MILITARY DEPARTMENT, 14TH MARCH 1895, No. 1521.

GOVERNMENT OF MADRAS. MILITARY DEPARTMENT.

Cantonments—Water-supply.

Read the following paper :—

No. 151. *From Colonel G. SIMPSON, Officiating Quarter Master General, Madras Army, to Colonel D. J. S. McLEOD, Officiating Secretary to Government, Military Department; dated Ootacamund, 28th February 1895, No. 20-T. (Cantonments—Water-supply).*

With reference to Proceedings of Madras Government No. 745, dated 8th February 1895, I am desired to furnish the following information called for by the Government of India.

2. It is difficult at the present moment to say what reductions will be feasible in the water establishments at present entertained for the Fort on the introduction of the Red Hills water-supply. This can only be ascertained when the scheme is in full working order and the effect of the new supply upon the consumption of Seven Wells water is known.

3. Assuming, however, the full estimated supply from the Red Hills to be used, the Chief Engineer, Military Works, estimates the reduction in the cost of pumping establishment at Seven Wells might amount to as much as Rs. 500 a year, but he does not think it would be safe to calculate on any material reduction for the first year.

4. The Chief Engineer, Military Works, also reports that the pipes required in connection with the new scheme are now being obtained by indent on the India Office, and that the only expenditure that can be incurred this year will be on these pipes, "if they are supplied in time."

It is understood, therefore, that no payments will be made to the Municipality during the current financial year for water required for the Fort.

No. 152. ORDER THEREON, 14th March 1895, No. 1521.
The Government of India will be informed.

No. 153. *To the Secretary to the Government of India, Military Department; dated 14th March 1895, No. 1522.*

(True Extract.)

D. J. S. McLeod Colonel,
Offg. Secretary to Government.
