Municipal Councillors Office
Srirangam 7th February 1895

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. K. SESHADRIENGAR, Avargal, Chairman, Municipal Council, Srírangam, to the Chief Secretary to Government (through the Revenue Divisional officer, Trichinopoly), dated Srírangam, 17th January 1895, No. 436.

I have the honour to submit, for sanction of Government, the revised estimates for the current year and the budget estimates for the ensuing year 1895–96 of this municipality, passed at the meeting held on the 12th instant.

2. The cause of delay for submission of the budget has been reported to Government in this office letter No. 427, dated 29th ultimo.

A.—REVISED ESTIMATES FOR 1894–95.

3. *Receipts.*—The total receipts, excluding the opening balance, amount to Rupees 25,060, which exceed the budget estimates of Rs. 24,490 by Rs. 570, which are due mainly to the increased collections under the items, "Tax on arts, tax on vehicles and animals, income from markets, license fees, fines under Municipal and other Acts, and private scavenging fees." Though there is a net increase of Rs. 570 over the estimated income of the year, yet there is a great falling off in the actual receipts under items, "Tax on buildings and lands," as the bills for the recovery of the above taxes were issued late owing to the revision of the above taxes during the year and the late submission of accounts of land by the village karnams. The Council believes that the total amount that might fall as arrears at the close of the current year will be fully realized at the early part of next year.

The reasons for the variations under the other items of receipts are given in the statement VI itself.

4. *Charges.*—The total expenditure is Rs. 25,610, which shows a net decrease of Rs. 290 below the budget allotment of Rs. 25,900. The cause for the decrease is explained in the following paragraph.

5. *New Works*—(*a*) *Communications.*—Of the works sanctioned in the current year, the widening of the Ammamantapam road is not to be undertaken and completed within the year owing to the opposition of the owners of adjacent gardens to dig and remove earth from their garden lands for the purpose. The Council is arranging to settle the matter with the owners amicably if possible. As there is not sufficient time for the same during the year, provision is made for the said work in the proposed budget estimates.

(*b*) *Buildings.*—A plan for municipal office building has been prepared, providing two side rooms—one for keeping records and the other for Chairman's office—with a hall in the middle for clerks. The amount of estimate for the building is calculated at Rs. 2,000, and therefore the Council has resolved to give up the idea of constructing a new office building and to utilize the present meeting hall for the purpose.

18. *Charges, Grant I—New Works—Communications.*—The Council has proposed to carry out the widening of the Ammamantapam road in the next year in the portion where it is necessary, for which Rs. 300 is allotted. This and the allotment made for constructing tunnels, &c., shown in statement II-A, part I, are the causes for the increase.

		Rs.
Revised estimates, 1894–95 ..	..	3,250
Budget „ 1895–96 ..	..	3,500
Increase ..		250

19. *Buildings.*—Provision has been made for constructing a masonry latrine and for placing an iron one as suggested by the Sanitary Commissioner. Hence the increase.

		Rs.
Revised estimates, 1894–95 ..	..	510
Budget „ 1895–96 ..	..	1,100
Increase ..		590

20. *Water-supply.*—It is proposed by the Council to raise parapet walls and platforms with drains around for seven wells as suggested by the Sanitary Commissioner during his recent inspection of the town, and therefore the increase has occurred.

		Rs.
Revised estimates, 1894–95 ..	..	60
Budget „ 1895–96 ..	..	150
Increase ..		90

21. *Repairs—Communications.*—The requirements for the upkeep of the existing metalled roads during the coming year will not cost much as in last year, as some of the roads were made newly and repaired only during the latter part of the current year. Hence the decrease.

		Rs.
Revised estimates, 1894–95 ..	..	1,610
Budget „ 1895–96 ..	..	1,300
Decrease ..		310

22. *Buildings.*—The allotment made in the revised estimates to carry out the repairs of a portion of the municipal office building stated elsewhere (in paragraph 6) is the reason for the decrease.

		Rs.
Revised estimates, 1894–95 ..	..	650
Budget „ 1895–96 ..	..	300
Decrease ..		350

23. *Water-supply—Establishment.*—An additional watchman to guard against pollution of water and to regulate people in bathing and washing clothes and in taking water for drinking and other purposes in and from the respective portions of the flights of steps in the bathing ghaut of the Nattuvaikal in the third ward has been proposed to be entertained agreeably to the instructions given by the Sanitary Commissioner. Hence the increase.

