3. Read letter from the Director of Public Instruction No 10285 dated 29th October 1894 forwarding the educational portion of the Budget Estimate for 1895-96.

Resolution:- The Assistant Inspector's proposals are all accepted by the Council with an additional provision of Rupees 50 for gymnastic apparatus, without which the

the employment of a gymnastic instructor seems useless. Certain errors in the entries under house-rent have also been corrected.

The proposal to employ a drawing master does not commend itself to the Council, as the Schools in Vaniyambadi seem of too elementary a grade to give any employment to such a teacher. As regards the training of a mohamedan teacher, the Council would draw attention to the fact that the question of discontinuing these Schools is under discussion. The Council will decide this matter on receipt of the opinion of the Inspector of Schools who has been addressed on the subject. The sum for training the teacher is for the present omitted.

I Read G. O. No 87 M dated 19th January 1895 reviewing the Vaniyambadi Municipal Budget for 1895-96.

Resolution:- A Copy of the previous resolution on the subject will be submitted to Government with regard to the question of the appointment of a drawing master. The Council is still of opinion that better means of spending the 200 Rupees might be found. It is suggested that a 5th Standard be opened in the Rahimnagar School

School. If this be approved by the educational authorities, the expenditure on education would be brought up to the required percentage.

The proposal to raise the pay of the teachers originated with the Assistant Inspector of Schools, and was supported by the Inspector of Schools and the Director. It was said that the pay in this Municipality was below the usual standard and that the teachers wanted encouragement.

CURRENT No. 784 M

To

THE CHIEF SECRETARY TO GOVERNMENT
LOCAL AND MUNICIPAL DEPARTMENT,

THROUGH THE COLLECTOR OF
SALEM.

Sir,

With reference to paras 3 & 4 of P.O. dated 19th January 1895 No. 87 M, I have the honor to submit herewith a copy of the Council's resolution passed thereon at its meeting held on the 14th instant. The Director of Public Instruction when forwarding the educational portion of the budget for 1895-96 recommended the appointment of a drawing master, but the Council being of opinion that the schools maintained were of too elementary a grade

grade to require such a teacher, informed
the Director accordingly. They have now
resolved to communicate to Government
a copy of their first resolution which
is accordingly submitted herewith.

2. To spend the remaining percentage
on education, they are of opinion that
a fifth standard may be opened
in the Rahimnagar Upper Primary
School. I shall consult the educational
officers on the advisability of this
proposal, and submit a further report
in the matter, if it should meet
with their approval. Perhaps however
it may be best to let the whole
matter lie over till next year, as the
budget has gone out of the Council's
hands and has already been reviewed
by Government.

As regards the raising of pay of
the teachers in the primary schools,
I am

I beg to submit that the Assistant
Inspector of Schools and the Director
of Public Instruction recommended
this measure as a means of encouragement
to the teachers. The Council was also
of opinion that the increased scale
would attract qualified and compe-
tent men for employment in the
schools, as the present scale has on some
occasions placed me as well as the edu-
cational officers in a difficult position
in securing the services of such men,
when vacancy (temporary & permanent)
occurred. However the proposal is one
which emanated from the educational
officers themselves, and I would suggest
that they be asked to state their
reasons, if it is thought necessary.
