எழுதிய மஹஜர்

4. Till recently we were unaware where the hitch was in gaining our object, a dark veil over-hanging this question of such vital importance to us. When a corner of the veil was lifted, we saw that the time was ripe for a public gathering. We hastened. Our Sub-Collector having kindly undertaken to preside, we met—hundreds of us—officials, lawyers, merchants and others,—conspicuous among them being our esteemed townsman Mr. Ponnusawmi Pillai Avergal, the Pensioned Judge of the Small Cause Court Madras, to help us with his advice and purse. We gave out our views in the most emphatic terms. Our worthy President the Sub-Collector may convey to your Excellency the impressions he has formed as to the enthusiasm that prevailed and to the large hopes we were encouraged to entertain.

5. We respectfully call your Excellency's attention to the various resolutions (copy appended) which we adopted at the meeting and which will at once convince Your Excellency how we hope to meet the objections of the Director of Public Instruction to our proposals for reviving the Municipal High School. Taking up the question whether the High School will, as the Municipal Council has already represented, pay its way without trenching upon the Municipal assignments for Primary Education, we beg to submit that we do not entertain the least doubt in regard to it. During the several years in which we had our private High School it was supported by fees— the highest three forms alone containing about 90 boys. When it was abolished those who had the means sent their children to other stations for their education; others that had it not have kept them idle. In the former case, instances are not wanting in which the young ones had to be recalled owing to the operation of causes incidental to unwholesome nourishment in the outside stations and to the want of parental care and control. The remaining ones will also be recalled. With such an ample reserve of materials we expect to have at once a full compliment of the High School forms from the 4th to the 6th.

6. Passing on to the next question of the School furniture etc. which the Director apprehends will involve a considerable outlay on the part of the Municipality over and above its means, we submit that we propose to purchase by private subscriptions the whole lot of furniture, maps, library and science and gymnastic apparatus of the late High School now available for our use. Rs. 511 have been subscribed cheerfully at the meeting, and if more be necessary it will be made up in a short time so that we shall be prepared to hand over these to the Municipal Council on the day on which the High School will be opened. We feel confident that this undertaking on our part will be accepted as the most eloquent appeal we can make to urge our claims to Your Excellency's favourable consideration in the disposal of this memorial.

7. The question of a suitable building for locating the High School presents no difficulty either. A first class building in substantial repair, constructed in 1863 by private subscriptions and with the aid of Government grant for the use of the then Government Taluk School and then largely extended and improved by the Municipal Council and the District Board while the Municipal High School and the Local Fund Normal School occupied it in succession, has been, we understand, recently but *temporarily* handed over to the Assistant Commissioner of Salt and Abkari Department for the use of his Office.

8. We solicit Your Excellency's kind reference to the correspondence that passed in the middle of the year 1892 between the Departments concerned in

connection with this transfer. We crave Your Excellency's attention also to the figures obtained from public records and quoted in one of our resolutions which go to show that the cost of the building as it stands now was mainly defrayed by private subscriptions and from Local Funds, exclusively for educational purposes. In these circumstances, we earnestly pray that orders may be passed for restoring the building to the Municipal Council to meet the requirements.

9. In conclusion we beg to add that strangely enough while progress on other lines is proceeding fast in the town, education alone seems to be going down on an inclined plane. When we had one or another High School and for some years also a Training Institution down to their Primary classes, children flocked here from far and near as to a common centre. The bustle and activity that marked the school-going population then have passed away—giving place to a sort of listlessness as if the animating impulse had departed. This cannot be a matter for surprise, since the lower education must receive its tone from the higher.

10. We earnestly trust and pray that this state of things will no longer be suffered to continue, and that Your Excellency will be graciously pleased to pass favourable orders so as to respond promptly and generously to our need which is growing more and more day by day.

11. For this act of benevolence and justice we shall, as in duty bound, ever pray for Your Excellency's long life and prosperity.

We beg to remain,
May it please Your Excellency,
Your Excellency's most obedient servants,

M. K. Saminadier.

**His Excellency the Governor in Council,**
**FORT ST. GEORGE,**
***MADRAS.***

MAY IT PLEASE YOUR EXCELLENCY,

We, the undersigned residents of Erode, most respectfully beg to invite Your Excellency's kind attention to the earnest representations made in this memorial and solicit Your Excellency's sanction for the revival of the late Municipal High School, and for the restoration of the Government School-building to the Municipal Council for the purposes of the proposed Municipal High School as requested in this memorial.

2. During the last year, the Municipal Council submitted proposals to Government for reviving the High School and was informed by Government that, on account of the various reasons set forth by the Director of Public Instruction which amounted to saying that it was not within the means of the Municipality to maintain a High School, the said proposals could not be entertained. We understand that this year the Educational Officers took the initiative and that the Director of Public Instruction has so far convinced himself as to the necessity of higher education in this town as to grant permission to the Municipal Council to open a Middle School next year provided that there is no private agency forthcoming to manage it. This concession, we are sorry to say, does not improve our position in the least as it does not meet our wishes at all. We have a private Middle School yet among us, the remnant of the defunct Native High School which superceded the Municipal High School. A single gentleman keeps it up, others associated with him in the management of the latter institution having retired from the field. He retains it so as to give the public yet a chance for developing it into a High School. He cannot do more, the responsibility of a High School being felt too onerous in the face of the recognition rules.