		Rs.
Revised estimates, 1894–95 ..	..	60
Budget „ 1895–96 ..	..	120
Increase ..		60

24. *Grant II, Education—Training School—Stipends to Normal Students.*—The Director of Public Instruction in his letter quoted in paragraph 15 *supra* has recommended to the allotting of Rs. 120 under the item "training schools" for stipends to two primary grade students who should be sent to the Trichinopoly training school. His recommendation has been approved of and the allotment is made in the budget. Hence the increase.

		Rs.
Revised estimates, 1894–95 ..	..	50
Budget „ 1895–96 ..	..	120
Increase ..		70

25. *Municipal Schools on Salary-results System—Fixed payment.*—A headmaster on Rs. 10 a month to strengthen the teaching staff of the Anglo-Vernacular school is proposed to be entertained in the next year. This and the increase of pay recommended to six of the teachers of the salary-results schools at rupee one each have led to the increased provision in the budget.

		Rs.
Revised estimates, 1894–95 ..	..	710
Budget „ 1895–96 ..	..	864
Increase ..		154

26. *Salary Grants.*—In the budget sent by the Educational Department it has been recommended to allot Rs. 500 to aid the two upper primary schools under results system and two lower secondary schools in this municipality in shape of salary grants. The Council in consideration of the good working of the former two schools at the present system does not consider it quite necessary to adopt the proposal, but it is prepared to pay salary grants to the latter two schools only. Hence the provision is made in the budget under this item. But the Council, however, has increased the amount allotted by the Educational Department for results grants by Rs. 400, to give a more favourable aid to the above two upper primary schools and to other schools under results system for their promising condition.

		Rs.
Revised estimates, 1894–95 ..	..	..
Budget „ 1895–96 ..	..	150
Increase ..		150

27. The Council does not agree with the views of the assistant inspector in considering that the inspecting schoolmaster has a large area in this municipality over which he has to travel and for which he is to be paid a carriage allowance of Rs. 2–8–0 per mensem, and therefore the Council is not prepared to undergo any expense in this direction.

		Rs.
Budget estimates, 1894–95 ..	..	2,460
Revised „ 1895–96 ..	..	2,630

28. *Grant III, Hospitals and Dispensary.*—The Surgeon-General during his recent inspection of the hospital of this municipality has passed the following remarks in the visitors' book of the institution :—

		Rs.
Revised estimates, 1894–95 ..	..	2,570
Budget „ 1895–96 ..	..	2,630

"The services of a third-class hospital assistant are very necessary to carry out the dressings of the out-patients in cases of males with the help of a male ward attendant, and in the case of the females with a female ward attendant, both of whom should be caste people." . . . . . "I find not half of the beds can be used, as there is such a small budget provision for dieting the poor. It is not desirable that no one should be turned away from the hospital on such a plea, considering the diets only average in cost about two annas and a quarter a day each. I hope the municipality, which keeps up such a fine hospital, will be able to provide funds for the above improvements. The services of a second compounder would not then be wanted."

The Council regrets to express its inability to make provision in the budget for entertainment of a third-class hospital assistant until the question of reducing the contribution from Rs. 1,500 to Rs. 500, payable from the Trichinopoly taluk board for the maintenance of the dispensary and hospital, is settled. The suggestion of the Surgeon-General to make increased provision for the diets has been adopted by adding a sum of Rs. 100 to the allotment of the current year, *i.e.*, Rs. 300. In view to comply with the proposals of the Surgeon-General to carry out the dressings of the out-patients in cases of males and females with the help of male and female ward attendants, a sum of Rs. 84 is allotted in the budget for entertainment of a medical pupil or a second compounder on Rs. 7 a month. By the above arrangements the allotment in the budget for the coming year under the item "hospital" exceeds those in the budget and revised estimates by Rs. 170 and Rs. 60, respectively.

29. *Vaccination—Establishment.*—The Government having in paragraph 4 (4) of the G.O., No. 1194 M., dated 4th September last, reviewing the administration report of this municipality for 1893–94, directed the attention of the Council to the necessity of appointing a probationary vaccinator, the Council proposed to allot Rs. 60 for entertaining a probationer on Rs. 5 a month. Hence the increase.

