1. Read draft budget Estimates for 1895-96 with proposals of the Educational Authorities, the District Medical and Sanitary Officers, also those of certain Councillors -

Considered also applications from certain subordinates for increase to their salaries -

The reading of the Budget Estimates for 1895-96 was again resumed at the point at which the meeting closed yesterday viz at Grant III Hospitals and Dispensaries.

Read proposals of the District Surgeon in connection with the Budget Estimate. The Council resolves as follows -

In lieu of a Lady Apothecary provision

provision will be made for a lady Hospital assistant on a salary of Rs 25 plus 5 Rs House rent. In lieu of the 1st class Hospital assistant for whose services the Council cannot afford to pay any longer. provision will be made for one 2d class Hospital assistant on Rs 35/. Mrs Kenderson's services as midwife will be dispensed with from 1st april 1895 and provision will be made for a caste native midwife on Rs 10 per mensem. The following proposed additional establishment will be disallowed - One male ward attendant, one female ward attendant, one male toty and one female toty. The increase to the salaries of the watermen of the civil and lying-in-Hospitals will be disallowed as the Council sees no reason to increase their pay -

(a) 1 Establishment - Provision will be made for a chief Sanitary Inspector on Rs 25 plus Rs 10 horse - allowance, the office being filled by a pensioned medical subordinate -

The pay of Sanitary Inspector Lingaya Reddy will be raised from Rs 12 to 15. The pay of the peons and Duffadar will be raised by half a Rupee each.

(b) 1 Private Scavenging Estabt.
Owing to an anticipated increase in the number of private latrines to be scavengered by the municipality two extra toties will be provided for.
With the exception of the above specified alterations all other allotments under Grant III are approved -

Grant IV. 2. (1) Market (a) Establishment. The pay of the peon will be raised by half a Rupee -

3. Choultry (a) Establishment. The pay of the gymnastah will be raised from Rs 12 to 15 owing to heavy work in the increase of paupers as also because in addition to his own work he conducts the duties of a storekeeper of the office -

4. Travellers bungalow. The allotment under this head will be omitted.

9. Other charges (1) Other items - The provision for removal of prickly pears will be reduced from Rs 300 to Rs 200 -
The other allotments under Grant IV are passed -

Grant

Grant V (a) Establishment. The Council resolved to increase the pay of the Manager from Rs50 to Rs60 per mensem. as he has heavy work to do and also because he has to conduct Municipal cases before Magistrate. In such cases the services of a Vakeel are not engaged—

After scrutinizing all grants the Council before finally passing the Budget has unanimously resolved owing to their urgency to make provision for the following works.

Constructing a new cross road to Shambakkam	200 Rs	✓
Improvement to Velapadi Kanar	1000 "	✓
Constructing protection wall to drains in Mundy Street	500 "	✓
Constructing U Shaped drains in addition to the allotment now shown	3000 "	✓
Improvement to Sullivan's pet tank	200 "	✓
Opening small lanes for the ingress and egress of Scavengers of the Private Scavenging Establishment.	300 "	✓

Subject to the above alterations under the several grants the Budget Estimates for 1895-96 as framed by the Chairman are passed—

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From M.R.Ry. P. SAMIDAS MUDALIYAR Avargal, Chairman, Municipal Council, Vellore, to the Chief Secretary to Government (through the Divisional officer), dated Vellore, 26th December 1894, No. 1572-Genl.

I have the honour to submit herewith the budget estimates of receipts and charges of the Vellore municipality for the year 1895–96 as required under section 251 of the District Municipalities Act No. IV of 1884.

2. The estimates have been prepared in accordance with the instructions contained in—

G.O., No. 2193 M., dated 10th December 1891.
" " 644 M., " 4th April 1892.
" " 537 M., " 19th March 1892.
" " 978 M., " 4th June 1892.
" " 2008 M., " 7th December 1892.

3. The draft budget, after due circulation among the members, was placed before the council at the special meetings held on the 17th and 18th December 1894 and finally passed by them on the 24th December 1894.

4. No new taxes are to be levied during the ensuing year, but the council requests the sanction of Government to levy one rupee on single bullock carts and two rupees on a double bullock cart.

Revised Estimate, 1894–95.

5. The receipts, including the opening balance brought forward from the accounts of 1893–94, amount to Rs. 76,485. The expenditure is fixed at Rs. 65,180 and the closing balance at the end of the current year will be Rs. 11,305, which is the opening balance brought forward in the budget estimates for 1895–96.

6. Explanations for variations between the items of receipts and charges of the revised estimate and those of the budget for 1894–95 having already been given in statement VI, it is unnecessary to recapitulate them here.

7. The only items of receipt in which there have been variations between the revised estimate and the budget grant for 1894–95 are as hereinunder shown:—

	Increase over budget grant.	Decrease under budget grant.
	Rs.	Rs.
Opening balance	2,820	..
Tax on carts	1,500	..
" buildings	1,080	..
" lands	200	..
" vehicles with springs, &c.	..	40
" animals	..	80
" carts	15	..
Tolls	..	590
Fees from travellers' bungalows	..	100

3
100 Nov 95

	Increase over budget grant.	Decrease under budget grant.
	RS.	RS.
Sale-proceeds and composition fees of medicines ..	30	..

(4) Travellers' bungalows		190
(5) Avenues, (*b*) Contingencies		85
(8) Fire		10
(9) Other charges, (iv) Compensation for lands		15

10. Explanation for variations will be found in column 7 of statement VI of the revised estimate (charges).

BUDGET, 1895–96.

11. *Receipts.*—The total receipts, including the opening balance brought forward from the revised estimate for 1894–95, amount to Rs. 69,610. The expenditure is fixed at Rs. 66,850, leaving an unexpended balance of Rs. 2,760. The council regrets that owing to provision having been made to remedy various sanitary defects pointed out by the Sanitary Commissioner in his inspection notes for 1894, as also to several other demands on its exchequer for the public good, it has not been able to leave a margin of 10 per cent. of its receipts as an unallotted balance, but it anticipates that the actual balance which will be brought forward at the end of 1894–95 will very much exceed the probable opening balance and that this will materially affect the closing balance of 1895–96.

12. *Tax on Arts, &c.*—The estimated receipts under this head amount to Rs. 9,000 against Rs. 7,800 of the revised estimate; the excess is due to a larger income being, expected owing to the revision of the registers and to the abolition under G.O. No. 7217, dated 22nd November 1894, of the cantonment with effect from 1st April

next, in consequence of which persons who escaped municipal taxation under Act III of 1880 will be liable to be assessed under the Municipal Act from that date.

13. *Tax on Buildings.*—Rupees 10,000 have been estimated for as the probable receipts against Rs. 8,480, the revised estimate. For explanation, *vide* reason given above.

14. *Tax on Vehicles.*—Rupees 800 have been estimated for against Rs. 760, the revised estimate.

15. *Tax on Animals.*—Rupees 1,200 have been estimated for against Rs. 1,120, the revised estimate.

16. *Tax on Carts.*—The estimate for 1895–96 is Rs. 2,050 against the revised estimate of Rs. 2,015.

