READ—again the following paper :—

G.O., dated 26th July 1894, No. 1381 L., Local and Municipal.

ABSTRACT.—Communicating to all district boards and municipal councils the proposals of the Surgeon-General regarding the scale of pay and the rate of remuneration to be given to midwives, and calling upon them to express any suggestions which they may desire to make before 1st September 1894.

READ—also file of replies to the above from Presidents of District Boards and Chairmen of Municipal Councils.

ORDER—dated 9th March 1895, No. 441 L., Local and Municipal.

The order read above circulated for criticism to all district boards and municipal councils a scheme suggested by the Surgeon-General under which all midwives in the Presidency would be classified upon a uniform system, and paid at uniform rates; would be required to attend a monthly minimum of not less than eight cases in large, and four in small towns; and would receive a reward for every case in excess of that minimum attended by them, and be fined for every case by which their work fell short of it.

2. Only five of the twenty-one district boards, and thirty-one of the fifty-five municipal councils approve altogether, or do not object to any part of the Surgeon-General's schemes. The letters received from the Presidents and Chairmen of these bodies, and of those others who demur to the adoption of the proposals put before them show, in the opinion of the Government, that local circumstances and conditions vary so widely in different parts of the Presidency that it would be unquestionably inexpedient to lay down at the present time any hard and fast rules either for the grading or for the remuneration of midwives which would apply inflexibly to all local bodies.

3. While, however, the Government is unwilling to require local bodies to treat the midwives in their employ upon a set system, it considers that the rates of pay proposed by the Surgeon-General for the several classes of these women will form a very useful standard for their guidance in making future appointments and in treating the cases of those already in their service. The Government is also of opinion that were the system of fixing a monthly minimum of cases which each midwife should attend, and of granting her a small reward for every case conducted in excess of this minimum, adopted by all local boards and municipal councils, the work performed would undoubtedly improve. The minima, the amount of the reward, and the means by which the number of cases attended should be verified must, however, be left to local bodies themselves to fix and decide upon.

READ—again the following paper :—

G.O., dated 26th July 1894, No. 1381 L., Local and Municipal.

ABSTRACT.—Communicating to all district boards and municipal councils the proposals of the Surgeon-General regarding the scale of pay and the rate of remuneration to be given to midwives, and calling upon them to express any suggestions which they may desire to make before 1st September 1894.

READ—also file of replies to the above from Presidents of District Boards and Chairmen of Municipal Councils.

ORDER—dated 9th March 1895, No. 441 L., Local and Municipal.

The order read above circulated for criticism to all district boards and municipal councils a scheme suggested by the Surgeon-General under which all midwives in the Presidency would be classified upon a uniform system, and paid at uniform rates; would be required to attend a monthly minimum of not less than eight cases in large, and four in small towns; and would receive a reward for every case in excess of that minimum attended by them, and be fined for every case by which their work fell short of it.

2. Only five of the twenty-one district boards, and thirty-one of the fifty-five municipal councils approve altogether, or do not object to any part of the Surgeon-General's schemes. The letters received from the Presidents and Chairmen of these bodies, and of those others who demur to the adoption of the proposals put before them show, in the opinion of the Government, that local circumstances and conditions vary so widely in different parts of the Presidency that it would be unquestionably inexpedient to lay down at the present time any hard and fast rules either for the grading or for the remuneration of midwives which would apply inflexibly to all local bodies.

3. While, however, the Government is unwilling to require local bodies to treat the midwives in their employ upon a set system, it considers that the rates of pay proposed by the Surgeon-General for the several classes of these women will form a very useful standard for their guidance in making future appointments and in treating the cases of those already in their service. The Government is also of opinion that were the system of fixing a monthly minimum of cases which each midwife should attend, and of granting her a small reward for every case conducted in excess of this minimum, adopted by all local boards and municipal councils, the work performed would undoubtedly improve. The minima, the amount of the reward, and the means by which the number of cases attended should be verified must, however, be left to local bodies themselves to fix and decide upon.

4. The system of fining midwives for short work does not, however, commend itself to Government, as there appears to be much reason to suppose that there would be a danger of its operating harshly and unjustly in cases where the women were prevented by causes beyond their control from completing their monthly tale of cases, and of its lacking a sufficiently deterrent effect in cases where they wilfully neglected their duties.

MARCH.

Midwives.

Passing orders on the proposals of the Surgeon-General regarding the scale of pay and the rate of remuneration to be given to —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 22nd June 1894, No. 42-Tour.

With reference to paragraph 2 of this office letter, No. 40, dated the 19th January 1894, I have the honour to state that the replies to the circular from this office show that difficulties exist in coming to any definite conclusion on the subject of midwives, but the majority of the District Surgeons are, however, of opinion that there should be a uniform scale of pay with a minimum number of cases to be fixed according to the population of the town. There is a great diversity of opinion as regards the scale of pay to be given and the rate of remuneration for cases in excess of the minimum.

