PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

Memorandum from the Public
Works Department, dated 1st October 1894,
No. 3000 C.

Endorsement in the Revenue Dept.
No. 1841 B of 20th September 1894, on Pro-
ceedings of the Board of Revenue (S. R.)
No. 5035 of 10th September 1894.

Referred to the Educational Depart-
ment, with a reference to G.O. of 12th May
1893, No. 320 Educational, for favour of early
information whether the work should be
held in abeyance and the current year's
grant resumed.

From the Director of Public Instruction,
of 22nd January 1895, No. 573.

With reference to para: 3 of G.O.
of 21 April 1894, No. 428 M. and para: 2
of G.O. No. 830 M. Mis. of 21 July 1894,
and in continuation of this office letter No.

2909, dated 19th September 1894, I have the honour to state that Mr. Marsden, Inspector of schools, Central Circle, who was required to inspect the Municipal High School, Amantapur, and submit a special report on the expediency of reducing the school to the Lower Secondary Grade, recommends

1405 Sub
B-10-94

- (i) that the upper Secondary department should be retained.
- (ii) that the Primary department which was taken away to ~~from~~^{form} the Practising department of the Training School should be re-attached to it,
- (iii) that, having regard to the finances of the Municipality, the School should be re-organized with the following scale of Establishment.

	Present Rs	Proposed Rs
Headmaster	100	80-100
First Assistant	80	50-70.
Second Assistant	60	40-50.
Third Do	40	30-40
Fourth Do	30	25-30.
Fifth Do	20	20. Munshi or Pandit
Sixth	15	Nil Sameerit do
Gymnastic Instructor	10	10-15.
Pen	6	6.
Headmaster, Primary school	0	15
Assistants do	4	10
<u>361 x 12 = 4332</u>		<u>286 x 12 = 3432</u>

(iv) that half salary grants should be given on behalf of all the teachers and (v) that the Sub Assistant Inspector of Schools of the Range should be entrusted with the duty of checking the monthly returns and accounts of the School. The Municipal Council to whom these proposals were referred has expressed its willingness to continue the High School as recommended by Mr. Marsden (Please see its resolution enclosed). The Inspector urges that there is a very great demand in the district for qualified candidates for the Public Service and that in the Educational Department as well as in other departments in the district there are at the present moment several vacancies for which no qualified local candidates are available. To adequately meet the demand, it is desirable to maintain this, the only High School in Amantapur - judging from past experience I am not very sanguine as to the success of the school but in the circumstances it may be given a trial for two more years - The scale of salaries now proposed by Mr. Marsden, if sanctioned to have effect from 1st April next, would involve a reduction of Rs 900 in the cost of staff for 1895-96.

2. The present Code makes no provision

provision for payment of half salary grants for the teachers of the school. But, considering that the district is generally backward in point of Education and that, when the late Government Middle School, Anantapur, was transferred to the Municipality, some special concessions were promised for this school (vide G.O. No. 1768, dated 17th August 1883) I beg to recommend that half salary grants be given as a special case. The other recommendations of Mr. Maister have my support.

3. I beg also to return Government Endorsement No. 1968, dated 8th October last, and to remark that, irrespective of the orders which Government may pass on these proposals to retain the High School, a good building for the Training School is an absolute necessity. The one now proposed to be constructed is intended to accommodate both the Municipal High School and the Govt. Training School. Both the schools have for years been suffering for want of proper buildings. Leaving the Municipal school out of question, the Training School ought to be provided with a building without delay, as good work is next to impossible in the
wretched

wretched building in which the school is now held. I would therefore, recommend that orders be issued for the early construction of the new school house.

Order: 19th February 1895, No. 151.

The proposal to pay half salary grants for the teachers employed in the Anantapur Municipal High School is approved.

2. The Public Works Department will be informed that a school-house at Anantapur is necessary and that its construction in accordance with the estimate approved in G.O. of 12th May 1893, No. 320 Educational should be proceeded with.

3. Paragraph 1 of the Director's letter will be considered in the Local and Municipal Department.
