CURRENT No. 962

G. MacWATTERS, Esq.,

President, District Board, Salem.

To

The Chief Secretary to Government,

Local and Municipal Department,

Madras.

Sir,

I have the honor to state that the Deputy collector for Survey, Salem, was requested to conduct the detailed Survey of Nathams with all their existing streets, houses, etc, in the unions under the Namakkal Taluk Board, while the resurvey of the District was in progress. He accordingly promised, subject to the sanction of the Superintendent of Survey, to undertake the work, if the Taluk Board ^{would} bear one half the cost with regard to Government Villages and the whole of the cost with regard to

Initialed

mean stages. The President Taluk Board
agreed to this proposal and when the Deputy
collector for Survey was addressed as to the
approximate cost of the work, the latter
made a reference to the Superintendent of
Survey in the matter. But the Superintendent
says that it is impossible to arrange for
the detailed Survey of the Unions until
the resurvey now in progress is finished.
In this connection, I have to bring to
the notice of Government that in the
present condition of the Unions, it is hardly
possible to find out encroachments on
public streets and posamboke lands and
that unless the unions are surveyed in
full detail and their limits defined
accurately by plans and land marks,
such encroachments cannot be guarded
against. I therefore consider as
pointed

pointed out by the same Taluk Board
that the Survey of Nathans unions
is desirable and request that Government
will be pleased to inform me whether it
is possible to arrange for the execution of
this work in connection with the Survey
of Municipalities or in any other way.

I have the honor to be,
Sir,

Your most obedient servant.

c/o
Mr

that the Saluk Board would bear one half of the cost in Government villages and the whole of the cost in Mittah villages.

2. The Deputy Collector and the establishment now under his orders will be fully occupied in making the resurvey within the limit of time and cost estimated without undertaking any other work. When the resurvey is finished, the survey of the Unions or any other survey required can be undertaken.

3. Before making an estimate of cost and time required it will be necessary to have one or two unions surveyed as a specimen of the kind of work to be undertaken.

I will arrange with the Collector for this experimental survey

being made early in April 1895.

The Collector's letter received with the endorsement under reply is returned.

I have the honor to be

Sir,

Your most obedt. Servant.

W. P. S.
