made over to the municipality by the Park Committee. If so, the park must be a trust property. If the municipality finds it an unnecessary burthen upon its shoulders, the proper course would be to deliver it back to the Park Committee or to the gentlemen who subscribed for its being brought into existence.

4. There is besides another proposal for paying Rs. 50 to the President of the Bench Magistrates, *i.e.*, the Town Magistrate *plus* the pensionary contribution. The Town Sub-Magistrate is not in the service of the municipality, and he cannot receive any remuneration from the municipality or other public body. I beg to refer you to my letter, dated 12th December 1894, Dis. No. 1286, on these two subjects and to the proceedings passed thereon.

E.C. No. 1-Genl.

Submitted.

2. *Paragraph* 40.—The statement that nothing will grow but a few jungle trees is hardly fair. There is a large number of plants and shrubs in the ground and in pots doing sufficiently well if looked after.

3. *Paragraph* 86.—The proposed allowance of Rs. 50 a month to the "President of the Bench Magistrates," *i.e.*, the Town Sub-Magistrate paid by Government is, as I have pointed out elsewhere, unprecedented and most objectionable.

4. It is not clear whether the council has, in preparing the budget, considered the Sanitary Commissioner's remarks in paragraphs 1 and 3 (*d*) of his inspection notes (G.O., dated 26th November 1894, No. 1802 M.), which it was promised should receive attention with the budget.

MADURA,
8th January 1895.

(Signed) L. C. MILLER,
Acting Collector.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 9th February 1895, No. 122.

I have the honour to state that the provision made in Grant III of the budget estimate of the Madura Municipality for the year 1895–96 is sufficient with the exception of compensation for quarters to the hospital assistants for which a sum of Rs. 180 should now be provided.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Madras, 13th February 1895, No. 1630.

I have the honour to submit my remarks on the Educational portion of the budget estimate of the Madura Municipality for 1895–96.

2. Credit has been taken for a stipendiary grant of Rs. 240 from Provincial funds. It cannot be made out how this figure has been arrived at. But from statement II-B it would appear that provision has been made under "Charges" for the training of six lower secondary grade teachers. The estimate under Provincial grant may, therefore, be raised to Rs. 290,* subject to the condition that the grant will be sanctioned from Provincial funds according to the provisions of the Grant-in-aid Code.

* Rs. 6×4×12=288 or Rs. 290 in round numbers.

3. With reference to the actuals of 1893–94, the allotment for "results grants" should be raised to at least Rs. 3,200.

4. A provision of Rs. 260 † should also be made for the appointment of a drawing master for teaching drawing in the municipal and aided schools in the town. Credit may be taken for a salary grant of Rs. 130 from Provincial funds on behalf of a qualified instructor.

† (Rs. 220 for his salary for eleven months at Rs. 20 per mensem and Rs. 40 for drawing materials).

5. The net expenditure proposed under Grant II will, with the above modification, be Rs. 9,750 (10,270 — 520), or less than 8 per cent. of the estimated income of the municipality from taxation, markets and rents.

6. It is presumed that the provision of Rs. 770 under "Miscellaneous other items" includes an adequate allotment for building and furniture grants to results schools. If not, at least Rs. 300 should be allotted for the purpose.

REVISED ESTIMATE FOR 1894–95.

2. The current receipts and charges are now estimated at Rs. 1,79,160 and Rupees 2,22,980, respectively, against Rs. 1,82,330 and Rs. 1,86,590, anticipated in the sanctioned budget. There is an increase in the receipts under "taxes on arts and

buildings," "fines under the municipal and other Acts," "sale-proceeds of Government securities," and "advances recovered," but this is more than counterbalanced by a marked decline under "water-tax," "tolls" and "loans." The increase in the charges appears chiefly under Grants I and II. The collections under the land-tax during the first eight months of the year were not satisfactory, and it is to be regretted that the land for the new buildings and roads was not selected and acquired with more promptitude, so that the provision under these heads might have been utilized within the year. The circumstances under which the levy of the water-tax was not extended throughout the town in the current year should be reported. The application for the balance of the loan on account of the water-supply scheme, promised in paragraph 25 of the Chairman's letter, will be awaited, but as the necessary preliminaries cannot be completed before the close of the current year the sum of Rs. 31,500 taken credit for on this account will be struck out, and a corresponding reduction will be made in the allotment under New Works—Water-supply. The entertainment of the temporary cholera establishment and the thirteen temporary collection peons shown in the proposition statement, and the abolition of the park establishment referred to in paragraph 40 of the Chairman's letter, are approved. Every endeavour should be made to spend the whole of the budget provision for the repair of the roads.

BUDGET ESTIMATE FOR 1895–96.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,46,940, against Rs. 1,47,660 in the revised estimate. Although the totals do not differ materially, there are marked variations under "tax on buildings," "water-tax," "sale-proceeds of Government securities" and "advances recovered." Credit will now be taken for the balance of the loan on account of the water-supply scheme, amounting to Rs. 31,500. The estimate under Government grants on account of normal stipends will be raised from Rs. 240 to Rs. 290, as recommended by the Director.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,45,680 against the revised estimate of Rs. 1,91,480, the decrease being mostly under grant I.

(2) *Grant I.*—The balance of the loan, amounting to Rs. 31,500, referred to in the preceding paragraph, will be provided under New Works—Water-supply. None of the new works should be put in hand until the plans and estimates for them have been approved by competent authority. The Chairman will be requested to explain more fully the grounds for the provision of Rs. 6,000 for new market buildings. The channel in the river bed should not be dug, as already remarked in G.O., dated 4th December 1894, No. 1870 M., unless and until it is clearly necessary.

(3) *Grant II.*—The proposed increases of Rs. 2 and Re. 1, respectively, in the salaries of the head and second masters of the Panchama school are approved. The Director's suggestions in paragraphs 3, 4 and 6 of his letter will be referred to the municipal council for consideration.

(4) *Grant III.*—The provision for hospitals and dispensaries will be raised by Rs. 180 as recommended by the Surgeon-General. The sum of Rs. 20 provided for contribution to the cutlers' establishment will be struck out with reference to G.O., dated 18th January 1895, No. 97 L. The allotment under vaccination and sanitation will be passed subject to the remarks of the Sanitary Commissioner. The report on the scheme for improving the conservancy of the town promised in paragraph 77 of the Chairman's letter will be awaited.

(5) *Grant IV.*—The proposals to increase the salary of one of the lighting superintendents from Rs. 8 to Rs. 10 per mensem, and to fix the pay of the chattram kavalgar at Rs. 4, referred to in paragraphs 80 and 81 of the Chairman's letter, are sanctioned.

(6) *Grant V.*—The alterations in the municipal office establishment proposed in paragraph 85 of the Chairman's letter are sanctioned, but the grant of an allowance of Rs. 50+15 to the President of the Bench of Magistrates for inspecting the town will be disallowed.

5. *Debt and closing Balance.*—As the sinking fund in favour of the open market loans at the close of 1895–96 need be only Rs. 7,235, the amount provided for investment on this account will be reduced from Rs. 980 to Rs. 912 or Rs. 910 in round numbers. As revised by Government, the budget closes with a balance of Rs. 3,440 or only 2·3 per cent. of the estimated receipts, excluding the special loan.

for improving the conservancy of the town promised in para. 77 of the Chairman's letter will be awaited.

(5) Grant IV. The increase of the salary of one of the lighting superintendents from Rs. 8 to Rs. 10 per mensem, and the proposal to fix the pay of the chattram kavalgar at Rs. 4, referred to in paras. 80 and 81 of the Chairman's letter are sanctioned.

(6) Grant V. The alterations in the Municipal office establishments proposed in para. 85 of the Chairman's letter are sanctioned, but the grant of an allowance of Rs. 50 + 15 to the President of the bench of magistrates for inspecting the town will be disallowed.

5. Debt and closing balance. As the sinking fund in favor of the open market loans at the close of 1895-96, need be only Rs. 7,235, the amount provided for investment on this account will be reduced from Rs. 980 to Rs. 912 or

Rs.

(2) Grant I. The balance of the loan amounting to Rs. 31,500, referred to in the preceding paragraph will be provided under New works — water supply. None of the new works should be put in hand until the plans and estimates for them have been approved by competent authority. The Chairman will be requested to explain more fully the grounds for the provision of Rs. 6,000 for new market buildings. The channel in the river bed should not be dug, as already remarked in G.O. dated 4th December 1894, No. 1870 M., unless and until it is clearly necessary.

(3) Grant II. ~~The remarks of the Director of Public Instruction on this portion of the budget will be awaited.~~ The proposed increases of Rs 2 & Re 1 respectively to the salaries of the head & second masters of the Panchama School are approved. The Director's suggestions in paras. 3, 4 & 6 of his letter will be referred to the municipal council for consideration.

(4) Grant III. The allotments under vaccination ~~medical services~~ and sanitation will be passed subject to the remarks of the ~~Inspector General and the~~ Sanitary Commissioner. The report on the scheme for

The provision for Hospitals & Dispensaries will be raised by Rs 180 as recommended by the Surgeon General. The Sum of Rs 20 provided for Contribution to the Cutlers' Establishment will be struck out with reference to G.O. dd 18.1.95. Rs 97 K.

~~Separate orders will be passed on the proposal to abolish the park establishment referred to in para. 40 of the Chairman's letter.~~

Budget Estimate for 1895-96.

