IX Revised Estimate of the Receipts and Charges for the official year 1894-95

Not to be printed

Items	Actuals of the first six months of 1894-95	Actuals of the last six months of 1893-94	Probable receipts or expenditure of the remaining six months	Total of Columns 2 and 4	Budget for 1894-95	Total grant for 1893-94 including subsequent allotments and transfers	Explanation of variations between Columns 5 and 7.
1	2	3	4	5			

IX Revised Estimate of the Receipts and Charges for the official year 1894-95

Items Not to be printed	Actuals of the first six months of 1894-95	Actuals of the last six months of 1893-94	Probable receipts or expenditure of the remaining six months	Total of Columns 2 and 4	Budget for 1894-95	Total grant for 1893-94 including subsequent allotments and transfers	Explanation of variations between Columns 5 and 7.
A. Revenue Receipts							
Balance on 1st April 1894	4,55,129			[a] 4,55,129	4,05,090	4,05,090	a. The opening balance advised by the Inspector of L. F. Accounts after Audit of the Accounts of 1893-94 is adopted. The increase when compared with the opening balance of the Budget is chiefly due to short expenditure under Grant I in the previous year.
1. Rates and Taxes							
(a) Cess on land	1,07,800	3,69,975	4,15,700	[b] 5,23,500	5,20,000	5,20,000	b. The slight increase is due to an expected increase in the Collection of Land Revenue
(b) Tolls under Act V of 84. Contributions from Municipalities							
(c) House tax	6,345	[2] 13,361	19,975	26,320	22,790	22,790	The increase is due to (1) the realization of the arrears at the end of the previous year in some of the Unions & (2) the increase in the current demand of the tax in some of the unions resulting from the revision of housetax registers.
(2) Education							
(a) School fees	12,471	13,515	12,559	25,030	24,440	24,440	The increase is due to the expected rise in the average attendance of pupils in some of the Schools under the Rajahmundry Taluq Board.
(b) Contributions							
(1) From Municipalities							
(a) Ellore							
(b) Rajahmundry							
(c) Cocanada							
(2) From other Distt funds							
(3) Do Private individuals							
	5,81,745	3,96,853	4,48,234	10,29,979	9,72,320	9,72,320	

Godavari Distt Boards

IX Revised Estimate of the Receipts and Charges for the official year 1894-95

Items Not to be printed	Actuals of the first six months of 1894-95	Actuals of the last six months of 1893-94	Probable receipts or expenditure of the remaining six months	Total of Columns 2 and 4	Budget for 1894-95	Total grant for 1893-94 including subsequent allotments and transfers	Explanation of variations between Columns 5 and 7.
	2	3	4	5			
	5,81,745	3,96,853	4,48,236	10,29,979	9,72,320	9,72,320	
(c) Sale proceeds of books	57	11	43	100	300	300	Revised with reference to the actuals of the first half year, the Budget estimate being excessive.
(d) Income from Endowments							
(e) Miscellaneous	82	32	78	160	130	130	Revised with reference to the actuals of the first half year
3. Medical							
(a) Hospital receipts							
(b) Sale of medicines							
(c) Contributions							
1 From Municipalities							
2. Other Distt funds							
3. Private Individuals							
(d) Income from Endowments							
(e) Miscellaneous	81	99	109	190	50	50	Revised with reference to the figures in Cols 2 and 4.
4. Interest							
(a) On Govt. Securities	40	40	280	320	140	140	The increase is due to the expected realization of the arrears of Interest on the Securities of the Dwadasi Fund, for the last three years.
(b) On Arrears of Revenue	2,739	2	-1,315	1,424	50	50	The increase is due to an erroneous credit of Rs 1365 to this head in the Try Account of the Rajahmundry Taluq Board for September /94. Instructions have been issued to the Try Dy Collector to make the necessary adjustment.
5. Miscellaneous							
(a) Contribution for purposes other than Education, Medical works							
(1) From Municipalities							
	5,84,744	3,97,037	4,47,429	10,32,173	9,72,990	9,72,990.	

IX Revised Estimate of the Receipts and Charges for the official year 1894-95

Not to be printed

Items	Actuals of the first six months of 1894-95	Actuals of the last six months of 1893-94 2	Probable receipts or expenditure of the remaining six months 4	Total of Columns 2 and 4 5	Budget for 1894-95	Total grant for 1893-94 including subsequent allotments and transfers	Explanation of variations between Columns 5 and 7.
(2) Other Distt funds	5,84,744	3,97,037	4,47,429	10,32,173	9,72,990	9,72,990	
(3) Private Individuals	1,002	496	2,458	3,460	2020	2,020	The increase is due to the larger ~~[illegible]~~ contributions now anticipated by some of the Taluq Boards.
(b) Choultry rents	3,248	13,077	13,752	16530 ~~17,000~~	16,430	16,430	X Mistake not being shown here. The increase is due to (1) the contribution of Rs 470 made by the Narsapur Taluq Board to the Razole Choultry to cover the deficit balance of the Choultry caused by erroneous adjustments in previous years; & (2) the expected realization of arrears of rents of some of the Choultries under the Rajahmundry Taluk Board.
(c) Market rents	8,441	8,265	8,899	17,340	17,120	17,120	The increase is small and is due to the increased amounts obtained for some of the markets.
(d) Bungalow fees	69	60	87	150	150	150	
Daylorpeta fund		-572					
(e) Fees and fines	1,848	1,822	2,222	4,070	2920	2,920	The increase is due to the adjustment of the Budget figure with reference to the actuals of the 1st half of the current year and the last six months of the previous year and to the receipts of the Daylorpeta fund for the first six months of the year having been credited to this head in the Treasury Acct instead of to "Sundry receipts" as in the Budget.
(f) Ferry rents	16,476	16,282	19,654	36,130	36,130	36,130	
(g) Grass rents					170	170	No amount is taken credit for under this head as no offers were made for the vacant site in the Kovvali Union from which this income was anticipated at the preparation of the current year's Budget. It would appear that the site is now being used by the villagers partly for pasturage and partly as a cattle stand.
(h) Fishery rents	77	31	3	80			The amount under this head represents the arrears already collected and expected to be collected by the Rajahmundry Taluq Board.
(i) Rents and produce of land	393	393	278	671	2,650	2,650	The decrease under this head is due to the recent orders of Government declaring that Local Boards have no claim to the puntas in Zemindaries.
(j) Avenues	2,191	5,425	3,529	5,720	5,560	5,560	The increase is small and calls for no remarks
(k) Sale of Stores.				10691			
	6,18,489	4,42,518	4,98,305	11,16,794	10,56,140	10,56,140

IX Revised Estimate of the Receipts and Charges for the official year 1894-95

Not to be printed

Items	Actuals of the first six months of 1894-95	Actuals of the last six months of 1893-94	Probable receipts or expenditure of the remaining six months	Total of Columns 2 and 4	Budget for 1894-95	Total grant for 1893-94 including subsequent allotments and transfers	Explanation of variations between Columns 5 and 7.
B. Expenditure							
Grant I Public Works							
(a) New Works							
(1) Communications	8,936	1,01,291	1,24,964	1,33,900	1,27,050	1,95,622	The decrease is chiefly due to the expected short expenditure owing to the introduction of a new system of calculating cartage of material which the contractors have taken time to understand.
Ferry works	..	1,055	3,000	3,000	13,000	13,000	The decrease is due to their being no necessity for the utilization of the large amounts originally provided for
P. W. D	1492	1,441	8	1,500 138400	..	..	X
(2) Civil buildings	720	12,482	11,600	12,320	17,450	28,261	The decrease is due partly to the cause specified against "New works-Communications" and partly to the surrender of the amounts provided for the construction of the ~~amounts provided~~ Choultry building at Samalcota and of some school buildings, there being no prospect of the estimates therefor being ready before the close of the current year.
Ferry Works	..	313	400	400 12720	400	400	
Mis: Public Improvements Ferry works D. P. W.	1,727	9,028	19,123	20,850	18,800	23,578	The decrease is due to the anticipated short expenditure on the construction of certain market sheds

Revised Estimate for 1894-95.

2. The current receipts and charges are now estimated at Rs. 702,830 and Rs. 807,200 respectively, against Rs. 679,720 and Rs. 851,650 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under land cess, house tax and Miscellaneous debt accounts, while the decrease in the charges which appears under Grants II, III and IV and Reserve is partially counterbalanced by an increase under Grant I and Miscellaneous debt Accounts. It is presumed that the additional allotments provided under some of the heads have since been sanctioned by the local boards concerned.

Budget Estimate for 1895-96.

3. Receipts. The receipts

f

for the ensuing year are set down at Rs 6,86,490 against Rs 702,830 in the revised estimate, the decrease being mainly under land-cess and Miscellaneous debt accounts. The proposal of the Ellore Taluk Board to levy fees in the markets at Velpur and Talapudi is approved; but this should have been submitted to Government in a separate communication as required in para. 3 of G.O. dated 30th March 1894 No. 611 L. The provincial grant for education will be reduced by Rs 920, with reference to clause (i) of the Director's letter read above.

4. Charges. (1) The probable charges are put down at Rs 9,07,890 against Rs 8,07,200 in the revised estimate, the increase appearing under all grants.

9B

(2) Grant I None of the new works provided for in the budget should be undertaken until their plans and estimates have been sanctioned by competent authorities. With reference to clause (ii) of the Director's letter, it is observed that a provision of more than Rs. 2000 has been made for the construction of school houses. The District Board's proposals to allow the present head accountant of the Local Fund Engineer's office to draw Rs 80, the maximum pay of the appointment, and to raise the pay of the fireman attached to the steam road roller from Rs 10 to Rs 15 are approved; but the necessity for granting a fixed batta of one anna per diem to the latter should be explained. The proposal to debit a proportionate share of the cost of the Local Fund Engineer

Establt

establishment and of tools and plant to the endowment funds is approved. The establishment of a ferry between Rajahmundry and Bhadrachalam, proposed in para. 23 of the President's letter, should form the subject of a separate communication.