17. The variations above specified are due to reasons assigned in paragraph 13 *supra.*

18. *Tolls.*—Rupees 8,000 have been entered as probable receipts against Rs. 7,760, the revised estimate. It is anticipated that though the competition for 1895–96 will not be as great as in 1893–94, yet it will be keener than in 1894–95.

19. Owing to the proposed abolition of the cantonment from 1st April 1895, larger receipts are expected under the following heads :—

	RS.		RS.	
(4) (*a*) (i) Rent of lands	700	against	670,	revised estimate.
(iii) Avenue receipts	400	„	320	„
(*b*) (i) Sale-proceeds of lands, &c. ..	300	„	100	„
(ii) Produce of lands, &c. ..	80	„	70	„
(*g*) (i) Distraint fees	100	„	50	„
(6) (*b*) (i) Fishery rents	50	„	20	„

20. The estimated receipts under "Sale-proceeds of old materials, &c.," have been reduced from Rs. 240 to Rs. 50 as, judging from the present circumstances, it is likely that they will not attain so high a figure.

21. (*c*) *Conservancy Receipts—Sale-proceeds of Night-soil, Street Refuse, &c.*—As the council purposes working the system of the disposal of the night-soil, &c., under its own supervision instead of giving it to the rubbish cart contractor as hitherto, the receipts have been raised from Rs. 100 to Rs. 500.

22. The receipts shown as fees and other revenue from educational institutions have been fixed at Rs. 805 against Rs. 835 and Rs. 25 of the revised estimate under the advice of the educational authorities. The decrease is probably due to a falling off in the attendance.

23. *Income from Slaughter-house.*—Rupees 2,570 have been shown as the probable receipts against Rs. 2,370 of the revised estimate. This is due to no fees being collected for large animals in 1894–95 as the beef butchers ceased slaughtering cows.

24. *Cart-stand Fees.*—Rupees 850, the estimate for 1895–96, has been framed with reference to 1893–94 against Rs. 650 of the revised estimate. There was not much competition in 1894–95 owing to the poor attendance of carts due to the prevalence of cholera.

25. *Fines under Municipal and other Acts.*—Rupees 500 have been estimated for against Rupees 400 of the revised estimate. The increase is due to the proposed introduction of the Hackney Carriage Act III of 1879.

26. *Grants from Government—Municipal Schools.*—Rs. 110 have been shown as anticipated grants for girls from both the Muhammadan and Hindu schools against Rs. 50, the revised estimate. As this latter amount only refers to girls of Hindu schools, a difference in figures is perceptible. Of Rs. 110, Rs. 70 are expected from Muhammadan schools and Rs. 40 from schools for Hindus.

27. *Other purposes.*—Rs. 260 anticipated receipts here shown are comprised of the following items :—

Rs. 80 on account of inspecting schoolmaster.
„ 90 do. of gymnastic instructor.
„ 90 do. of drawing master.

The sum of Rs. 140 shown in the revised estimate is composed of Rs. 80 on account of inspecting schoolmaster, Rs. 60 on account of gymnastic instructor. Credit for sums in 1895-96 has been taken under instructions of the Director of Public Instruction.

28. No credit has been taken for grants for "communications" (Rs. 1,000) and sanitation (Rs. 1,000) owing to the proposed abolition of the cantonment from 1st April 1895.

29. (6) *Miscellaneous*—(1) *Private Scavenging.*—Rs. 1,000 have been budgeted for against Rs. 825, the revised estimate. The excess is due to a large number of private latrines being brought on the list owing to existing cess-pits being prohibited, as also to a more favorable scale of fees being introduced from 1st April 1895.

30. The other items of receipts and variations between budget figures and revised estimate call for no special remarks.

31. *Expenditure.*—The proposed expenditure of Rs. 66,850 is divided as follows:—

	Rs.
Grant I—Public Works	23,930
„ II—Education	8,715
„ III—Sanitation and Medical Services	19,810
„ IV—Lighting and Miscellaneous Municipal Purposes	9,840
„ V	4,095
Advances recoverable	300
Refunds	160
Total ..	66,850

32. Under Grant I, Public Works, New Works, the following are the particulars:—

(*a*) *Communications.*

	Rs.
Purchase of a cremation ground to meet Sanitary Commissioner's objections	1,000
Construction of a straight road from Kosapet to Arasamaram Pilliyar kovil street	1,000
Constructing a new road to Shembakum village	200
Total ..	2,200

(*b*) *Buildings.*

For constructing a new hospital in addition to the current year's allotment of Rs. 8,000	2,000
Construction of a clock tower	1,000
Construction of new latrines in addition to Rs. 1,300 of the current year's allotment to meet the wishes of Government and the Sanitary Commissioner that there should be one latrine for every 1,000 persons	1,000
Total ..	4,000

(*c*) *Drainage.*

For constructing U shaped drains in Mr. Oldham's plan in such parts of the town where they are sadly needed at Rs. 1,000 for each of the five divisions of the town	5,000
Total ..	5,000

(*d*) *Water-supply.*—Rs. 500 have been provided for digging wells in Ramnaikapalyam and other parts of the town where they are greatly needed.

(*e*) *Miscellaneous Public Improvements.*—Rs. 500 have been provided for the improvement of the Kusbah kanaar and Rs. 1,000 for the Velapady kanaar. Both these channels urgently require attention to prevent the rush of hill streams during heavy monsoons inundating the surrounding land and causing destruction to life and property.

(2) *Repairs*—(*a*) *Communications.*—Rs. 3,000 have been provided for the repair of roads in the town. Considering the large allotment to be expended during the current year, it is believed that this amount will suffice.

(*b*) *Buildings.*—Under this head Rs. 1,500 have been provided for improvements to the municipal market, and Rs. 500 for the improvement of the slaughter-house have been provided to meet the suggestions of the Sanitary Commissioner. For other particulars under this head—*vide* statement II-A, part II—repairs (buildings).

(*c*) *Drainage*—(ii) *Establishment for flushing drains.*—The council after mature deliberation is not able to see its way to reduce the establishment as suggested in G.O., No. 1306 M., dated 21st September 1894, paragraph 4 (5).

Considering the many streets in the town containing drains which are scattered all over the town, it will not be compatible with efficiency to make a reduction in the amount expended. The council believes that with a pensioned medical subordinate as chief sanitary inspector more work can be exacted from the present staff.

(*d*) *Water-supply.*—Rs. 500 have been provided for carrying out the suggestions proposed by the Sanitary Commissioner with reference to the Sooriakolam tank and wells of the town.

Rs. 200 have been provided for the improvement of the tank at Sullivanspet.

(ii) *Establishment.*—Two extra watchmen have been provided for, one at Rs. 4 for the Palar spring and one at Rs. 3-8-0 to conserve the Bussapathan tank well as suggested by the Sanitary Commissioner.

5. *Contributions*—(*b*) *To Provincial Funds for scrutiny of estimates.*—Rupees 100 here shown represent the probable amount that will have to be paid to the Superintending Engineer, Public Works Department, for the scrutiny of plan and estimates in connection with the new hospital.

33. *Grant II, Education*—(1) *Training Schools*—(*b*) *Stipends to Normal Students.*—Rs. 60 here provided is for stipends to three teachers who will be required to undergo a short course of instruction for three months in the nearest sessional school with a view to qualify for certificates.