3. Receipts. The receipts for the ensuing year are placed at Rs. 1,46,940, against Rs. 1,47,660 in the revised estimate. Although the totals do not differ materially, there are marked variations under "tax on buildings", "water-tax", "sale proceeds of Government securities" and "advances recovered". Credit will now be taken for the balance of the loan on account of the water supply scheme, amounting to Rs. 31,500. The estimate under Government grants ~~on account of for education~~ normal stipends will be ~~allotted to stand pending~~ raised from Rs. 240 to Rs. 290, on recommended by ~~receipt of~~ the Director's remarks.

4. Charges. The probable charges are entered as Rs. 1,45,680 against the revised estimate of Rs. 1,91,480, the decrease being mostly under grant I.

circumstances under which the levy of the water tax was not extended throughout the town in the current year, should be reported. The application for the balance of the loan on account of the water supply scheme, promised in para. 25 of the Chairman's letter will be awaited, but as the necessary preliminaries cannot be completed before the close of the current year, the sum of Rs. 31,500, taken credit for on this account will be struck out, and a corresponding reduction will be made in the allotment under New works — water supply. The entertainment of the temporary cholera establishment and the 13 temporary collection peons, shown in the proposition statement, is approved. Every endeavour should be made to spend the whole of the budget provision for the repair of the roads. ~~The balance under the Revised Estimate is sufficient for this, even should no other savings be effected.~~

Separate

and the abolition of the park establishment referred to in para. 40 of the Chairman's letter are

Revised Estimate for 1894-95.

2. The current receipts and charges are now estimated at Rs. 1,79,160 and Rs. 2,22,980 respectively, against Rs. 1,82,330 and Rs. 1,86,590, anticipated in the sanctioned budget. There is an increase in the receipts under the "taxes on arts and buildings", "fines under the Municipal and other acts", "sale proceeds of Government securities", and "advances recovered", but this is more than counterbalanced by a marked decline under the "water-tax", "tolls", and "loans". The increase in the charges appears chiefly under grants I and II. The collections under the land tax during the first eight months of the year were not satisfactory and it is to be regretted that the land for the new buildings and roads was not selected and acquired with more promptitude, so that the provision under these heads might have been utilized within the year. The circumstances

77. (*a*) (ii) *Other Charges.*—The attention of the council having been repeatedly drawn to the unsatisfactory working of the conservancy carts, a scheme for improving the present system is under consideration, the details of which will be laid before Government for sanction shortly. It is expected that the intended measure will entail an additional expenditure of about Rs. 4,000 and provision has accordingly been made in the budget. The increase in the number of rubbish carts necessarily requires the additional establishment referred to in the preceding paragraph.

	Rs.

Budget „ for 1895-96 ..	16,000

78. *Private Scavenging.*—Though it is proposed to purchase additional carts for removing the night-soil of private privies, no additional establishment is considered necessary, as the existing staff can be expected to attend to the cleaning of also the new privies that might be registered under the private scavenging system in the budget year.

	Rs.

79. (*d*) *Contingencies.*—An increased expenditure of Rs. 500 is anticipated under this head on account of improvement of water-supply at the festival cattle fair.

	Rs.
Revised estimates for 1894-95 ..	2,000
Budget „ for 1895-96 ..	2,500

80. *Grant IV*—(1) *Lighting*—(*a*) *Establishment.*—The council has sanctioned an allowance of Rs. 2 per mensem to be given to the lighting superintendent in charge of the store-room for the time being, and hence the increase.

	Rs.
Revised estimates for 1894-95 ..	2,000
Budget „ for 1895-96 ..	2,030

81. (3) *Choultries*—(*a*) *Establishment*—*Feeding Travellers.*—The decreased expenditure in the current year is on account of the suspension of the charity already adverted to, and the council in its Resolution, No. 92, dated 3rd July 1894 (copy enclosed), decided to fix Rs. 4 as the consolidated pay of the chattram kavalgar in lieu of Rs. 2 a month and the daily allowance in the shape of rice, &c., hitherto given him.

Budget „ for 1895-96	*Nil.*

83. (9) *Other Charges*—(1) *Work done for Private Individuals.*—This is the expenditure on account of laying down house service pipes to be met from the anticipated receipts under 6 (*a*) (ii)—*vide* paragraph 57 *supra*.

	Rs.
Revised estimates for 1894-95	*Nil*
Budget „ for 1895-96	500

84. (iii) *Printing.*—An increase of Rs. 400 is provided to meet the probable cost of printing forms in connection with the water works.

	Rs.
Revised estimates for 1894-95 ..	600
Budget „ for 1895-96 ..	1,000

85. *Grant V*—(*a*) (i) *Office Establishment.*—In the current year two temporary clerks were retained for six months for arranging the records, and the work not having been completed sanction of Government was obtained in G.O., Mis. No. 1787 M., dated 22nd November 1894, for the entertainment of a clerk on Rs. 10 for another term of three months, and hence the increase of Rs. 150 over the normal figure. Provision is made in the budget for the increase of Rs. 10 to the pay of the head clerk of the office, which he well deserves, considering his long and good service; and it has also been resolved to raise by one rupee the pay of the masalchi in consideration of his long service and to entertain an attender on Rs. 8 per mensem to assist the record-keeper; and a moochi to number the carts, bind office books and registers and to

	Rs.
Revised estimates for 1894-95 ..	3,190
Budget „ for 1895-96 ..	3,350

assist the office establishment. The binding charges amount roughly to Rs. 80 a year, while those of painting registration numbers and carts and vehicles to Rs. 70 on an average. After allowing Rs. 50 to meet the cost of materials required for binding and painting, there still remains Rs. 100 which is sufficient to cover the pay of the moochi. Thus it will be seen that the proposed appointment entails no extra expenditure. Copies of resolutions sanctioning the above are herewith submitted for the confirmation of Government. Proposition statements are enclosed.

86. (ii) *Inspection.*—The provision of Rs. 780 is on account of payment, as a tentative measure, to the President of the Bench Magistrates, of a monthly allowance of Rs. 50 *plus* Rs. 15, being the probable contribution to Government towards his pension. The object of sanctioning the allowance is to enable him to inspect the town more frequently, which, it is hoped, will tend to the hearty co-operation of the police and to the better sanitation of the town in consequence. A copy of the resolution is enclosed.

	Rs.

Budget „ for 1895–96	780

87. (*l*) *Collection*—(1) *Office Establishment.*—The entertainment of temporary peons to move about with the bill collectors to facilitate the collection of heavy arrears of taxes accounts for the increase of Rs. 300 in the current year over the budget figure.

	Rs.
Revised estimates for 1894–95 ..	2,600
Budget „ for 1895–96 ..	2, 00

88. (*e*) *Contributions for Central Office and Audit Establishments.*—The current year's contribution was fixed in G.O., No. 397 M., dated 29th March 1894, reviewing the budget for the current year and Rs. 2,500 has been estimated as the probable amount payable to Government in the budget year.

	Rs.
Revised estimates for 1894–95 ..	1,180
Budget „ for 1895–96 ..	2,500

89. *Repayment of Debt.*—The increase in the current year is due to the investment to be made for three years commencing from 1892–93, and the increase of about Rs. 500 provided in the budget over the normal figure, viz., Rs. 3,740, is on account of payment of the first instalment of the balance of loan expected to be raised within the close of the current year.

	Rs.
Revised estimates for 1894–95 ..	5,420
Budget „ for 1895–96 ..	4,280

90. *Interest.*—The increased provision in the budget is on account of payment of interest due on the balance of the sale amount of the old jail buildings and on the balance of loan to be raised from Government and referred to in the preceding paragraph.

	Rs.
Revised estimates for 1894–95 ..	9,090
Budget „ for 1895–96 ..	10,940

91. The budget is expected to close with a balance of Rs. 2,320, of which Rupees 1,200 appertains to endowment fund and the balance to the general municipal revenue.

92. Adverting to paragraph 3 (2) of G.O., No. 1328 M., dated 21st September 1894, reviewing the municipal report for the past year, I have the honour to state that the collections made subsequent to the receipt of the said Government Order amount to about Rs. 2,500 under arrear alone and that very prompt measures are being taken to collect every recoverable pie of the balance.

From M.R.Ry. T. PATTABHIRAM PILLAI, Avargal, Rao Bahadur, Deputy Collector of Madura district, to the Collector of Madura, dated Madura, 30th December 1894, Dis. No. 1383.

I have the honour to submit herewith the budget estimates of the Madura municipality for the year 1895–96 sent up by the Chairman with his letter No. 66, dated 22nd December 1894.

2. The Sanitary Commissioner has in paragraph 1 of his inspection notes on the Madura municipality stated that "the municipality should determine each year to set apart a sum to be spent in compensation for houses that must be removed in its effort to secure the degree of ~~our~~ movement essential." Against this remark the Chairman has stated that "this suggestion will receive due consideration from the council at the time of the preparation of the next year's budget." Whether this matter was at all considered, the report does not show. It is however observed that a provision of Rs. 3,000 is made in the next year's budget under Grant I, New Works—(*a*) Communications, against a revised estimate of Rs. 1,500 for the current year—*vide* paragraph 63 of the Chairman's letter. The increased provision under this item is explained to be due on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. No reference is made to the suggestion of the Sanitary Commissioner referred to above. If this increased provision was for carrying out the Sanitary Commissioner's suggestion, the appropriate place would have been under Grant III.

3. I beg also to invite your attention to paragraph 40 of his letter wherein he speaks of dispensing with the services of the park establishment with a view to curtail the expenditure of the municipality. The park is said to have been opened by the Viceroy Lord Dufferin during his visit to this city. I also learn that it was made over to the municipality by the Park Committee. If so, the park must be a trust property. If the municipality finds it an unnecessary burthen upon its shoulders, the proper course would be to deliver it back to the Park Committee or to the gentlemen who subscribed for its being brought into existence.