(3) Grant II. The alterations in the staff of Inspecting Schoolmasters ~~and~~ and in the the establishment of the Sessional Schools, and the payment of a fixed travelling allowance of Rs 10 per mensem to Inspecting Schoolmasters proposed in paras. 25 + 26 of the President's letter are sanctioned. With reference to ~~the~~ its proposal ~~of the Narsapur Taluk Board~~ to take under its management the Taylor High School at Narsapur and the first grade feeder primary school there, ~~its~~ the attention of the Narsapur Taluk Board will be drawn to the remarks of the Director in clause (VI) of his letter, in which the Government concurs. The remaining addition to and alterations in the educational establishments proposed in paras 27-29 of the Presidents letter are sanctioned, except those mentioned in clauses (2), (3), (7) and (9) of paragraph 27, in clause (4) of paragraph 28 and in clauses (4), (5), (8) & (14), (18), (19) + (24) of paragraph 29, and in paragraph 35 for which no reasons have been assigned. The Director's remarks in clauses (III), (IV) and (V) will be referred to the Taluk Boards concerned for consideration.

(4) Grant III. The additions to and alterations in the establishments of the hospitals + dispensaries proposed in para. 35 of the President's letter and in the proposition statem are sanction

as in the
~~The District Board's~~ proposal x to raise the pay of the head clerk of the District Surgeon's Office from Rs 20 to Rs 25 and to entertain a third clerk on Rs 12 per mensem ~~cannot be approved as the Government is not satisfied of their necessity. The sanitary Commissioner's remarks on the allotments for vaccination and sanitation will be awaited~~. The alterations in the choultry and bungalow establishments referred to in paras. 43 and 44 are approved.

The proposal to pay a fixed batta to vaccinators does not commend itself to Govt. The additions to and alterations in the Scavenging establishments of the ~~non-union~~ villages proposed in para. 41 of the President's letter are Sanctioned, with the exception of the increase in the pay of the eight sweepers referred to in clause (7) for which no reason has been assigned;

~~are sanctioned subject to the remarks of the San. Commr.~~ but ~~it~~ ~~in connection with the increase under the latter head~~ it should be observed that in the opinion of Govt but little ~~sanitary~~ benefit arises from the multiplication of sweepers in non-union villages where their work cannot be properly supervised, & that ~~sweepers should not in the absence of special good reasons be em~~ it is inexpedient that funds raised from the inhabitants of the district as a whole should be largely diverted to the exclusive benefit of the small section of them who reside in Unions. The contributions from Taluk to Union Funds were already excessive in 1893-94 & in the present Budget it is proposed to raise them still further to Rs. 20.658 by additions to the scavenging establishment & the provision under "village site" and ~~"lighting charges"~~

The provision of Rs 30 for contribution to provincial funds on account of the cutters' establishment will be struck out with reference to G.O. dated 18th January 1895, No. 97 L. From statement VIII, it appears that sufficient contributions have not been made from Taluk funds to meet the lighting charges in some of the unions. This should now be done.

(5) Grant IV. The contribution to provincial funds on account of controlling establishments at the Presidency should be Rs 4290 and not Rs 4340. The additions to and alterations in the District and Taluk Boards' Office establishments proposed in para. 50 of the President's letter are sanctioned with the exception of the increase ~~of~~ in the salaries of the Head and second clerks of the District Boards Office, ~~who are already fairly well paid~~ whose salaries do not compare unfavorably with those obtaining in other Districts and the appointment of a peon in addition to,

× Note Statt A part of shows the establishments maintained in the several Districts

The returns have lately been full of mistakes.

A masalchi in the Cocanada taluk boards' office, as both of ~~them~~ these do not appear to be necessary.— ~~either one or the other of these should be dispensed with~~.—

5. Reserve & Balance. The budget as revised by Government closes with a balance of Rs 12970, of which Rs 1320 appertain to unions

Rs. 48,480 to endowed institutions and Rs 1,610 to the canal and ferry fund, leaving Rs 78,~~310~~ 290 or 12 per cent of the receipts available for general purposes. The deficits with which the transactions of some of the markets and ~~endowed institutions~~ the choultry at Rajanagaram are expected to close the year should be made good either by a loan or contribution from general revenues, as required in No. 25 of the Local Fund Rules.

13th March 1895, No. 483 L., Local and Municipal.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From W. J. H. LE FANU, Esq., President, District Board, Gódávári, to the Chief Secretary to Government, dated 31st December 1894, Ref. No. 3390 D.B.

I have the honour to submit the revised estimate for the current official year and the budget estimate for the next official year, as passed by the district board at its meeting held on the 17th December 1894. The prescribed statements as per list and a tracing of the district map showing the particulars required by rule 12 of the local fund rules accompany.

Revised Estimate for 1894–95.

Receipts.

2. The estimate of the year as now revised opens with a balance of Rs. 4,55,129, against Rs. 4,05,090 estimated in the budget. The increase is due chiefly to short expenditure under Grant I in the previous year. The current receipts as now estimated amount to Rs. 7,03,301, against Rs. 6,79,720 in the budget, the total receipts including the opening balance being Rs. 11,58,430, against Rs. 10,84,810 estimated in the budget. The most important of the variations in the detailed heads are noticed below:—

(1) *Land-cess.*—The receipts as per revised estimate amount to Rs. 5,23,500, against Rs. 5,20,000 anticipated in the budget, the increase being due to the expected increase in the demand of land revenue and to the vigorous manner in which collections are now being made by the taluk officers.

(2) *House-tax.*—The estimate under this head is Rs. 26,320, against Rs. 22,790 estimated in the budget. The increase is due to the realization of the arrears at the close of the previous year in some of the unions and to the increase in the current demand of the tax in some unions, owing to the revision of house-tax subsequent to the submission of the budget.

(3) *Fees and Fines.*—The revised estimate is Rs. 4,070, against Rs. 2,920, the estimate in the budget and the increase is due to the adjustment of the budget figures with reference to the actuals of the first half of the current year and of the last six months of the previous year, and to the receipts of the Taylorpeta Fund institution having been credited to this head in the treasury account in the first half of the current year, instead of to "sundry receipts" under which they were shown in the budget.

(4) *Public Works—Contributions from Municipalities.*—An amount of Rs. 3,350 [illegible]s originally taken credit for from the Cocanada Municipality as the balance of its [illegible]are of the cost of repairing the iron girder bridge at Cocanada was agreed to be paid by it in two equal instalments, the first instalment being payable in 1893–94 and the second in the current year. The council, however, found itself unable to act up to its agreement and paid in the current year only Rs. 2,000 in liquidation of the debt. The amount so paid only was accordingly shown under this head, as no further sum is expected to be realized in the current year.

Expenditure.

3. The total outlay under all grants as now revised aggregates Rs. 7,91,370, against Rs. 7,87,060 estimated in the budget. The variations are explained below:—

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From W. J. H. LE FANU, Esq., President, District Board, Gódávári, to the Chief Secretary to Government, dated 31st December 1894, Ref. No. 3390 D.B.

I have the honour to submit the revised estimate for the current official year and the budget estimate for the next official year, as passed by the district board at its meeting held on the 17th December 1894. The prescribed statements as per list and a tracing of the district map showing the particulars required by rule 12 of the local fund rules accompany.

Revised Estimate for 1894–95.

Receipts.

2. The estimate of the year as now revised opens with a balance of Rs. 4,55,129, against Rs. 4,05,090 estimated in the budget. The increase is due chiefly to short expenditure under Grant I in the previous year. The current receipts as now estimated amount to Rs. 7,03,301, against Rs. 6,79,720 in the budget, the total receipts including the opening balance being Rs. 11,58,430, against Rs. 10,84,810 estimated in the budget. The most important of the variations in the detailed heads are noticed below:—

(1) *Land-cess.*—The receipts as per revised estimate amount to Rs. 5,23,500, against Rs. 5,20,000 anticipated in the budget, the increase being due to the expected increase in the demand of land revenue and to the vigorous manner in which collections are now being made by the taluk officers.

(2) *House-tax.*—The estimate under this head is Rs. 26,320, against Rs. 22,790 estimated in the budget. The increase is due to the realization of the arrears at the close of the previous year in some of the unions and to the increase in the current demand of the tax in some unions, owing to the revision of house-tax subsequent to the submission of the budget.

(3) *Fees and Fines.*—The revised estimate is Rs. 4,070, against Rs. 2,920, the estimate in the budget and the increase is due to the adjustment of the budget figures with reference to the actuals of the first half of the current year and of the last six months of the previous year, and to the receipts of the Taylorpeta Fund institution having been credited to this head in the treasury account in the first half of the current year, instead of to "sundry receipts" under which they were shown in the budget.

(4) *Public Works—Contributions from Municipalities.*—An amount of Rs. 3,350 [illegible]s originally taken credit for from the Cocanada Municipality as the balance of its [illegible]are of the cost of repairing the iron girder bridge at Cocanada was agreed to be paid by it in two equal instalments, the first instalment being payable in 1893–94 and the second in the current year. The council, however, found itself unable to act up to its agreement and paid in the current year only Rs. 2,000 in liquidation of the debt. The amount so paid only was accordingly shown under this head, as no further sum is expected to be realized in the current year.

Expenditure.

