CURRENT No. 814

The Chief Secretary
to the Government of Madras

Madras Electric Tramways

Sir,

We have the honor to report for the information of His Excellency the Governor that one side of the line is now complete and we trust that His Excellency will be so good as to order its inspection, as set forth in Section 12 of act x1 of 1886 relating to Tramways, at the earliest possible opportunity, as we are anxious to begin an experimental service on a small scale (to be gradually increased) for the purpose training drivers and conductors.

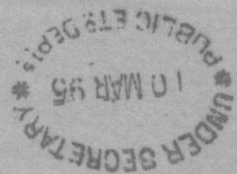

The overhauling of the parallel line is in the meantime being proceeded with and we hope to have it also ready for inspection by the time that we have a sufficient

Tramway

2

Trained staff to commence the full regular service
both lines.