4. There is besides another proposal for paying Rs. 50 to the President of the Bench Magistrates, *i.e.*, the Town Magistrate *plus* the pensionary contribution. The Town Sub-Magistrate is not in the service of the municipality, and he cannot receive any remuneration from the municipality or other public body. I beg to refer you to my letter, dated 12th December 1894, Dis. No. 1286, on these two subjects and to the proceedings passed thereon.

E.C. No. 1-Genl.

Submitted.

2. *Paragraph* 10.—The statement that nothing will grow but a few jungle trees is hardly fair. There is a large number of plants and shrubs in the ground and in pots doing sufficiently well if looked after.

3. *Paragraph* 86.—The proposed allowance of Rs. 50 a month to the "President of the Bench Magistrates," *i.e.*, the Town Sub-Magistrate paid by Government is, as I have pointed out elsewhere, unprecedented and most objectionable.

4. It is not clear whether the council has, in preparing the budget, considered the Sanitary Commissioner's remarks in paragraphs 1 and 3 (*d*) of his inspection notes (G.O., dated 26th November 1894, No. 1802 M.), which it was promised should receive attention with the budget.

MADURA,

Acting Collector.

69. *Grant II*—(2) *Municipal Schools on Salary System.*—It is proposed to increase the pay of the teachers of the Panchama school and to supply both the Panchama and Muhammadan schools with necessary furniture.

		Rs.

		Rs.
Revised estimates for 1894–95	..	2,500
Budget „ for 1895–96	..	3,000

71. (4) *Results Grants.*—The increase in the current year is due to the fact that over-earned grants were allowed to some of the schools—*vide* paragraph 26 *supra.*

72. The figures furnished by the Educational officers have been adopted for the remaining items under this grant.

73. *Grant III*—(1) *Hospitals and Dispensaries.*—The decrease in the current year is owing to the fact that the hospital assistants were paid increased rate of salary for only nine months on their attaining their next higher grade, whilst the budget provision is for the whole year.

The entertainment of an additional compounder for the branch dispensary and of an additional female nurse and the increase of pay to the dhobi of the Lying-in Hospital recommended by the District Medical and Sanitary Officer have not been sanctioned, as the council was not satisfied as to the necessity for the same. The figures of the revised estimates under the remaining items have been repeated in the budget.

74. In view to carry out the recommendations of the Sanitary Commissioner embodied in G.O , No. 1502 M., dated 19th October 1894, for enforcing the provisions of compulsory vaccination, sanction of the council was applied for to entertain an extra clerk in the office who can devote his whole time to this work by maintaining the several registers therein prescribed, but the council declined to sanction the appointment and directed that the extra work should be done by the office establishment, which I beg to submit is already overworked.

75. *Registration of Births and Deaths.*—At present there are four registrars, each in charge of a circle (the town being divided into four circles), and as this arrangement has not worked well and in view to render the registration of vital statistics more accurate and satisfactory, it is now proposed to redivide the town into five circles and to entrust each circle to a registrar by the entertainment of an extra hand on Rs. 10 per mensem—*vide* Resolution, No. 190, dated 8th December 1894, and referred to in paragraph 85.

76. (5) *Conservancy*—(*a*) (i) *Establishment.*—As the existing number of sweepers and totties has been found insufficient to maintain the streets and lanes in a satisfactory condition, it is proposed to entertain ten additional sweepers and five totties who will be distributed to such of the wards as require strengthening of the sanitary staff. As the third ward is the biggest of all the wards, and as a single peon cannot be expected to move about the same as frequently as is desirable, it is further proposed to entertain an extra peon for the third ward. This proposal has been sanctioned by the council in their Resolution, No. 197, dated 8th December 1894 (copy enclosed). It is further proposed to entertain a prosecuting officer to conduct municipal prosecutions and the necessity for the entertainment has been fully explained in the office letter No. 13, under date 2nd May 1894, and recognized in G.O., Mis. No. 1094 M., dated 23rd November 1894.

TH JANUARY 1895, No. M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From R. FISCHER, Esq., Chairman, Municipal Council, Madura, to the Chief Secretary to Government (through the Collector and the Divisional Officer), dated Madura, 22nd December 1894, No. 66.

I have the honour to submit the budget estimates of the Madura municipality for the year 1895–96, as passed by the council in its resolution, No. 208, dated 18th December 1894.

REVISED ESTIMATES FOR 1894–95.

2. The year opened with a balance of Rs. 45,260 as detailed below :—

	Rs.
(*a*) Municipal fund	1,750
(*b*) Endowments	710
(*c*) Water-supply fund	42,800
Total	45,260

3. The total receipts, excluding the opening balance, amount to Rs. 1,79,160.

4. The decrease in the receipts, viz., Rs. 3,170, is made up as follows :—

	Rs.
(1) Water-tax on buildings and lands	14,500
(2) Tolls	2,850
(3) Fees from travellers' bungalow	250
(4) Cart-stand fees	910
(5) Contribution from local boards for other purposes	50
(6) Loans from Government	18,020
Total	36,580
Deduct excess receipts.	
(7) Tax on arts	1,500
(8) Tax on buildings	1,200
(9) Fees under Act II of 1888	100
(10) Rent of lands	130
(11) Produce of lands	90
(12) Sale-proceeds of old materials	670
(13) Do. of books	40
(14) Income from slaughter-houses	410
(15) Fines under the Municipal Act	3,600
(16) Miscellaneous other purposes	20
(17) Fishery rents	50
(18) Refunds of expenditure at previous year	200
(19) Sale-proceeds of Government securities	3,200
(20) Permanent advance	400
(21) Others	21,800
Total	33,410
Net Decrease	3,170

5. *Item No.* 1.—Soon after the completion of the water-works, which were opened on the 1st May 1894, I brought forward a proposition for cancelling the exemption of a portion of the town from payment of water-tax and for levying water-tax throughout the whole town, but the council decided to postpone the levy of the tax and consequently the revised demand of the previous year under this tax was retained.

6. The decreases under items (2) and (4) are due to want of competition at the sales of toll-gates and bandy pettahs.

7. The decrease under item (3) is due to the corresponding reduction in the number of travellers that halted at the travellers' bungalow owing probably to the unfavorable season.

8. *Item No.* 5.—As stated in paragraph 32 (1) at the last administration report embodied in G.O., No. 1328 M., dated 25th September 1894, the Kunnathur chattram was thoroughly repaired and the outlay incurred on that account over and above the balance of endowment fund in favour of the chattram had to be recovered by discontinuing temporarily the charity conducted therein, and for this reason the feeding of persons (samarathanai) during the Chittrai festival was not conducted; hence no contribution was applied for from and paid by the district board for the purpose.

9. *Item* 6.—According to the revised estimate prepared by the Sanitary Engineer and approved of by Government, the cost of the project was reduced from Rs. 4,27,050 to Rs. 3,91,000 and consequently there were corresponding reductions both in the contribution received from Government towards the project and in the loan obtained from Government.

10. *Items* (7) *and* (8).—As vigorous steps have been taken to collect the arrear as well as the current demand, it is hoped that Rs. 1,500 under tax on arts and Rs. 1,000 under house-tax will be collected over and above the amounts anticipated in the current year's budget and a sum of Rs. 200 is expected to be realized on account of tax leviable on lands unappropriated to buildings under section 63 (2) of the Act.

11. The increase under item (9) is due to the realization of fees from certain dramatic and circus companies visiting the town and entertaining the public with a series of performances.

12. The increase under item (10) is made up of miscellaneous collections made on account of rent of municipal ground occupied by petty bazaars kept on road sides during festive and other occasions.

13. The increase in the lease amount of the grass in the park and race-course for the current year accounts for the increase under item (11).

14. *Item* 12.—The increase is due to the sale of unserviceable tools, pipes and machines attached to the water-works.

15. *Item* 13.—This item represents the sale-proceeds of attendance registers and other forms printed and sold by the municipal inspecting schoolmaster to such of the managers of the primary schools as applied for the same.

16. The increase under item (14) is due to keener competition at the sale than in the previous year.

17. The increase under item (15) is conspicuous and is due chiefly to more prompt disposal of cases by the Bench Magistrates.

18. The increase under items (16 and 17) is but slight and calls for no remarks.

19. *Item* 18.—The cost of lead supplied to the pipe-laying contractor and the value of cocoanut trees standing on the engine house-site which were cut down by and sold to contractor of the said building were recovered during the current year which amounted to Rs. 200.

20. *Item No.* 19 represents the sale-proceeds of Government securities forming the balance of the Government grant for the Madura water-works.

21. *Items Nos.* 20 *and* 21.—The advances made to the Sanitary Engineer, Assistant Sanitary Engineer and the several contractors in connection with the water-works were recovered in part from them during the current year.

22. The total charges as per revised estimates amount to Rs. 2,22,980 against the budget amount of Rs. 1,86,590 and the difference of Rs. 36,390 is on account of excess expenditure under a few items counterbalanced by short outlay on certain others as shown later on.