3. The total outlay under all grants as now revised aggregates Rs. 7,91,370, against Rs. 7,87,060 estimated in the budget. The variations are explained below:—

Grant I.—The total expenditure under this grant amounts to Rs. 4,77,340, against Rs. 4,58,190, the estimate in the budget. The deviations under the several heads from the respective budget grants are noted below :—

(*a*) *New Works.*—The probable estimated expenditure under this head amounts to Rs. 1,71,970, against Rs. 1,76,700 estimated in the budget. The net decrease is mainly due to the reduction of the lump allotment under "ferry works" to Rs. 3,000, the budget allotment being unnecessarily high, and to the surrender of the lump allotment of Rs. 7,000 for the construction of the choultry building at Samalkot, the estimate for the work not being ready yet.

(*b*) *Repairs.*—The estimated outlay under this head is Rs. 2,13,420, against Rs. 2,06,080, the budget estimate. The net increase is due chiefly to the larger allotments subsequently made for the special repairs of the damaged portions of certain roads.

The probable expenditure as now estimated under the several heads of Public Works differs considerably from the total grants including subsequent allotments and transfers, as the former is based on the actuals of the previous years and of the first half of the current year during which only a very small percentage of the allotments made was spent by the local fund engineering establishment. The expected short expenditure at the close of the current year is mainly due to the inefficiency of the subordinate engineering staff, to reorganize which orders have already been passed by Government in its review of my last administration report. A scheme on the lines indicated by Government is under preparation and will shortly be submitted to Government. The expected short expenditure is also partly due to certain new rules having been framed by the district board for the calculation of cartage of material with a view to supersede the old method which was condemned as rotten and unauthorised. The old contractors took some time to understand the new rules and have, in consequence, not taken up the contracts of the current year as early as usual; it is but natural to oppose innovations of this nature, but the situation was rendered more difficult owing to the attitude of the engineer to the new method. It is now under contemplation to revert to the old method divesting it, of course, of such features as justified the epithet of "rotten."

(*c*) *Tolls and Ferries.*—There is a reduction under this head due to (1) the necessity for the maintenance of the establishment at the Rajahmundry steam ferry having ceased to exist from 1st July last, with reference to the arrangement entered into with the East Coast Railway (*vide* G.O., Mis. No. 1164 L., dated 23rd June 1894), and (2) there being no likelihood of the establishment required for the Narsapur steam ferry being entertained before the close of the current year.

(*d*) *Tools and Plant* (*by Public Works Department*).—There is an increase of Rs. 30,240 under this head due to provision having been made for the purchase of a steam launch for the Narsapur ferry. The board has long been intending to do so, but the design of the launch suited to this ferry was only recently settled and an estimate for Rs. 30,240 in round figures was recently sanctioned by the board. The Superintending Engineer was also requested to obtain the sanction of Government for the estimate in question, and there is thus every likelihood of the amount now provided being spent before the close of the current year.

(*e*) *Refund of Receipts.*—The amount of Rs. 1,210 shown under this head includes, as usual, a moiety of the receipts from the ferries between the French and the British territories in this district which is payable to the French Government under a convention entered into with that Government.

Grant II.—The budget estimate of Rs. 1,45,380 under this grant is now reduced to Rs. 1,37,640, and the decrease is mainly due to (1) the fact of the sessional schools in the district having had to be closed for certain months in the current year for want of students willing to undergo training; (2) the late opening of some of the primary schools newly started; and (3) the reduction of the budget estimate under "Grants-in-aid—Results Grants" by Rs. 2,500 by the Ellore taluk board with reference to the actuals of the previous years.

Grant III.—The revised estimate amounts to Rs. 1,44,010 against Rs. 1,45,820 anticipated in the budget. The net decrease is chiefly due to (1) the new dispensaries at Seetarampuram and Thadepalligudem not having yet been opened owing partly to the difficulty in procuring suitable buildings for locating them in, and partly to the supply of medicines from England not having arrived in time, as the submission of indents was delayed; (2) the provision under "diet of in-patients" having been greatly reduced owing to inability to make the necessary arrangements in the current year to accommodate in-patients in some of the dispensaries proposed to be converted into hospitals; and (3) the late entertainment of the female medical practitioner. There are other minor variations which are fully explained in the last column of statement IX.

Grant IV.—The total expenditure as now estimated aggregates Rs. 32,380 against Rs. 37,670 estimated in the budget, and the net decrease is mainly ascribable to the removal of the provision for the establishments of local fund inspectors and of local fund clerks in the taluk offices which have not been sanctioned yet by Government. There are also certain minor variations under some of the other detailed heads, and they are dealt with in the last column of statement IX.

4. The grand total of expenditure as per revised estimate including Rs. 15,830 in round figures actually debited to debt heads during the first half-year amounts to Rs. 8,07,200 against Rs. 8,51,650 estimated in the budget, leaving a balance of Rs. 3,51,230, against the budget estimate of Rs. 2,33,160. Of this balance, Rs. 11,412 belong to union funds, Rs. 67,742 to endowment funds, and Rs. 56,739 to the canal and ferry fund, the net balance available for general purposes being Rs. 2,15,337.

BUDGET ESTIMATE FOR 1895–96.

Receipts.

5. The budget thus opens with a balance of Rs. 3,51,230. The current estimated receipts amount to Rs. 6,86,550 against Rs. 6,79,720 estimated in the current year's budget, and Rs. 6,78,220, the actuals of 1893–94. The most important variations are noticed below. The total estimated receipts including the opening balance aggregate Rs. 10,37,780 against Rs. 10,84,810, the budget estimate of the current year, and Rs. 11,51,152, the actuals of 1893–94.

6. *Land-cess.*—The estimated receipts under this head amount to Rs. 5,18,000 against Rs. 5,20,000 estimated in the current year's budget, and Rs. 5,00,526, the actuals of 1893–94. The decrease when compared with the current year's budget estimate is due to an expected decrease in the arrear demand of land revenue on account of vigorous collections in the current year.

7. *House-tax.*—An amount of Rs. 25,860 is estimated under this head against Rs. 22,790 estimated in the current year's budget, and Rs. 18,475 actually collected in 1893–94. The increase when compared with the current year's budget figure is due to the revision of house-tax in some of the existing unions and to the expected collections of the tax in the unions under the Cocanada taluk board sanctioned to be newly formed under G.O., dated 4th September 1894, No. 1685 L.

8. *School-fees.*—The amount estimated under this head is Rs. 30,090 against Rs. 24,440 estimated in the current year's budget, and Rs. 23,267, the actual collections of 1893–94. The increase when compared with the current year's budget figure is due to the receipts expected to be realized from the Taylor high school at Narsapur proposed to be taken under the management of the Narsapur taluk board, and to the expected rise in the attendance of some of the primary schools.

9. *Education, Income from Endowments.*—The amount of Rs. 2,500 taken credit for under this head represents the capital in the hands of the managing committee of the Taylor high school at Narsapur which will be transferred to the Narsapur taluk board along with the high school proposed to be taken under the management of the board with effect from 1st April 1895.

10. *Choultry Rents.*—The receipts estimated under this head amount to Rs. 16,800 against Rs. 16,430, the budget estimate of the current year, and Rs. 15,146, the actuals of 1893–94. The increase when compared with the current year's budget estimate is due to the increased rents expected to be realized from the lands attached to some of the choultries under the Narsapur taluk board.

11. Market Rents.—There is an increase of Rs. 520 under this head, when compared with the income estimated in the current year's budget. It is mostly due to the proposals to introduce the fee system into the markets at Velpur and Talapudi under the Ellore taluk board and to levy in future a fee of 1 pie per head on the cattle presented for sale in the market at Pithápuram where some expenditure is being incurred by the taluk board of Cocanada for accommodating the same; the sanction of Government is solicited for these proposals under rule 65 of the local fund rules. Statement VII gives the details of the expected receipts under this head.

12. *Ferry Rents.*—The estimated assets under this head amount to Rs. 37,000 against Rs. 36,130 estimated in the current year, and Rs. 33,450, the actuals of 1893–94. The increase when compared with the current year's budget estimate is due to the expected increase in the net profits of the Rajahmundry steam ferry which has been placed, with effect from 1st July last, under the management of the East Coast Railway and the limits of which have also been extended (*vide* G.O., No. 516, Revenue, dated 18th July 1894, communicated with G.O., Mis. No. 1602 L., dated 23rd August 1894).

13. *Sundry Receipts.*—An amount of Rs. 3,520 is estimated under this head against Rs. 2,490, the estimate of the current year's budget, and Rs. 1,898, the actuals of 1893–94. The increase when compared with the current year's budget estimate is due to the increased amounts expected to be realized from the sale of street sweepings, rubbish, &c., in some of the existing unions and to the expected realizations in the unions newly formed under the Cocanada taluk board. The sale-proceeds of dung, street sweepings, rubbish and other refuse form the most important of the items composing the receipts under this head.

14. *Contributions from Municipalities for Public Works.*—An amount of Rs. 4,000 is taken credit for under this head from the Cocanada municipality against Rs. 3,350 estimated in the current year's budget. Out of the total balance of Rs. 6,700 and odd due from the municipality on account of its share of the cost of repairing the iron girder bridge at Cocanada, only Rs. 2,000 were, as stated already, paid in the current year and a balance of Rs. 4,700 and odd is still left. At the last budget meeting, the district board resolved, at the request of the municipal council, to pay from the year 1895–96 a moiety of the cost of maintaining the council's hospital and branch dispensary at Cocanada (*vide* paragraph 46 *infra*) and to adjust the sum so payable in 1895–96 towards the balance of Rs. 4,700 and odd still due from the municipal council; the moiety of the cost in 1895–96 having been estimated at Rs. 4,000, the same is taken credit for.

