With order

of the estimate (£33,000) is set apart
for the last named object.

2. A very important sanitary defect
in this Municipality is the narrow
and tortuous lanes forming a large
part of the town. Broad roads through
these parts should be opened up
year by year, and I would suggest,
whilst not wishing to disturb this
year's budget, that the Council be
directed to allot annually a lump
sum of say £2000 for this purpose.

Enclosure.

Sir,

I have the honor to state that the Admin. Municipal ^{Council} proposes to spend Rs 420 and Rs 8810 on vaccination and inoculation respectively during 1895-96. The former allotment is the same as that for the current year, and does not call for notice. The latter is in advance by Rs 430 and is equal to 24.4 per cent of the estimated ordinary receipts of the year. The increase, which mainly occurs "under Inoculation Establishment," has not been explained in the extract from the budget letter sent to me.

2. Under Grant I, it is proposed to put up 3 latrines and 5 urinals at a total cost of Rs 2110, to construct a cattle shed costing Rs 1000, and to complete the water works. The balance of