23. The increased expenditure, viz., Rs. 53,890, occurs under the following items:—

	Rs.
Grant I—	
(1) New works—	
(*c*) Drainage	300
(*d*) Water-supply	45,480
Grant II, Education—	
(4) Results grants	880
(7) (*a*) Buildings, &c., grants	120
Grant III—	
(1) Hospitals and Dispensaries—	
(5) (*c*) Cholera charges	300
Grant IV—	
(3) (*b*) Contingencies	10
(4) (*b*) "	20
Grant V—	
Office establishment	30
Collection "	300
Office contingencies	600
Advance recoverable (permanent)	2,310
Others	900
Repayment of debt	1,740
Refunds of other than current collections	900
Total	53,890
Deduct short expenditure—	
Grant I—	
(1) New works—	
(*a*) Communications	2,000
(*b*) Buildings	7,700
(2) Repairs—	
(*a*) Communications	1,400
Grant III (2) (*a*)	810
" IV (3) (*a*) Establishment	170
(*c*) Feeding travellers	1,200
(6) (*a*) Park	200
(9) (ii) Rewards for destruction of wild animals	20
(iv) Compensation for lands	4,000
Total	17,500
Net Increase	36,390

24. The increased expenditure under Grant I (*c*) Drainage is due to the retention of the services of the drainage surveyor for a further term of three months as recommended by the Sanitary Engineer and sanctioned in G.O., Mis. No. 1657 M., dated 7th November 1894.

25. (*a*) *Water-supply.*—As stated in paragraph 87 of the last administration report, the balance which remained unspent at the close of that year is likely to be wholly spent this year and application for the balance of the loan amount will be submitted shortly in view to the same being realized within the close of the current year.

26. *Grant II*—(4) *Results Grants.*—Under G.O., Mis. No. 663 M., dated 28th May 1894, the grants earned by the results system schools in the town over and above the budget provision were paid, and hence the increase under this item.

27. *Buildings, &c., Grants.*—Furniture grants were sanctioned and paid to certain schools which qualified themselves for the same.

28. *Grant III, Cholera Charges.*—The increased expenditure under this item is due to the adoption of the precautionary measures suggested by the Sanitary Commissioner in view to check the spread of the epidemic. Cholera made its appearance on the 30th October last in a sporadic form and it has already shown signs of abatement.

29. *Grant V—(a) Office Establishment.*—The increase of Rs. 300 is owing to the entertainment of a temporary record-keeper for a period of three months sanctioned in G.O., Mis. No. 1787 M., dated 22nd November 1894.

30. (*b*) *Collection Establishment.*—With a view to reduce as much as possible the balance of outstanding arrears of the several taxes it has been decided to appoint temporary peons to move about with the bill-collectors. A copy of the council's resolution and a proposition statement are herein enclosed and sanction of Government is solicited for their entertainment.

31. *Office Contingencies.*—The increase is due to the purchase of stationery and other articles required for the use of the office.

32. *Advances.*—This item is made up of sums advanced to the Sanitary Engineer to Government for expenditure in connection with the water-works and of those advanced towards sanitary arrangements made during the last Chittrai festival, portions of which have however been recovered.

33. *Repayment of Debt.*—The increase of Rs. 1,740 is due to the investments on account of the sinking fund of loans for the years 1892–93 and 1893–94 not having been made within the close of the past year as anticipated in the current budget.

		Rs.
Budget estimates for 1894–95	..	3,680
Revised „ for 1895–96	..	5,420

34. *Refunds of other than current collections.*—The sum of Rs. 784, being the contribution paid by the Madura taluk board towards the conduct of charity at the Kunnathur chattram, was refunded to that body for reasons stated in paragraph 47 of the last budget report, and besides this certain taxes collected in previous years were refunded to the parties with the authority of the council.

35. *Grant I*—(1) *New Works—(a) Communications.*—The provision made in the budget is not likely to be utilized as the proceedings taken under the Land Acquisition Act had not been completed. It is, however, hoped that the acquisition will be effected early next year.

36. (*b*) *Buildings.*—The sites for slaughter-houses and latrines not having been selected, the provision under this head remained unspent except Rs. 1,000 which represents the amount of the first instalment for the payment of cost of the old jail buildings sold to the municipality by Government in G.O., No. 1155, Financial, dated 8th May 1884, and handed over during the last year.

37. (2) *Repairs—(a) Communications.*—Savings to the extent of Rs. 1,400 are likely to be effected under the repair of roads as they are maintained in a tolerably fair condition.

38. *Grant III*—(2) (*a*) *Contributions.*—The actuals of the year 1893–94 have been adopted as the probable expenditure for the current year, and hence the decrease in the revised estimates.

		Rs.
Budget estimates for 1894–95	..	2,170
Revised „ for 1895–96	..	1,360

39. *Grant IV, Choultries—(a) and (c) Feeding Travellers and Establishment.*—For the reasons stated in paragraph 8 *supra*, the provision made in the budget was not fully utilized except payment of allowance to the hakdars.

40. 6 (*a*) *Park.*—The council having decided in their resolution, No. 191, dated 8th December 1894, to dispense with the services of the park establishment costing

about Rs. 60 monthly, a sum of Rs. 200 is expected as probable savings under this head. The reasons which led the council to take this step are fully set forth in the Chairman's letter, No. 65, dated 18th December 1894; and it is requested that the Government will be pleased to sanction the same. There can be no two opinions that the soil of the park is barren and sterile and is quite unsuited to the growth of fruit-bearing or other valuable trees except margosa, nanal and such like wild-growing ones. These require no special establishment to look after them, but can be taken care of by the staff of the ward in which the park is situated.

41. *Compensation for Lands.*—Under the instructions contained in the Government memorandum, No. 224, dated 20th March 1894, this amount has been transferred to the proper heads under Grant I, New Works.

Budget Estimates for 1895–96.

42. The year is expected to start with an opening balance of Rs. 1,440 which is the closing balance of the revised estimates for the current year, and the total receipts are estimated at Rs. 1,45,500 and the principal variations between the budget figures and the revised estimates of the current year are explained below.

43. *Tax on Arts.*—Every effort will be made to realize, as much as possible, by recourse if necessary to coercive measures and Rs. 13,500 is therefore fixed as the estimated receipts of the current as well as the budget year.

		Rs.
Revised estimates for 1894–95	..	13,500
Budget „ for 1895–96	..	13,500

44. *Tax on Buildings.*—An increase of Rs. 1,800 over the revised estimates of the current year is anticipated in the budget on account of construction of new buildings and extension of existing ones and on account also of levy of tax on lands, unappropriated to buildings under section 63 (2) of the Act.

		Rs.
Revised estimates for 1894–95	..	43,200
Budget „ for 1895–96	..	45,000

45. *Land tax.*—Prompt measures have been taken to prosecute persons both in and out of the municipal limits who have wilfully failed to pay the tax, and if the arrangement proposed in paragraph 8 of the last administration report be given effect to, the difficulty experienced at present may, it is hoped, cease.

		Rs.
Revised estimates for 1894–95	..	2,500
Budget „ for 1895–96	..	2,500

46. *Water-tax.*—Though the new water-works were completed at the commencement of the current year, the water-tax was levied only for a portion of the town for the reasons stated in paragraph 5 *supra* and the budget figure is calculated upon the probable receipts both from the taxes on buildings and lands.

		Rs.
Revised estimates for 1894–95	..	7,500
Budget „ for 1895–96	..	25,330

47. The collections under the marginally-noted items are not expected to exceed the figures of the revised estimates. Hence they are repeated.

	Tax on vehicles.	Animals.	Carts.
	Rs.	Rs.	Rs.
Revised estimates for 1894–95 ..	1,200	2,800	2,400
Budget estimates for 1895–96 ..	1,200	2,800	2,400

48. *Tolls.*—A slight increase is anticipated in the budget year in consequence of expected rise in bids at the next sale of the toll-gates. It is also hoped to recover the balance due by one of the toll-gate contractors.

		Rs.
Revised estimates for 1894–95	..	19,650
Budget „ for 1895–96	..	21,000

49. *Rent of Lands.*—The increase under this head in the budget year is mainly due to the more favorable rates at which the lands attached to the Karupatty chattram has been leased out.

		Rs.
Revised estimates for 1894–95	..	580
Budget „ for 1895–96	..	1,100

50 *Travellers' Bungalow.*—As it is expected that the bungalow will be more largely resorted to by travellers in the budget year an additional income of Rs. 250 is expected in the shape of fees.

		Rs.
Revised estimates for 1894–95	..	250
Budget „ for 1895–96	..	500

51. *Sale-proceeds of Old Materials.*—As it is likely that many more pipes will have to be sold in the ensuing year, Rs. 1,000 has been estimated as the probable income under this head.

		Rs.
Revised estimates for 1894–95	..	700
Budget „ for 1895–96	..	1,000

52. *Income from Markets.*—It is not probable that more than Rs. 500 could be realized from markets.

		Rs.
Revised estimates for 1894–95	..	7,500
Budget „ for 1895–96	..	8,000

53. *Slaughter-houses.*—As it is proposed to demolish the existing slaughter-houses and to reconstruct them on improved designs, the sites for which have been already selected, it is expected that there will be rise in bids at the next sale.

		Rs.
Revised estimates for 1894–95	..	1,410
Budget „ for 1895–96	..	1,500

54. *Cart-stand Fees.*—The increased demand expected in the ensuing year and the consequent rise in bids at the resale are likely to fetch an additional income of Rs. 910.

		Rs.
Revised estimates for 1894–95	..	1,090
Budget „ for 1895–96	..	2,000

55. *Fines under the Municipal and other Acts.*—The present system of instituting prosecutions against offenders systematically and disposing of them promptly as will be evidenced by the noticeable increase over the normal receipts is expected to be pursued with still greater vigilance and care in the ensuing year and the increase of Rs. 900 anticipated in the budget year is not large.

		Rs.
Revised estimates for 1894–95	..	5,600
Budget „ for 1895–96	..	6,500

56. *Interest on Investments* — (iii) *Medical.*—The decrease in the budget year is owing to the recent reduction in the rate of interest on Government securities.

		Rs.
Revised estimates for 1894–95	..	1,830
Budget „ for 1895–96	..	1,600

57. *Grants and Contributions from Government.*—Credit has been taken for a stipendiary grant of Rs. 242 for the students trained in the technical institute and for a provincial grant of Rs. 30 for girls in the municipal Panchama school.