15. *Contribution from Provincial Funds on account of Education.*—There is a decrease of Rs. 890 under this head, when compared with the budget estimate of the current year, which is mainly due to the proposed abolition of some of the primary schools under the Rajahmundry taluk board.

16. *Contribution from Provincial Funds for medical purposes.*—The amount of Rs. 970 in round figures shown under this head represents, as usual, half the cost of maintaining the hospital at Dowlaishweram taken credit for by the Rajahmundry taluk board under G.O., Mis. No. 2210 L., dated 14th September 1891.

17. *Contribution from Provincial Funds for purposes of Vaccination.*—An amount of Rs. 290 is newly taken credit for under this head, with reference to G.O., No. 2429, Judicial, dated 5th October 1894, communicated with G.O., Mis. No. 2134 L., dated 20th October 1894, sanctioning an annual contribution to be made from provincial funds, towards the pay of the Deputy Inspector of Vaccination, Rajahmundry range, who has been ordered to spend a portion of the year in inspecting vaccination in the Agency tracts of this district.

18. *Allotments from the District Funds.*—Under rule 17 (1) of the local fund rules, the construction and repair of all trunk roads and other important roads which the district board may class as district board roads should be provided for from the district fund, the cost of the rest being met from the taluk funds. With reference to this rule a sub-committee was appointed by the district board in the year 1887 when the several taluk boards in this district were formed, to classify the roads in the district into district and taluk roads. The list drawn up by the sub-committee was approved by the district board and has since been acted upon. I recently noticed that the list of the district board roads was far too large and that, among them, were included certain minor lines of communication, such as those leading from one village to another or from one main road to another in which the taluk boards could take a more immediate interest, and moved the district board to revise the list. The roads were accordingly reclassified at the last budget meeting of the district board, when it was also resolved to give effect to the reclassification in the budget for 1895–96, and to allot from the district fund to the several taluk boards the funds required for the execution of the works transferred to them. The following allotments in round figures have, therefore, been made to the several taluk boards :—

	RS.
Rajahmundry	41,000
Ellore	15,000
Narsapur	14,000
Cocanada	21,000

The budgets of the Ellore, Narsapur and Cocanada taluk boards as passed by the respective boards were, on being checked in this office, found to close with deficit balances. The Ellore taluk board adopted incorrect balances for its revised and budget estimates and arrived at incorrect results. The Cocanada taluk board whose resources, unassisted by the district board, are very limited, found it impossible to provide *at all* for the 5 per cent. balance prescribed by the rules, while the Narsapur taluk board did not make adequate provision for the local fund engineering establishment, contingencies and tools and plant. The revised and the budget estimates of these taluk boards had, therefore, to be revised by the district board and the following additional allotments were made to the taluk boards in order to make good the deficits with which their budgets still closed :—

	RS.
Ellore taluk board	15,000
Narsapur taluk board	2,000
Cocanada taluk board	12,000

The total allotments made from the district fund thus amount to Rs. 1,20,000 as shown below :—

	RS.
Rajahmundry taluk board	41,000
Ellore taluk board	30,000
Narsapur taluk board	16,000
Cocanada taluk board	33,000
Total ..	1,20,000

Expenditure.

19. *Grant I.*—The total allotment under this grant amounts to Rs. 5,00,390 against Rs. 4,58,190 estimated in the current year's budget and Rs. 4,14,352 the actuals of 1893–94.

20. *Public Works.*—The following is an abstract comparing the amounts allotted under the different heads with those provided in the current year's budget and the amounts actually spent in 1893–94 :—

—	Budget estimate, 1895–96.	Budget estimate, 1894–95.	Actuals, 1893–94.
	RS.	RS.	RS.
A. New Works—			
1. Communications	1,25,850	1,40,050	1,33,521
2. Civil buildings	25,070	17,850	15,390
3. Miscellaneous Public Improvements ..	29,510	18,800	15,429
B. Repairs—			
1. Communications	1,87,300	1,74,790	1,54,004
2. Civil buildings	6,580	8,640	6,544
3. Miscellaneous Public Improvements ..	20,290	22,650	28,014

Of the total allotment under "New Works—Communications," Rs. 6,500 are for ferry works, such as the construction of ferry boats and ballacuts. Under "Repairs—Communications," Rs. 4,500 are allotted for repairing ferry boats and ballacuts. With reference to the remarks of Government in paragraph 4 (1) of G.O., dated 13th October 1894, No. 2038 L., attempts have been made to put an end, as far as possible, to the practice of making lump allotments under this head in the budget. Rs. 23,510 are proposed to be spent by the several taluk boards on the construction of market sheds. Statements III-A and III-B give in detail, the works proposed to be executed by the several local boards. Larger allotments are provided in the case of certain works in view of the orders of Government with regard to concentration of expenditure on a limited number of works and with a view to complete the special repairs of certain roads which are now interfering greatly with, if not quite unfit for, wheeled traffic. Making provision for works for which estimates have not yet been sanctioned by the competent authority is also avoided as far as possible. At the instance of the local fund engineer, the local boards have till now been making lump allotments under the head "land compensation" but this practice is objectionable as, under the rules, the necessary provision should be made in the estimates for the works themselves. Consequently, no such lump allotments are made in this budget. With regard to the works proposed to be executed by the Public Works Department, provision is made with reference to G.O., No. 2582 L., dated 12th December 1894.

21. *Local Fund Engineering Establishment including contingencies.*—The provision made under this head amounts to Rs. 53,780 against Rs. 52,970 provided in the current year's budget. The increase is due to (1) the annual increments accruing in the pay of certain officers of the establishment having been provided for, and (2) the proposal to allow the head accountant in the local fund engineer's office to draw Rs. 80 per mensem which is the maximum pay of the post, as a special case, and to raise the pay of the fireman attached to the steam road-roller from Rs. 10 to Rs. 15 with a fixed batta of one anna per diem.

The present head accountant of the local fund engineer's office is an old Government servant of about 32 years' standing and his services were lent to the district board in August 1887. He will complete his 55th year in about two years and as he will then have to retire from the service and as his present pay is Rs. 72 only, he cannot, before retirement, earn the maximum pay of the post; the board therefore, on the strong recommendation of the local fund engineer resolved to allow him the maximum pay of the post, as a special personal favour. The local fund engineer also recommended the raising of the emoluments of the fireman attached to the steam road-roller; considering the better pay offered to such servants in the railway department, and as a really useful man will not care to continue in the local fund service on such a low pay, the district board sanctioned this proposal also. These two proposals have my support and the sanction of Government is solicited for the same. The cost of the local fund engineering establishment including "contingencies" and the outlay on "tools and plant" is debited to the district and taluk boards at the percentage rates arrived at in accordance with the instructions contained in G.O., No. 1942 L., dated 5th August 1890. It has been the practice in this district to debit the cost of local fund engineering establishment and tools and plant solely to the general funds, even though very large allotments have been spent from the endowment funds belonging to the several choultries and markets. This practice accounts also partly for the large balances left unspent from year to year in favour of the several endowed institutions. It is, therefore, proposed to discontinue this practice and to debit proportionately the cost of establishment and tools and plant to the endowment funds also; hence the provision made under these heads in the Statement VII against the several endowed institutions.

22. *Tolls and Ferries—Establishment and Contingencies.*—Lump allotments of Rs. 2,500 and Rs. 500, respectively, are made under these heads to provide for the establishment that may be required to be maintained for the Narsapur steam ferry, as the necessary arrangements have been made to purchase a steam launch for the ferry before the close of the current year.

23. *Tools and Plant—Public Works Department.*—The balance under canal and ferry fund being still very large, the district board resolved to purchase a steamer at a cost of about Rs. 40,000 to ply between Rajahmundry and Bhadráchalam calling *en route* at the important places on the banks of the river for the benefit of the riparian residents. If Government approves of the establishment of this ferry, proposals will be submitted for the detailed working of the same and arrangements will be made for the purchase of the steamer through the Superintending Engineer, I Circle. The provision of Rs. 40,000 is thus made under this head subject to the sanction of Government.

24. *Grant II—Education.*—The total estimated expenditure under this grant is Rs. 1,49,550 against Rs. 1,45,380 the estimate of the current year's budget and Rs. 1,15,605 the actuals of 1893–94. The deviations from the current year's budget are due to the proposals detailed below.

25. *Inspection.*—An amount of Rs. 8,100 is estimated under this head against Rs. 7,310 estimated for the current year. The present staff of inspecting schoolmasters being insufficient to manage the large number of board- and result-system primary schools in this district, the Assistant Inspector of Schools, 2nd Division, proposed the entertainment of two additional inspecting schoolmasters for Hindu schools, one on Rs. 25 and another on Rs. 20 per mensem and one more for Muhammadan schools on Rs. 20 per mensem, raising the pay of the existing man from Rs. 25 to Rs. 30 per mensem. But the Director of Public Instruction modified his recommendations slightly and said that, for the present, it would suffice to have only one additional inspecting schoolmaster for *Hindu schools*. The district board approved of the Director's recommendation and accordingly provision is made for an additional inspecting schoolmaster for Hindu schools on Rs. 20 per mensem and one on Rs. 20 per mensem for the Muhammadan schools and for raising the pay of the present inspecting schoolmaster for Muhammadan schools from Rs. 25 to Rs. 30 per mensem.

Provision is also made for a fixed travelling allowance of Rs. 10 each per mensem for these inspecting officers. As the present method of paying these officers travelling allowance under Articles 1167 and 1170 of the Civil Service Regulations has been found to be very inconvenient, it is proposed to give them instead a fixed batta of Rs. 10, subject to the condition that it is liable to such reduction every month as the President, district board, may consider necessary on the ground of insufficient or unsatisfactory camp work.