3. The efficient management of a High School requires certain prerequisites—means, education, capacity for management and, above all, where a body of men should work together, an esprit de corps to inspire their counsels. These qualities are, we do not deny, possessed by some among us singly—but not, we are forced to admit, in combination. There are in these mofussil stations but few who by their wealth and influence are enabled to lead an independent existence and at the same time inclined to give their time and talent *for any length of time* to a public cause even when self interest is involved. To this cause is due the fact that the management of Secondary Schools where they exist in this District devolves in Karur on the Municipal Council and in non—municipal Taluk head quarters upon the Taluk Boards—a pregnant proof that private enterprise is conspicuous by its absence throughout the District. It is thus apparent that Erode, next in importance to Coimbatore city, cannot in fairness be denied the same privilege.

Post master

## *At a Public meeting of the inhabitants of Erode, held in the Municipal Primary School Hall on the 16th November 1894, the following resolutions were carried unanimously:—*

H. O. D. HARDING Esquire, In the Chair.

I. That this meeting strongly supports the resolution of the Municipal Council passed at their special meeting held on the 14th instant to the effect that the sanction of Government be again sought for reviving the late Municipal High School.

II. That this meeting, regard being had to the growing demand of the citizens of Erode for a High School and to the fact that, when the private High School flourished, it was entirely supported by school fees, is strongly of opinion that the proposed Municipal High School will be self-supporting even in the commencement.

III. That the School furniture and apparatus now belonging to Mr. Dasappa Aiyar, the Manager of the Town Middle School, which is roughly estimated to cost 800 Rs. be purchased by means of subscriptions for the use of the Municipal High School, and that the amount thus collected be paid to the Municipality

IV. That Government be requested by memorial through the Municipal Council, Erode, to restore to the Municipality for the use of the Municipal High School the public School building (now temporarily transferred by Government for the use of the Assistant Commissioner's Office) in consideration of the following facts and figures :—

| | | |
|---|---|---|
| 1. | Amount paid by Government during the original construction of the building for the use of the late Taluk School in 1863 | Rs. 800 |
| 2. | Amount raised by subscriptions at the time ... ... | Rs. 612 |
| 3. | Cost of additions made by the Municipality when the Municipal High School was held in that building ... ... | Rs. 280 |
| 4. | Cost of additions made by the District Board when the Local Fund Normal School occupied the building ... ... | Rs. 885 |

V. (*a*) That a Sub-Committee consisting of :—

H. O. D. Harding Esquire, President.
M. R. Ry. Dasappier, Secretary.
,, Allavuddeen Sahib.
,, Venkataramanasawmy Naidu.
,, Chinnasawmy Naidu.
,, Annamalai Mudaliar.
,, Kandasawmi Chettiar.
,, Pattabi Chettiar.

be appointed to collect these and such further subscriptions as may be forthcoming, and that the money be paid to A. L, A. R, and Co's Agent Muthiyya Chettiar.

(*b*) And that in the event of Government sanctioning the proposal to open the High School the money be handed over to the Municipality but that if Government refuse to sanction the proposal, the money be returned to the donors on the orders of the President.

A subscription list was opened on the spot and a sum of Rs. 511 promptly subscribed.

School building.

2. Apparently the building referred to in the last Government order is the one now applied for, and if so, it appears to me out of the question for the Municipal Council to claim it in the present way. I do not know whether the circumstances under which the building was constructed were properly placed before Government at the time; but if they were, it would, I think, be useless to apply for a reconsideration of the Government order. In any case the former refusal of Government to hand over the building should be quoted in the letter applying for reconsideration.

3. The first quoted Government order seems to show that the Government does not approve of the establishment of ~~the~~ higher grade Schools at the

[illegible] 29/11

Thro' the Collr of

Forwarded. A private High School was self supporting in Erode till quarrels twenty [illegible] broke out. There is therefore no doubt that a well managed school will be a financial success. It will meet a want much felt by the people. Two things are necessary to [illegible] without which the school can not be opened: a proper building and money to purchase apparatus & furniture. For the latter Rs 800 are required. The people have already promised to contribute more than half of Rs 500. As regards the building the fact that private contributions & municipal & Dt. Board money have been largely spent on the building was urged by the Council. I venture to submit a strong case in asking Govt to make it over to the Council again. It seems hardly fair that the building constructed by private & local funds shd be retained by the Salt department when required for educational purposes.

Government at a future date, there can be no doubt as to the additional accommodation that will be required in either case: And the Council has, therefore, resolved upon requesting Government to grant the building now occupied by the Assistant Commissioner of Salt and Abkari Revenue, Erode, for the use of the School proposed to be opened taking in to consideration the following facts vouched for by public documents herein to attached (to be kindly returned when done with).

(1) the building was originally constructed for the use of a School out of a subscription of Rs 612 of the townspeople and a Government grant of Rs 800.

(2) the Municipal Council improved the building at a cost of Rs 280

(3) the District Board extended it at a cost of Rs 885.

5. Under these circumstances I have every reason to believe that the Government will graciously be pleased to grant the prayer of the Council and pave the pay for the redress of a grievance so keenly felt by the Citizens of the town.

I have the honor to be
Sir
Your Most obedt Servant

*Sir,*

I have the honor to submit herewith a Copy of the resolution of the Council with the Connected papers for the Consideration and orders of Government.

2. The Director of Public Instruction has proposed in his Education Budget for 1895-96 of the Erode Municipality to open a Middle School here if private enterprise in that direction has not proved satisfactory

3. The people of the town have again sent up a memorial praying for a High School under the management of the Council, supporting their action now by resolutions passed at a public meeting. The Sub Collector of the Division recommended the memorial for the Consideration of the Council which at a special meeting held for the purpose on the 14th Instant accepted the recommendation.

4. Leaving aside the standard of the School to be opened for the decision of
