Sir,

I have the honour to state that the Srivilliputtur Municipality estimates its expenditure on Vaccination and Conservancy during 1895-96 at Rs 150 and Rs 2,640 respectively. As regards the former grant, I consider that the contingent charges, placed at Rs 30 for a whole year, have been under-estimated. In the absence of information as to the estimated receipts of the year, I am unable to say what proportion there of has been allotted for Conservancy.

2. Under Grant I, a sum of Rs 830 is set apart for the Construction and repair of works of a sanitary character. The Collector advises that the protection of wells be deferred till next year.

bamboo

bamboo fences being in the meantime used. I am not aware of the reason for the suggestion; but, unless there be a dearth of funds, I trust the important matter of protection of water supplies will receive due consideration. The employment of bamboo fences for the sanitary protection of wells would be useless, and the outlay consequently wasteful.

I have the honour to be
Sir
Your Most Obd. Servant.