26. *Training and Sessional Schools.*—The estimate under this head is Rs. 1,500 against Rs. 3,400 in the current year's budget. The provision made for the last three years under the head "Sessional schools" was found to exceed the actual requirements; further, the Assistant Inspector of Schools proposed to retain only one Sessional schoolmaster on Rs. 25 per mensem and to order him to hold the school for four months in each of the three Sub-Assistant's ranges. The district board approved of this proposal and the provision for "Sessional schools" is accordingly reduced to Rs. 1,000—Rs. 300 being allotted for the salary of the teacher, Rs. 600 for stipends of students and Rs. 100 for contingencies. The amount of Rs. 1,100 shown under the head "stipends of students" in Statement I-B, includes Rs. 500 the usual provision for training Muhammadan students in the Muhammadan training school at Madras.

27. *Secondary Schools—(i) Salary System.*—The estimated outlay under this head is Rs. 31,180 against Rs. 23,990 estimated in the current year's budget. The increase is due to the following causes:—

(1) The proposal of the Narsapur taluk board to take under its management the Taylor High school at Narsapur, with effect from 1st April next. The total estimated cost of the maintenance of the school is Rs. 5,530 including the cost of library books and miscellaneous. With regard to this proposal the President of the taluk board writes thus:—

> "There is one high school in Narsapur called the Taylor High School founded by Mr. Taylor. He established the institution more than thirty years ago. A capital was formed by means of subscriptions raised from private individuals so as to make it self-supporting. According to the showing of the Secretary of the Managing Committee of the school, there is now a

capital of about Rs. 2,500 at present. The Managing Committee resolved to hand over the institution to the board's management with all its funds, furniture, apparatus and library together with its building, costing in all Rs. 15,000 besides the capital fund of Rs. 2,500. The receipts under school fees in this school during the next year have been estimated at Rs. 4,100 and under grants from Government Rs. 960. The expenditure under this head is not very much when the large receipts of the institution are taken into consideration. The existing scale of salaries to teachers has been taken for the budget without any change— . . . . . . The board is anxious to take this school under its management with a view to better its condition and recommends the sanction of this step. The school committee expressed their willingness to transfer the management of the school to the taluk board on condition that the present name of the school should be allowed to continue. To do so, the board has given its consent."

(2) The proposed entertainment of a Sanskrit Pandit on Rs. 15 per mensem in the lower secondary school at Viravasaramu.

(3) The proposed entertainment of a gymnastic instructor on Rs. 12 and a sweeper on one rupee per mensem in the lower secondary school at Bhimavaram.

(4) The proposal to entertain an additional teacher on Rs. 15 per mensem in the lower secondary school at Bhimavaram, owing to the proposed transfer to this school of the highest class of the anglo-vernacular lower secondary school at the same place.

(5) Provision is made for the biennial increment of one rupee accruing in the pay of the sixth assistant teacher in the upper secondary school at Amalápuram.

(6) The proposed entertainment of a drawing master on Rs. 25 per mensem in the upper secondary school at Amalápuram—*vide* also G.O., Mis. No. 2277 L., dated 6th November 1894.

(7) The proposal of the Cocanada taluk board to raise the pay of the headmaster, and the first assistant and the second assistant teachers of the board lower secondary school at Tuni from Rs. 30, 20 and 15 to Rs. 40, 30 and 20, respectively.

(8) The conversion of the vernacular lower secondary school at Jaggampéta into a lower secondary school on the salary system.

(9) The increase of the pay of the night watcher attached to the Pithapuram lower secondary school from Rs. 2 to 3.

(10) Provision is made for a sweeper on As. 8 per mensem already sanctioned for the lower secondary school at Tuni under G.O., Mis. No. 616 L., dated 2nd April 1894.

28. *Secondary Schools*—(ii) *Salary-result System.*—A provision of Rs. 9,140 is newly made under this head. There are certain anglo-vernacular lower secondary schools under the management of the several local boards; but hitherto the cost of these schools has been debited in the treasury account to the head "Primary schools—Salary-result system" and the statistics relating to these schools have been included with those of the primary schools. As this classification appears to be erroneous and as these anglo-vernacular lower secondary schools are to be classed under "Secondary schools—Salary-result system," they are now shown under this head and their cost is debited to it. The following are the new proposals made with regard to the schools coming under this head—

(1) To reorganise the teaching staff of the vernacular lower secondary school at Poduru proposed to be raised from the second to the first grade, owing to the gradual rise in the average attendance of the school.

(2) To reorganise for the same reason the teaching staff of the schools at Palakollu and Akividu proposed to be raised from the third to the second grade.

(3) To reduce the teaching staff of the anglo-vernacular school at Bhimavaram as the highest class therein is proposed to be transferred to the lower secondary school at the same place—*vide* paragraph 27 (4) *supra*.

(4) To raise the pay of the servants attached to the schools at Mori, Palakollu, Poduru, Sivakodu, Bhimavaram and Akividu.

29. *Primary Schools—Salary-result System.*—The estimated outlay under this head amounts to Rs. 86,890 against Rs. 94,460 the estimate of the current year's budget and the net decrease is due to the following proposals :—

(1) The transfer of the Anglo-Vernacular Lower Secondary schools originally included under this head to the head "Secondary schools—salary-result System" (*vide* also remarks in paragraph 28 *supra*).

(2) *Narsapur Taluk Board.*—To take the first grade feeder Primary school at Narsapur under the management of the taluk board along with the Taylor High school of the same place.

(3) To open a new school at Burugapalli under the Narsapur taluk board "as the villagers take much interest in education, and as they have offered the board a building for the purpose free of cost."

(4) To entertain two additional teachers in the school at Penumadam and to raise the salaries of the existing staff.

(5) To entertain one additional teacher in each of the schools at Lankalakoderu and Sivadevunichikkala.

(6) To raise the pay of the teachers in the schools at the villages of Nidamarru and Pedakapavaram from Rs. 7 to Rs. 12 each "as these places are situated on the borders of Kollair, where living is extremely difficult."

(7) To abolish the assistant teacher's posts and to reduce the scale in the Kakinada and Panditavilluru schools on account of the continued low average attendance.

(8) To raise the pay of the servants in the schools at Rustumbada, Perupalem and Tatipaka.

(9) To sanction house-rents to some of the Primary schools.

(10) *Rajahmundry Taluk Board.*—To abolish the following 14 schools on the ground of their average attendance having been less than 20 pupils each :—

(1) Vannichintalapudi.
(2) Voobalunka.
(3) Vadapalli.
(4) Venturu.
(5) Alamuru.
(6) Kolanka.
(7) Chelluru.
(8) Godala.
(9) Muramanda.
(10) Yerrampalem.
(11) Namavaram.
(12) Kondagunturu.
(13) Tenegapadu.
(14) Totikonda.

(11) To dispense with one of the teachers in each of the following 15 schools, as the number of pupils taught does not warrant their retention :—

(1) Mulakallanka.
(2) Rajanagaram.
(3) Dulla.
(4) Biccavolu.
(5) Dwarapudi.
(6) Kotipalli.
(7) Medapadu.
(8) Vedurupaka.
(9) Teki.
(10) Mandapeta.
(11) Guttinadivi.
(12) Uppalaguptam.
(13) Thadipudi.
(14) Nandampudi.
(15) Devarapalli.

(12) To reduce the pay of the servant in the Kotipalli and Mulakallanka schools.

(13) To provide for the night school at Draksharama and a Mala school at Voolapalli, which were already started in the current year and for which the sanction of Government is now solicited.

(14) To raise the pay of the teacher of the night school at Voolapalli from Rs. 4 to Rs. 5.

(15) To open a Muhammadan school at Velivelapalli in Amalápuram taluk.

(16) To entertain additional teachers in the following schools, as the present strength is too large for the present staff :—

(1) Bodasakurru, (2) Ambajeepeta and (3) Kottapeta.

(17) To reorganise the teaching staff of the Primary school attached to the secondary school at Amalápuram (*vide* G.O., Mis. No. 2210 L., dated 30th October 1894).

(18) *Ellore Taluk Board.*—To reorganise the teaching staff in the Primary schools at Penukonda and Sidhantam.

(19) To entertain a third teacher in the veranda school at Attili.

(20) To abolish one of the two masters in each of the schools at Marteru and Chagallu (night).

(21) *Cocanada Taluk Board.*—The reduction of the teaching staff from three to one in the school at Kirlampudi.

(22) To close the school at Viravada.

(23) To open new schools at Rachapalli, Irripaka and Diguvalapolavaram.

(24) The entertainment of additional teachers in the school at Yeleswaram and in the Hindu night schools at Samalkot and Tuni.

(25) Provision is made for the schools at Velangi and Tuni (Muhammadan night) which were already opened in the current year by the taluk board and for which the sanction of Government is now solicited.

30. *Grants-in-aid—Result Grants.*—The estimated expenditure under this head is Rs. 10,420, against Rs. 12,300 estimated in the current year's budget and Rs. 10,182, the actuals of 1893–94. The Cocanada and the Ellore taluk boards have resolved to pay these grants at the maximum rates. The presidents of the other taluk boards have not reported the rates adopted by their boards, and information has been called for and will be submitted on receipt.

31. *Purchase of books.*—The amount of Rs. 150 shown under this head is the sum provided by the Rajahmundry taluk board for the purchase of the Telugu monthly magazine *Chintamani* for supply to eight of the schools under the board's control.

