Note for the A. S.

The building in question which was originally intended for the Government Taluk School Endow- was constructed in the year 1867, at a cost of Rs 2,374-18-2. A moiety of this amount was paid from provincial funds, the balance being raised by public subscriptions - vide G.O's dt 15th July 1862, No 232 & 28th January 1867, No 26. ^{Local} Financial. The building was oc- cupied by the Taluk Middle School until 1883, when, under G.O. dt 17.8.83 No. 1768 Financial, the institution was transferred to the municipal council, the building itself being placed at its disposal for use rentfree on condition that it is main- tained in good order & is re- transferred to Government if the

school ceases to exist or if the premises are required by Government — Vide G.O. dt 28th June 1884, No. 1430 Financial. During the time it was occupied by the municipal school, a sum of Rs. 200 appears to have been spent on the repair of the building.

The Board Training school was subsequently located in it, but it is not possible to ascertain ^{has} with accuracy the expenditure incurred on the additions made to the building by the district board.

On the abolition of the Board Training school in 1892, the Board of Revenue applied for the building for the use of the salt department, and as the Director, who was consulted in the matter, stated that it was not then required by the educational department, this request was granted. Vide G.O. dt 9th August 1892, No. 2201W.
