To: The District Medical and Sanitary

Sir,
I respectfully beg to recommend for
your approval the following point:—

Vengalapuram is a fairly large village,
rather overcrowded, with a population of
certainly over 1000 inhabitants, its general sanitary
conditions when not attended to, by the local authorities
is deplorable; affording, as has been shown,
a congenial abode for cholera and fevers. It
is situated but a mile or less from present
municipal limits.

In order, that these 1000 people residing here,
might enjoy the inestimable benefits of Municipal
Government.

I beg to recommend the incorporation
of Vengalapuram into the Municipality.

Free paper at an early date.

I beg to remain

situated about three furlongs from the toll-gate
(ie within sight) and there are about 250 houses
containing a population of over one thousand -
people, the majority of whom are oil mongers.
The probable income as shown in the margin
will be about Rs 1000 if the millage is added to the
municipality. Cholera prevails in the millage every
year and its sanitation is not properly attended to.

Forwarded.
 The facts are correctly stated in the paper.
 This village map I think with advantage be added to the Infatone Municipality but in doing so the limit boundaries the run along the sides of the community road and mark the village side of Kusalapuram and the not include any large extent of the wet cultivation or cultivated land lying between the present toll gate and Kusalapuram village or surrounding the latter.