32. *G. Miscellaneous*—(3) *Miscellaneous.*—An amount of Rs. 200 is provided under this head by the Narsapur taluk board, as the board wishes to aid teachers undergoing training; this does not, however, appear to be a legitimate charge on the taluk board's funds, as all charges connected with the training institutions have to be borne by the district board.

33. *Circle Gymnastic Instructors.*—The provision under this head is Rs. 1,180, against Rs. 980, the estimate of the current year. The increase is due to the proposed entertainment of an additional instructor under the Rajahmundry taluk board.

34. *Grant III.*—The total allotment made under this grant amounts to Rupees 1,56,950 against Rs. 1,45,820, the allotment in the current year's budget and Rupees 1,18,876, the actuals of 1893–94. The increase when compared with the current year's budget is due to the following causes.

35. *Hospitals and Dispensaries.*—(1) Provision is made for the establishment sanctioned under G.O., dated 13th December 1894, Mis. No. 2584 L., for the female out-patients dispensary newly started at Cocanada.

(2) Provision is made for the increased salaries of some of the existing hospital assistants who have been promoted from the second to the first class.

(3) Provision is made for the increased pay of the compounder attached to the hospital at Narasapur under G.O., dated 26th July 1889, No. 1662 L.

(4) The proposed entertainment of an additional servant on Rs. 5 per mensem in each of the hospitals at Ramachandrapuram, Amalapuram, Dowlaishwaram, Tanuku, Tuni and Peddapuram, as the existing number of servants is not considered sufficient for an hospital providing accommodation for in-patients.

(5) The proposal to raise by one rupee the pay of the sweepers attached to the dispensaries at Gokavaram, Kottapetta and Yeleswaram.

(6) Provision is made for the proposed increase in the pay of the midwives in the Pittapur and Peddapur hospitals (*vide* G.O., dated 9th August 1894, Mis. No. 1492 L.).

(7) The proposal to dispense with the servant on Rs. 5 per mensem already sanctioned for the dispensary at Tallapudi.

(8) The proposal to dispense with the servant on Rs. 5 and to increase the pay of one of the other servants from Rs. 3 to Rs. 4 per mensem of the hospital at Chintalapudi. The above proposals are mostly based on the recommendations of the District Medical and Sanitary Officer.

36. *Midwifery pupils.*—An allotment of Rs. 400 is made under this head to provide for the cost of training certain pupils under the female medical practitioner recently entertained by the district board and put in charge of the female out-patients dispensary at Cocanada.

37. *Medical pupils.*—No provision is made under this head as no students are proposed to be sent to undergo training in the Nellore Medical school, as it appears that Government has ordered its abolition.

38. *Medical Practitioners.*—Rupees 1,800 are provided under this head, against Rs. 2,000 in the current year's budget. Out of this allotment, Rs. 1,200 are intended to meet the pay of the female medical practitioner and Rs. 600 for the reserve hospital assistant attached to the District Surgeon's office at Rajahmundry. The current year's provision of Rs. 800 under the latter head is reduced to Rs. 600 at the instance of the District Surgeon, as the provision usually made was found excessive.

39. *District Surgeon's Establishment including contingencies.*—The increased provision made under this head is due to the following proposals:—

(1) To raise the pay of the head clerk of the District Surgeon's office from Rs. 20 to Rs. 25.

(2) To entertain an additional clerk on Rs. 12 per mensem. The District Surgeon writes thus in connection with these proposals:—

> "I may state that I have been hampered during my inspection tours for want of a clerk to accompany me, for, I have found it impossible to take either of the two present ones away from head-quarters, without letting the work there get into hopeless arrears. I have proposed an increase of Rs. 5 for each of the existing clerks, as I am of opinion they are at present underpaid. They have worked very hard during the past year and are kept at work daily till 8 P.M., and often later. When the reorganization of this office took place last year, the Surgeon-General was of opinion that the pay of the Head clerk should not be reduced from Rs. 25 to Rs. 20 (*vide* paragraph 2 of his letter quoted in Proceedings of Government No. 2081, dated 19th September 1893). The present head clerk was however appointed on that pay and as he has now served for a year and has given satisfaction both to Dr. Evans and myself, I think his pay should not be less than that of the late head clerk. As a reward for steady hard work and as an encouragement to future good service, I would strongly urge the increase I have proposed both for him and for the second clerk."

The District Surgeon's proposal to raise the pay of his second clerk has however been vetoed by the district board.

40. *Vaccination.*—The current year's provision is repeated. It is also proposed to give fixed batta, in accordance with the scale noted below, to the vaccinators in the district. The grant of this batta is subject to the same conditions which were mentioned in paragraph 25 *supra* in regard to the Inspecting Schoolmasters:—

	RS.
First-class vaccinators	6 per mensem.
Second-class "	3 "
Probationary "	1½ "

41. *Sanitation.*—The total estimated expenditure under this head amounts to Rs. 55,362 against Rs. 49,550 estimated in the current year's budget. The increase is the net result of the increased amounts proposed to be spent by the several taluk boards under the head "Improvement of village-site" and of the following new proposals:—

(1) *Rajahmundry Taluk Board.*—The proposed entertainment of two sweepers on Rs. 6 each per mensem at Bendamurlunka, dispensing with the sweeper on Rs. 4 per mensem at Komaragiripatnam.

(2) To entertain additional sweepers in the villages of Kottapeta and Draksharama (which are union villages) and in Anaparti.

(3) To reduce the pay of one of the sweepers at Kotipalli from Rs. 5 to Rs. 4 per mensem.

(4) *Ellore Taluk Board.*—The proposal to entertain toties as shown below in each of the five unions under the control of the taluk board:—

	Number of toties.
Attili	3
Gundugolanu	1
Kovvali	1
Penugonda	4
Tanuku	3

(5) To remove the sweeper attached to the Chataparru village

(6) To appoint five sanitary maistries on Rs. 6 each in each of the five unions under the control of this board. The taluk board proposes to debit the cost of these servants to "other sanitary outlay," but it seems to me that the cost is more properly debitable to the head "Scavengering establishment"

(7) *Narsapur Taluk Board.*—To increase the pay of the sweepers in the following villages:—

(1) Valluru.
(2) Sivakodu.
(3) Mogalturru.
(4) Razole.
(5) Kodamanchili.
(6) Poduru.
(7) Jagannadhapur.
(8) Kavitam.

(8) To entertain a sweeper on Rs. 4 per mensem in each of the villages of Yellamanchili, Mogallu, Srungavruksham and Royakoduru.

(9) To entertain two additional sweepers on Rs. 5 each per mensem in each of the Narsapur and Achanta unions.

(10) To entertain one sweeper on Rs. 5 per mensem in the Nagaram union.

(11) To entertain an additional sweeper on Rs. 3 per mensem in Ganapavaram.

(12) To raise the pay of the sanitary maistry of the Nagaram union from Rs. 6 to Rs. 8.

(13) To entertain a tank watcher on Rs. 5 per mensem in the Palakollu union and to debit his pay to the head "Improvement of water-supply."

(14) *Cocanada Taluk Board.*—To entertain a sweeper on Rs. 5 per mensem in each of the villages of Tallarevu and Sitharampuram.

(15) To transfer the cost of the scavengers attached to the markets in the villages of Iyyaparajukollapalli, Senkavaram and Kotananduru to the head "Scavengering establishment," with reference to the remarks of Government in paragraph 4 (4) of G.O., No. 611 L., dated 30th March 1894. The changes of establishments above referred to, so far as they relate to villages other than unions, have been entered in the proposition statement, and the sanction of Government is solicited for them.

42. *Markets.*—The current year's provision under this head is transferred to the head "Scavengering establishment" under "sanitation" with reference to the remarks of Government in paragraph 4 (4) of G.O., dated 30th March 1894, No. 611 L.

43. *Choultries.*—The allotment made under this head is Rs. 14,910 against Rs. 15,060 estimated in the current year's budget. The decrease is the net result of the following proposals:—

(1) To provide for the increased pay of the Yadavolu estate gumastah already sanctioned in G.O., Mis. No. 594 L., dated 29th March 1894.

(2) The proposal to increase the pay of the gumastah attached to the Peddapur choultry from Rs. 12 to Rs. 15 by an annual increment of one rupee, the first increment accruing on 1st April 1895, "as the present gumastah of the Peddapur choultry is doing his work well and honestly and as the board wants to show its appreciation of his work in this manner."

(3) To dispense with the services of the Brahmin servant on Rs. 5 attached to the unendowed choultry at Cocanada, as his continuance is not considered necessary.

(4) To dispense with the servant on Rs. 4 attached to the unendowed choultry at Pittapur, as his services are not now required.

(5) The proposal of the Rajahmandry taluk board to entertain a servant on Re. 1 per mensem for the endowed choultry at Podagatlapalli and to dispense with the servant on Re. 1 attached to the unendowed choultry at Gopalpur.

(6) The proposal of the Ellore taluk board to increase by Re. 1 the pay of the watcher attached to the unendowed choultry at Tallapudi.

44. *Public Bungalows.*—An allotment of Rs. 670 is provided under this head, against Rs. 630, the allotment of the current year. The increase is due to the following:—

(1) The proposal of the Ellore taluk board to raise the pay of the servant attached to the Nallacherla bangalow from Rs. 3 to Rs. 5.

(2) The proposal of the Cocanada Taluk Board to raise the pay of the servant attached to the Jaggampeta bungalow from Rs. 3 to 4.

45. *Contribution to Provincial Services.*—The actuals of 1893–94 are repeated under this head under the existing orders of Government on the subject.