		Rs.

Budget „ 1895–96 ..	..	240
Increase ..		60

		Rs.
Revised estimates, 1894–95 ..	..	2,480
Budget „ 1895–96 ..	..	2,726
Increase ..		246

30. *Conservancy—Road-cleaning and Road watering Establishment.*—An increase of Re. 1 for each of the 10 peons is recommended considering their long service, and in other respects, the last year's budget figure is repeated. Hence the increase.

31. *Other charges, such as purchase or hire of carts, &c.*—Provision made under this item shows an increase over the budget estimates and decrease below the revised estimates by Rs. 150 and Rs. 416 of the current year. The increase over the budget figures is owing to the amount set apart for purchasing two wooden rubbish carts in the coming year. The decrease below the revised estimates is owing to the proposal of the Council to purchase a piece of land for night-soil depôt within the current year which is stated in paragraph 7 *supra*.

		Rs.
Revised estimates, 1894–95 ..	..	3,150
Budget „ 1895–96 ..	..	2,734
Decrease ..		416

32. *Private Scavenging Establishment.*—In view to introduce gradually the house-to-house scavenging system on a larger scale by extending it to the other houses of the three of the main streets in Srírangam, the provision of the budget of the current year is adopted for the coming year also.

		Rs.
Revised estimates, 1894–95 ..	..	980
Budget „ 1895–96 ..	..	1,284
Increase ..		304

33. *Conservancy, such as cost of scavenging carts, &c.*—A sum of Rs. 100 is provided for in the budget for purchasing a sewage-water cart, which shows an increase over the budget allotment and decrease below the revised estimates of the current year. No provision is made in the budget for the coming year to purchase night-soil carts, as the required number of carts are proposed to be made during the current year.

		Rs.
Revised estimates, 1894–95 ..	..	830
Budget „ 1895–96 ..	..	636
Decrease ..		194

34. *Grant IV, Lighting.*—The increase is due to the increased provision made in the budget for ten additional lights proposed to be put up during the coming year.

		Rs.
Revised estimates, 1894–95 ..	..	1,860
Budget „ 1895–96 ..	..	2,020
Increase ..		160

35. *Grant V, General Establishment—(i) Office Establishment and (ii) Inspection.*—The carriage allowance was not paid to the Chairman for four months in the current year—*vide* paragraph 9 *supra*. A non-official Chairman has been elected for this municipality, and the carriage allowance is calculated for twelve months for the next year. An increase of Re. 1 for the office peon and masalji is given on account of their long service. Hence the increase.

		Rs.
Revised estimates, 1894–95 ..	..	1,460
Budget „ 1895–96 ..	..	1,606
Increase ..		146

36. Provision is made in the budget to pay contribution towards the controlling establishment, with reference to G.O., No. 2527, dated 4th December 1894.

37. The budget, as proposed by the Council, closes with a balance of Rs. 2,850, or nearly 10·5 per cent. of the total estimated receipts.

Endorsement No. 245-Rev.

Forwarded.

Paragraph 11.—Attention is invited and the covering remarks of the Divisional officer, who, having discharged the duties of Chairman of this municipality and having

made enquiries, is in a position to form an idea as to what income may, with propriety, be levied on arts, &c. I recommend that his figure be adopted.

Paragraphs 25, 28 *to* 30, *and* 35.—The Chairman is being requested to send direct to Government (to save delay) proposition statement showing the proposed increases in establishments. As to paragraph 30, the length of service of each peon should be stated by the Chairman in order that Government may be able to judge if the proposed increase of pay is in each case justified on the ground of length of service.

PERAMBALUR,
30*th January* 1895.

(Signed) J. ANDREW,
Acting Collector.

Cur. No. 245-Rev.

Submitted.

2. As the Government, in their Order No. 1194 M., dated 4th September 1894, had remarked that the incidence of the tax on arts was unduly light, and that the Council had done nothing to arrive at an equitable demand, I took pains, when I was in charge of the municipality, to revise the tax and to raise it to Rs. 3,664 for the current year, with reference to our income-tax lists and the result of other enquiries.

