Resolved that, with reference to letter
from S. Subbaya Chettyar

dated 19th December 1894 from S. Subbaya Chettyar

for removing the sewage from the town

to the sea, the following resolution was

passed: Resolved that, with reference to letter

dated 19th December 1894 from S. Subbaya Chettyar

for removing the sewage from the town

to the sea, the following resolution was

passed: Resolved that, with reference to letter

dated 19th December 1894 from S. Subbaya Chettyar

for removing the sewage from the town

to the sea, the following resolution was

passed: Resolved that, with reference to letter

be desired to instruct the Sanitary Engineer
to supply the Municipality with a plan
and estimate for the proposed drain,
as early as practicable as the work is very
urgent, and the expenditure may be
met from the savings of the drainage works.

SUBJECT.

*Submitting resolution of the
Council on the question of
the removal of the Solayappa
Mudali Street Sewage.*

No. 662.

FROM

P. Tambisamy Mudaliar Avargal, Rao Bahadur

TO

*The Chief Secretary to Government
Local and Municipal Department,
(Through the Sub-Collector and the Collector
of Tanjore).*

SIR,

I have the honor to submit herewith Copy of the Resolution of the Council dated 12th January last and to request that the proposal of the Council may be sanctioned as early as practicable.

The drain in question consists of the Sewage and all other watery Collections that come out of a number of houses which are situated in Reddikāo Tank North Street and empty themselves at the Entrance of Solayappa Mudali Street. These Collections have no escapement and in consequence stagnate in a public thoroughfare to the great discomfort and positive ill-health of the people in the neighbourhood. When years ago, the question of Drainage Works for the town was started, it was the offensive stagnation here referred to that was prominently before the mind of the officers who took up the matter in hand, and since then the evil has continued to exist without a permanent remedy. Some years Sewage carts were tried for the purpose of removing the nuisance, but while the relief afforded was small, the cost of it was very heavy. It was hoped later on that in Connection with the Drainage Works of the town (taken up four years ago and lately completed, though imperfectly, and handed

over

over to the Municipality) the Sanitary Engineer in charge of those works would devise means for the removal of the evil; but nothing has been done. It is felt by the Council and justly that the Existence of the nuisance in its present form is incompatible with good health in its neighbourhood and that its removal is an imperative duty. During the past two years, the attention of the Council has frequently been called to the matter by the local magistracy and the Sanitary Commissioner, and its removal can no longer be postponed. There is no part of the town so unhealthy as the locality in question; and last year the prevalence of typhoid fever there was attributed by the local medical officer to the poison emanating from the offensive sewage.

The Resolution now submitted proposes to take the Sewage Collection to the West by means of a masonry drain, inlaid with Concrete, to be emptied in the fields which lie to the South of Solayappa Nudali Street where a small Sewage Farm may be formed. The Cost of the proposed drainage and the Farm may be roughly estimated at Rs 3,000. Whatever plan may be adopted for the removal of sewage in other parts of the town, it is believed that the drainage now proposed will in no way interfere with it. The remedy will be effectual and the cost by no means heavy. As the work is of a nature whose design and plan cannot be left to the Municipal Suboverseer, I request that the Sanitary Engineer may be instructed to depute an officer for a short while to prepare the necessary plan and estimate for it in Consultation with me.

As the matter is urgent and as it is desirable that the work should be completed before the next flood-season of the Banvery, I beg to solicit the Earliest Consideration of Government to this representation.

I have the honor to be
Sir
Your most obedient servant

P. Rameswamy