2. After giving the subject my careful attention, I submit the following scheme for the consideration and orders of Government :—

(*a*) *Classification.*—I would propose that there should be a uniform scale of pay, not to be departed from, as a variable scale is a cause of discontent, and two classes of midwives—

(1) Qualified women, trained at a lying-in hospital able to read and write and possessing the necessary certificate of qualification.

(2) Women locally trained.

Class (1) should again be sub-divided into two classes—viz., (*a*) Senior and (*b*) Junior, according to length of service and ability—those having more than 5 years' service and possessing a certificate of qualification from a lying-in hospital being placed in the Senior class and those below 5 years' service in the Junior class. Both these classes should be reserved for duty in large and populous towns. Class (2) should be sent to small towns.

(*b*) *Pay.*—The rate of pay for Class (1) should be as follows :—

Senior class, Rs. 15 rising by annual increment of Re. 1 to Rs. 18.	Class (*a*)—Rs. 15 to 18.
Junior class, Rs. 12 rising by annual increment of Re. 1 to Rs. 15.	„ (*b*)— „ 12 to 15.

Class (2) should be paid at the rate of Rs. 7 rising by annual increment of Re. 1 to Rs. 10.

(*c*) *Minimum Number of Cases.*—It is very necessary that a minimum number of cases should be fixed ; without this it will be difficult to estimate correctly the work done by each midwife. The number should, however, be determined by the local District Surgeon in communication with the respective taluk boards and municipalities and should be based on the extent and population of the town. It will be impossible for me to fix this number for each town and village, but I consider that for large towns it should not be less than 8, and for small ones not less than 4, in a month.

(*d*) *Extra Remuneration for Cases over the minimum.*—This is very essential as an incentive to good work. The rate in large towns should be less than that to be allowed in small towns, as only very few cases over the minimum can be obtained in the latter. I would suggest 8 annas for every extra case in small towns and 4 annas in large ones.

(*e*) *Fine for Work less than the minimum.*—A small fine should, I consider, be levied for unsatisfactory work, unless good cause can be shown. I would propose As. 2 for each case below the minimum.

3. Monthly returns of cases performed by the midwife, with a certificate from the medical subordinate in charge of the hospital and the village munsif that they have satisfied themselves that the number of cases is correct, should be forwarded to the District Surgeon with their salary bills.

4. A notice should be issued in the town that the services of the midwife are available at the hospital at all hours.

5. I would propose that when the midwives are not required in the town they should be in attendance in the female wards at the hospital to assist the medical officer in attendance on the sick.

ORDER—dated 26th July 1894, No. 1381 L., Local and Municipal.

The Surgeon-General's proposals will be communicated to all district boards and municipal councils for the expression of any suggestions they may desire to make. Replies to this reference should reach the Government office before the 1st September 1894.

REVENUE DEPARTMENT.

Read again G.O. No. dated 26th July '94 - No. 1381 L.

From Read, Ltr of reflies from Local Boards & Municipal Councils. —

Dated 189 .

FOR O DERS.

In the G.O. read above the S. General submits a scheme for introducing uniformity in the classification, pay, & treatment of midwives, whether employed under District Board Boards or Municipal Councils, which has, on his own motion, evolved after consulting D.M. & S. officers. His letter describes his scheme, which may be briefly as follows:—

(1) That midwives should be of three classes. (a) locally trained. Pay. Rs. 7 — Rs. 10.

(b.) Certificated. Pay. Rs 12-1-18.

Rs 12-1-15 up to 5 yrs. and Rs 15-1-18 after 5 yrs. service

(2). That a minimum of cases to be guaranteed monthly shd. be fixed in each place, by the local authorities, being not less than 8 in large, & 4 in small towns.

(3) That a reward of 8 annas in large, 4 annas in small towns be given for every case over this minimum, and

(4) That a fine of 2 annas be inflicted for every case short of it.

His proposals were circulated to local

boards & Municipal Councils, & the two bundles of currents are the replies. As usual in 'general scrutinies' these are very incomplete, few of these bodies appear to have considered the question thoroughly.

Of the District Boards, only 6 out of 21 approve the S.G's proposals in these entirely.

On the question of division ① of the scheme, (classes & rates of pay), Chingleput Bd. have no locally-trained women, but approves the S.G's rates for the others. Tanjore Bd. have both classes but proposes salaries of

Rs 10 – 1 – 12 up to 5 years, &

Rs 12 – 1 – 15 after 5 years, against S.G's Rs 12 – 1 – 15 and Rs 15 – 1 – 18 respectively.

Godavari & Trichy think any proposal to equalise pay premature. Cuddapah Bd. & Nilgiris ask for special rates for their charges. Nilgiris & Calicut Bd. point out that the rates are not sufficient for Europeans & Eurasian midwives. Palghat Bd. & Vizagapatam remark that the pay they give some of their women is already higher than that suggested by the Surgeon-Genl & cannot be reduced, while Salem says it can make much cheaper arrangements than those proposed by that officer.

As to division (2) — the fixing of a monthly minimum of cases — South Canara thinks the S.G's minima (8 for large towns, four for small) are too low, while the Cuddapah Bd. thinks them too high altogether. Vizagapatam says the returns there can't be checked so that no minima can be laid down.

