Supplied. The Chairman is thus more to blame than anybody else in the matter.

3. The Temporary Dy Collector in Charge has, however, been directed to take due notice of the Conduct of the village officers in not having Carried out the Tahsildar's orders.

4. The difficulty in the supply of Calves was chiefly due to the Chairman requiring them for hire, and the Tahsildar or village officer saying that they could only be had for sale. The Chairman should have intimated to the Tahsildar his readiness to buy. This he did not do till he was asked by Mr. Young to report definitely on this point in September last, when the Council at last decided to purchase the Calves. On a lengthened experiment the report would probably <sup>find</sup> ~~find~~ that <sup>the</sup> Calves were not damaged and would be willing to

he with returned with enclosures.

2. It will be seen from the papers that immediately on receipt of the two requisitions for Calves, the Tahsildar issued orders to the village officers of Ellore to supply the Chairman with the animals and intimated the fact to the Chairman. He even intimated to him that if the village officers fail to comply with the requisition, he would, on hearing from him (Chairman) take due notice of the village officers. If the village officers did not carry out the Tahsildar's orders, it was certainly the look out of the Chairman to have brought this matter to the Tahsildar's notice. But neither in his letter No. 42 <sup>1-9-94</sup> nor in his letter No. 67 <sup>23-10-94</sup> does the Chairman aver that he did so. Apparently his report to Government complaining against the non-supply, communicated to the Head Assistant Collector and the Tahsildar was the first intimation to either of these officers that the Calves were not

have tried his best either personally or through the Councilors to satisfy himself as to the difficulty of procuring Calves ~~but~~ on the terms proposed by him; but he does not seem to have done this, nor represented matters to the Divisional officer then and there. I do not like to throw the blame on the Tahsildar and the village officers for not having done that which cannot be done, and I have no more remarks to offer than what are contained in this office letter no 745 -  
8-9-94

4 The Ellone Tahsildar's report - no 842 dated 12-12-94 is also enclosed for perusal and return.

CURRENT

7-2-95-495 M

Dispatched 8th Feb 1895

Submitted to the Chief Secretary, Local and Municipal Department, in reference to his endorsement no 1154 of 3-11-94 on the Ellone Municipal Chairman's letter no 67

23-10-94

The Tahsildar as usual, directed the village officers to supply Calves to the Municipality and made a reference to the Chairman, explaining the difficulty to procure Calves on hire system in Ellone and requesting to be informed whether he wanted the same on hire system or for purchase. The Chairman in his letter no 291 <sup>31-3-94</sup> requesting the Tahsildar to supply Calves on hire system if possible. No further action seems to have been taken in the Tahsildar's office, probably because orders have already been issued to the village officers on the subject.

2 The Calves were not supplied as requested, and the Chairman did not bring it to the notice of the Divisional officer; nor had he taken any steps to procure them except persisting in his requests to the Tahsildar to supply them on hire, which has been pointed out to be impossible in a big place like Ellone where it is not possible for the village officers to exercise any influence. In the interests of vaccination, the Chairman should

time they are in charge of the Vaccination Department.  
I do not think that the villagers will allow their  
Calves to be spoiled for the sake of a few Rupees.  
The only other alternative is that the chairman  
should either purchase calves for the purpose  
or get a supply of lymph from the Rajahmundry  
central Depot.

Submitted to Government in reference to  
para 4 of G.O. of 20.7.1894 no 926 M

2. It will be seen from the above that the  
delay in procuring calves is due to the  
laxity of the chairman.

Subordinate Revenue officers of the Division  
had been addressed through the Divisional  
officer for the supply of Calves for animal  
lymph, but without effect, is not quite  
justifiable. His letter No 110 to the Head-  
Assistant Collector is apparently the first  
communication on the subject and immediate  
orders were sent to the Tahsildar, but the  
chairman was at the same time asked to  
<sup>intimate</sup> ~~immediate~~ to the Tahsildar the number of the  
Calves and the date on which they were required.  
Again in February last he made another  
indefinite request to me and this gave rise  
to this office letter No 199 to which he has  
not yet replied.

5. In conclusion I beg to point out the utter  
impossibility of procuring calves now-a-days  
on the hire system; this is due, I am  
informed, partly to the ignorant belief  
of the villagers that by vaccination the  
calves lose their strength permanently and  
become useless and partly to sufficient <sup>fodder</sup> ~~fodder~~  
not being supplied to the calves during the

to him the impossibility of supplying them on the hire system every month. The chairman's reply to it to the effect that they should be supplied on the hire system seems to be the last communication on the subject.

3. It will be seen from this correspondence that there has been much laxity on the part of the Municipality to get themselves provided with Calves for vaccine purposes. Perhaps the Council might have thought that a requisition made to the Tahsildar was all that was required of them. On requisitions received from the Chairman the Tahsildar gave strict instructions to the village officers to comply with the request of the Municipality, but as he considered that it was useless to attempt to procure Calves on hire, he suggested that they might be purchased and when done with, resold. The Council has not availed itself of this suggestion. I am inclined to believe under these circumstances, that the Municipality is more to blame than any body else.

4. Further the Chairman's remark that the

this office letter No <sup>199</sup><sub>28.2.94</sub> to state on what dates and where he wanted the Tahsildar to supply him with the Calves required. But no reply has been received from him.

2. Copies of the Ellore Tahsildar's report No <sup>558</sup><sub>31.8.94</sub> and the Chairman's letter No <sup>42</sup><sub>1.9.94</sub> to me are enclosed. From these it will be observed that the matter ended only in correspondence and not in the supply of Calves. The Chairman admits that he asked the Tahsildar for the 1<sup>st</sup> time in his letter No <sup>162</sup><sub>14.10.93</sub> to supply Calves. The Tahsildar immediately ordered the village officers of Ellore to supply Calves and intimated the fact to the Chairman. The village officers were also asked by the Chairman to comply with his request, but he received no reply from them. Again in February last i.e. nearly 3 months later he requested the Tahsildar to supply 5 Calves every month and in reply he received the Tahsildar's letter No <sup>311</sup><sub>12.3.94</sub> asking him to state definitely whether he wanted the Calves to be supplied on hire system or by purchase and suggesting that they should be purchased and pointing out

The Collector.

Sir,

Adverting to your Reference No <sup>1560</sup><sub>Eug</sub> of 74  
dated 21.8.94, I have the honor to invite your <sup>attention</sup>  
to the correspondence ending with your No <sup>167</sup><sub>Eug</sub> of 94  
dated 1.2.94. On receipt of this, the Tahsildar  
of Ellore was directed in this office letter No <sup>470</sup><sub>28.2.94</sub>  
to give all possible help in procuring calves  
for vaccine purposes on requisitions made by  
the Ellore Municipal Council. In his letter No  
155 dated 17.2.94, the Chairman requested that  
the Ellore Tahsildar might be directed to supply  
5 Calves every month; in reply he was asked in

17<sup>th</sup> February 1894 to supply 5 Calves every  
month, to which the Tahsildar replied in  
his letter No 311 dated 12-3-94 that he has  
directed the Village officers to be  
requested to be informed whether the Calves  
should be supplied on hire system or whether  
they should be purchased and sent, that  
thereupon, I requested the Tahsildar to  
furnish the same on hire system if possible  
vide this office letter No 29/Mis dated  
31<sup>st</sup> March 1894 and that the correspondence  
ended therewith without any thing being  
done regarding their supply.

I further submit that up to date  
not even a single calf has been supplied  
either by the village officers or by the  
Tahsildar.