(2) *Municipal Schools*—(1) *On Salary System.*—Rs. 180 have been provided as salary for a drawing master and Rs. 25 for contingent charges, credit being taken for a moiety of his salary. Government in paragraph 4 (3) of G.O., No. 194 M., dated 21st February 1894, commended for the consideration of the council the suggestion of the Director of Public Instruction to employ a drawing master to teach the subject in important municipal and aided schools; the council at that time did not see its way to comply with the Director's request, but that officer having once more in his review of the budget proposals for 1895-96 pressed his suggestion and asked the council to reconsider its resolution on the subject, the council has resolved to make the necessary provision.

(2) (ii) *Municipal Schools on Salary Results System*—(*a*) *Fixed Payments.*—The increases recommended by the Director are the following:—

	Rs.
Increase to salary of headmaster, Kusba Parcherry school ..	1
Do. to Eda street school peon	1
Do. to Kalaskara street school peon	1

The figures shown against "Fixed Payments," "Results Grants" and contingencies are those proposed by the educational authorities and recommended by the Director.

(6) *Inspection*—(*b*) *Municipal Inspectors*—(1) *Establishment.*—A provision of Rs. 145 has been made for one inspecting schoolmaster of Muhammadan schools. The present system of contributing towards the pay of the Local Fund Muhammadan inspecting schoolmaster has not been found to work well. The council having no control over him, not being its servant, has resolved to remedy this sad state of affairs by having its own man who will be directly under its control.

(7) (*b*) *Common Gymnasium*—(1) *Establishment.*—At the suggestion of the educational authorities supported by the Director of Public Instruction, the pay of the gymnastic instructor who holds a first-class certificate has been raised from Rs. 10 to Rs. 15. Credit has been taken for a moiety of his salary.

34. All other allotments under Grant II are those proposed by the Educational authorities and recommended by the Director.

35. *Grant III*—(1) *Hospitals and Dispensaries.*—Rs. 2,775 have been provided under the head of establishment against Rs. 2,790 of the revised estimate. Owing to want of funds the council has resolved to employ a second-class hospital assistant instead of a first-class man. The council is of opinion that having an Assistant Surgeon always on the spot, a second-class man will very well do for the post.

In lieu of the proposal of the District Medical and Sanitary officer to engage the services of a lady apothecary, the council has resolved to entertain a lady hospital assistant. This necessitates the dispensing with the services of the present midwife. In her stead it is proposed to employ a caste native midwife on a salary of Rs. 10 per mensem. The present midwife costs the council Rs. 30 per mensem. The council regrets its inability to sanction the entertainment of the additional staff proposed by the District Medical officer, viz.:—

1 additional male ward attendant.
1 „ female ward attendant.
1 male toty.
1 female toty.

At present there are only 16 in-patients in the civil hospital and seven in the Lying-in hospital. Such being the case the council thinks that the present staff is sufficient. In conclusion the council would state with regret that its anticipation that the expenditure in connection with the hospital would materially decrease by the amalgamation of the main hospital in the Fort with the branch dispensary has not been realized. Previous to the amalgamation the annual expenditure did not exceed Rs. 6,000 whereas it has gradually risen to Rs. 6,700. The council having proposed to consider the subject during the preparation of the budget for 1895–96 has thoroughly scrutinized the allotments under the several heads and after mature deliberation it has fixed the ensuing year's allotment with reference to the existing state of affairs.

(3) *Vaccination.*—Under the head of contingencies the council has made provision for the purchase of two Warlomont tables and for the construction of two vaccine depôts.

(4) *Registration.*—Rs. 580 have been provided for one registrar and three reporters as in the last year. The council has given its best attention to the suggestion of Government contained in paragraph 4 (4) of G.O., No. 1306, dated 21st September 1894, as to the necessity for retaining the services of the reporters. The council find that, owing to the multifarious duties imposed on the sanitary inspectors, sanitation will suffer if extra work is to be imposed on them.

(5) *Conservancy, &c.*—(*a*) (i) *Establishment.*—At the suggestion of the Sanitary Commissioner provision has been made for a pensioned medical subordinate on Rs. 25 per mensem *plus* Rs. 10, horse allowance to the chief sanitary inspectorship. Provision has also been made for increasing the salary of the fifth division sanitary inspector from Rs. 12 to Rs. 15, as also for raising the pay of the peons from Rs. 6 to Rs. 6–8–0 each. In addition to their legitimate duties they have to do night duty and strike the ghurry throughout all hours of night. The council regrets very much its inability to reduce its present sanitary staff of inspectors and peons. It believes that the staff is not considerably larger than it need be, and that by proper supervision the defects noted may with advantage be considerably improved.

(ii) *Other Charges.*—Provision has been made under this head for Rs. 2,230 to meet the increased charges for carts owing to the rubbish, &c., not being given over to the contractor; also for the purchase of an improved pattern of carts as suggested by the Sanitary Commissioner.

(*b*) *Private Scavenging*—(1) *Establishment.*—Rs. 1,425 have been provided for against Rs. 1,170 of the revised estimate. Owing to a large increase in the number of private latrines to be conserved by the abolition of the system of cess-pits in the town, the staff of sweepers has been increased from 14 to 18. The council under altered circumstances thinks the services of the three private scavenging inspectors necessary.

36. *Grant IV*—(1) *Lighting*—The lighting of the town being at present done by contract; this accounts for the difference between the budget figures for 1895–96 and the revised estimate figures. Provision has also been made for a larger number of lamps in several parts of the town where they are urgently required.

(2) (1) (*a*) *Market Establishment.*—Provision has been made to increase the pay of the peon from Rs. 6 to Rs. 6–8–0 for the same reason given as to the conservancy peons.

(3) *Choultries*—(*a*) *Establishment.*—Provision has been made to increase the pay of gumastah from Rs. 12 to Rs. 15 as in addition to the duties of the langerkhana he has to look after the stores of the office.

37. *Grant V*—(*a*) *General Establishment*—(1) *Office Establishment.*—The council has unanimously resolved to increase the pay of the manager from Rs. 50 to Rs. 60 because his work is heavy and of a responsible nature. Besides this, as he has, in addition to and without prejudice to his own legitimate duties, successfully conducted all municipal prosecutions of importance, the council has been saved pleader's fees which it would necessarily have had to pay had the services of a vakil been engaged. The council, when submitting the budget estimates for 1894–95, recommended the manager for a similar increase, and as Government was not pleased to sanction it, the council would again strongly urge his claim for promotion. In connection with this matter I may add that all the predecessors of the present manager drew a salary of Rs. 70 per mensem.

Provision has also been made to increase the pay of the duffadar, office and collection peons by As. 8 each for reasons stated with reference to the sanitary peons.

As the addition involved by the increase to the office establishment does not make the total expenditure under Grant V exceed the sanctioned allotment of 10 per cent. of the total receipts, the council respectfully solicits the sanction of Government to its recommendations.

38. The proposition statements showing all the alterations proposed in the establishments are herewith submitted as required in G.O., dated 27th September 1888, No. 1083 M., as also copies of resolutions of the council, dated 17th, 18th and 24th December 1894, respectively, discussing and passing finally the budget proposals for 1895–96.

Forwarded.

(Signed) D. COWIE,
Ag. Sub-Collector, North Arcot.

30*th December* 1894.