		Rs.
Revised estimates for 1894–95	..	210
Budget „ for 1895–96	..	270

58. *Grants from Local Boards*—(iii) *Other Purposes.*—For the reasons mentioned in paragraphs 8 and 37 *supra* the usual contribution of Rs. 50 towards the festival Samarathanai expenses has not been received in the current year while that for the ensuing year will in all probability be recovered.

		Rs.
Revised estimates for 1894–95	..	200
Budget „ for 1895–96	..	250

59. *Recoveries, &c., on account of services rendered to Private Individuals*—(1) *Private Scavenging.*—As prosecutions for filthy compounds are being instituted on a larger scale as desired by Government and as individual councillors have been requested to take a personal interest in the extension of the private scavenging system, it is hoped that there will be some tangible increase under this item.

		Rs.
Revised estimates for 1894–95	..	500
Budget „ for 1895–96	..	600

60. (2) *Other Purposes.*—It is in contemplation to introduce the system of supplying water to private houses during the budget year and Rs. 500 is estimated as the probable receipts from the above source.

		Rs.
Revised estimates for 1894–95	..	20
Budget „ for 1895–96	..	500

61. *Realization of Sinking Fund for repayment of Loans.* — For the reasons stated in paragraph 53 *supra*, only Rs. 40 is expected under this item.

		Rs.
Revised estimates for 1894–95	..	180
Budget „ for 1895–96	..	220

Charges.

62. The charges are expected to amount to Rs. 1,46,060 against Rs. 2,22,980 of the revised estimates of the current year, showing a decrease of Rs. 76,920 which is mainly due to the completion of the water-works and to the postponement of the drainage scheme for the town till its details are actually worked out and the estimates and plans are prepared by the Sanitary Engineer to Government.

63. *Grant I, New Works*—(*a*) *Communications.*—The provisions made in the current and budget years are on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. All the preliminary proceedings in connection with the acquisition of these lands, except in a single case, have been gone through and it only remains for the Revenue Department to hand over possession.

		Rs.
Revised estimates for 1894–95	..	1,500
Budget „ for 1895–96	..	3,000

64. (*b*) *Buildings.*—In the current year a sum of Rs. 2,300 is expected to be spent on the construction of a store-room near the Municipal office and another at the hospital and toll-gate sheds. No time will be lost in constructing latrines and slaughter-houses and the budget provision seems to be adequate for the purpose. In the budget figure is included a sum of Rs. 1,000, being the probable cost of constructing a workshop for executing petty repairs in connection with the water-works.

		Rs.
Revised estimates for 1894–95	..	2,300
Budget „ for 1895–96	..	12,000

65. (*c*) *Drainage.*—There will be no necessity for retaining the services of the drainage surveyor, as the levels would have been taken within the current year.

		Rs.
Revised estimates for 1894–95	..	1,560
Budget „ for 1895–96	..	*Nil.*

66. (*d*) *Water-supply.*—The water-works having been completed, no expenditure is likely to be incurred under this head in the ensuing year. It is also intended to excavate a channel in the river bed for which a provision of Rs. 2,000 has been ordered to be made—*vide* G.O., dated 4th December 1894, Mis. No. 1870 M.

		Rs.
Revised estimates for 1894–95	..	95,000
Budget „ for 1895–96	..	2,000

67. *Repairs*— (*a*) *Communications.*—An increased provision of Rs. 1,400 is made in the budget in view to maintain the town roads in a satisfactory condition.

		Rs.
Revised estimates for 1894–95	..	8,600
Budget „ for 1895–96	..	10,000

68. (*d*) *Water-supply.*—A sum of Rs. 1,000 is provided for in the budget for the purchase of tools, implements, &c., required for the workshop proposed to be opened in the ensuing year as stated in the concluding portion of paragraph 64 *supra*. It is probable that there will be a savings of Rs. 2,000 under cost of fuel, as the quantity consumed at present has fallen short of the original estimate.

		Rs.
Revised estimates for 1894–95	..	19,200
Budget „ for 1895–96	..	18,200

69. *Grant II*—(2) *Municipal Schools on Salary System.*—It is proposed to increase the pay of the teachers of the Panchama school and to supply both the Panchama and Muhammadan schools with necessary furniture.

72. The figures furnished by the Educational officers have been adopted for the remaining items under this grant.

73. *Grant III*—(1) *Hospitals and Dispensaries.*—The decrease in the current year is owing to the fact that the hospital assistants were paid increased rate of salary for only nine months on their attaining their next higher grade, whilst the budget provision is for the whole year. The entertainment of an additional compounder for the branch dispensary and of an additional female nurse and the increase of pay to the dhobi of the Lying-in Hospital recommended by the District Medical and Sanitary Officer have not been sanctioned, as the council was not satisfied as to the necessity for the same. The figures of the revised estimates under the remaining items have been repeated in the budget.

Revised estimates for 1894–95	..	5,440
Budget „ for 1895–96	..	5,640

74. In view to carry out the recommendations of the Sanitary Commissioner embodied in G.O , No. 1502 M., dated 19th October 1894, for enforcing the provisions of compulsory vaccination, sanction of the council was applied for to entertain an extra clerk in the office who can devote his whole time to this work by maintaining the several registers therein prescribed, but the council declined to sanction the appointment and directed that the extra work should be done by the office establishment, which I beg to submit is already overworked.

75. *Registration of Births and Deaths.*—At present there are four registrars, each in charge of a circle (the town being divided into four circles), and as this arrangement has not worked well and in view to render the registration of vital statistics more accurate and satisfactory, it is now proposed to redivide the town into five circles and to entrust each circle to a registrar by the entertainment of an extra hand on Rs. 10 per mensem—*vide* Resolution, No. 190, dated 8th December 1894, and referred to in paragraph 85.

		Rs.
Revised estimates for 1894–95	..	510
Budget „ for 1895–96	..	650

76. (5) *Conservancy*—(*a*) (i) *Establishment.*—As the existing number of sweepers and totties has been found insufficient to maintain the streets and lanes in a satisfactory condition, it is proposed to entertain ten additional sweepers and five totties who will be distributed to such of the wards as require strengthening of the sanitary staff. As the third ward is the biggest of all the wards, and as a single peon cannot be expected to move about the same as frequently as is desirable, it is further proposed to entertain an extra peon for the third ward. This proposal has been sanctioned by the council in their Resolution, No. 197, dated 8th December 1894 (copy enclosed). It is further proposed to entertain a prosecuting officer to conduct municipal prosecutions and the necessity for the entertainment has been fully explained in this office letter No. 13, under date 2nd May 1894, and recognized in G.O., Mis. No. 1794 M., dated 23rd November 1894.

NOTE TO STATEMENT I.

1. Tax on arts, &c., is levied on ~~the first~~ all classes.
2. Tax on buildings is levied at 7½ per cent. and tax on lands at 7½ per cent. of rent value. ~~a rate for every 80 square yards.~~
3. Water-tax on buildings and lands is levied at 4 per cent.
4. Tax on vehicles and animals is levied at ~~—~~ the maximum rates.
5. Tax on carts, &c., is levied at Rs. 2 per cart per annum.
6. Tolls are levied at 3/4 the maximum rates.
7. License-fees are levied at the rates sanctioned in G.O. 1250. dated 6 November 1889
8. The house-tax registers were last revised in the official year and the land tax registers in the official year.
9. Total extent of land assessed is acres.
10. The mode of estimating the annual rental of houses and lands is as follows:—

21. *Items Nos.* 20 *and* 21.—The advances made to the Sanitary Engineer, Assistant Sanitary Engineer and the several contractors in connection with the water-works were recovered in part from them during the current year.

22. The total charges as per revised estimates amount to Rs. 2,22,980 against the budget amount of Rs. 1,86,590 and the difference of Rs. 36,390 is on account of excess expenditure under a few items counterbalanced by short outlay on certain others as shown later on.

23. The increased expenditure, viz., Rs. 53,890, occurs under the following items:—

	RS.
Grant I—	
(1) New works—	
(*c*) Drainage	300
(*d*) Water-supply	45,480

(6) (*a*) Park	200
(9) (ii) Rewards for destruction of wild animals	20
(iv) Compensation for lands	4,000
Total ..	17,500
Net Increase ..	36,390

24. The increased expenditure under Grant I (*c*) Drainage is due to the retention of the services of the drainage surveyor for a further term of three months as recommended by the Sanitary Engineer and sanctioned in G.O., Mis. No. 1657 M., dated 7th November 1894.

25. (*a*) *Water-supply.*—As stated in paragraph 87 of the last administration report, the balance which remained unspent at the close of that year is likely to be wholly spent this year and application for the balance of the loan amount will be submitted shortly in view to the same being realized within the close of the current year.

26. *Grant II*—(4) *Results Grants.*—Under G.O., Mis. No. 663 M., dated 28th May 1894, the grants earned by the results system schools in the town over and above the budget provision were paid, and hence the increase under this item.

27. *Buildings, &c., Grants.*—Furniture grants were sanctioned and paid to certain schools which qualified themselves for the same.

28. *Grant III, Cholera Charges.*—The increased expenditure under this item is due to the adoption of the precautionary measures suggested by the Sanitary Commissioner in view to check the spread of the epidemic. Cholera made its appearance on the 30th October last in a sporadic form and it has already shown signs of abatement.

29. *Grant V—(a) Office Establishment.*—The increase of Rs. 300 is owing to the entertainment of a temporary record-keeper for a period of three months sanctioned in G.O., Mis. No. 1787 M., dated 22nd November 1894.

