District

where

time they are required to devote to other work connected with the inspection of their Wards. Notice boards will be put up at the offices of the former and the residences of the latter with a view to afford greater facility to the public in knowing the places where they will have to register such occurrences. The attention of the public will also be drawn to the matter by leaflets from time to time stating the hours during which occurrences will be registered by these officers and the consequences attendant on failure on the part of the people. These preliminaries having been gone through, the Inspectors have been directed to report the names of persons who fail to register domestic occurrences within the time prescribed in the Act in view to their prosecution. It is hoped that, under this arrangement and with the exercise of strict supervision, a decided improvement will be observable in the registration of Vital Statistics.

Municipal Council,

Cuddalore.

To,

The Honorable J. I. Price,
Chief Secretary to Government,
Madras.

Sir,

With reference to G.O., dated 17 September
1894, No. 1274 In., I have the honor to submit the
following remarks on the points therein calling for
report.

Para 3-(1).

In explanation of the steps taken by the
Council to assess lands unappropriated to buildings
in the Municipality, I beg to state that at a
Meeting held on the 15 March 1892, the Council
passed a resolution to assess such lands at
2 annas for every 80 square yards, and with reference
thereto the Inspectors prepared and submitted lists
of vacant lands and notices were prepared and
served on the various owners or occupiers of such
property with the result that 318 appeals were
presented

presented against the tax imposed. No portion of the tax was collected during the year except an amount of Rs. 208 deposited by the 318 appellants. The amount still stands in deposit and will be dealt with as noticed below. It occurred to the Council, however, while the appeals were before them, that the rate fixed by them was rather too high and would weigh heavily in the majority of cases and they therefore, in a meeting held on the 24th March 1893, reduced it to 6 pils per 80 square yards in those cases only in which appeals had been preferred. This decision of the Council necessitated the revision of the lists. The revision of the lists was, however, not taken on hand at once (Vide Para 17 of letter of the Chairman to Government, No 174, dated 30th June 1894) and pending revision the demand of the tax could not have been ascertained. No bills were issued during 1893-94 for the collection of the tax. While the revision was yet incomplete, the Council in a further resolution passed by them, at a meeting held on the 24th June last, resolved to tax waste and unappropriated lands all round at a uniform rate of 6 pils per 80 square yards in 1894-95, and

1274 m
179-94

From para 19 of the report of this Municipality reviewed in G.O., 17th September 1894, No 1274 m., Local and Municipal, it will be seen that the Council contemplated the regular collection of the tax to commence in the year 1894-95. In conformity with the last resolution of the Council just quoted, the total amount due by the parties that appealed against the tax imposed in 1892-93, comes to Rs. 111. This sum will be deducted from their deposit and credited in the accounts, and the remainder Rs. 97 still left to their credit in deposit will be refunded to them on application. The revision of the registers has now been completed and the demand of the tax, according to the revised registers and calculated at 6 pils per 80 square yards, is Rs. 241. 7. 1 for 1894-95. Bills have been prepared for the whole of this sum and stringent orders have been issued to the several Bill collectors for the complete realization of the tax before the end of the financial year.

Para 4 (3).

Medical relief. - As regards the question of payment of the Dr. Chowdhury results, I beg to enclose copy of a resolution passed by the Council at their meeting held on the

9^o Velthuis and based on a letter from the District Surgeon in which he wished to be informed whether the midwives serving in this Municipality should be classified under G.O., dated 26th July 1894, N^o 1381 L; and I submit that the resolution disposes of the question referred to in para 6 of G.O., dated 6th October 1893, N^o 1354 In. Local and Municipal.

(H) With a view to effect improvement in the registration of Vital Statistics, the Assistant Registrar of Births and Deaths has been directed to hold his office at a central spot in Cuddalore Old Town in order that he may be better able to register the domestic occurrences which take place in that town and Baidipolliem, while the Registrar in the Municipal office will continue to register similar occurrences in Triapapaligur, Padappolliem and Marigatappam, these places being situated nearer the Municipal office than Old Town and Baidipolliem. These Registrars will be assisted by the Ward Inspectors who will register such occurrences in their houses between 12 A. M. and 3 P. M. in order that this work may not interfere with the

Read letter from the District Surgeon,
Fuddalore, dated 3rd October 1894, No. $\frac{125}{2m}$, request-
ing to be informed whether the Dr. devices serving
in this Municipality should be classified under
G. O., dated 26th July 1894, No. 138/L.

3. The Council is of opinion that the pay of
the Dr. devices in the Municipality need not
be revised. They would, however, adopt the
suggestion of rewarding them at the rate of
4 annas for every case over a minimum of
8 per month and of fining them at the rate
of 2 annas for each case below the minimum.
