CHIEF SECRETARY  
7 MAR 1895  
GOVERNMENT

I will support the  
proposal to include  
Puthur within municipal  
limits. It is not necessary  
to take in any large extent  
of wet lands into the  
municipal boundaries. The  
proposed map of the  
village.

J. J. S.  
Collector

To the Chief Secretary  
to Government Local  
and Municipal Dept.  
Madras

formed on that Side (i.e. on the east)  
of the town and to give such other  
information as may be required  
regarding the exact number of houses  
and avenue tamarind trees and the  
extent in acres of the wet and  
dry lands falling within the proposed  
limits. When this information has  
been furnished to Government by  
the divisional Officer through me,  
I shall be able to say what will  
be the probable yearly receipts  
from taxation on houses and from  
other sources.

I have the honor to be

Sir,

Your most obedient Servant

Chairman

W. J.

Sweepers would be sufficient. The new rubbish depot is just beyond Puthur and most conveniently situated for the removal of rubbish therefrom.

Anyhow, the expense will in subsequent years be far more than counterbalanced by the increased receipts, as explained above. Vaniyambady, being surrounded and intersected in all directions by the Palar, has few proper roads, — whereas Puthur is on the trunk road (from Vaniyambady to Tirupattur) and has a broader road way and (in that respect) a better appearance than almost any part of Vaniyambady proper.

If my suggestion should meet with the approval of Government, the divisional officer may be addressed through the Collector of Salem, to furnish Government with a sketch plan showing the limit to be

will fall within the municipal limits. If this is not done, we shall always have a sort of city of refuge just outside our limits, to which traders, bandymen, and so forth can fly, and thereby defeat all our efforts to increase and develop municipal revenues. Furthermore, I may note that Puthur is at present a most unhealthy village (Cholera often breaking out therein) and that its inclusion within the municipality would not only give it the benefit of organized sanitation, but would prevent it from being a source of danger and contagion to the municipality proper.

During the first year the charges would be somewhat large, as lamp posts, dust bins and a latrine will have to be put up. Two permanent

Sure

apprehensions I find to be well founded, and this partially accounts for the decrease in toll receipts. It is highly probable that in order to evade the imposition of the professional tax in the coming year, many merchants will remove their place of business to Puthur. It is also noticeable that many lime kilns and skin depôts have, during the past few years, been removed to this village to avoid payment of license fees. Not less than ten carts a day on the average, I hear, now come from outer villages to these lime kilns. There will be about 200 houses in this village. If the limit on the east is extended up to the Tapampet Kanar which is close to Puthur, about 1000 acres of wet land and about 50 avenue tamarind trees

will

which may be called a portion of Vaniyambady. For reasons which I am not aware of, this village was excluded from the municipal limits and the consequent loss to municipal revenue has forced itself on my observation. It is <sup>only</sup> a furlong from Govindapuram. In the letter received from six members of the municipal Council last year as regards the professional tax (Submitted to Government with my letter Ref on No. 334 <sup>mg</sup> dated 9. May 1894), they stated that, if the professional tax was levied, many persons were likely to remove their trade to Puthur and that many carts coming from outer villages would stop in that village, the object in either case being to avoid municipal taxes. The latter

MUNICIPAL OFFICE VANIYAMBADI.

Dated March 1895

From

J. P. Bedford Esquire, C.S.

Chairman, Municipal Council,

VANIYAMBADI.

To

THE CHIEF SECRETARY TO GOVERNMENT

LOCAL AND MUNICIPAL DEPARTMENT,

MADRAS.

THROUGH THE COLLECTOR OF

SALEM.

Sir,

Adverting to para 6 of G.O dated 19<sup>th</sup> January 1895 No 87 M, I have the honor to report Separately regarding the proposal to include Puthur within municipal limits.

2. I wish to bring to the notice of Government the following fact which forms a great obstacle in the way of the development of municipal revenue. The limit of the municipality on the East extends up to the railway line, on the other side of which lies Puthur, which