30. (*b*) *Collection Establishment.*—With a view to reduce as much as possible the balance of outstanding arrears of the several taxes it has been decided to appoint temporary peons to move about with the bill-collectors. A copy of the council's resolution and a proposition statement are herein enclosed and sanction of Government is solicited for their entertainment.

31. *Office Contingencies.*—The increase is due to the purchase of stationery and other articles required for the use of the office.

32. *Advances.*—This item is made up of sums advanced to the Sanitary Engineer to Government for expenditure in connection with the water-works and of those advanced towards sanitary arrangements made during the last Chittrai festival, portions of which have however been recovered.

33. *Repayment of Debt.*—The increase of Rs. 1,740 is due to the investments on account of the sinking fund of loans for the years 1892–93 and 1893–94 not having been made within the close of the past year as anticipated in the current budget.

		Rs.
Budget estimates for 1894-95	..	3,680
Revised „ for 1895–96	..	5,420

34. *Refunds of other than current collections.*—The sum of Rs. 784, being the contribution paid by the Madura taluk board towards the conduct of charity at the Kunnathur chattram, was refunded to that body for reasons stated in paragraph 47 of the last budget report, and besides this certain taxes collected in previous years were refunded to the parties with the authority of the council.

35. *Grant I*—(1) *New Works—(a) Communications.*—The provision made in the budget is not likely to be utilized as the proceedings taken under the Land Acquisition Act had not been completed. It is, however, hoped that the acquisition will be effected early next year.

36. (*b*) *Buildings.*—The sites for slaughter-houses and latrines not having been selected, the provision under this head remained unspent except Rs. 1,000 which represents the amount of the first instalment for the payment of cost of the old jail buildings sold to the municipality by Government in G.O., No. 1155, Financial, dated 8th May 1884, and handed over during the last year.

37. (2) *Repairs—(a) Communications.*—Savings to the extent of Rs. 1,400 are likely to be effected under the repair of roads as they are maintained in a tolerably fair condition.

38. *Grant III*—(2) (*a*) *Contributions.*—The actuals of the year 1893–94 have been adopted as the probable expenditure for the current year, and hence the decrease in the revised estimates.

		Rs.
Budget estimates for 1894–95	..	2,170
Revised „ for 1895–96	..	1,360

39. *Grant IV, Choultries—(a) and (c) Feeding Travellers and Establishment.*—For the reasons stated in paragraph 8 *supra*, the provision made in the budget was not fully utilized except payment of allowance to the hakdars.

40. 6 (*a*) *Park.*—The council having decided in their resolution, No. 191, dated 8th December 1894, to dispense with the services of the park establishment costing

about Rs. 60 monthly, a sum of Rs. 200 is expected as probable savings under this head. The reasons which led the council to take this step are fully set forth in the Chairman's letter, No. 65, dated 18th December 1894; and it is requested that the Government will be pleased to sanction the same. There can be no two opinions that the soil of the park is barren and sterile and is quite unsuited to the growth of fruit-bearing or other valuable trees except margosa, nanal and such like wild-growing ones. These require no special establishment to look after them, but can be taken care of by the staff of the ward in which the park is situated.

41. *Compensation for Lands.*—Under the instructions contained in the Government memorandum, No. 224, dated 20th March 1894, this amount has been transferred to the proper heads under Grant I, New Works.

BUDGET ESTIMATES FOR 1895–96.

42. The year is expected to start with an opening balance of Rs. 1,440 which is the closing balance of the revised estimates for the current year, and the total receipts are estimated at Rs. 1,45,500 and the principal variations between the budget figures and the revised estimates of the current year are explained below.

43. *Tax on Arts.*—Every effort will be made to realize, as much as possible, by recourse if necessary to coercive measures and Rs. 13,500 is therefore fixed as the estimated receipts of the current as well as the budget year.

		Rs.
Revised estimates for 1894–95	..	13,500
Budget „ for 1895–96	..	13,500

44. *Tax on Buildings.*—An increase of Rs. 1,800 over the revised estimate of the current year is anticipated in the budget on account of construction of new buildings and extension of existing ones and on account also of levy of tax on lands, unappropriated to buildings under section 63 (2) of the Act.

		Rs.
Revised estimates for 1894–95	..	43,200
Budget „ for 1895–96	..	45,000

45. *Land tax.*—Prompt measures have been taken to prosecute persons both in and out of the municipal limits who have wilfully failed to pay the tax, and if the arrangement proposed in paragraph 8 of the last administration report be given effect to, the difficulty experienced at present may, it is hoped, cease.

		Rs.
Revised estimates for 1894–95	..	2,500
Budget „ for 1895–96	..	2,500

46. *Water-tax.*—Though the new water-works were completed at the commencement of the current year, the water-tax was levied only for a portion of the town for the reasons stated in paragraph 5 *supra* and the budget figure is calculated upon the probable receipts both from the taxes on buildings and lands.

		Rs.
Revised estimates for 1894–95	..	7,500
Budget „ for 1895–96	..	25,330

47. The collections under the marginally-noted items are not expected to exceed the figures of the revised estimates. Hence they are repeated.

Revised estimates for 1894–95 ..	1,200	2,800	2,400
Budget estimates for 1895–96 ..	1,200	2,800	2,400

48. *Tolls.*—A slight increase is anticipated in the budget year in consequence of expected rise in bids at the next sale of the toll-gates. It is also hoped to recover the balance due by one of the toll-gate contractors.

		Rs.
Revised estimates for 1894–95	..	19,650
Budget „ for 1895–96	..	21,000

49. *Rent of Lands.*—The increase under this head in the budget year is mainly due to the more favorable rates at which the lands attached to the Karupatty chattram has been leased out.

	Rs.
Revised estimates for 1894–95 ..	580
Budget „ for 1895–96 ..	1,100

50. *Travellers' Bungalow.*—As it is expected that the bungalow will be more largely resorted to by travellers in the budget year an additional income of Rs. 250 is expected in the shape of fees.

	Rs.
Revised estimates for 1894–95	250
Budget „ for 1895–96	500

51. *Sale-proceeds of Old Materials.*—As it is likely that many more pipes will have to be sold in the ensuing year, Rs. 1,000 has been estimated as the probable income under this head.

	Rs.
Revised estimates for 1894–95 ..	700
Budget „ for 1895–96 ..	1,000

52. *Income from Markets.*—It is not probable that more than Rs. 500 could be realized from markets.

	Rs.
Revised estimates for 1894–95 ..	7,500
Budget „ for 1895–96 ..	8,000

53. *Slaughter-houses.*—As it is proposed to demolish the existing slaughter-houses and to reconstruct them on improved designs, the sites for which have been already selected, it is expected that there will be rise in bids at the next sale.

	Rs.
Revised estimates for 1894–95 ..	1,410
Budget „ for 1895–96 ..	1,500

54. *Cart-stand Fees.*—The increased demand expected in the ensuing year and the consequent rise in bids at the resale are likely to fetch an additional income of Rs. 910.

	Rs.
Revised estimates for 1894–95 ..	1,090
Budget „ for 1895–96 ..	2,000

55. *Fines under the Municipal and other Acts.*—The present system of instituting prosecutions against offenders systematically and disposing of them promptly as will be evidenced by the noticeable increase over the normal receipts is expected to be pursued with still greater vigilance and care in the ensuing year and the increase of Rs. 900 anticipated in the budget year is not large.

	Rs.
Revised estimates for 1894–95 ..	5,600
Budget „ for 1895–96 ..	6,500

56. *Interest on Investments* — (iii) *Medical.*—The decrease in the budget year is owing to the recent reduction in the rate of interest on Government securities.

	Rs.
Revised estimates for 1894–95 ..	1,830
Budget „ for 1895–96 ..	1,600

57. *Grants and Contributions from Government.*—Credit has been taken for a stipendiary grant of Rs. 242 for the students trained in the technical institute and for a provincial grant of Rs. 30 for girls in the municipal Panchama school.

	Rs.
Revised estimates for 1894–95	210

58. *Grants from Local Boards*—(iii) *Other Purposes.*—For the reasons mentioned in paragraphs 8 and 37 *supra* the usual contribution of Rs. 50 towards the festival Samarathanai expenses has not been received in the current year while that for the ensuing year will in all probability be recovered.

	Rs.
Revised estimates for 1894–95	200
Budget „ for 1895–96	250

59. *Recoveries, &c., on account of services rendered to Private Individuals*—(1) *Private Scavenging.*—As prosecutions for filthy compounds are being instituted on a larger scale as desired by Government and as individual councillors have

	Rs.

been requested to take a personal interest in the extension of the private scavenging system, it is hoped that there will be some tangible increase under this item.

60. (2) *Other Purposes.*—It is in contemplation to introduce the system of supplying water to private houses during the budget year and Rs. 500 is estimated as the probable receipts from the above source.

	Rs.
Revised estimates for 1894–95	20
Budget „ for 1895–96	500

61. *Realization of Sinking Fund for repayment of Loans.* — For the reasons stated in paragraph 33 *supra*, only Rs. 40 is expected under this item.

	Rs.
Revised estimates for 1894–95	180

Charges.

62. The charges are expected to amount to Rs. 1,46,060 against Rs. 2,22,980 of the revised estimates of the current year, showing a decrease of Rs. 76,920, which is mainly due to the completion of the water-works and to the postponement of the drainage scheme for the town till its details are actually worked out and the estimates and plans are prepared by the Sanitary Engineer to Government.

63. *Grant I, New Works*—(*a*) *Communications.*—The provisions made in the current and budget years are on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. All the preliminary proceedings in connection with the acquisition of these lands, except in a single case, have been gone through and it only remains for the Revenue Department to hand over possession.