3. In the budget the Council has adopted Rs. 1,600—a far too small amount. Probably they consider my figure too high, and wish or expect to reduce it to Rs. 1,600. I would recommend the figure being raised to Rs. 3,000, and Rs. 664 is a sufficient margin for reduction in appeal, &c. Men paying income-tax of Rs. 125, 82 and 62 have been taxed by the municipality Rs. 25, 6 and 3, respectively, and, if this has been done with reference to the principle mentioned in paragraph 11 of the report, the Rs. 664, or even double that amount, would hardly be sufficient.

23*rd January* 1895.

Deputy Collector.

2. The current receipts & charges are now estimated at Rs 25080 & Rs 25610, respectively against Rs 24490 & Rs 26900 anticipated in the sanctioned budget. The increase in the receipts which occurs chiefly under the taxes on carts, vehicles & animals, license fees, fines & recoveries for services rendered to private individuals is partially counter balanced by a decrease under the tax on buildings & lands, while the decline in the charges appears mainly under Grant I. The collections under the principal taxes and the outlay on public works during the first eight months of the year were far from satisfactory. The Govt note with dissatisfaction that this is the third consecutive year in which a similar remark has to be made. The entertainment of the temporary bill collectors referred to in para 8 of the Chairman's letter is sanctioned. Steps should be taken for the speedy adjustment of the advance of Rs 836 made in the last year 1893-94.

Budget estimate for 1895-96

3. Receipts. The receipts for the ensuing year are set down at Rs 27170 against the revised estimate of Rs 25580, the increase which appears chiefly under the tax on

buildings & lands, being partly set off by a decrease under license fees & recoveries for services to private individuals. The estimate under the tax on arts will be raised from Rs 2020 to Rs 3420, with reference to the remarks of the revenue divisional officer & the Collector in their endorsements. The Government ~~trusts that~~ must insist upon ~~no~~ every effort being ~~spared~~ made by the municipal council to realize the whole of this sum within the year.

4. Charges (1) The probable charges are entered as Rs 26490 against Rs 25610 in the revised estimate, the increase which appears mainly under grants I, II & III being to a considerable extent counterbalanced by a decline under grant IV.

(2) Grant I. The new works provided for should not be undertaken until the estimates have been sanctioned by competent authority. The proposed entertainment of an additional water supply watchman on Rs 5 per mensem is sanctioned.

(3) Grant II. The alterations in the educational establishments, which ~~should have~~ have not been clearly specified in the Chairman's letter, cannot be sanctioned until the necessity for them is fully ~~established~~ explained. The Chairman's attention is drawn to the omission noticed by the Director in his letter read above.

(4) Grant III. ~~The remarks of the Surgeon-General & the Sanitary Commissioner on this portion of the budget will be awaited. Meanwhile the proposed entertainment of a~~ additional compounder on Rs 7 & a probationary vaccinator on Rs 5 per m. ~~will be~~ is sanctioned. The provision of Rs 20 for contribution on account of the Collector's establishment will, with reference to G.O. of 18th Jan. 1895 No 97 L, be struck out. The proposed increase ~~to~~ in the pay of the conservancy peons having 20 years service and upwards are ~~sanctioned~~ approved. In the case of the others ~~except in the case of the~~ they cannot ~~be~~ be sanctioned ~~completed individual who has put in only about three years service~~.

The provision for hospitals & dispensaries will be raised by Rs (60+360-80, or) Rs340 with reference to the Surgeon-General's letter read above. It is probable, however, that the maximum compensation for quarters to hospital assistants will not be necessary. The remarks of the Sanitary Commissioner on the allotments for vaccination & sanitation will be awaited. Meanwhile the proposed entertainment of ———

(5) Grant V. The proposal to raise the salaries of the office peon & the masalchi cannot be sanctioned, as Govt. is not satisfied of its necessity ~~as these men are in the opinion of Govt. already sufficiently well paid~~.

5. The budget as revised by Government closes with a balance of Rs ~~4090~~ 4150 or 14.~~3~~5 per c. of the estimated receipts.

Srirangam Munl. Budget for 1895-96

20TH MARCH 1895, No. 509 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. K. SESHADRI AIYANGAR Avargal Chairman, Municipal Council, Srírangam, to the Chief Secretary to Government (through the Revenue Divisional officer, Trichinopoly), dated Srírangam, 17th January 1895, No. 436.