Forwarded.

(Signed) G. F. T. POWER,
Acting Collector.

10*th January* 1895.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 12th January 1895, No. 269.

I have the honour to state that the provision made for education in the budget estimate of the Vellore municipality for 1895–96 is sufficient and calls for no remarks. As the municipality is spending on education more than 15 per cent. of its income from taxation, markets and rents, I would recommend that the provision of Rs. 100 for building, furniture, &c., grants to results schools be omitted. These grants will be paid to managers of such schools direct from Provincial funds.

From Surgeon Lieut-Col. W. G. KING, M.B., C.M., D.PH., Acting Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 28th December 1894, No. 58-S.

Referring to the Vellore municipal budget for 1895–96, I have the honour to state that the provision therein made for vaccination and conservancy is sufficient and calls for no special comment from me. Sale of rubbish, &c., is expected to fetch Rs. 500 against Rs. 100 entered in the sanctioned budget.

2. Under Grant I, a sum of Rs. 1,000 is set apart for the construction of latrines, but their number and description have nowhere been given. For the construction of new drains an allotment of Rs. 5,000 is made.

3. From the extract from the budget letter forwarded to me, it is observed that the cost of constructing vaccine depots has been erroneously debited to Grant III instead of to Grant I.

From Surgeon Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 4th February 1895, No. 86.

With reference to Grant III of the budget estimate of the Vellore municipality for the year 1895–96, I have the honour to state that the proposal of the municipality to employ a second-class hospital assistant in lieu of the first-class man now attached to the civil hospital is in direct opposition to the provisions of G.O., No. 404-M, dated the 17th August 1895, Financial. The pay of a first-class hospital assistant should therefore continue to be provided for.

2. As regards the entertainment of a female hospital assistant in lieu of a female apothecary, I would point out that the former will not be fit either for an independent or semi-independent charge, and the suggestion of the municipal council does not meet with my approval.

3. The recommendation of the district medical and sanitary officer for the entertainment of additional ward attendants and toties has been negatived by the municipality. I consider that the present staff is inadequate for the efficient working of the hospital and therefore recommend that necessary provision be made in the budget for the additional hands required.

4. The provision for a caste native midwife on Rs. 10 per mensem in lieu of the present midwife is necessary.

5. A sum of Rs. 120 should also be provided for compensation in lieu of quarters to the medical subordinates.

The Dt. Sanitary Inspr. on Rs 25 +10 is certainly an improvement — I should allow, but I do think the other three Inspr. on Rs 9, 8 & 7 under private Scavenging & I should disallow the proposed reduction in the number of scavengers which has not been explained. There will then be 1 Dt. Inspr & 5 others — quite enough — If the Dt. man has 2 peons & the others 1 each it will suffice —

BS

Notice that both the Sub Asst. & the Chr. have forwarded this without a word of comment

G.O. Book
3-4-95

(marked A)

It will be seen that Vellore with far the smallest area & the smallest population. Asks more for supervision of Conservancy Establishment than either Salem Calicut or Trichinopoly and very nearly as much as Bellary. Attention is invited to the foot note (as pencilled on the Statement).

These supervising Agents are probably in great part hangers on of Councillors and their friends and the indiscipline & the number & the tendency to increase here are both probably the results of Councillors to get such & such men on whom those on authority take a personal interest.

It seems to me that the number and pay of the supervising staff are unsatisfactory — particularly the former.

The Council asks to have "Inspectors" for both and both Superintendents though the Dt. Asst & Sanitary Officer consider them unnecessary.

It would be a good thing if Dr. King instead of wasting his own time and ours over long winded dissertations which he calls Notes of Sanitary Inspections would write us every month the questions of the sufficiency or otherwise of the Scavenging & Scavenging staff and of the staff employed to supervise them. It is impossible from one letting us an Officer to say what is wanted and what is not

It is for the inspecting Sanitary Officers to see to this and advise Govt.

CS.
/ With alterations from orders and a memo. to the San. Commr.

WCraigie

Have reporters & cannot inspire Subscribers for the trifle & death takes and the fact that in the last year there was only a single prosecution for failure to registers they cannot be done by much work or be of much use.

I have struck out your remark regarding the hackney carriage act. The matter is up in the air and there is considerable reason for withdrawing this act altogether where there is a good deal of latent traffic.

OR ORDERS.

The draft has been printed, and the figures called for by C.S. in the attached note are put up.

These show that the percentage of the cost of the ordinary inspecting staff to the ordinary conservancy establishment was less last year in Vellore than in Bellary and Trichy, though more than in Salem and Calicut. The percentage of the supervising to the working establishment under private scavenging is however more than in any other case. Men of three years.

As the San: Commr: recommends the appointment of the new San. inspector on the ordinary staff, perhaps one of the private scavenging inspectors might be dispensed with instead. ——

These sanitary inspectors do not, it is believed, only have to make the sweepers work by standing over them. They have to prosecute cases in the Courts, report sanitary defects & nuisances & see to the state of the town generally, besides many other duties the San. Commr. keeps on calling for better paid men everywhere, as he says the present men don't understand what is sanitary & what is not, & they are gradually being made to do rather a Health officer than a maistry's work. Were it not for this it might be possible to keep in mind when reviewing the Budgets, a kind

It is for the inspecting Sanitary Officers to see to this and advise Govt.

[32] Ans.

NOTE FOR THE ~~UNDER~~ SECRETARY.

I will not pass this. The Municipal Council has a most laborious & expensive ~~large Establ.~~ for conservancy & drainage &c. impressed upon it the necessity for reducing their bills in lieu of ~~taking~~ increasing for a Chief Sanitary Insp^r.

It looks after 112 scavengers & Sweepers: Bellary have no less than 9 Inspectors and 11 Peons that is one person to look after 5.6 men. This is ridiculous.

It calls 2646 persons to look after Rs. 57414 worth of labour — but a little short of 50 per cent.

This internal leaking of salaries must also be discouraged.

Send the Secretary & Chief Sanit. Insp^r his Budget up to Wed.

Mean while get reports from Bellary. Trichy Cuddapah & Salem & have a Statement thereon with observations pointed out. Conservancy Staff &c. Sweepers & Scavengers both for ordinary work and private scavenging — the Staff employed in supervision — including pensions — the total annual cost of each and the percentage of cost of supervision.

What on Earth when the Sanitary Officers and Health Officers in Bellary the Chief wants [illegible]

Office
Print the revised draft, & get the figures now asked for.

These sanitary inspectors do not, it is believed, only have to make the sweepers work by standing over them. They have to prosecute cases in the Courts, report sanitary defects & nuisances & see to the state of the town generally, besides many other duties & the San. Comm^r keeps on calling for better paid men everywhere, as he says the present men dont understand what is sanitary & what is not, & they are gradually being made to do rather a Health officer's than a maistry's work. Were it not for this it might be possible to keep in mind when reviewing the Budgets, a kind

of scale to which the relative costs of establishment and its supervision might conform. As it is, there apparently is nothing to be done but to trust to the good sense of the San. Comm^r. and his Deputy who continually inspect the towns & see that the establishments have to do. They however are perhaps hardly likely to suggest any retrenchments.

