Construction of the Bridge across
the Budameru

Submitting for information
with reference to L. C. No. 514 L. P. No.
of 15-3-94, St. Bd. Res. No. 1 of 16th
January, 1895 regarding the —
on the Konchipadu - Pamaralam Road

To
The Public Works Department.

(In the order)

1. Read G. C. No. 544, L. Div. dated 15th March 1894 approving the District Board's proposals to construct the bridge over Budamuru across Kankipadu Gannavaram Road instead of across Bezavada Perikud road and the Superintending Engineer's No. 1771 K.S. dated 1. 11. 94 stating that the bridge with less water way than that allowed for the Railway bridge would be of no use and also that it would be necessary to bridge both the Ryves and the Ellore Canal if the proposed bridge is of any real use.

Read Local Fund Engineer's letter No. 1871 dated 14. 12. 94, reporting that it is not now necessary to construct the bridge for certain reasons and that it will be sufficient if a 1st class Ballacut is placed in the Budamuru at the crossing—

Read also President's note thereon that "if the bridge approved to is given up the D.P.W. is still under an obligation for proposed to build us a bridge, as this one was in substitution for proposed new bridge at head of Ryves canal, which again was in substitution for a bridge promised on Baudar-Cowtaram road"

Resolution:— The construction of the Bridge across the Budamuru on the Kankipadu— Gannavaram road will be held in abeyance. The District Board notes that the D.P.W. is still under the obligation to build a Bridge wherever may be considered most necessary.

Sd/ J. N. Atkinson
President