I have the honour to submit, for sanction of Government, the revised estimates for the current year and the budget estimates for the ensuing year 1895–96 of this municipality, passed at the meeting held on the 12th instant.

2. The cause of delay for submission of the budget has been reported to Government in this office letter No. 427, dated 29th ultimo.

A.—REVISED ESTIMATES FOR 1894–95.

3. *Receipts.*—The total receipts, excluding the opening balance, amount to Rupees 25,060, which exceed the budget estimate of Rs. 24,490 by Rs. 570, which are due mainly to the increased collections under the items, "Tax on arts, tax on vehicles and animals, income from markets, license fees, fines under Municipal and other Acts, and private scavenging fees." Though there is a net increase of Rs. 570 over the estimated income of the year, yet there is a great falling off in the actual receipts under items, "Tax on buildings and lands," as the bills for the recovery of the above taxes were issued late owing to the revision of the above taxes during the year and the late submission of accounts of land by the village karnams. The Council believes that the total amount that might fall as arrears at the close of the current year will be fully realized at the early part of next year.

The reasons for the variations under the other items of receipts are given in the statement VI itself.

4. *Charges.*—The total expenditure is Rs. 25,610, which shows a net decrease of Rs. 290 below the budget allotment of Rs. 25,900. The cause for the decrease is explained in the following paragraph.

5. *New Works—(a) Communications.*—Of the works sanctioned in the current year, the widening of the Ammamantapam road is not to be undertaken and completed within the year owing to the opposition of the owners of adjacent gardens to dig and remove earth from their garden lands for the purpose. The Council is arranging to settle the matter with the owners amicably if possible. As there is not sufficient time for the same during the year, provision is made for the said work in the proposed budget estimate.

(*b*) *Buildings.*—A plan for a municipal office building has been prepared, providing two side rooms—one for keeping records and the other for Chairman's office—with a hall in the middle for clerks. The amount of estimate for the building is calculated at Rs. 2,000, and therefore the Council has resolved to give up the idea of constructing a new office building and to utilize the present meeting hall for the purpose.

6. *Repairs—Buildings.*—A sum of Rs. 300 is allotted for the repair of a portion of the present office building, which will be used as store-room, &c. Hence the increase under this item.

7. There is a saving of Rs. 440 in the allotment made for establishment under conservancy, "Road-cleaning and road-watering and private scavenging," owing to the budget programme for entertainment of additional scavengers and sweepers, and for the increase of the existing staff not having been followed during the past eight months, as there was no necessity to do so during the period. A sum of Rs. 700 for purchasing land for the night-soil depôt is provided. Hence the increase in other charges and contingencies of the above.

8. An appointment of a temporary bill-collector for three months, from the 1st instant, on Rs. 10 a month to collect the tax on arts, professions, &c., has been proposed by the Chairman and sanctioned by the Council at the meeting held on the 15th ultimo. This is considered necessary, as the work of the present four bill-collectors is very heavy. A copy of the resolution and a proposition statement for revision of establishment are submitted herewith for sanction of Government.

9. There is a slight increase in the item "office contingencies" other than (*b*) (ii). This is due to the payment of cart-hire to the manager of the municipal office for having travelled on official duties to the head-quarters and the camps of the revenue divisional officer who was in charge of the office of the Chairman for four months during the year, for which a formal sanction of Government is solicited by a separate letter.

B.—BUDGET ESTIMATES FOR 1895–96.

10. *Receipts.*—The estimated income of the year 1895–96, excluding the opening balance, is Rs. 27,170, which shows a net increase of Rs. 2,110 and Rs. 2,680 over the revised estimate of Rs. 25,060 and the budget grant of Rs. 24,490 of the current year. The following are the reasons for variations between the revised estimate and the budget grant of 1895–96 under the several important items.

11. *Tax on Arts, Professions, &c.*—There is a small increase under this head.

The Government in their Order, dated 4th September 1894, No. 1194 M., reviewing the administration report of this municipality for 1893–94, remarked that "in G.O., dated 29th September 1893, No. 1317 M., it was pointed out to the Council that the incidence of this tax was unduly light, but it is obvious that the Council has done nothing to arrive at an equitable demand under this head. It has on the other hand, and in the face of Government order of last year, fixed in the current year an assessment of Rs. 1,312, which is even less than the last year's. This is unquestionably far below the revenue that the town is capable of producing from this source." The Council has for the coming year estimated the income at Rs. 1,600, or Rs. 200 over and above that provided for in the current year's budget. In this matter, the Council regrets to report that it is unable to see its way to provide for any higher demand under this head, and begs to submit the following reasons:—

(1) In assessing the tax in question under the first seven classes, though not under the last, the income of each individual has been taken as the criterion and the persons are charged, on the tested income, under the respective classes as fit, as there seems to be no other standard.