It is however suggested that the San. Comm^r. might be told that it has struck Govt. in receiving certain of the Mun^l. Budgets that the supervising staff was too costly in comparison with the cost of the staff supervised, and that Govt. might ask him & his Deputy to make a point of noting in future inspection reports whether any change in this direction is advisable, the money so saved being diverted to other sanitary ends.

REVISED ESTI ATE FOR 1894–95.

2. The current receipts are now timated at Rs. 56,580 against Rs. 53,510 anticipated in the sanctioned budget, w ile the charges are set down at the original budget estimate of Rs. 65,180. The in ease in the receipts appears chiefly under the taxes on arts, buildings and lands ar grants from Government. The collections

likely this is the case, but I
understand the writer comes from

Vellore municipal budget

95—96

I submit this Budget estimate with reference to the large supervising establishment which the Council insists upon maintaining for conservancy work. In Circular Roc. Genl (Local (4)) para 3 of G.O. No. 1388 dated 21st Sept 1894 I pressed upon them the necessity for reduction. Instead of reducing they have (vide (5) para 35 of the budget covering letter) talked on an addl Sanitary Insp: on Rs. 35 & the proposed increase in the pay of another Sanitary Insp: and the Head. To look after 112 sweepers and Scavengers they have with the extra man proposed to be appointed 9 Inspectors and 11 peons that is one peon to look after every 5.6 men. The total cost of this supervising agency will be Rs. 2646 & the cost of Rs. 5414 the labourers. Just a little short of 50 per cent.

The Chief Sanitary Insp. appointed by Mr. King. The draft order passed this. I think the complaint will go on.

Supervision without them means a saving of Rs. 48.4 per cent.

I have had a table prepared showing 5 large municipalities in different parts of the Presidency

Here P.S.

2ND APRIL 1895, No. 595 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. P. SAMIDAS MUDALIYAR Avargal, Chairman, Municipal Council, Vellore, to the Chief Secretary to Government (through the Divisional officer), dated Vellore, 26th December 1894, No. 1572-Genl.

I have the honour to submit herewith the budget estimates of receipts and charges of the Vellore municipality for the year 1895–96 as required under section 251 of the District Municipalities Act No. IV of 1884.

2. The estimates have been prepared in accordance with the instructions contained in—

G.O., No. 2193 M., dated 10th December 1891.
" " 644 M. " 4th April 1892.
" " 537 M. " 19th March 1892.
" " 978 M. " 4th June 1892.
" " 2008 M. " 7th December 1892.

3. The draft budget, after due circulation among the members, was placed before the council at the special meetings held on the 17th and 18th December 1894 and finally passed by them on the 24th December 1894.

4. No new taxes are to be levied during the ensuing year, but the council requests the sanction of Government to levy one rupee on single bullock carts and two rupees on a double bullock cart.

REVISED ESTIMATE, 1894–95.

5. The receipts, including the opening balance brought forward from the accounts of 1893–94, amount to Rs. 76,485. The expenditure is fixed at Rs. 65,180 and the closing balance at the end of the current year will be Rs. 11,305, which is the opening balance brought forward in the budget estimates for 1895–96.

6. Explanations for variations between the items of receipts and charges of the revised estimate and those of the budget for 1894–95 having already been given in statement VI, it is unnecessary to recapitulate them here.

7. The only items of receipt in which there have been variations between the revised estimate and the budget grant for 1894–95 are as hereinunder shown:—

	Increase over budget grant.	Decrease under budget grant.
	RS.	RS.
Opening balance	2,820	..
Tax on arts	1,500	..
" buildings	1,080	..
" lands	200	..
" vehicles with springs, &c.	..	40
" animals	..	80
" carts	15	..
Tolls	..	590
Fees from travellers' bungalows	..	100

	Increase over budget grant.	Decrease under budget grant.
	Rs.	Rs.
Sale-proceeds and composition fees of medicines	30	..
Income from markets	445	..
Income from slaughter-houses	..	180
Cart-stand fees	..	195
Government contribution for communications	1,000	..
Private scavenging	..	75
Other purposes	5	..
Advances	60	..

8. Explanation for variations will be found in column 7 of statement VI of the revised estimate (receipts).

9. Similarly, the only items of charges in which there have been variations are as follow:—

	Increase over budget grant.	Decrease under budget grant.
	Rs.	Rs.
Grant I—(1) New Works—		
(*b*) Buildings	..	1,270
(*c*) Miscellaneous public improvements	500	..
(2) Repairs—(*b*) Buildings	1,100	..
(*c*) Drainage—(i) Repairs to works	..	1,000
(*d*) Water-supply—		
(ii) Establishment	60	..
(iii) Contingencies	10	..
(*e*) Miscellaneous public improvements	600	..
Grant II—Education—		
(1) (*b*) Stipends to normal students	40	..
(2) (ii) (*b*) Results grants	..	40
(7) (*b*) (ii) Contingencies	30	..
(*c*) Other items	..	30
Grant III—(1) Hospitals and Dispensaries—		
(*b*) Medicines and supplies..	750	..
(5) Conservancy, &c., (ii) Other charges	..	750
Grant IV—Lighting and Miscellaneous Municipal Purposes—		
(1) Lighting—		
(*a*) Establishment	..	995
(*b*) Contingencies	1,295	..
(4) Travellers' bungalows	..	190
(5) Avenues, (*b*) Contingencies	..	85
(8) Fire	..	10
(9) Other charges, (iv) Compensation for lands	..	15

10. Explanation for variations will be found in column 7 of statement VI of the revised estimate (charges).

Budget, 1895–96.

11. *Receipts.*—The total receipts, including the opening balance brought forward from the revised estimate for 1894–95, amount to Rs. 69,610. The expenditure is fixed at Rs. 66,850, leaving an unexpended balance of Rs. 2,760. The council regrets that owing to provision having been made to remedy various sanitary defects pointed out by the Sanitary Commissioner in his inspection notes for 1894, as also to several other demands on its exchequer for the public good, it has not been able to leave a margin of 10 per cent. of its receipts as an unallotted balance, but it anticipates that the actual balance which will be brought forward at the end of 1894–95 will very much exceed the probable opening balance and that this will materially affect the closing balance of 1895–96.

12. *Tax on Arts, &c.*—The estimated receipts under this head amount to Rs. 9,000 against Rs. 7,800 of the revised estimate; the excess is due to a larger income being, expected owing to the revision of the registers and to the abolition under G.O. No. 7217, dated 22nd November 1894, of the cantonment with effect from 1st April

next, in consequence of which persons who escaped municipal taxation under Act III of 1880 will be liable to be assessed under the Municipal Act from that date.

13. *Tax on Buildings.*—Rupees 10,000 have been estimated for as the probable receipts against Rs. 8,480, the revised estimate. For explanation, *vide* reason given above.

14. *Tax on Vehicles.*—Rupees 800 have been estimated for against Rs. 760, the revised estimate.

15. *Tax on Animals.*—Rupees 1,200 have been estimated for against Rs. 1,120, the revised estimate.

16. *Tax on Carts.*—The estimate for 1895–96 is Rs. 2,050 against the revised estimate of Rs. 2,015.

17. The variations above specified are due to reasons assigned in paragraph 13 *supra.*

18. *Tolls.*—Rupees 8,000 have been entered as probable receipts against Rs. 7,760, the revised estimate. It is anticipated that though the competition for 1895–96 will not be as great as in 1893–94, yet it will be keener than in 1894–95.