As to division (3) — rewards for cases over the minimum — Vizagapatam again remarks that its returns can't be checked, Canara thinks the minima suggested by the S.General (8 annas in large, & 4 annas in small towns) too low, Kistna would make them equal to the fees decided upon, & Godavari disapproves of the system altogether.

As to division (4) — fees for short work — Anantapur, Bellary, Canara, Chingleput, Vellore, Nilgiris & Trichy are entirely against the system. They think, apparently, that small fees will not be deterrent. [Nilgiris points out that even if a woman steadily refused to do any work she wd. still draw a considerable salary), & that the furnishing shd. be left in the hands of the local authorities.

Of the Municipal Councils, thirty one out of 55 approve of, or do not object to, the S.G's proposals. These other reports are again very slovenly, and often more

* N. Arcot. Kurnool.
S. Arcot. Madura.
Coimbatore. Tinnevelly.

In all such cases the Govt should be the same, but a local allowance should be added. BB

No doubt the Cuddapah is a special case BB

* Anantapur, Conjeeveram, Coimbatore, Erode, Karur, Muchampore, Cocanada, Rajamundry, Guntur, Masulipatam, Kurnool, Madura, Palni, Tanjore, Coconada, Cuddalore, Cannanore, Cochin, Coonoor, Gudiyattam, Tirupati, Vellore, Cuddapah, Vaniyambadi, Cuddalore, Kumbakonam, Mayaveram, Negapatam, Tanjore, Palam cottah, Tinnevelly, Tuticorin

ofter to the views of the Council, as to what should be done with their own particular midwives — both in this point and on all the others of the scheme, the fixing of rates of pay) — On the question of (1) — (classes & rates of pay) — Ordinary, Cuddapah & Trichy Depreciate, (are first & hard & fast rules, & would allow the rates to be decided upon locally. Salem would have a uniform rate of pay for all classes (!), Bimlipatam would pay the class under five years service Rs 12-1-14 against the S.G's Rs 12-1-15, Palghat wd. have no locally trained women, & Nellore would only pay this class Rs 6-8 against the S.G's Rs 7-10, while both Nellore & Palghat consider that the rates for the two classes of certificated midwives shd. be Rs 10-1-12 and Rs 12-1-15 against the S.G's proposal of Rs 12-1-15 and Rs 15-1-18.

As to division (2) — minimum number of cases per month — Bellary, Ellore, Mangalore, Vizagapatam, & Parlakimedi think the minimum fixed by the S.G. too low. The first three of the last would fix it at 12 in their towns, & Vizagapatam would have it 10 in large & 5 in small towns. Parlakimedi wd. allow each Council to fix it according to local circumstances. Vizianagram would take into account

the system in any shape.

The idea of having uniform pay & uniform rules for midwives was first originated by the Dist. Med. and San. Offr. of Cuddalore (vide his letter in Pro. 190.d. 1.294) He said that under a system by which different districts paid different rates to their midwives, the women in the lower paid posts were induced to resign on frivolous pretexts in order to go and take over the better paid appointments, & that this caused a "constant shifting" of the midwives which prevented them from gaining the confidence of the people. There can, it is submitted, be little doubt that this description is over drawn. The women in the higher paid posts would not be likely to want to constantly change, & the shifting would only occur on the death or dismissal of one of these. There would in any case have to be a change or two on such an event occurring. Beyond this argument no other appears to have been advanced in favour of the uniformity now under consideration.

It is submitted that this file shows clearly that there would be many difficulties in the way of uniform rules. Women who now draw higher pay than that which might be decided upon would have to be excluded from the scheme, so would Europeans & Eurasians, & so wd. midwives in high trade. On the other hand some Boards & Councils wd. have to pay more than they now do for the same amount of work that they now get. Even the Surgeon General does not propose to himself fix the minima cases to be performed monthly, and does not suggest do more than suggest that the amounts of the rewards fines should be.

It is also submitted that the system of fining is bad. Small fines would not be deterrent. Heavy ones might result in punishing a midwife severely though she was doing her best. (Midwives frequently get unpopular through ~~and~~ about them, or for other reasons their control, & sometimes remain without getting a case until they are transferred to another place.) The punishment could, it is submitted, be left in the hands of the local authorities, & not carried out by machinery.

It is suggested that Govt. may say that it does not consider that any uniform scale of pay requires to be finally laid down though the rates proposed by the General would form good standards

for the Guidance of Boards and
Councils, that it approves of the
system of rewards ~~once~~ for each case are
over the monthly minimum, but
would leave the amount of the rewards, the minimum, espe-
cially the arrangements by which the number of cases done should be
verified, to be worked out by each local body according to local circum-
stances, & that it does not consider that the fining system is one which
should be adopted. Their orders would do considerable good, for
some local bodies still pay their mid wives ~~whether they~~ without reference
to the amount of work they do, & so probably get less out of them than
they might, & it would tend gradually to enforce a more uniform standard of work without creating difficulties in places where for local reasons a fixed rule would be impossible to follow.

