Subject or Proposition.

Read District Board Engineer's letter Ref No. ²⁵⁴³ dated 19th August 1894 and his subsequent letters requesting sanction for writing off the accounts the materials said to have been washed away on Naidupet Kalakushi Road in November 1893.

Resolution.

The Board resolve to obtain the sanction of Government for writing off the materials. The Board consider that the bill should not have been paid without a reference to

NO 120
D.B.

29th January 1895.

S. H. Wynne

Desd 30th January 1895

From C. D. Maclean, Esq.,

Collector and President, District Board, Nellore.

To the Chief Secretary to Government, Local and Municipal

Department, Madras.

Sir.

The District Board Engineer reported on 19th August 1894 that the materials noted in the margin were washed away by the heavy rains in November 1893 and requested sanction for writing them off the accounts. The District Board thereupon called on him in resolution No. 101 dated 27th September 1894 to explain whether these materials were collected on the spot before the rains set in and if so to state the quantities so collected and the names of the officers who measured them.

2. In reply to the above, the Engineer stated that the overseer measured the materials on 1st December 1893 and that a Supervisor checked them on 14th December 1893 and remarked as follows: "For quantities we have only overseer's measurements".

3. As the overseer was said to have "measured" the materials in question (reported to have been washed away in November 1893) on 1st December 1893, the Engineer was again directed to report on what the measurements of the overseer were based and he has after several evasive replies finally reported on the 21st instant that the overseer's measurements

Metel 3 units
Gravel 117 units
Value Rs 194-11-6

To
The Presidents of the District Board.
B. Ballan

are based on "rough estimation" and with reference to the marks left on the spot &c"

4. As the Engineer has already paid for the materials on these rough "measurements" (which are in fact mere guess-work) without any reference to the Board though the agreement with the contractor provided that all work done should be paid for after inspection and that all part payment bills should bear a deduction of 15 per cent which is payable to the contractor only after a satisfactory fulfilment of the contract; the value of the materials is lost to the Board. I request therefore that you will be good enough to obtain the sanction of Government for writing off the accounts the materials in question (valued at Rs 194-11-6) as resolved by the District Board in their resolution No. 163 dated 26th January 1895, copy of which is herewith submitted.

I have the honor to be
Sir,

Yours most obediently
