During the last 16 months I have been in charge of this Division, Sivasunkaram Pillai has been unremitting in his exertion. He has not only attended to the preparation of accounts which are thoroughly well kept, but has always been of considerable assistance to me in other office work, particularly when I was left alone without a single hand to help me, from illness of the whole of my staff.

He has suffered very much in health, and I can assure you that any body that has seen how he worked, when the pressure of work entailed by Famine was very great, will declare that he does need some relaxation after the harrassing work he had to perform.

I have the honor to be,