19. Owing to the proposed abolition of the cantonment from 1st April 1895, larger receipts are expected under the following heads:—

	Rs.		Rs.	
(4) (*a*) (i) Rent of lands	700	against	670,	revised estimate.
(iii) Avenue receipts	400	„	320	„
(*b*) (i) Sale-proceeds of lands, &c. ..	300	„	100	„
(ii) Produce of lands, &c. ..	80	„	70	„
(*g*) (i) Distraint fees	100	„	50	„
(6) (*b*) (i) Fishery rents	50	„	20	„

20. The estimated receipts under "Sale-proceeds of old materials, &c.," have been reduced from Rs. 240 to Rs. 50 as, judging from the present circumstances, it is likely that they will not attain so high a figure.

21. (*c*) *Conservancy Receipts—Sale-proceeds of Night-soil, Street Refuse, &c.*—As the council purposes working the system of the disposal of the night-soil, &c., under its own supervision instead of giving it to the rubbish cart contractor as hitherto, the receipts have been raised from Rs. 100 to Rs. 500.

22. The receipts shown as fees and other revenue from educational institutions have been fixed at Rs. 805 against Rs. 835 and Rs. 25 of the revised estimate under the advice of the educational authorities. The decrease is probably due to a falling off in the attendance.

23. *Income from Slaughter-house.*—Rupees 2,570 have been shown as the probable receipts against Rs. 2,370 of the revised estimate. This is due to no fees being collected for large animals in 1894–95 as the beef butchers ceased slaughtering cows.

24. *Cart-stand Fees.*—Rupees 850, the estimate for 1895–96, has been framed with reference to 1893–94 against Rs. 650 of the revised estimate. There was not much competition in 1894–95 owing to the poor attendance of carts due to the prevalence of cholera.

25. *Fines under Municipal and other Acts.*—Rupees 500 have been estimated for against Rupees 400 of the revised estimate. The increase is due to the proposed introduction of the Hackney Carriage Act III of 1879.

26. *Grants from Government—Municipal Schools.*—Rs. 110 have been shown as anticipated grants for girls from both the Muhammadan and Hindu schools against Rs. 50, the revised estimate. As this latter amount only refers to girls of Hindu schools, a difference in figures is perceptible. Of Rs. 110, Rs. 70 are expected from Muhammadan schools and Rs. 40 from schools for Hindus.

27. *Other purposes.*—Rs. 260 anticipated receipts here shown are comprised of the following items:—

Rs. 80 on account of inspecting schoolmaster.
„ 90 do. of gymnastic instructor.
„ 90 do. of drawing master.

The sum of Rs. 140 shown in the revised estimate is composed of Rs. 80 on account of inspecting schoolmaster, Rs. 60 on account of gymnastic instructor. Credit for sums in 1895–96 has been taken under instructions of the Director of Public Instruction.

28. No credit has been taken for grants for "communications" (Rs. 1,000) and sanitation (Rs. 1,000) owing to the proposed abolition of the cantonment from 1st April 1895.

29. (6) *Miscellaneous*—(1) *Private Scavenging.*—Rs. 1,000 have been budgeted for against Rs. 825, the revised estimate. The excess is due to a large number of private latrines being brought on the list owing to existing cess-pits being prohibited, as also to a more favorable scale of fees being introduced from 1st April 1895.

30. The other items of receipts and variations between budget figures and revised estimate call for no special remarks.

31. *Expenditure.*—The proposed expenditure of Rs. 66,850 is divided as follows:—

		Rs.
Grant	I—Public Works	23,930
,,	II—Education	8,715
,,	III—Sanitation and Medical Services	19,810
,,	IV—Lighting and Miscellaneous Municipal Purposes ..	9,840
,,	V	4,095
Advances recoverable		300
Refunds		160
	Total ..	66,850

32. Under Grant I, Public Works, New Works, the following are the particulars:—

(*a*) *Communications.*

	Rs.
Purchase of a cremation ground to meet Sanitary Commissioner's objections	1,000
Construction of a straight road from Kosapet to Arasamaram Pilliyar kovil street	1,000
Constructing a new road to Shembakum village	200
Total ..	2,200

(*b*) *Buildings.*

For constructing a new hospital in addition to the current year's allotment of Rs. 8,000	2,000
Construction of a clock tower	1,000
Construction of new latrines in addition to Rs. 1,300 of the current year's allotment to meet the wishes of Government and the Sanitary Commissioner that there should be one latrine for every 1,000 persons	1,000
Total ..	4,000

(*c*) *Drainage.*

For constructing U shaped drains in Mr. Oldham's plan in such parts of the town where they are sadly needed at Rs. 1,000 for each of the five divisions of the town	5,000
Total ..	5,000

(*d*) *Water-supply.*—Rs. 500 have been provided for digging wells in Ramnaikapalyam and other parts of the town where they are greatly needed.

(*e*) *Miscellaneous Public Improvements.*—Rs. 500 have been provided for the improvement of the Kusbah kanaar and Rs. 1,000 for the Velapady kanaar. Both these channels urgently require attention to prevent the rush of hill streams during heavy monsoons inundating the surrounding land and causing destruction to life and property.

(2) *Repairs*—(*a*) *Communications.*—Rs. 3,000 have been provided for the repair of roads in the town. Considering the large allotment to be expended during the current year, it is believed that this amount will suffice.

(*b*) *Buildings.*—Under this head Rs. 1,500 have been provided for improvements to the municipal market, and Rs. 500 for the improvement of the slaughter-house have been provided to meet the suggestions of the Sanitary Commissioner. For other particulars under this head—*vide* statement II-A, part II—repairs (buildings).

(*c*) *Drainage*—(ii) *Establishment for flushing drains.*—The council after mature deliberation is not able to see its way to reduce the establishment as suggested in G.O., No. 1306 M., dated 21st September 1894, paragraph 4 (5).

Considering the many streets in the town containing drains which are scattered all over the town, it will not be compatible with efficiency to make a reduction in the amount expended. The council believes that with a pensioned medical subordinate as chief sanitary inspector more work can be exacted from the present staff.

(*d*) *Water-supply.*—Rs. 500 have been provided for carrying out the suggestions proposed by the Sanitary Commissioner with reference to the Sooriakolam tank and wells of the town.

Rs. 200 have been provided for the improvement of the tank at Sullivanspet.

(ii) *Establishment.*—Two extra watchmen have been provided for, one at Rs. 4 for the Palar spring and one at Rs. 3–8–0 to conserve the Bussapathan tank well as suggested by the Sanitary Commissioner.

5. *Contributions*—(*b*) *To Provincial Funds for scrutiny of estimates.*—Rupees 100 here shown represent the probable amount that will have to be paid to the Superintending Engineer, Public Works Department, for the scrutiny of plan and estimates in connection with the new hospital.

33. *Grant II, Education*—(1) *Training Schools*—(*b*) *Stipends to Normal Students.*—Rs. 60 here provided is for stipends to three teachers who will be required to undergo a short course of instruction for three months in the nearest sessional school with a view to qualify for certificates.