I submit that no more than is suggested above is called for. Indeed I am sure that it is advisable today even so much. Things have hardly arrived at that stage when it is safe to worry much on this particular subject

RDERS.

then laying it down the actual cases recorded in the last five years, & the Chairman of Mannargudi Bd. put it at one fifth of the recorded births. (!).

With regard to division (3) — rewards — Tellicherry Bd. fixed them at 4 annas which is about what it is in their towns. Bellary, Ellore, & Tellicherry Bd. fixed it at 4 annas which is about what they Bd. come under the G.O. scheme. Mannargudi Chairman Bd. make it 8 annas in small and Rs 1. in large towns (!), Bimlipatam Bd. put it at 8 annas, & Salem at Rs 1. Parlakimedi thinks no reward necessary, Chicacole Bd. have it the same amount as the fine, & Mangalore Bd. allow each Council to fix it.

As to division (4) — fines — Aboni, Bellary, Ellore, Chidambaram, & Vizagapatam would fix the fine at four annas, & Vizagapatam, Ongole, & Bimlipatam at 8 annas. Ootacamund thinks generally that the G.O. fine of 2 annas is too low, Mangalore Bd. have them fixed locally and Srirangam & Trichy would not allow

Sir,

With reference to your endorsement No. 3099 of yesterday's date on G.O., 26th July No. 1381 L, I have the honour to state that I agree with the Surgeon-General with the Government of Madras in the matter of fixed salaries for midwives in this District; but consider, that the District Surgeon should fix the minimum number of cases to be attended to by the midwife in the village or town to which she is attached. I approve of the fine of 2 As. for every case below the fixed minimum; but think the reward a little too good. It would be nothing simpler for the midwife to bribe a poor

Resolution no. 4. G.O. dated 26th July 1894, No 1381 L,

Communicating to all District Boards and Municipal Councils the proposals of the Surgeon General, Madras regarding the scale of pay and the rate of remuneration to be given to Midwives, and calling for suggestions before 1st September 1894.

The Board consider that the matter of punishment for short work should be left to the local authorities; small fines would not be deterrent.

Read the following:—

G. O. dated 26th July 1894, No. 1381 L communicating certain proposals of the Surgeon-General regarding the scale of pay and the rate of remuneration to be given to midwives and calling upon District Boards to express any suggestions which they may desire to make before the 1st of September 1894.

Resolution

The Board is not in favour of the proposals of the Surgeon-General. It considers that each District Board should make its own arrangements. It does not approve of the system of systematic fining when the number of cases attended in any one month falls below a certain

minimum, as such fine may cast on undeserved imputation on the midwife who may be doing her best, and who may have a good average in other months. The Board also considers that in some districts the scale of pay must necessarily be higher than in others. The question of increasing the pay of such of the present midwives as have had considerable service and have done good work should be considered by the Taluk and District Boards when framing their next Budgets.

LOCAL FUND DEPARTMENT.

Nilgiri District Board's Office,

Ootacamund, 28 August 1894.

No. 1131

From

J. D. REES, Esq., C.I.E.,

President, District Board,

Nilgiris,

Local & Municipal Dept
CURRENT No 25678

To

The Chief Secretary to Government

Local and Municipal Department

Madras.

Sir,

With reference to G. O. No 1381 2 dated the 26th July 1894, I have the honour to state, that no mid-wives are attached to the two Local Fund Hospitals, under the control of the Local Board. The Europeans residents obtain mid wives from Coonoor and Ootacamund

2. The Surgeon Generals proposals relate only to native midwives. European and Eurasian ____ midwives could not possibly maintain themselves on the Scale of pay suggested. The only other ____ Suggestion I have to make, is that while it is desirable to fix a minimum out-turn for mid-wives which, of course, must vary according to the extent and population of each town, the proposed infliction of a fine of annas two for each case below the ____ minimum, seems too low to act as a deterrent, ____ supposing a mid wife of class 2, drawing pay Rs 8, with a minimum of 4 cases, should entirely ____ neglect her work and attend to no cases during

a month, she can, under the Scheme, only be fined annas eight, ie, annas two per cent short of the minimum, and she will still receive Rs 7.8.0 for doing nothing.

3. As the reply to the G. O. under reference should reach the Government office before the 1st September next, I am unable to obtain and forward the opinion of the District Board, which meets on the 27th September next; when the Surgeon-Generals proposals will be laid before the Board and the resolution passed will be duly communicated.

4. I have consulted the Civil Surgeons of Coonoor and Ootacamund. Surgeon-Major Walker takes the exception regarding the insufficiency of the proposed fine and Surgeon Lieutenant-Colonel Lancaster says that Hindu mid-wives of both classes working on the hills should have an extra allowance of Rs 5 to meet the higher cost of living.

ENCLOSURE

SIR,

With reference to G.O. dated 26.7.94 No. 1381 I have the honour to state that the scheme proposed by the Surgeon General in his letter No 42 Tour. dated 22.6.94 regarding the pay &c, of midwives is approved in its entirety by the Taluk Boards of Tindivanam, Cuddalore and ~~Tirukoilur~~ and by the District Surgeon. The Vriddhachellam Taluk Board considers that the "minimum number of cases should be fixed for each place only upon an examination of the statistics of births occurring therein". It is in favour of the Surgeon General's scheme in all other respects. I am of opinion that the Surgeon General's suggestions might with advantage be adopted.

