find that sites were selected by him in 1893 -

It was at that time that the Acting Collector addressed government on the subject and the matter was disposed of in P.O. dated November 3rd, 1893, No 1532 in this:- The Council has done nothing since.

3. I am now paying some personal attention to the streets of the Town, but I fear that there will be little or no result for some time, as there is at present little to choose between the richest and poorest streets of the town as far as sanitation is concerned.

Madras.

Sir,

In reply to the latter part of J. O., dated February 28, 1895, N^o 305 M. Ins., I have the honor to state that the District Medical and Sanitary Officer inspected the night soil depot again on the 24th January and found it in such an unsatisfactory state that he addressed the letter, a copy of which is enclosed, to the Chairman. The Chairman was asked by me what steps he had taken or intended taking, and a copy of his reply is enclosed.

2. Regarding the rubbish depots, I also addressed the District Medical and Sanitary Officer and I find

that no avoidable delay will be permitted to occur.

3. The want of funds is said to have hitherto prevented the acquisition of a suitable site for the night soil depot, and now that energetic steps are being taken to enforce collections, an improvement in the desired direction may be shortly looked for.

To

The Collector of Coimbatore,

Sir,

In reply to your letter, dated 18th Instant,
Ref^d on N^o $\frac{210}{mis}$ of 1895, I have the honor to
state that the letter from the District Medical
and Sanitary Officer was placed before the Municipal
Council at the last meeting held on the 16th, and
it was resolved that a committee be appointed to
consider the question and to report on it as early
as possible -

2. I am asking this Committee to inspect the
place selected by the District Medical and Sanitary
Officer and to report whether it could be easily
acquired, and I hope to get a reply from them in
about 3 days - In the meanwhile I may inform
you that the matter is receiving my attention and

From,

The district Medical and Sanitary
Officer, Coimbatore,

To

The chairman,

Municipal Council,
Coimbatore,

Sir,

In continuation of my remarks, dated 24th
January 1895, regarding the unsatisfactory condition
of Wedderburnpetta and night soil depôt, I deem
it desirable to request you to abandon immediately
the present night soil depôt and to select another
site about 2 or 3 furlongs further away from the
town.

As I consider this of the utmost importance,
I request you will act in this matter yourself
to save delay. The present condition of the depôt
is so deplorable and likely to generate diseases.