46. *Contribution to Municipalities.*—The Rajahmundry and Ellore Taluk Boards have been contributing to the local municipal councils about half the cost of the hospitals maintained by the respective municipalities, while the Cocanada Taluk Board has been contributing only Rs. 1,600 towards the cost of maintaining the hospital and the branch dispensary in the Cocanada Municipality. The municipal council of Cocanada has therefore requested that the contribution payable to it might be raised to Rs. 4,000 which represents half the cost of maintaining its hospital and branch dispensary which have grown in importance and which, it says, it cannot now maintain at the heavy cost of about Rs. 8,000 without a liberal contribution from the local board concerned. The taluk board of Cocanada is unable to meet this item of expenditure out of its resources, and the district board, therefore, resolved to comply with the request of the municipal council by making an assignment of Rs. 4,000 to the taluk board of Cocanada on the condition of its contributing to the municipality half the cost of the two institutions referred to above.

47. *Miscellaneous—(a) Lighting Charges.*—A sum of Rs. 8,110 is provided under this head against Rs. 7,910 provided in the current year's budget. The net increase is made up of a decrease under the Cocanada Taluk Board and an increase under the Rajahmundry and Narsapur Taluk Boards. The amount is distributed as follows among the several taluk boards:—

	RS.
Rajahmundry	2,430
Ellore	2,200
Narsapur	2,430
Cocanada	1,050
Total	8,110

The Rajahmundry Taluk Board proposes to transfer one of the servants attached to the offices of each of the unions under its control to the lighting establishments maintained for the respective unions. The Narsapur Taluk Board sanctioned an additional lamp-lighter on Rs. 4 per mensem for the Bhímavaram union, as the number of lights therein has been increased.

(*b*) *Other Miscellaneous.*—The amount of Rs. 6,460 shown under this head represents, as usual, the cost of the maintenance of water-pandals under the several taluks boards during the hot season of the year.

48. *Grant IV, Miscellaneous.*—The total estimated outlay under this grant is Rs. 36,090 against Rs. 37,670 estimated in the current year's budget. The net decrease is due to the new proposals detailed below.

49. *Printing work done by the Government Press.*—The current year's budget provision under this head is reduced to Rs. 500 with reference to the actuals of the previous years.

50. *Local Board's Office Establishment.*—The increased provision under this head is due to the following:—

(1) Provision is made for the annual increments accruing in the pay of certain clerks in the several offices of local boards.

(2) The proposal to entertain a recordkeeper on Rs. 15 per mensem in the district board's office. There is no one at present to look after the records of the office which are in a very unsatisfactory condition. The present staff is already over-burdened with the ordinary routine work of the office which has of late very much increased. The introduction of the disposal number system has also greatly increased the work in connection with the records and an additional hand is therefore absolutely necessary.

(3) To raise the pay of the head clerk of the same office from Rs. 60—2—80 to Rs. 75—5—100. The head accountant of the Local Fund Engineer's office and the local audit head clerk in the Collector's office get a minimum pay of Rs. 70 each per mensem and the maximum pay of the former is Rs. 80, rising by an annual increment of Rs. 2. The post of head clerk in the district board's office is none the less responsible, nor are the duties he has to perform less arduous. According to the present scale, the maximum pay of the post, which, by the way, is very low considering its responsibilities, can only be attained *in ten years*, and I need hardly say that this is a hardship. Competent and well educated men do not care to remain in the post, unless a decent pay, commensurate with the duties of the post, is offered to them, and the present head clerk, who is a graduate of considerable parts and has much experience, is not likely to hold on unless his position is bettered. Men of his experience and attainments are better off in other departments, and a miserable increment of Rs. 2 per annum which he now gets is not a sufficient inducement for his continuance. The district board therefore unanimously resolved to fix the salary of the post at Rs. 75 rising to Rs. 100 by an annual increment of Rs. 5. I strongly support this proposal and request that Government will be pleased to accord its sanction for the same.

(4) To raise the pay of the second clerk of the same office from Rs. 30—2—40 to Rs. 35—2½—50. This post is also a responsible post next to the head clerk's place, and it is absolutely necessary that a well qualified graduate, whom this board has fortunately been able to get, should fill it. It is therefore proposed to have the pay of the post slightly increased, and the proposal, which was also unanimously carried by the district board, has my warm support.

(5) To raise the pay of one of the peons attached to the same office from Rs. 6 to Rs. 7 per mensem in order to place him on the same footing with the other peons doing the same duties in the huzur offices; the present pay of the other peon of this office, who performs the same duties, is also Rs. 7.

(6) The proposal of the Cocanada Taluk Board to reduce the pay of the masalchi attached to the taluk board's office from Rs. 7 to Rs. 6 and to entertain a peon on Rs. 7 per mensem. With regard to this proposal, the President of the taluk board writes thus :—

"The board thought that a pay of Rs. 7 for the masalchi was excessive. Last year, when this provision was made, it was thought that a peon would have to be appointed, but in deference to the observation made in the consolidated district budget that 'under the circumstances explained by the Taluk Board President, the services of a masalchi will certainly be of more use than those of a peon,' a masalchi alone was appointed. The pay of the masalchis in the district board's office and in the Collector's office is Rs. 6 per mensem, and I, therefore, support the recommendations of the board that the pay of the board's masalchi be reduced from Rs. 7 to Rs. 6. The entertainment of a peon becomes a *sine qua non* when the board gets a Vice-President, as papers will every day have to be taken to him and brought back. No non-official has consented to be the Vice-President of the board, and I am therefore proposing, in a separate communication, the appointment of the present Deputy Tahsildar of Cocanada as the Vice-President of this board. He will often be in camp and papers will then have to be taken to him there. For these reasons I strongly recommend the appointment of a peon on Rs. 7 which the board has sanctioned."

(7) The proposal of the Narsapur Taluk Board to entertain a peon on Rs. 6 per mensem in the taluk board's office and a temporary clerk on Rs. 15 for one year for the sorting and the arrangement of records. The President of the taluk board states thus in connection with this proposal :—

"The records of the Board's office are in a confused state. The present establishment, which can hardly keep pace with the current work, is found to be unable to devote any time for the arrangement of the old records. The entertainment of a temporary clerk for one year on Rs 15 per mensem is therefore considered necessary. The entertainment of a peon on Rs. 6 to this office though proposed in the last budget was lost sight of in the report. Thus the proposal was not sanctioned last year. The necessity for a peon for the use of the Local Fund office is self-evident when the small number of peons allowed to the Deputy Collector is taken into consideration."

(8) The proposal of the Rajahmundry Taluk Board to permanently entertain a second clerk on Rs. 20 in the taluk board's office as it is "an absolute necessity."

(9) The proposal to continue for three months more the two temporary clerks on Rs. 15 each per mensem for sorting the records of the office sanctioned for six months in the current year's budget, the temporary clerks having been entertained only in August last, as it is estimated that their services will be required for three months longer to complete the work begun by them.

(10) The proposal of the Ellore Taluk Board to raise the pay of the third clerk of the taluk board's office from Rs. 10 to Rs. 12. The President of the taluk board states thus with reference to this proposal :—

"At present, the third clerk and the attender get the same pay, and to raise the status of the clerk from that of an attender this proposal has been made. The third clerk in the other taluk boards' offices gets Rs. 12 per month."

51. *Establishment of Local Fund Inspectors and of Local Fund Clerks in Taluk offices.*—No provision is made under this head, as the establishments proposed have not yet been sanctioned by Government.

52. *Establishment of unions.*—The net increase under this head is due to the following causes :—

(1) The proposed entertainment of an additional bill collector on Rs. 6 per mensem for the Narsapur union.

(2) Provision is made for the establishments required to be maintained for the newly created unions under the Cocanada Taluk Board.

(3) The proposal to transfer the services of a servant in each of the Gollalamamidada, Biccavolu, Rámachandrapuram, Draksharama and Kottapeta unions under the Rajahmundry Taluk Board to the lighting establishments maintained in the respective unions.

The above proposals have been sanctioned by the union panchayats concerned with the approval of the Presidents of taluk boards.

52-A. *Temporary Survey Establishment.*—The increased provision made under this head is due to the proposal of the Rajahmundry Taluk Board to re-entertain the temporary surveyor as the survey of roads and streets in the villages under this board appears to be still incomplete.

53. *Contingencies.*—The estimated expenditure under this head is Rs. 14,170 against Rs. 12,430 estimated in the current year's budget. The increase is due to the increased provision made under the several detailed heads, such as "Stationery," "Postal charges," "Printing charges," &c., with reference to the actuals of the previous years and the actual requirements as now estimated. The increased provision under "Law charges" is due to the increased litigation in connection with the lands attached to the endowed choultry and the other immoveable property belonging to the Narsapur Taluk Board. A provision of Rs. 110 is also made for the purchase of periodicals, reference books, &c., required for the use of the offices under the control of the District and the Cocanada Taluk Boards' offices.

54. The grand total of the estimated expenditure under all grants, together with the reserve of Rs. 64,950, calculated at the prescribed percentage rate, amounts to Rs. 9,07,930 against Rs. 8,51,650, the figure of the current year's budget, and the budget closes with a balance of Rs. 1,29,850 distributed among the several funds in the following manner :—

	RS.
District fund—	
General	36,360
Canal and Ferry fund	1,610
Taluk funds—	
General	42,086
Endowment funds	48,479
Union funds	1,315
Total	1,29,850

The balances available for general purposes under the district and taluk funds including union funds are, in each case, 12 per cent. of the estimated receipts.

