Order

The Government is not satisfied of the necessity for the establishment of the proposed lower secondary school & therefore declines to reconsider the order already passed on the subject in para 4(3) of P.O. d/8th March 1894, No. 279 M.

2. The great delay in submitting this reply is unsatisfactory & should have been explained.

Sir,

With reference to paragraph (3) of G.O.
No 279 D.M. 8.3.94 Calling for a report on the sugges-
tions made by the Director of Public Instruction
in the latter part of paragraph 3 of his
letter No 357 18.1.94. I have the honor to enclose
herewith an extract of the Council's resolution
thereon.

next year's budget for teaching drawing in
the Municipal school. As the present
furniture of the primary schools is sufficient
for them and the furniture of the old
town school referred to, will fairly accom-
modate the school to be started, no
provision need be made for furniture.

Extract from the proceedings of the Municipal Council, Rajahmundry dated 28. 9. 94.

1. Read G.O. 8th March 1894 No 279 M. reviewing the Budget of the Municipality for 1894-95 for Consideration of certain points along with the Memo of the Chairman and G.O. 22nd August 1894 No 627.

The Council is still of opinion that the establishment of a Lower Secondary school in the town as proposed in the Budget is a necessity. If the Government should approve of the proposal, the school should be started from the Commencement of the school year (i.e.) January next and provision for it will be made in the revised estimate and the school opened from the 1st January next. The Council requests that the town school building and the furniture handed over to Government by the Rajahmundry school Committee be transferred to the Municipality for the purpose, as they are not required for the Training College and its practicing branch. Provision will be made in the

it seems unlikely that two schools two miles apart like those at old town and Innespettah would injure one another. The opinion seems to be that the Municipal Councils proposal is, after all, a good one, & the S.P.I. has been asked in the G.O. (627. Encl.) which states all three objections to reconsider the Councils proposal and to see if the Council still are still ready to carry them out.

Under three circumstances the present current may either be referred to the Director of Pub. Inst. for remarks, or (3) perhaps better, lie over until the Council. Dftr. have disposed of the matter, and office note being sent to them it now asking that L.M. may be informed of the orders that are passed.

and increased the building & furniture grants by Rs. 500 as proposed by him to the D.P.T. I told the Chairman to report on the D.P.T.'s other two proposals for spending the remaining Rs. 600 which the Council saved by the transfer of the Union High school & its 2 branch middle schools to the Educational Dept.

The present current is the reply. The Council ~~says nothing about the spending of the Rs. 600 this year but agree to teach drawing next year~~ & say that they are still of opinion that the middle school in Old Town is most necessary & ask Govt. once more to give them over the building & the furniture. They say that the primary schools don't want any more furniture, & that drawing will be taught next year.

Meanwhile in his letter in G.O. ⁶²⁷ 80. ^{22.8.94} the D.P.T. has come up for orders as to the course that is to be taken with the old town middle school. He proposes to keep it on at Govt. expense as a practising school for the Teachers College. The notes on this letter in the Educational Dept. consider that this proposal is objectionable as it would be expensive, as it is opposed to Educational Policy for Govt. to keep up a middle school, as the normal students would have to go two miles to practise in it; and as

29.8.94

the Chairman of the Rajamundry Municipal Council said (please see portions marked with blue chalk on pages 6 and 10 of the G.O.) that as it seemed clear that Govt. did not propose to keep on the middle school at Old Town, and as this school was very necessary as the students could not go out the 2 miles to the other middle school at Innespetta, the Council would take over the old town school if Govt. would hand over to it the building & furniture belonging to it which had been transferred to Govt. before by the Union High school Committee. It appears that another fact that weighed with the Council in making this recommendation was a dislike to having no middle school in the town but one in which the children of the town would have to be experimented upon by the normal students from the Teachers College.

The Director of Public Instruction (then Mr. Ranro) in commenting upon the Council's proposals, said, (please note the Budget G.O. No. ^{29.7} 80. ^{8.3.94}) that the school at Innespetta was enough for the town, & that the new school would only be a rival to it; that the new school would cost the Council a great deal of money; that the town ^{middle} school was wanted by the Department as a practising school, so that its building could not be given over to the Council; & that the money might be better expended in giving ① Rs. 500. to rural schools as building & furniture grants ② Rs. 300. for a drawing-master, and ③ Rs. 300 for furniture for the four municipal primary schools.

In the G.O. on the Budget already quoted the Govt. accepted this recommendation

and would amalgamate with it the existing Hindu & Muhammadan primary schools, maintaining the amalgamated school up to the middle school standard.

FOR ORDERS.

In June '93 Mr. Duncan proposed to raise the Upper Secondary Training school at Rajamundry into a first grade Training College as the Saidapet Teachers' College could not provide the Northern Circars with as many trained teachers as they required.

The proposals including the taking over from the Committee that were then managing it of the "Union" High School, which was to be worked as an Upper Secondary Training school for the Normal Institute at the new Training College, and as an efficient High School.

Govt. sanctioned these proposals generally in G.O. 589 Educational.

The Committee in charge of the "Union" High School thereafter agreed to hand over to Govt., in addition to the High School two Branch Middle schools which were under their management, with the funds in hand to their credit, and their buildings.

Govt. accepted the offer in G.O. 692 dated 22nd Sept '93 Educational.

At present the Training College is working with the Union High School, & one of these two middle schools, (that at Innespetta, two miles out of Rajamundry proper), as its training ground. The other middle school (in the old town) is being ^{being} ~~is being~~ ^{only tentatively} ~~is hereafter to become an additional~~ ^{fracting} ~~school for it.~~
