11/3/95

11/3/95

11/3/95

To the President District Board Malabar
Sanitary Commissioner

11/3/95

the current year.

3. The allotment for sanitation for next year has been raised from Rs 8710 to Rs 9380 and the percentages under the various Taluk Boards are shown below:—

Tellicherry	—	3.4
Calicut	—	6.6
Malapuram	—	6.4
Palghat	—	6.4
Wyanad	—	16.9

(vide statement showing the proportion of the general Local Fund receipts of each local Board spent on the several services in the Malabar District for the year 1895-96 submitted with the budget) If however the Government considers that this is not sufficient, an additional allotment will be made by the District Board from Reserve when Government sanction to the budget is received.

I have the honor to be
Sir,
your most obedient servant

J. Varadachari
For President

for 1895-96. These proposals were approved of at the budget meeting as far as funds were available.

2. The proportion of expenditure on sanitation to the estimated receipts under the various Taluk Boards during the current year is as shown below:-

Tellicherry — 2.9

Calicut — 5.2

Malappuram — 6.5

Palghat — 6.7

Wynad — 15.3

From the above figures it will be seen that it is only in the case of the Tellicherry Taluk Board the expenditure is less than 5-per cent. The amount of funds now available under the District Board, however, is only ^{about} Rs 150 from which it is not possible to make an allotment for sanitation as funds will be required for other urgent needs in the course of the current and the next month. The Tellicherry Taluk Board has also exhausted all its Reserve and balance for the

L. & M.
be increased in this District for the convenience of the rate-payers. In his reply to the above letter, the District medical and Sanitary Officer wanted to know how much money the Taluk Boards were prepared to spend on sanitation and the Presidents of Taluk Boards were accordingly requested to inform the District medical and Sanitary Officer what percentage of the total receipts they were prepared to spend on sanitation. The replies to this reference were in some cases sent direct to the District medical and Sanitary Officer and in others through this Office. The Taluk Boards on the whole were of opinion that they could not possibly afford to spend on an average more than 5-per cent of their estimated receipts on sanitation. No communication was afterwards received on the subject from the District medical and Sanitary Officer who however recently forwarded proposals to the Taluk Boards for raising the allotment for sanitation in the Budget for