(2) The low incidence is due to the large number of persons coming in under the last class, and also to the fact that many persons, such as vakils, schoolmasters, railway officials, &c., who reside here and are assessable under the higher classes in this municipality are carrying on their professions in the adjacent central town of Trichinopoly and they are taxed in that municipality.

(3) Persons mentioned in some classes alone, such as native doctors, &c., have had their appeals decided on their ascertained income. But in no case total exemption has been made except for reasons of poverty, and that in ascertained cases.

		Rs.
Revised estimate, 1894–95	..	8,830
Budget „ 1895–96	..	12,200
Increase	..	3,370

12. *Tax on Buildings and Lands.*—The expectation of collecting arrears of current year, together with the collections of a greater portion of the demand of the coming year, is the cause for the increase.

		Rs.
Revised estimate, 1894–95	..	3,120
Budget „ 1895–96	..	2,850
Decrease	..	270

13. *Tax on vehicles and animals — License Fees.*—These are fluctuating items of receipts. The outstanding arrears of last year have been realized and such arrears may not be expected for the coming year. Hence the decrease.

		Rs.
Revised estimate, 1894–95	..	1,500
Budget „ 1895–96	..	1,000
Decrease	..	500

14. *Fines under Municipal and other Acts.*—Though the actuals of the last eight months and probable receipts of four months of the current year amount to Rs. 750, yet it is not to be considered that a similar amount will be realized during the ensuing year, as this item is also a fluctuating one and therefore the income has been estimated at Rs. 600 only.

		Rs.
Revised estimate, 1894–95	..	750
Budget „ 1895–96	..	600

15. *Grants and Contributions from Government.*—The Director of Public Instruction, Madras, has, in his letter, No. 10371, dated 31st October 1894, forwarding the proposals of the assistant Inspector, 8th Division, for educational budget for 1895–96, informed that this municipality will be entitled, subject to the provisions of the Grant-in-aid Code, to a third grant on behalf of the supervisor's pay, to a half grant on behalf of the drawing master's and the gymnastic instructor's pay and for drawing materials, and to a grant of Rs. 70 towards the stipends of two teachers who may be sent for training. This proposal has been adopted by the Council with the modification that the Municipal Council will only be entitled to a third grant on behalf of the gymnastic instructor's pay, as he has obtained a second-class certificate—*vide* Article 12 (vii) of Chapter III of the revised Grant-in-aid Code. Provincial grant of Rs. 20. has also been provided for in the budget to pay results grants to be earned by girls of municipal primary schools on the salary-results system. The above are the causes for increase.

Revised estimate, 1894–95	..	220
Budget „ 1895–96	..	310
Increase	..	90

16. *Recoveries on account of services rendered to private individuals—Private scavenging.*—The arrears of last year have been collected during the year and those of the years prior to the last year remain uncollected; these are to be written off the accounts as irrecoverable for reasons stated in paragraph 22 of the administration report for 1890–91, recorded in G.O., No. 1348 M., dated 24th August 1891. There will be no arrears at the commencement of the coming year, and therefore the budget provision of the current year is repeated.

17. The other items of receipts are of no importance and call for no special remarks.

7. There is a saving of Rs. 440 in the allotment made for establishment under conservancy, "Road-cleaning and road-watering and private scavenging," owing to the budget programme for entertainment of additional scavengers and sweepers, and for the increase of the existing staff not having been followed during the past eight months, as there was no necessity to do so during the period. 15. *Grants and Contributions from Government.*—The Director of Public Instruction, Madras, has, in his letter, No. 10371, dated 31st October 1894, forwarding the proposals of the assistant Inspector, 8th Division, for educational budget for 1895–96, informed that this municipality will be entitled, subject to the provisions of the Grant-in-aid Code, to a third grant on behalf of the supervisor's pay, to a half grant on behalf of the drawing master's and the gymnastic instructor's pay and for drawing materials, and to a grant of Rs. 70 towards the stipends of two teachers who may be sent for training. This proposal has been adopted by the Council with the modification that the Municipal Council will only be entitled to a third grant on behalf of the gymnastic instructor's pay, as he has obtained a second-class certificate—*vide* Article 12 (vii) of Chapter III of the revised Grant-in-aid Code. Provincial grant of Rs. 20. has also been provided for in the budget to pay results grants to be earned by girls of municipal primary schools on the salary-results system. The above are the causes for increase.