D. 2532 10-12-94

55. I regret the delay in the submission of this report and statements which is chiefly due, as already reported in this office No. 2442 D.B., dated 1st December 1894, to the late submission of the report and statements of the Rajahmundry Taluk Board. The President of the taluk board gives the following further explanation of the delay made by him :—

> "The delay in submitting this report and statements is due to the fact that the educational proposals of the Director of Public Instruction did not reach me until 18th November and 23rd November (Muhammadan schools). On receipt of his proposals on 18th, I was at Gannavaram, Amalápuram taluk, making local inspections and enquiries in connection with the proposed Gódávari river conservancy. I at once issued notices for a meeting of the board on the 22nd November at Rámachandrapuram but, on my way towards that place, I was prostrated by a sharp attack of fever and had to come in here and place myself under the district surgeon's treatment and was confined to bed for three days. I then summoned a meeting for 1st instant here on which date there was a very full meeting of the board and the budget and the revised estimates were passed. I received your urgent telegram on the same evening and placed my whole establishment, as directed, on the preparation of the various statements, my revenue head clerk having directions to superintend the work and see that not a moment was lost. Almost all the statements were despatched to your office at Cocanada on the 3rd, and No. 8 and No. 2, which are required for preparation of No. 8, were despatched yesterday (4th December 1894). The drafting of this covering report could not be undertaken until the statements have been completed, and so I was unable to complete it until to-day. I trust, under these circumstances, you will not consider that I have been guilty of any avoidable delay."

The report and the statements of the Rajahmundry Taluk Board were received in my office on the 6th and 4th December 1894 and the consolidated statements were ready in my office by the 9th December, but the board having insisted upon my placing the same on the table of the board a week prior to the budget meeting, I was not able to convene the meeting earlier than the 17th December. Five days after that the Christmas vacation commenced and the preparation of this letter and the revision of the rough statements originally prepared took me the few days that have since elapsed.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction to the Chief Secretary to Government, dated Madras, 22nd January 1895, No. 575.

With reference to the educational portion of the Gódávari district board budget for 1895–96, I have the honour to make the following remarks :—

(i) Rs. 1,670 have been taken credit for from Provincial funds as building grants. As the provision in the departmental budget will not admit of such a large amount being paid for this district I would reduce the estimate to Rs. 750.

(ii) It is not known whether the board has provided any sum under Grant I for the construction of suitable sheds for salary-results schools. If not, I would recommend that an allotment of Rs. 1,000 be made for the purpose in view of the large number maintained by it.

(iii) Salary-results schools should be opened only in backward localities or for backward classes. The boards have already more schools than they can efficiently manage and any increase in the number of such schools is to be deprecated.

(iv) It is not stated at what rate results stipends are intended to be passed. I would urge the necessity of paying stipends at the standard rates in all Panchama and Muhammadan schools.

(v) Under results grants Rs. 10,420 have been provided as against Rs. 12,300 for the current official year. Even the latter provision was found insufficient, inasmuch as only 35 per cent. of the net cost could be assigned for each school in the E. list, schools in backward localities and for backward classes being excepted. I would, therefore, strongly recommend that the allotment be raised to Rs. 14,000, so that a fair proportion of the net cost may be fixed for each school and aid may be given to new schools.

(vi) I am not in favour of the proposal of the Narsapur taluk board to take under its management the Taylor high school, Narsapur. The responsibility of local boards is confined to primary education, and local boards have been allowed to work a few lower secondary schools only as a means of extending primary education by supplying men who have passed through the lower secondary stage of instruction to serve as teachers in primary schools. Even in respect of primary schools, I have been advising local boards not to open schools in localities where aided schools exist or can be opened. It is against the policy enunciated by the Education Commission and followed by the department to allow boards to take aided high schools under their management. At any rate, the proposal should form the subject of a special communication.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 13th February 1895, No. 142.

I have the honour to state that the provision made in Grant III of the budget estimate of the District Board, Gódávari, for the maintenance of the dispensaries for the year 1895–96 is approved by me and calls for no further remarks.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Acting Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 8th March 1895, No. 459-S.

Referring to the vaccine and sanitary portions of the Gódávari district board budget for 1895–96, I have the honour to state that I have no remarks to offer on them. The proposed expenditure on sanitation is 8·1 per cent. of the estimated receipts.

2. Under Grant I, Rs. 18,430 are allotted for the construction and repair of tanks and wells.

Order—dated 13th March 1895, No. 483 L., Local and Municipal.

The estimated Local Fund receipts and charges of the Gódávari district for 1895–96, as passed by Government, are compared below with the budget and revised estimates for 1894–95 and the actuals of 1893–94 :—

REVISED ESTIMATE FOR 1894–95.

2. The current receipts and charges are now estimated at Rs. 7,02,830 and Rs. 8,07,200, respectively, against Rs. 6,79,720 and Rs. 8,51,650 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under land-cess, house-tax and miscellaneous debt accounts, while the decrease in the charges which appears under Grants II, III and IV, and reserve is partially counterbalanced by an increase under Grant I and miscellaneous debt accounts. It is presumed that the additional allotments provided under some of the heads have since been sanctioned by the local boards concerned.

BUDGET ESTIMATE FOR 1895–96.

3. *Receipts.*—The receipts for the ensuing year are set down at Rs. 6,86,490 against Rs. 7,02,830 in the revised estimate, the decrease being mainly under land-cess and miscellaneous debt accounts. The proposal of the Ellore taluk board to levy fees in the markets at Velpur and Talapudi is approved; but this should have been submitted to Government in a separate communication as required in paragraph 3 of G.O., dated 30th March 1894, No. 611 L. The provincial grant for education will be reduced by Rs. 920 with reference to clause (i) of the Director's letter read above.

4. *Charges.*—(1) The probable charges are put down at Rs. 9,07,890 against Rs. 8,07,200 in the revised estimate, the increase appearing under all grants.

(2) *Grant I.*—None of the new works provided for in the budget should be undertaken until their plans and estimates have been sanctioned by competent authorities. With reference to clause (ii) of the Director's letter, it is observed that a provision of more than Rs 2,000 has been made for the construction of school-houses. The district board's proposals to allow the present head accountant of the Local Fund Engineer's office to draw Rs. 80, the maximum pay of the appointment, and to raise the pay of the fireman attached to the steam road-roller from Rs. 10 to Rs. 15 are approved; but the necessity for granting a fixed batta of one anna per diem to the latter should be explained. The proposal to debit a proportionate share of the cost of the Local Fund Engineering establishment and of tools and plant to the endowment funds is approved. The establishment of a ferry between Rajahmundry and Bhadráchalam proposed in paragraph 23 of the President's letter should form the subject of a separate communication.

(3) *Grant II.*—The alterations in the staff of inspecting schoolmasters and in the establishment of the sessional schools, and the payment of a fixed travelling allowance of Rs. 10 per mensem to inspecting schoolmasters, proposed in paragraphs 25 and 26 of the President's letter are sanctioned. With reference to its proposal to take under its management the Taylor high school at Narsapur and the first-grade feeder primary school there, the attention of the Narsapur taluk board will be drawn to the remarks of the Director in clause (vi) of his letter, in which the Government concurs. The remaining additions to, and alterations in the educational establishments proposed in paragraphs 27–29 of the President's letter are sanctioned, except those mentioned in clauses (7) and (9) of paragraph 27, in clause (4) of paragraph 28 and in clauses (4), (5), (8) and (14) of paragraph 29, for which no reasons have been assigned. The Director's remarks in clauses (iii), (iv) and (v) will be referred to the taluk boards concerned for consideration.

(4) *Grant III.*—The additions to, and alterations in the establishments of the hospitals and dispensaries proposed in paragraph 35 of the President's letter and in the proposition statements are sanctioned, as is the proposal to raise the pay of the head clerk of the District Surgeon's office from Rs. 20 to Rs. 25 and to entertain a third clerk on Rs. 12 per mensem. The additions to, and alterations in the scavenging establishments of the villages proposed in paragraph 41 of the President's letter, with the exception of the increase in the pay of the eight sweepers referred to in clause (7) for which no reason has been assigned, are sanctioned; but it should be observed that in the opinion of Government but little benefit arises from the multiplication of sweepers in non-union villages where their work cannot be properly supervised,

and that it is inexpedient that funds raised from the inhabitants of the district as a whole should be largely devoted to the exclusive benefit of the small section of them who reside in unions. The contributions from taluk to union funds were already excessive in 1893–94, and in the present budget it is proposed to raise them still further to Rs. 20,658 by additions to the scavenging establishment and the provision under "village-site." The alterations in the choultry and bungalow establishments referred to in paragraphs 43 and 44 are approved. The provision of Rs. 30 for contribution to provincial funds on account of the cutlers' establishment will be struck out with reference to G.O., dated 18th January 1895, No. 97 L. From statement VIII it appears that sufficient contributions have not been made from taluk funds to meet the lighting charges in some of the unions. This should now be done.

(5) *Grant IV.*—The contribution to provincial funds on account of controlling establishments at the Presidency should be Rs. 4,290 and not Rs. 4,340. The additions to, and alterations in the district and taluk boards' office establishments proposed in paragraph 50 of the President's letter are sanctioned, with the exception of the increase in the salaries of the head and second clerks of the district board's office, whose salaries do not compare unfavourably with those obtaining in other districts, and the appointment of a peon in addition to a masalchi in the Cocanada taluk board's office, as both of these do not appear to be necessary.

5. *Reserve and Balance.*—The budget, as revised by Government, closes with a balance of Rs. 1,29,700, of which Rs. 1,320 appertain to unions, Rs. 48,480 to endowed institutions and Rs. 1,610 to the canal and ferry fund, leaving Rs. 78,290 or 12 per cent. of the receipts available for general purposes. The deficits with which the transactions of some of the markets and the choultry at Rajanagaram are expected to close the year should be made good either by a loan or contribution from general revenues, as required in No. 25 of the Local Fund Rules.

(True Extract.)

J. F. PRICE,
Chief Secretary.