	Rs.
Revised estimates for 1894–95 ..	1,500
Budget „ for 1895–96 ..	3,000

64. (*b*) *Buildings.*—In the current year a sum of Rs. 2,300 is expected to be spent on the construction of a store-room near the Municipal office and another at the hospital and toll-gate sheds. No time will be lost in constructing latrines and slaughter-houses and the budget provision seems to be adequate for the purpose. In the budget figure is included a sum of Rs. 1,000, being the probable cost of constructing a workshop for executing petty repairs in connection with the water-works.

	Rs.
Revised estimates for 1894–95 ..	2,300
Budget „ for 1895–96 ..	12,000

Budget „ for 1895–96 ..	*Nil.*

66. (*d*) *Water-supply.*—The water-works having been completed, no expenditure is likely to be incurred under this head in the ensuing year. It is also intended to excavate a channel in the river bed for which a provision of Rs. 2,000 has been ordered to be made—*vide* G.O., dated 4th December 1894, Mis. No. 1870 M.

	Rs.

67. *Repairs*— (*a*) *Communications.*—An increased provision of Rs. 1,400 is made in the budget in view to maintain the town roads in a satisfactory condition.

	Rs.
Revised estimates for 1894–95 ..	8,600
Budget „ for 1895–96 ..	10,000

68. (*d*) *Water-supply.*—A sum of Rs. 1,000 is provided for in the budget for the purchase of tools, implements, &c., required for the workshop proposed to be opened in the ensuing year as stated in the concluding portion of paragraph 64 *supra*. It is probable that there will be a saving of Rs. 2,000 under cost of fuel, as the quantity consumed at present has fallen short of the original estimate.

73. *Grant III*—(1) *Hospitals and Dispensaries.*—The decrease in the current year is owing to the fact that the hospital assistants were paid increased rate of salary for only nine months on their attaining their next higher grade, whilst the budget provision is for the whole year.

The entertainment of an additional compounder for the branch dispensary and of an additional female nurse and the increase of pay to the dhobi of the Lying-in Hospital recommended by the District Medical and Sanitary Officer have not been sanctioned, as the council was not satisfied as to the necessity for the same. The figures of the revised estimates under the remaining items have been repeated in the budget.

74. In view to carry out the recommendations of the Sanitary Commissioner embodied in G.O., No. 1502 M., dated 19th October 1894, for enforcing the provisions of compulsory vaccination, sanction of the council was applied for to entertain an extra clerk in the office who can devote his whole time to this work by maintaining the several registers therein prescribed, but the council declined to sanction the appointment and directed that the extra work should be done by the office establishment, which I beg to submit is already overworked.

75. *Registration of Births and Deaths.*—At present there are four registrars, each in charge of a circle (the town being divided into four circles), and as this arrangement has not worked well and in view to render the registration of vital statistics more accurate and satisfactory, it is now proposed to redivide the town into five circles and to entrust each circle to a registrar by the entertainment of an extra hand on Rs. 10 per mensem—*vide* Resolution, No. 190, dated 8th December 1894, and referred to in paragraph 85.

76. (5) *Conservancy*—(*a*) (i) *Establishment.*—As the existing number of sweepers and toties has been found insufficient to maintain the streets and lanes in a satisfactory condition, it is proposed to entertain ten additional sweepers and five toties who will be distributed to such of the wards as require strengthening of the sanitary staff. As the third ward is the biggest of all the wards, and as a single peon cannot be expected to move about the same as frequently as is desirable, it is further proposed to entertain an extra peon for the third ward. This proposal has been sanctioned by the council in their Resolution, No. 197, dated 8th December 1894 (copy enclosed). It is further proposed to entertain a prosecuting officer to conduct municipal prosecutions and the necessity for the entertainment has been fully explained in this office letter No. 13, under date 2nd May 1894, and recognized in G.O., Mis. No. 1794 M., dated 23rd November 1894.

77. (*a*) (ii) *Other*] *Charges.*—The attention of the council having been repeatedly drawn to the unsatisfactory working of the conservancy carts, a scheme for improving the present system is under consideration, the details of which will be laid before Government for sanction shortly. It is expected that the intended measure will entail an additional expenditure of about Rs. 4,000 and provision has accordingly been made in the budget. The increase in the number of rubbish carts necessarily requires the additional establishment referred to in the preceding paragraph.

No. 1787 M., dated 22nd November 1894, for the entertainment of a clerk on Rs. 10 for another term of three months, and hence the increase of Rs. 150 over the normal figure. Provision is made in the budget for the increase of Rs. 10 to the pay of the head clerk of the office, which he well deserves, considering his long and good service; and it has also been resolved to raise by one rupee the pay of the masalchi in consideration of his

long service and to entertain an attender on Rs. 8 per mensem to assist the record-keeper; and a moochi to number the carts, bind office books and registers and to assist the office establishment. The binding charges amount roughly to Rs. 80 a year, while those of painting registration numbers and carts and vehicles to Rs. 70 on an average. After allowing Rs. 50 to meet the cost of materials required for binding and painting, there still remains Rs. 100 which is sufficient to cover the pay of the moochi. Thus it will be seen that the proposed appointment entails no extra expenditure. Copies of resolutions sanctioning the above are herewith submitted for the confirmation of Government. Proposition statements are enclosed.

86. (ii) *Inspection.*—The provision of Rs. 780 is on account of payment, as a tentative measure, to the President of the Bench Magistrates, of a monthly allowance of Rs. 50 *plus* Rs. 15, being the probable contribution to Government towards his pension. The object of sanctioning the allowance is to enable him to inspect the town more frequently, which, it is hoped, will tend to the hearty co-operation of the police and to the better sanitation of the town in consequence. A copy of the resolution is enclosed.

91. The budget is expected to close with a balance of Rs. 2,320, of which Rupees 1,200 appertains to endowment fund and the balance to the general municipal revenue.

92. Adverting to paragraph 3 (2) of G.O., No. 1328 M., dated 21st September 1894, reviewing the municipal report for the past year, I have the honour to state that the collections made subsequent to the receipt of the said Government Order amount to about Rs. 2,500 under arrear alone and that very prompt measures are being taken to collect every recoverable pie of the balance.

From M.R.Ry. T. PATTABHIRAM PILLAI, Avargal, Rao Bahadur, Deputy Collector of Madura district, to the Collector of Madura, dated Madura, 30th December 1894, Dis. No. 1383.

I have the honour to submit herewith the budget estimates of the Madura municipality for the year 1895–96 sent up by the Chairman with his letter No. 66, dated 22nd December 1894.

2. The Sanitary Commissioner has in paragraph 1 of his inspection notes on the Madura municipality stated that "the municipality should determine each year to set apart a sum to be spent in compensation for houses that must be removed in its effort to secure the degree of air movement essential." Against this remark the Chairman has stated that "this suggestion will receive due consideration from the council at the time of the preparation of the next year's budget." Whether this matter was at all considered, the report does not show. It is however observed that a provision of Rs. 3,000 is made in the next year's budget under Grant I, New Works—(*a*) Communications, against a revised estimate of Rs. 1,500 for the current year—*vide* paragraph 63 of the Chairman's letter. The increased provision under this item is explained to be due on account of cost of lands to be acquired for opening certain blind lanes and of laying out and extending certain roads. No reference is made to the suggestion of the Sanitary Commissioner referred to above. If this increased provision was for carrying out the Sanitary Commissioner's suggestion, the appropriate place would have been under Grant III.

3. I beg also to invite your attention to paragraph 40 of his letter wherein he speaks of dispensing with the services of the park establishment with a view to curtail the expenditure of the municipality. The park is said to have been opened by the Viceroy Lord Dufferin during his visit to this city. I also learn that it was made over to the municipality by the Park Committee. If so, the park must be a trust property. If the municipality finds it an unnecessary burthen upon its shoulders, the proper course would be to deliver it back to the Park Committee or to the gentlemen who subscribed for its being brought into existence.

4. There is besides another proposal for paying Rs. 50 to the President of the Bench Magistrates, *i.e.*, the Town Magistrate *plus* the pensionary contribution. The Town Sub-Magistrate is not in the service of the municipality, and he cannot receive any remuneration from the municipality or other public body. I beg to refer you to my letter, dated 12th December 1894, Dis. No. 1286, on these two subjects and to the proceedings passed thereon.

E.C. No. 1-Genl.

Submitted.

2. *Paragraph* 40.—The statement that nothing will grow but a few jungle trees is hardly fair. There is a large number of plants and shrubs in the ground and in pots doing sufficiently well if looked after.

3. *Paragraph* 86.—The proposed allowance of Rs. 50 a month to the "President of the Bench Magistrates," *i.e.*, the Town Sub-Magistrate paid by Government is, as I have pointed out elsewhere, unprecedented and most objectionable.

4. It is not clear whether the council has, in preparing the budget, considered the Sanitary Commissioner's remarks in paragraphs 1 and 3 (*d*) of his inspection notes (G.O., dated 26th November 1894, No. 1802 M.), which it was promised should receive attention with the budget.

MADURA,
8th January 1895.

(Signed) L. C. MILLER,
Acting Collector.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 9th February 1895, No. 122.

I have the honour to state that the provision made in Grant III of the budget estimate of the Madura Municipality for the year 1895–96 is sufficient with the exception of compensation for quarters to the hospital assistants for which a sum of Rs. 180 should now be provided.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Madras, 13th February 1895, No. 1630.

I have the honour to submit my remarks on the Educational portion of the budget estimate of the Madura Municipality for 1895–96.