Read

Read also letters from the Presidents of Taluk Boards and the District Surgeon expressing their views on the subject.

—

As regards the scale of pay the Board approve of the Surgeon-General's proposals.

As regards minimum of work required the Board are of opinion that a small remuneration of 4 annas to 8 annas a case would be very little inducement to extra work and that it would be better to fix a higher minimum and give a remuneration of Rupee 1 or so for cases above it. They consider, however, that the minimum to be required and the rate of extra remuneration are questions which should be left to the decision of Local Boards with the advice of the District Surgeon.

As regards fines for short work the Board are of opinion that the fear of a fine of 2 annas would not be an effective preventive of neglect of work and that when work is clearly neglected the Presidents of Local Boards have sufficient power to inflict punishment on the advice of the District Surgeon.

Madras.

SIR,

SENT TO 25992

In reference to G.O. No. 1381 L / 26.7.94. I have the honour to state that on receipt of the G.O. in question I invited the opinions of the District Surgeon and the Presidents of Taluq Boards with whom the appointment of midwives rests. The President of the Rajahmundry Taluq Board and the District Surgeon are for the adoption of the Surgeon General's scheme in its entirety. The President of the Ellore Taluq Board proposes that a fine of 8 annas, instead of 2 annas should be imposed for every case below the minimum, and that a notice should also be issued to the effect that the services of midwives will be available at the houses themselves of the people on certain days. The President of the Cocanada Taluq Board is of opinion that the Surgeon General's scheme is on the whole good, but

but he is not in favour of requiring a minimum number of Cases for each month. The introduction of the new Scheme should not also, in his opinion, interfere with the pay of the existing women where it has to be reduced in Consequence of the introduction of the scheme. I endorse the views of this officer to some extent. The reply from the President of the Narsapur Taluq Board has not yet been received.

2. The subject will be placed before the District Board at its next meeting and its resolution Communicated to Government in due Course.

I have the honour to be

Sir

and report.

The Board approves of the classification and scale of pay suggested by the Surgeon General. It would suggest that the minimum number of cases should be fixed at so many per mille of population, but not less than 8 for large towns and four for small towns. The extra remuneration may be fixed at the rates suggested, but the fines should in the opinion of the Board be at least equal to the extra remuneration allowed.

XI Read G.O. 26th July 1894, No 1382, Communicating to all District Boards certain proposals of the Surgeon-General regarding the scale of Salaries and rates of Extra-remuneration &c to midwives, and calling for suggestions, if any, thereon.

Read also report of the District Surgeon thereon, dated 16th August 1894 and the resolutions of the Taluk Boards.

The Board agrees with the District Surgeon in considering that the midwife should ordinarily be exempted from the control of the medical subordinate in charge of a dispensary but should be required to attend only upon inpatients when necessary.

As regards classification — only qualified midwives should be entertained. They should be paid at the rate of Rs 12 per

mensem

mensem rising to Rs 15 and 18 after five and ten years service, respectively.

The Board is of opinion that a minimum number of cases should be fixed and that the number should be determined by the District Surgeon in communication with the Taluk Boards in each locality. It also approves of Extra-remuneration being paid but not of fines being imposed. Her returns should pass through and be checked by the Hospital Committee before being transmitted to the District Surgeon. She should, of course, be fined or otherwise punished for any proved neglect of duty.

Her place of residence should be made

made known by publication of a notice in the Hospital or in such other conspicuous place as the Taluk Board may determine.

PRESIDENT, DISTRICT BOARD,
VIZAGAPATAM.

To

The Honorable J. T. Brice,
CHIEF SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,
MADRAS.

SIR,

With reference to G. O. No. 1381 L dated 26th July 1894, I have the honor to state that all the midwives employed in the Local Fund hospitals and dispensaries are trained in the Lying-in-hospital — Madras and the system of paying them by results has been deferred for the present as it is found impossible to arrange for their work being subjected to a reliable check. This has been reported to Government (vide para 48 of the report for 1892-93 embodied in G. O dated 12th October 1893 No. 2255 L.)

2. The midwives in this district are paid

Rs 15

Rs 15 and Rs 20 and it would now be a bad policy to curtail their pay and adopt a uniform rate. In last year the average number of cases attended by each mid-wife in a month, was 10.

I have the honor to be

21. Read G.O. № 1382, dated 26.7.94, Communicating to all District Boards and Municipal Councils, the proposals of the Surgeon-General regarding the scale of pay and the rate of remuneration to be given to Midwives, and calling upon them to offer any Suggestions which they may desire to make.

As regards to rates of payment the Board Considers that its present Arrangements may Continue, and that local requirements and Circumstances render proposals for equilising pay premature. The Scheme is little more than tentative at present, and should be left to be disposed of from time to time as occasion may arise. The Board entirely disapproves of the Surgeon-General's proposals regarding payment by results and the Complicate System of certificates to be Submitted.

