Sir,

I have the honor to inform you
that on the 10th Instant another body was
cremated by the villagers of Etapolem in
the middle of the Kigai river bed and within
1500 feet of the Filter Bed supplying the Town
with water. I have already brought this
Sanitary evil to your notice and request you
to be good enough to issue a stringent re-
sistential order to stop further burning
or burials in the river bed till a per-
manent prohibition can be sanctioned
by Government.

The place was inspected by me
and I find 6 bodies have been lately cre-
mated here.