16. *Recoveries on account of services rendered to private individuals—Private scavenging.*—The arrears of last year have been collected during the year and those of the years prior to the last year remain uncollected; these are to be written off the accounts as irrecoverable for reasons stated in paragraph 22 of the administration report for 1890–91, recorded in G.O., No. 1348 M., dated 24th August 1891. There will be no arrears at the commencement of the coming year, and therefore the budget provision of the current year is repeated.

30. *Conservancy—Road-cleaning and Road-watering Establishment.*—An increase of Re. 1 for each of the 10 peons is recommended considering their long service, and in other respects, the last year's budget figure is repeated. Hence the increase.

31. *Other charges, such as purchase or hire of carts, &c.*—Provision made under this item shows an increase over the budget estimate and decrease below the revised estimate by Rs. 150 and Rs. 416 of the current year. The increase over the budget figures is owing to the amount set apart for purchasing two wooden rubbish carts in the coming year. The decrease below the revised estimate is owing to the proposal of the Council to purchase a piece of land for night-soil depôt within the current year which is stated in paragraph 7 *supra*.

33. *Conservancy, such as cost of scavenging carts, &c.*—A sum of Rs. 100 is provided in the budget for purchasing a sewage-water cart, which shows an increase over the budget allotment and decrease below the revised estimate of the current year. No provision is made in the budget for the coming year to purchase night-soil carts, as the required number of carts is proposed to be made during the current year.

2. As the Government, in their Order No. 1194 M., dated 4th September 1894, had remarked that the incidence of the tax on arts was unduly light, and that the Council had done nothing to arrive at an equitable demand, I took pains, when I was in charge of the municipality, to revise the tax and to raise it to Rs. 3,664 for the current year, with reference to our income-tax lists and the result of other enquiries.

3. In the budget the Council has adopted Rs. 1,600—a far too small amount. Probably they consider my figure too high, and wish or expect to reduce it to Rs. 1,600. I would recommend the figure being raised to Rs. 3,000, and Rs. 664 is a sufficient margin for reduction in appeal, &c. Men paying income-tax of Rs. 125, 82 and 62 have been taxed by the municipality Rs. 25, 6 and 3, respectively, and, if this has been done with reference to the principle mentioned in paragraph 11 of the report, the Rs. 664, or even double that amount, would hardly be sufficient.

Paragraph 11.—Attention is invited to the covering remarks of the Divisional officer, who, having discharged the duties of Chairman of this municipality and having made enquiries, is in a position to form an idea as to what income may, with propriety, be levied on arts, &c. I recommend that his figure be adopted.

Paragraphs 25, 28 *to* 30, *and* 35.—The Chairman is being requested to send direct to Government (to save delay) proposition statement showing the proposed increases in establishments. As to paragraph 30, the length of service of each peon should be stated by the Chairman in order that Government may be able to judge if the proposed increase of pay is in each case justified on the ground of length of service.

PERAMBALUR,
30*th January* 1895.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 31st January 1895, No. 997.

Adverting to the budget estimate of the Srírangam Municipality for 1895–96, I have the honour to state that the provision made therein for education is sufficient and calls for no remarks. A detailed statement of receipts not having been furnished, I am not able to ascertain the exact proportion which the net expenditure under Grant II bears to the estimated income of the municipality from taxation, markets and rents.

From the Chairman, Municipal Council, Srírangam, dated 7th February 1895, No. 460.

ABSTRACT.—Submitting proposition statement for revision of establishment and a statement showing the length of service of the conservancy peons as required by the Collector of Trichinopoly.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 26th February 1895, No. 194.

With reference to Grant III of the budget estimate of the Srírangam Municipality for the year 1895–96, I have the honour to offer the following remarks.