Parlakimedi.

To,

The Chief Secretary to Government

Local and Municipal Departments

Madras.

Sir,

With reference to Government order No 13812 dated 26th July 1894, I have the honor to state that, with reference to para (c) of the Surgeon Generals' letter the minimum fixed for the smaller towns, of which Parlakimedi is one, is very low Considering the number of cases the midwife has been attending for the past three or four years. The figures are given below. If the minimum be lowered it would tell against some municipalities, especially of this, So, I request either to raise the minimum or better, leave each municipality to fix its own minimum and report it to Government.

2. With reference to para (d) of the same letter, I would suggest that each municipality be asked to fix a minimum and maximum of cases to be attended by the midwife and to remunerate her for cases attended above the maximum

2(b) Read G.O. No 1381 L dated 26th July 1894 regarding the scale of pay and the rate of remuneration to be given to Midwives and Calling upon the Municipal Councils to express any suggestions which they may desire to make.

Resolution:— The suggestions of the Surgeon General as to fining for short work are already being carried out in the Municipality. It seems unnecessary that the Village Munsiff in this town should Countersign the Certificate of the Midwife, as well as the Civil

Circl a apothecary. The Council does not Consider it necessary to give the midwife any extra remuneration for extra work, especially as in this town she does Vaccination work as well as midwifery. To give her extra remuneration for the latter would make her neglect the former.

From,

M. R. Ry.
P. S. Chinnasawmy Pillay Avargal Rao Bahadur,
Chairman, municipal Council,
Palghat.

To

The Honorable J. F. Price,
Chief Secretary to Government,
Local & municipal Department,
Madras.

Sir,

With reference to G.O. dated 26th July 1894, No 1381. L. Communicating to all District Boards and municipal Councils the Scale of pay and the rate of remuneration to be given to midwives and calling upon them to express any suggestions which they may desire to make, I have the honour to state that the scheme submitted by the Surgeon General may be adopted with the following modifications:-

(a) I would propose that only qualified women trained at a lying-in-hospital, able to read and write and possessing the necessary certificate of qualification should be appointed as midwives. I would therefore propose to do away with the Class (2).

(b) Pay - Class (a) may be paid Rs 12 to 15 and Class (b) from Rs 10 to 12. I consider that this Scale of pay

will be sufficient as the midwives will receive extra remuneration under rule (d) if they obtain cases over the minimum.

2. I would respectfully deprecate the utilization of the services of the midwife to attend upon the sick at the Hospital when she is not required in the town as any duality of work will certainly interfere with her legitimate duty as midwife. The public have yet to be educated to appreciate the services of qualified women trained at a lying-in-hospital. Even the relatives and wives of educated native gentlemen prefer the services of the usual barber women to the trained midwives. The aversion of the native ladies will surely not decrease when it is known that the midwife has to attend upon all the sickly female patients and to do menial work at the Hospital. Under these circumstances I beg to propose that the midwife may be confined only to out-door duty and to devote her whole time in attending upon cases. Her work as a midwife should, however, be supervised by the Medical Subordinate in charge of the Hospital. In this Municipality, a female ward attendant

Civil Surgeons office

has been appointed at the Hospital and the midwife has only to attend upon cases in the town.

I have the honour to be,
Sir,
Your most obedient Servant,

Chairman.

From.

Surgeon Major G. L. Walker, M.D.
Civil Surgeon,
Ootacamund,

To,

The President, District Board,
Nilgiris,

Sir,

With reference to your Endorsement No: 1002 dated 9th August 1894, I have the honor to state that the Scheme referred to embodies proposals made by me when District Surgeon, Malabar, three years ago.

The only suggestion I have to make is that the proposed fine of annas 2 for each case below the minimum seems too low to act as a deterrant: suppose a midwife of class 2 drawing Rs 8/- with a minimum of 4 cases, should entirely neglect her work and attend no cases during a month, she can, under the Scheme, only be fined annas 8 (i.e. annas 2 per case short of the minimum), and she will still receive Rs 7/8 for doing nothing;- she might thus systematically neglect her work, and devote her time to other pursuits at the loss of only annas 8 each month.

I have &c.

Madura District

No. 112

Dated 27th August 1894

Copy to Council's Resolution No. 2 dated 27th August 1894.

Dindigul
24th August 1894.

The difficulties and hindrances which meet the midwives and nurses, trained in European Medical Schools and Hospitals, from the ignorance and bigotry of the people, in certain districts, is much the same as those from which some of our Vaccinators have to suffer.

In certain localities, the people seem fairly prepared to accept the new and better treatment, while, in others, there is the greatest unwillingness and even resistance to it.

It is on this account, that it seems desirable to make any hard and fast rule, which must be

be inflexible, and forced equally, in every case.

The Medical Officer in charge of Vaccination, as well as the general Medical work, in any place, should have the option to adopt the system of rewards and punishments, as he sees is expedient and wise.

In Dundigul, the trained midwives do not ask for an increase of pay, and are doing very good work.

Sir, I have the honor to inform you that I would suggest that the midwife attached to this Hospital may be classified in class (a) I (b).