(2) *Municipal Schools*—(1) *On Salary System.*—Rs. 180 have been provided as salary for a drawing master and Rs. 25 for contingent charges, credit being taken for a moiety of his salary. Government in paragraph 4 (3) of G.O., No. 194 M., dated 21st February 1894, commended for the consideration of the council the suggestion of the Director of Public Instruction to employ a drawing master to teach the subject in important municipal and aided schools; the council at that time did not see its way to comply with the Director's request, but that officer having once more in his review of the budget proposals for 1895–96 pressed his suggestion and asked the council to reconsider its resolution on the subject, the council has resolved to make the necessary provision.

(2) (ii) *Municipal Schools on Salary Results System*—(*a*) *Fixed Payments.*—The increases recommended by the Director are the following:—

	Rs.
Increase to salary of headmaster, Kusba Parcherry school ..	1
Do. to Eda street school peon	1
Do. to Kalaskara street school peon	1

The figures shown against "Fixed Payments," "Results Grants" and contingencies are those proposed by the educational authorities and recommended by the Director.

(6) *Inspection*—(*b*) *Municipal Inspectors*—(1) *Establishment.*—A provision of Rs. 145 has been made for one inspecting schoolmaster of Muhammadan schools. The present system of contributing towards the pay of the Local Fund Muhammadan inspecting schoolmaster has not been found to work well. The council having no control over him, not being its servant, has resolved to remedy this sad state of affairs by having its own man who will be directly under its control.

(7) (*b*) *Common Gymnasium*—(1) *Establishment.*—At the suggestion of the educational authorities supported by the Director of Public Instruction, the pay of the gymnastic instructor who holds a first-class certificate has been raised from Rs. 10 to Rs. 15. Credit has been taken for a moiety of his salary.

34. All other allotments under Grant II are those proposed by the Educational authorities and recommended by the Director.

35. *Grant III*—(1) *Hospitals and Dispensaries.*—Rs. 2,775 have been provided under the head of establishment against Rs. 2,790 of the revised estimate. Owing to want of funds the council has resolved to employ a second-class hospital assistant instead of a first-class man. The council is of opinion that having an Assistant Surgeon always on the spot, a second-class man will very well do for the post.

In lieu of the proposal of the District Medical and Sanitary officer to engage the services of a lady apothecary, the council has resolved to entertain a lady hospital assistant. This necessitates the dispensing with the services of the present midwife. In her stead it is proposed to employ a caste native midwife on a salary of Rs. 10 per mensem. The present midwife costs the council Rs. 30 per mensem. The council regrets its inability to sanction the entertainment of the additional staff proposed by the District Medical officer, viz.:—

1 additional male ward attendant.
1 „ female ward attendant.
1 male toty.
1 female toty.

At present there are only 16 in-patients in the civil hospital and seven in the Lying-in hospital. Such being the case the council thinks that the present staff is sufficient. In conclusion the council would state with regret that its anticipation that the expenditure in connection with the hospital would materially decrease by the amalgamation of the main hospital in the Fort with the branch dispensary has not been realized. Previous to the amalgamation the annual expenditure did not exceed Rs. 6,000 whereas it has gradually risen to Rs. 6,700. The council having proposed to consider the subject during the preparation of the budget for 1895–96 has thoroughly scrutinized the allotments under the several heads and after mature deliberation it has fixed the ensuing year's allotment with reference to the existing state of affairs.

(3) *Vaccination.*—Under the head of contingencies the council has made provision for the purchase of two Warlomont tables and for the construction of two vaccine depôts.

(4) *Registration.*—Rs. 580 have been provided for one registrar and three reporters as in the last year. The council has given its best attention to the suggestion of Government contained in paragraph 4 (4) of G.O., No. 1306, dated 21st September 1894, as to the necessity for retaining the services of the reporters. The council find that, owing to the multifarious duties imposed on the sanitary inspectors, sanitation will suffer if extra work is to be imposed on them.

(5) *Conservancy, &c.*—(*a*) (i) *Establishment.*—At the suggestion of the Sanitary Commissioner provision has been made for a pensioned medical subordinate on Rs. 25 per mensem *plus* Rs. 10, horse allowance to the chief sanitary inspectorship. Provision has also been made for increasing the salary of the fifth division sanitary inspector from Rs. 12 to Rs. 15, as also for raising the pay of the peons from Rs. 6 to Rs. 6–8–0 each. In addition to their legitimate duties they have to do night duty and strike the ghurry throughout all hours of night. The council regrets very much its inability to reduce its present sanitary staff of inspectors and peons. It believes that the staff is not considerably larger than it need be, and that by proper supervision the defects noted may with advantage be considerably improved.

(ii) *Other Charges.*—Provision has been made under this head for Rs. 2,230 to meet the increased charges for carts owing to the rubbish, &c., not being given over to the contractor; also for the purchase of an improved pattern of carts as suggested by the Sanitary Commissioner.

(*b*) *Private Scavenging*—(1) *Establishment.*—Rs. 1,425 have been provided for against Rs. 1,170 of the revised estimate. Owing to a large increase in the number of private latrines to be conserved by the abolition of the system of cess-pits in the town, the staff of sweepers has been increased from 14 to 18. The council under altered circumstances thinks the services of the three private scavenging inspectors necessary.

36. *Grant IV*—(1) *Lighting*—The lighting of the town is at present done by contract; this accounts for the difference between the budget figures for 1895–96 and the revised estimate figures. Provision has also been made for a larger number of lamps in several parts of the town where they are urgently required.

(2) (1) (*a*) *Market Establishment.*—Provision has been made to increase the pay of the peon from Rs. 6 to Rs. 6–8–0 for the same reason given as to the conservancy peons.

(3) *Choultries*—(*a*) *Establishment.*—Provision has been made to increase the pay of gumastah from Rs. 12 to Rs. 15 as in addition to the duties of the langerkhana he has to look after the stores of the office.

37. *Grant V*—(*a*) *General Establishment*—(1) *Office Establishment.*—The council has unanimously resolved to increase the pay of the manager from Rs. 50 to Rs. 60 because his work is heavy and of a responsible nature. Besides this, as he has, in addition to and without prejudice to his own legitimate duties, successfully conducted all municipal prosecutions of importance, the council has been saved pleader's fees which it would necessarily have had to pay had the services of a vakil been engaged. The council, when submitting the budget estimates for 1894–95, recommended the manager for a similar increase, and as Government was not pleased to sanction it, the council would again strongly urge his claim for promotion. In connection with this matter I may add that all the predecessors of the present manager drew a salary of Rs. 70 per mensem.

Provision has also been made to increase the pay of the duffadar, office and collection peons by As. 8 each for reasons stated with reference to the sanitary peons.

As the addition involved by the increase to the office establishment does not make the total expenditure under Grant V exceed the sanctioned allotment of 10 per cent. of the total receipts, the council respectfully solicits the sanction of Government to its recommendations.

38. The proposition statements showing all the alterations proposed in the establishments are herewith submitted as required in G.O., dated 27th September 1888, No. 1083 M., as also copies of resolutions of the council, dated 17th, 18th and 24th December 1894, respectively, discussing and passing finally the budget proposals for 1895–96.

Forwarded.

(Signed) G. F. T. POWER,
Acting Collector.

10*th January* 1895.

