From

A. Tremeneere Esq.

Collector of Bellary

To

The Secretary to the

Commissioners of Land Revenue

Madras.

Sir,

With reference to Board's Proceedings
 No. 6984 dated 18th December 1894, I have the honor
 to inform the Board that the Chairman
 of the Municipality now informs me that he
 cannot supply me with a plan. If I require
 any further particulars to more specifically
 indicate the places overgrown with prickly
 pear, he will, he says, be ready to furnish
 them.

2. I have replied that I want as exact
 and specific information as he would give
 a private person, that I may check whether
 the land is village site at the disposal of
 Government

Government and not vesting in the Council.

3. As I anticipate that this information may not be furnished to me for some considerable time, I now beg to reply to the enquiry of Government in para. 2. of Government order to the following effect, in the town of Bellary the clearance of prickly pear from village site at the disposal of Government and not vesting in the council can only be done when the Municipality shall have clearly specified the limits of such overgrowths in such a manner as to allow of the responsibility of Government being ascertained. This being done, it will have to be considered whether it is worthwhile for Government to retain some of the plots where the growth is particularly troublesome and persistent, or whether they should be sold; as to the rest, an estimate for removing the overgrowths will have to be prepared, and submitted for sanction.

4. I regret that I am not able to give a more immediately practical answer, but I

I have no means of knowing which plots the Municipality consider unwholesome except from their lists and I think the Board must have been satisfied that to act upon these would have been, if not impossible at least a blind risking of Government Money.

I have &c.

J. B. Ramasetha Aiyar.

for collector.