As regards the minimum number of cases, I would fix for the present, the total No as 5 in the town, and after the midwife gets more popular, the number may be increased to eight.

As regards the other points I am sure the suggestions contained in the circular will work well.

I have the honor to be

3. Read G.O. dated 26th July 1894, No. 1381 L., communicating, for the expression by the Municipal Council, of any suggestions it may have to make, the Surgeon-General's proposals regarding the scale of pay and the rate of remuneration to be given to Midwives, and the Director Surgeon's recommendation to the effect that, as hitherto, the minimum for each midwife's work be fixed at 12 cases

of

of labour a month, and that one rupee be allowed as reward for every case over and above that minimum.

The Council accepts the proposals of the Surgeon-General generally, with the following amendments to be made applicable to this Municipality:-

(1) The minimum number of cases to be attended by the midwives should be 12 each, a month; and

(2) Remuneration for extra cases should be a rupee for each case.

The payment to be made on account of extra work and the fine to be imposed on the midwives for short work, should be left to the discretion of the Municipal Council, to be determined by it in the last month of every official year.

Local and Municipal, Madras.

Sir,

In reference to your official Memorandum No 839, dated the 20th inst, I have the honor to report that I have not been communicated with a copy of Go: No. 1831 L, dated 26th July 1894, regarding the rate of remuneration to be paid to midwives, nor is there any necessity for such remuneration inasmuch as the Hospital here is maintained by the Temple funds under

the Superviccion of L. H. Department.

I have the honor to be

Civil Hospital
Tellicherry 9th August 1894.

From,

The Civil Surgeon
Tellicherry

To,

The Chairman,
Municipal Council
Tellicherry

Sir,

With reference to your endorsement 2D 508, dated 8th August 1894, on G.O. dated 26th July 1894, 2D 1381 L, I have the honor to inform you that Mrs Edwards the midwife attached to this hospital has conducted 36 cases in 1892/93 and 35 cases in 1893/94.

2. These numbers are extremely small for a town like this with a population of over 27000 but taking into consideration that there are a number of untrained midwives taking up most of the cases, I would suggest that five be the minimum number fixed for every month.

I have &c

Tellicherry

Sir,

With reference to G.O, dated 26th July 1894, No 1381 L, I have the honor to enclose copy of letter from the Civil Surgeon Tellicherry dated 9th August 1894 No 272 together with extract from Proceedings of Municipal Council, dated 24th August 1894, from which it will be seen that the minimum number of cases that the midwife has to attend per month is fixed at 5. That for every case above the minimum, she will be given a reward of annas 4 and fined annas 2 for every case below it.

2. As the pay of the midwife, who holds a diploma and was trained at the Madras Lying-in-hospital and has a service of 5 years, is Rs 25 in this Municipality, the Council has had no suggestion to offer on the scheme

scheme proposed by the Surgeon-General with the Government of Madras.

Sir,

With reference to Govt. 1381L 26.7.94
I have the honor to inform that in my opinion the fine to be levied in cases where midwife shows unsatisfactory work is too low.

2. As proposed by the Surgeon General it seems to me that the maximum amount of fine would be Rs 1 per month and a lazy midwife would be content

to do nothing all the month
and draw her pay minus
one rupee which does not
at all effect the midwife.

3. I suggest that the
fines for each case below
the minimum be raised
to 8 annas.

Sir,

With reference to G. O. dated 26th July 1894, No. 1381 L. Local and Municipal, Communicating to all Municipal Councils the proposals of the Surgeon-General regarding the Scale of pay and the rate of remuneration to be given to midwives, and calling upon them to express any suggestions which they may desire to make before 1st September 1894,

I beg to state that the Council of this Municipality is of opinion that the proposals of the Surgeon-General with the Government of Madras are best suited. The only suggestion the Council makes is that those Midwives already in service who cannot read and write but who are otherwise qualified to the first class Senior or Junior as the case may be, may be given time for one year to enable them to have the required knowledge in reading and writing and thus fully qualify themselves.

2. I beg to enclose copy of the Council's resolution passed at its meeting held on the 25th. Instant.

FORT ST. GEORGE.

~~Through the Collector of Trichinopoly.~~

Sir,

With reference to your Post Card No 995 of the 15th Instant, directing the submission of an early reply to G.O. No 13812 of the 26th July 1894, I have the honor to report that the G.O. was forwarded on the 23rd August 94 to the Hospital Sub-Committee of which the District Surgeon is the President - for favouring the Council with their views on the matter.

2. The said Sub-Committee sent in the said report on the 17th September 1894

to the following effect.

"The Sub-committee recommend that considering the long and good service of Ammani that she be promoted to the 1st class on Rs 15 from Rs 12, and that her minimum of cases be increased to 6 cases from 4. They would also recommend that no change be made with regard to the pay & work of other midwives".

3. It appeared to me that the Committee had failed to grasp the point in issue and at a meeting of the Council held on the 4th instant, I proposed that we should adopt the resolution of the District Board of Dindigul in the matter - I have the honor to be a member of this Board and I also took a part in arriving at the above said resolution in the matter.