No provision having been made for compensation for quarters to the hospital assistant, a sum of Rs. 60 should now be provided.

During my recent inspection of the hospital at Srírangam, which has accommodation for eighteen in-patients, I remarked that the entertainment of a third-class hospital assistant is very necessary to carry out the dressings of patients, as the number of patients, both in and out, treated during the year is 235 and 16,029, respectively, with a daily average attendance of 79·61. The municipality regrets its inability to give

effect to this proposal until the question of reducing the contribution payable from the Trichinopoly taluk board is settled, but provides for a second compounder on Rs. 7 per mensem to meet this work, who, in my opinion, is not an efficient substitute for a third-class hospital assistant for the well-being of patients and the up-keep of an hospital in an important town like Srírangam which is much frequented by pilgrims from all parts of the Presidency. A sum of Rs. 360 should therefore be provided in the budget on this account.

ORDER—dated 20th March 1895, No. 509 M., Local and Municipal.

The estimated receipts and charges of the Srírangam Municipality for 1895–96, as passed by Government, are compared below with the budget and revised estimates for the year 1894–95 and the actuals of 1893–94 :—

REVISED ESTIMATE FOR 1894–95.

2. The current receipts and charges are now estimated at Rs. 25,060 and Rs. 25,610, respectively, against Rs. 24,490 and Rs. 25,900 anticipated in the sanctioned budget. The increase in the receipts, which occurs chiefly under the taxes on arts, vehicles and animals, license fees, fines and recoveries for services to private individuals, is partially counterbalanced by a decrease under the tax on buildings and lands, while the decline in the charges appears mainly under Grant I. The collections under the principal taxes and the outlay on public works during the first eight months of the year were far from satisfactory. The Government notes with dissatisfaction that this is the third consecutive year in which a similar remark has had to be made. The entertainment of the temporary bill-collector on Rs. 10, referred to in paragraph 8 of the Chairman's letter, is sanctioned. Steps should be taken for the speedy adjustment of the advance of Rs. 536 made in the year 1893–94.

BUDGET ESTIMATE FOR 1895–96.

3. *Receipts.*—The receipts for the ensuing year are set down at Rs. 27,170 against the revised estimate of Rs. 25,060, the increase, which appears chiefly under the tax on buildings and lands, being partly set off by a decrease under license fees and recoveries for services to private individuals. The estimate under the tax on arts will be raised from Rs. 2,020 to Rs. 3,420, with reference to the remarks of the Revenue Divisional officer and the Collector in their endorsements. The Government must insist upon every effort being made by the municipal council to realize the whole of this sum within the year.

4. *Charges.*—(1) The probable charges are entered as Rs. 26,490 against Rs. 25,610 in the revised estimate, the increase, which appears mainly under Grants I, II and III, being to a considerable extent counterbalanced by a decline under Grant IV.

(2) *Grant I.*—The new works provided for should not be undertaken until the estimates have been sanctioned by competent authority. The proposed entertainment of an additional water-supply watchman on Rs. 5 per mensem is sanctioned.

(3) *Grant II.*—The alterations in the educational establishments, which have not been clearly specified in the Chairman's letter, cannot be sanctioned until the necessity for them is fully explained. The Chairman's attention is drawn to the omission noticed by the Director in his letter read above.

(4) *Grant III.*—The provision for hospitals and dispensaries will be raised by (Rs. 60+360—80 or) Rs. 340 with reference to the Surgeon-General's letter read above. It is probable, however, that the maximum compensation for quarters to hospital assistants will not be necessary. The remarks of the Sanitary Commissioner on the allotments for vaccination and sanitation will be awaited. Meanwhile the

proposed entertainment of a probationary vaccinator on Rs. 5 per mensem is sanctioned. The provision of Rs. 10 for contribution on account of the cutlers' establishment will, with reference to G.O., dated 18th January 1895, No. 97 L., be struck out. The proposed increases in the pay of the conservancy peons having 20 years' service and upwards are approved. In the case of the others they cannot be sanctioned.

(5) *Grant V.*—The proposal to raise the salaries of the office peon and the masalchi cannot be sanctioned, as the Government is not satisfied of its necessity.

5. The budget, as revised by Government, closes with a balance of Rs. 4,150, or 14·5 per cent. of the estimated receipts.