—

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction to the Chief Secretary to Government, dated Madras, 12th January 1895, No. 269.

I have the honour to state that the provision made for education in the budget estimate of the Vellore municipality for 1895–96 is sufficient and calls for no remarks. As the municipality is spending on education more than 15 per cent. of its income from taxation, markets and rents, I would recommend that the provision of Rs. 100 for building, furniture, &c., grants to results schools be omitted. These grants will be paid to managers of such schools direct from Provincial funds.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.PH., Acting Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 28th December 1894, No. 58-S.

Referring to the Vellore municipal budget for 1895–96, I have the honour to state that the provision therein made for vaccination and conservancy is sufficient and calls for no special comment from me. Sale of rubbish, &c., is expected to fetch Rs. 500 against Rs. 100 entered in the sanctioned budget.

2. Under Grant I, a sum of Rs. 1,000 is set apart for the construction of latrines, but their number and description have nowhere been given. For the construction of new drains an allotment of Rs. 5,000 is made.

3. From the extract from the budget letter forwarded to me, it is observed that the cost of constructing vaccine depots has been erroneously debited to Grant III instead of to Grant I.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 4th February 1895, No. 86.

With reference to Grant III of the budget estimate of the Vellore municipality for the year 1895–96, I have the honour to state that the proposal of the municipality to employ a second-class hospital assistant in lieu of the first-class man now attached to the civil hospital is in direct opposition to the provisions of G.O., No. 404-M, dated the 17th August 1885, Financial. The pay of a first-class hospital assistant should therefore continue to be provided for.

2. As regards the entertainment of a female hospital assistant in lieu of a female apothecary, I would point out that the former will not be fit either for an independent or semi-independent charge, and the suggestion of the municipal council does not meet with my approval.

3. The recommendation of the district medical and sanitary officer for the entertainment of additional ward attendants and toties has been negatived by the municipality. I consider that the present staff is inadequate for the efficient working of the hospital and therefore recommend that necessary provision be made in the budget for the additional hands required.

4. The provision for a caste native midwife on Rs. 10 per mensem in lieu of the present midwife is necessary.

5. A sum of Rs. 120 should also be provided for compensation in lieu of quarters to the medical subordinates.

ORDER—dated 2nd April 1895, No. 595 M., Local and Municipal.

The estimated receipts and charges of the Vellore municipality for 1895–96, as passed by Government, are compared below with the budget and revised estimates for the year 1894–95 and the actuals of 1893–94 :—

—	Actuals, 1893–94.	Budget Estimate, 1894–95.	Revised Estimate, 1894–95.	Budget Estimate, 1895–96.

REVISED ESTIMATE FOR 1894–95.

2. The current receipts are now estimated at Rs. 56,580 against Rs. 53,510 anticipated in the sanctioned budget, while the charges are set down at the original budget estimate of Rs. 65,180. The increase in the receipts appears chiefly under the taxes on arts and buildings and lands, and grants from Government. The collections

under the principal taxes and the outlay on new works and repairs to communications during the first eight months of the year were far from satisfactory. It is hoped that all the outstandings will be realized and the allotments fully utilised before the close of the year.

BUDGET ESTIMATE FOR 1895-96.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 58,310 against Rs. 56,580 in the revised estimate, the increase which appears mainly under the taxes on arts and buildings and conservancy receipts being partly counterbalanced by a decrease under contributions from Government. The proposal of the council, referred to in paragraph 4 of the chairman's letter, is not understood, and should be more clearly stated.

4. *Charges* (1).—The probable charges are entered as Rs. 66,850 against the revised estimate of Rs. 65,180, the increase which appears chiefly under Grants I, II and IV being partially counterbalanced by a decrease under Grant III.

(2) *Grant I.*—The new works provided for should not be undertaken until the plans and estimates for them have been sanctioned by competent authority. The provision of Rs. 1,000 for the construction of a clock tower and that of Rupees 1,200 for making the new roads referred to in paragraph 32 of the chairman's letter will be struck out pending further information as to the necessity for them, and the allotment for repairs to communications will, in view of their present unsatisfactory condition, be raised by Rs. 500. The Sanitary Engineer or his assistant should visit the town as often as their other duties will permit and inspect the drainage works which are now in course of execution. The chairman's attention will be drawn to the omission noticed by the Sanitary Commissioner in paragraph 2 of his letter. It appears that several works have been entered in the budget although no estimates for them are ready. This should not be allowed to recur. The proposed entertainment of two additional water-supply watchmen on Rs. 4 and Rs. 3-8-0 is sanctioned.

(3) *Grant II.*—The additions to, and alterations in, the educational establishments mentioned in paragraph 33 of the chairman's letter are sanctioned. The Director of Public Instruction will be requested to explain the nature of his "review of the budget proposals for 1895-96" referred to in the same paragraph. The provision of Rs. 100 for building, furniture, &c., grants will be struck out as recommended by the Director in his letter read above.

(4) *Grants III and IV.*—The allotment under hospitals and dispensaries will be raised by Rs. 240 with reference to paragraph 1 of the Surgeon-General's letter read above. It is observed that the council has already provided a sum of Rs. 120 for the grant of house rent to two hospital assistants. Its attention is in this connection drawn to the fact that Rs. 5 per mensem is the maximum compensation that should be allowed for quarters. In Vellore a lower figure will probably be sufficient. The proposal to employ a female apothecary will be referred to the municipal council for reconsideration. Meanwhile the provision made for a female hospital assistant on Rs. 25 will be struck out. The council's attention will be drawn to the Surgeon-General's remarks in paragraph 3 of his letter. The proposed entertainment of a native caste midwife on Rs. 10 in lieu of the European midwife on Rs. 30 is approved. The provision of Rs. 10 for contribution on account of the cutlers' establishment will be struck out with reference to G.O., dated 18th January 1895, No. 97 L. The municipal council's proposal to entertain a chief sanitary inspector on Rs. 25 *plus* Rs. 10 horse allowance and four additional private scavengers on Rs. 5-4-0 each is sanctioned, but the increases in salaries mentioned in paragraphs 35 (5) and 36 of the chairman's letter cannot be approved as they do not appear to be necessary. The proposed reduction in the number of scavengers from 58 to 48, which should have been referred to in the chairman's letter, cannot be approved, as no satisfactory reasons have been assigned for it. The Government observes that the cost of the supervising sanitary staff now employed by the municipal council is excessive; the provision made for the three private scavenging inspectors on Rs. 9, 8 and 7 will

therefore be struck out. The work of the private scavengers should be supervised by the ordinary inspecting staff. The number of peons will also be reduced from eleven to seven, allowing two peons for the chief sanitary inspector and one for each of the others.

(5) *Grant V.*—The grant of an increase of Rs. 10 in the salary of the office manager is sanctioned, but the proposed increases in the pay of the duffadar and the office and collection peons will be disallowed, as they are, in the opinion of Government, already sufficiently well paid. The contribution for the central office establishments will, with reference to G.O., dated 4th December 1894, No. 2527 L., be raised from Rs. 280 to Rs. 310.

5. The budget, as revised by Government, closes with a balance of Rs. 4,740 or 8·1 per cent. of the estimated receipts. The Government observes that both the Collector and the Sub-Collector have forwarded this budget without remarks.