The Council agreed with me that the resolution of the District Board might be adopted by the Municipality also.

4 The time for submitting our report had already elapsed and there was no necessity therefore for doing anything at that stage further than recording the G.O.

I have the honor to be,
Sir,

ENCLOSURE

CHIEF SECRETARY'S OFFICE
21. OCT. 1894
GOVERNMENT OF MADRAS

Submitting reply to G.O. No 1381 L. Dated 26th July 1894 Regarding the Scale of pay & Rate of remuneration to Midwives.

GS Book

Current No. 828/ML of 1894

Municipal Office Mannargudi.

No. 487.

29th Sep. 18

From M. R. Ry. Srinivasa Rao Avergal
CHAIRMAN
MUNICIPAL COUNCIL
MANNARGUDI.

CURRENT No 2498/94

To

THE CHIEF SECRETARY
TO THE GOVERNMENT OF MADRAS,
Thro' the Divisional Office,
MANNARGUDI,

SIR,

With reference to G.O. No. 1381L, 26.7.94, I have the honor to submit as follows.

1. There should be 1 or 2 midwives in towns with 4 - journeys to births in a month.

2. There should be 1 trained midwife in places where there are two and in places where only one is posted, she should be a trained midwife.

3. Minimum number of cases.

This should be fixed with reference to births in a month in each town or District and the number of cases to be attended should be not less than one-fifth of the total number of births

4

4. Extra remuneration

This is very essential. It should be not less than as 8 annas in a larger town and one rupee in a small town for the cases attended over the minimum. This higher rate, I suggest, as I have fixed the minimum as one-fifth of the total number of births in a month. Further, it will make the midwives to try to attend more cases for the love of money.

5. As to other points, I agree with the Surgeon-General's opinion embodied in the G.O. above referred to.

I have the honor to be

Sir,

Your most obedient Servant

Chairman, Municipal Council

Conjeeveram.

TO THE Chief Secretary to Government Madras through the Sub-Collector & Collector of Chingleput &c.

SIR,

With reference to G. O. No 1318 dated Municipal, dated 26 July 1894, I have the honor to inform You that the Municipal Council of this place has no suggestion to offer regarding the Scale of pay & the Rate of remuneration to be given to Midwives attached to the Municipal & Local Board Hospitals. They consider that the rate of pay viz Rs 7 to 10 is quite sufficient, Considering the qualification of the present Midwife.

To,

The Chairman, Municipal Council
Masulipatam

Sir,

With reference to your letter No. 52. 20-10-94 regarding the scale of pay and remuneration to be given to midwives, I have the honor to inform you that I agree in toto to all recommendations made by the Surgeon-General, with the Government of Madras, and would suggest that these recommendations be put into effect in the female Dispensary.

When I was District Medical and Sanitary Officer, Chingleput, I made similar recommendations. The points dwelt upon have already received my most careful consideration. Hence why I so entirely agree with the recommendations embodied in G.O. under question.

I have &c.

(Sd) W. F. Thomas
Surgeon Major
Ag. Dy. Medical & Sanitary Officer, Kistna
10-11-94

In the case of the present midwife, Varadaraji, I would recommend that she get the pay of Rs. 12 rising by annual increment of Re. 1.

CHIEF SECRETARY
22 NOV 1894
GOVERNMENT OF MADRAS

Stating the Municipal Council have no suggestion to make as regards the scale of pay & remuneration to the native midwives.

Municipal Office
Vizianagaram
4th December 1894

No. 171

Local & Municipal Dept.
CURRENT No. 3268

From

The Chairman delegate M.C
Vizianagaram

To

The Chief Secretary to Government
Fort Saint George, Madras.

Sir,

In reply to G.O. dated 28th July 1894 No 1381/L., and the subsequent reminders of Government, I have the honor to state that the Council is of opinion that the Surgeon-General's proposals made in his letter to Government embodied in the G.O above quoted may be adopted in their entirety; and that no better suggestions can be made -

The Council however thinks that the minimum mentioned in 2.(e) may be raised, and in fixing it, the average number of labour cases conducted by midwives for the last five years should be taken into consideration besides the extent and the population of the towns -

Agd Suggestion

In towns where there is no municipal dispensary, the municipal midwives have to work under the direct supervision of the Chairman and so the paras 3, 4 and 5 of the Surgeon-General's letter cannot apply

apply to such towns. The Council is therefore of opinion that the above rules should be modified so as to apply to such municipalities

I beg to submit that the delay in replying to this reference is unavoidable owing to the frequent changes caused in the administration of municipal affairs. The term of the permanent Chairman having expired on the 1st September last, the office went into the hands of the Divisional Officer who had to delegate his powers to a Councillor and resume them a few days afterwards. Within an interval of two months, the office had to pass into several hands until its management fell to my lot at last. I brought this to the Council's notice on the 24th ultimo, who referred the matter to an Apothecary Councillor and he expressed his opinion upon the order only yesterday. The delay in the submission of this Communication is therefore unavoidable.

I have the honor to be

sir,

Your most obedient servant