2. Credit has been taken for a stipendiary grant of Rs. 240 from Provincial funds. It cannot be made out how this figure has been arrived at. But from statement II-B it would appear that provision has been made under "Charges" for the training of six lower secondary grade teachers. The estimate under Provincial grant may, therefore, be raised to Rs. 290,* subject to the condition that the grant will be sanctioned from Provincial funds according to the provisions of the Grant-in-aid Code.

* Rs. 6×4×12=288 or Rs. 290 in round numbers.

3. With reference to the actuals of 1893–94, the allotment for "results grants" should be raised to at least Rs. 3,200.

4. A provision of Rs. 260 † should also be made for the appointment of a drawing master for teaching drawing in the municipal and aided schools in the town. Credit may be taken for a salary grant of Rs. 130 from Provincial funds on behalf of a qualified instructor.

† (Rs. 220 for his salary for eleven months at Rs. 20 per mensem and Rs. 40 for drawing materials).

5. The net expenditure proposed under Grant II will, with the above modification, be Rs. 9,750 (10,270 — 520), or less than 8 per cent. of the estimated income of the municipality from taxation, markets and rents.

6. It is presumed that the provision of Rs. 770 under "Miscellaneous other items" includes an adequate allotment for building and furniture grants to results schools. If not, at least Rs. 300 should be allotted for the purpose.

REVISED ESTIMATE FOR 1894–95.

2. The current receipts and charges are now estimated at Rs. 1,79,160 and Rupees 2,22,980, respectively, against Rs. 1,82,330 and Rs. 1,86,590, anticipated in the sanctioned budget. There is an increase in the receipts under "taxes on arts and

buildings," "fines under the municipal and other Acts," "sale-proceeds of Government securities," and "advances recovered," but this is more than counterbalanced by a marked decline under "water-tax," "tolls" and "loans." The increase in the charges appears chiefly under Grants I and II. The collections under the land-tax during the first eight months of the year were not satisfactory, and it is to be regretted that the land for the new buildings and roads was not selected and acquired with more promptitude, so that the provision under these heads might have been utilized within the year. The circumstances under which the levy of the water-tax was not extended throughout the town in the current year should be reported. The application for the balance of the loan on account of the water-supply scheme, promised in paragraph 25 of the Chairman's letter, will be awaited, but as the necessary preliminaries cannot be completed before the close of the current year the sum of Rs. 31,500 taken credit for on this account will be struck out, and a corresponding reduction will be made in the allotment under New Works—Water-supply. The entertainment of the temporary cholera establishment and the thirteen temporary collection peons shown in the proposition statement, and the abolition of the park establishment referred to in paragraph 40 of the Chairman's letter, are approved. Every endeavour should be made to spend the whole of the budget provision for the repair of the roads.

BUDGET ESTIMATE FOR 1895-96.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 1,46,940, against Rs. 1,47,660 in the revised estimate. Although the totals do not differ materially, there are marked variations under "tax on buildings," "water-tax," "sale-proceeds of Government securities" and "advances recovered." Credit will now be taken for the balance of the loan on account of the water-supply scheme, amounting to Rs. 31,500. The estimate under Government grants on account of normal stipends will be raised from Rs. 240 to Rs. 290, as recommended by the Director.

4. *Charges.*—(1) The probable charges are entered as Rs. 1,45,680 against the revised estimate of Rs. 1,91,480, the decrease being mostly under grant I.

(2) *Grant I.*—The balance of the loan, amounting to Rs. 31,500, referred to in the preceding paragraph, will be provided under New Works—Water-supply. None of the new works should be put in hand until the plans and estimates for them have been approved by competent authority. The Chairman will be requested to explain more fully the grounds for the provision of Rs. 6,000 for new market buildings. The channel in the river bed should not be dug, as already remarked in G.O., dated 4th December 1894, No. 1870 M., unless and until it is clearly necessary.

(3) *Grant II.*—The proposed increases of Rs. 2 and Re. 1, respectively, in the salaries of the head and second masters of the Panchama school are approved. The Director's suggestions in paragraphs 3, 4 and 6 of his letter will be referred to the municipal council for consideration.

(4) *Grant III.*—The provision for hospitals and dispensaries will be raised by Rs. 180 as recommended by the Surgeon-General. The sum of Rs. 20 provided for contribution to the cutlers' establishment will be struck out with reference to G.O., dated 18th January 1895, No. 97 L. The allotment under vaccination and sanitation will be passed subject to the remarks of the Sanitary Commissioner. The report on the scheme for improving the conservancy of the town promised in paragraph 77 of the Chairman's letter will be awaited.

(5) *Grant IV.*—The proposals to increase the salary of one of the lighting superintendents from Rs. 8 to Rs. 10 per mensem, and to fix the pay of the chattram kavalgar at Rs. 4, referred to in paragraphs 80 and 81 of the Chairman's letter, are sanctioned.

(6) *Grant V.*—The alterations in the municipal office establishment proposed in paragraph 85 of the Chairman's letter are sanctioned, but the grant of an allowance of Rs. 50+15 to the President of the Bench of Magistrates for inspecting the town will be disallowed.

5. *Debt and closing Balance.*—As the sinking fund in favour of the open market loans at the close of 1895-96 need be only Rs. 7,235, the amount provided for investment on this account will be reduced from Rs. 980 to Rs. 912 or Rs. 910 in round numbers. As revised by Government, the budget closes with a balance of Rs. 3,440 or only 2·3 per cent. of the estimated receipts, excluding the special loan.

for improving the conservancy of the town promised in para. 77 of the Chairman's letter will be awaited.

(5) Grant IV. The increase of the salary of one of the lighting superintendents from Rs. 8 to Rs. 10 per mensem, and the proposal to fix the pay of the chattram kavalgar at Rs. 4, referred to in paras. 80 and 81 of the Chairman's letter are sanctioned.

(6) Grant V. The alterations in the Municipal office establishments proposed in para. 85 of the Chairman's letter are sanctioned, but the grant of an allowance of Rs. 50 + 15 to the President of the bench of magistrates for inspecting the town will be disallowed.

5. Debt and closing balance. As the sinking fund in favor of the open market loans at the close of 1895-96, need be only Rs. 7,235, the amount provided for investment on this account will be reduced from Rs. 980 to Rs. 912 or

Rs.

(2) Grant I. The balance of the loan amounting to Rs. 31,500, referred to in the preceding paragraph will be provided under New works — water supply. None of the new works should be put in hand until the plans and estimates for them have been approved by competent authority. The Chairman will be requested to explain more fully the grounds for the provision of Rs. 6,000 for new market buildings. The channel in the river bed should not be dug, as already remarked in G.O. dated 4th December 1894, No. 1870 M., unless and until it is clearly necessary.

(3) Grant II. ~~The remarks of the Director of Public Instruction on this portion of the budget will be awaited.~~ The proposed increases of Rs 2 & Re 1 respectively to the salaries of the head & second masters of the Panchama School are approved. The Director's suggestions in paras. 3, 4 & 6 of his letter will be referred to the municipal council for consideration.

(4) Grant III. The allotments under ~~medical services~~ vaccination and sanitation will be passed subject to the remarks of the ~~Surgeon General and the~~ Sanitary Commissioner. The report on the scheme for

The provision for Hospitals & Dispensaries will be raised by Rs 180 as recommended by the Surgeon General. The sum of Rs 25 provided for Contribution to the Cutlers' Establishment will be struck out with reference to G.O. dd 18.1.95. No. 97 L.

~~Separate orders will be passed on the proposal to abolish the park establishment referred to in para. 40 of the Chairman's letter.~~

Budget Estimate for 1895-96.

3. Receipts. The receipts for the ensuing year are placed at Rs. 1,46,940, against Rs. 1,47,660 in the revised estimate. Although the totals do not differ materially, there are marked variations under "tax on buildings", "water-tax", "sale proceeds of Government securities" and "advances recovered". Credit will now be taken for the balance of the loan on account of the water supply scheme, amounting to Rs. 31,500. The estimate under Government grants ~~on account of for Education~~ Normal Stipends will be raised from Rs. 240 to Rs. 290, on recommended by receipt of the Director's remarks.

4. Charges. The probable charges are entered as Rs. 1,45,680 against the revised estimate of Rs. 1,91,480, the decrease being mostly under grant I.

circumstances under which the levy of the water tax was not extended throughout the town in the current year, should be reported. The application for the balance of the loan on account of the water supply scheme, promised in para. 25 of the Chairman's letter will be awaited, but as the necessary preliminaries cannot be completed before the close of the current year, the sum of Rs. 31,500, taken credit for on this account will be struck out, and a corresponding reduction will be made in the allotment under New works — water supply. The entertainment of the temporary cholera establishment and the 13 temporary collection peons, shown in the proposition statement, if approved. Every endeavour should be made to spend the whole of the budget provision for the repair of the roads. ~~The balance under the Revised Estimate is sufficient for this, even should no other savings be effected.~~ and the abolition of the park establishment referred to in para. 40 of the Chairman's letter are

Separate

Revised Estimate for 1894-95.

2. The current receipts and charges are now estimated at Rs. 1,79,160 and Rs. 2,22,980 respectively, against Rs. 1,82,330 and Rs. 1,86,590, anticipated in the sanctioned budget. There is an increase in the receipts under the "taxes on arts and buildings", "Fines under the Municipal and other acts", "sale proceeds of Government securities", and "advances recovered", but this is more than counterbalanced by a marked decline under the "water-tax", "Tolls", and "Loans". The increase in the charges appears chiefly under grants I and II. The collections under the land tax during the first eight months of the year were not satisfactory and it is to be regretted that the land for the new buildings and roads was not selected and acquired with more promptitude, so that the provision under these heads might have been utilized within the year. The circumstances
